**White Fragility** Robin DiAngelo 2019-02-07 The International Bestseller 'With clarity and compassion, DiAngelo allows us to understand racism as a practice not restricted to "bad people." In doing so, she moves our national discussions forward. This is a necessary book for all people invested in societal change' Claudia Rankine Anger. Fear. Guilt. Denial. Silence. These are the ways in which ordinary white people react when it is pointed out to them that they have done or said something that has - unintentionally - caused racial offence or hurt. After, all, a racist is the worst thing a person can be, right? But these reactions only serve to silence people of colour, who cannot give honest feedback to 'liberal' white people lest they provoke a dangerous emotional reaction. Robin DiAngelo coined the term 'White Fragility' in 2011 to describe this process and is here to show us how it serves to uphold the system of white supremacy. Using knowledge and insight gained over decades of running racial awareness workshops and working on this idea as a Professor of Whiteness Studies, she shows us how we can start having more honest conversations, listen to each other better and react to feedback with grace and humility. It is not enough to simply hold abstract progressive views and condemn the obvious racists on social media - change starts with us all at a practical, granular level, and it is time for all white people to take responsibility for relinquishing their own racial supremacy. 'By turns mordant and then inspirational, an argument that powerful forces and tragic histories stack the deck fully against racial justice alongside one that we need only to be clearer, try harder, and do better' David Roediger, Los Angeles Review of Books 'The value in White Fragility lies in its methodical, irrefutable exposure of racism in thought and action, and its call for humility and vigilance' Katy Waldman, New Yorker 'A vital, necessary, and beautiful book' Michael Eric Dyson

**The Greatest Show on Earth** Daniel Buck 2005-03 In this black comedy, the spotlight shines upon those who love it most: the self-obsessed, self-help culture and the media that generates hysteria for the sake of entertainment, bringing the cults of victimhood and celebrity together. Nothing is sacred in the network competitions for the next big hit, and in their treatment of newsworthy events, the line between truth and fiction doesn't matter as much as the almighty dollar. Satire, it has been said, is not possible in America because everything eventually comes true. Tragedy, you might say, is both cheapened and still to come when the media gets involved. The Greatest Show on Earth is a timely commentary about the media frenzy surrounding allegations of sex abuse and the popular mania for Reality TV.

**A Call to Remember** Shaina Fertig 2022-11-21 Piper Jean Potts Streyle was brutally murdered on July 29, 1996 by serial killer, Robert Leroy Anderson. He had taken the life of another woman in 1994 and failed to take another. Streyle was abducted from her home in Canistota, South Dakota mid-morning, leaving behind two small children, who had witnessed the kidnapping. She was presumably ruined and her body has never been recovered. I was the little girl who witnessed a kidnapping: visions of hell to always be etched in my mind. I was also the girl who would not testify in

a court of law. I was the girl who hid behind her soft blanket and would not face the stark terrifying truth. I would not affirm, again, the face I knew was my mother's murderer. I would not testify. I am that girl. I wish to no longer be known as the girl who would not testify, but as the woman who will. I will testify. I will speak and I will tell. This is my testimony, through the recalling of memories, answering: A Call to Remember.

**The Guyde** Howie Reith 2016-11-19 The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

**The Girl of All My Memes** C. Johnson 2017-10-08 He didn't "meme" to do it ... The day I fell in love with Kara was the day I accidentally ruined her life, and I was as blindsided by ruining her life as much as I was by falling in love with her. According to my now ex-best friend, Miles, love is supposed to make you feel stupid, but I never thought my stupidity, or anybody else's for that matter, would lead to such devastation. Tenth grader Tommy Baher has always lived in the shadow of his older brother Johnathan, and he has always hated it. Determined to set himself apart from his brother, Tommy puts all his efforts into securing the highest grades in his class. There's just one problem standing in his way: Kara Metaxas, his longtime academic rival, who has always made his life at school difficult. When Tommy and Kara are invited to participate in the Junior Science and Technology Symposium, an academic competition hosted by a prestigious college, Tommy sees it as a chance to prove himself to his parents and his peers. Tommy feels even more sure of himself as he begins to make funny memes using a picture of Kara. Everything is coming together for him. But when Tommy starts to change his mind about Kara - and subsequently, nearly everything else about his life - his memes go viral, and threatens to destroy everything Tommy has worked for. Can he find a way to make things right with Kara before he loses everything?

*Girl Warriors* Svenja Hohenstein 2019-06-07 Quest narratives are as old as Western culture. In stories like *The Odyssey*, *The Lord of the Rings*, *Star Wars* and *Harry Potter*, men set out on journeys, fight battles and become heroes. Women traditionally feature in such stories as damsels in need of rescue or as the prizes at the end of heroic quests. These narratives perpetuate predominant gender roles by casting men as active and women as passive. Focusing on stories in which popular teenage heroines--Buffy Summers, Katniss Everdeen and Disney's Princess Merida--embark on daring journeys, this book explores what happens when traditional gender roles and narrative patterns are subverted. The author examines representations of these characters across various media--film, television, novels, posters, merchandise, fan fiction and fan art, and online memes--that model concepts of heroism and girlhood inspired by feminist ideas.

*How to Fall in Love with Anyone* Mandy Len Catron 2018-02-01 In 2014, 33-year-old Mandy Len Catron went on a date with an acquaintance. They decided to try an experiment: inspired by a study designed to create romantic feelings, Mandy and Mark spent the evening asking each other 36 increasingly intimate questions, wondering if it would lead to them falling in love. In *How to Fall in Love with Anyone*, this experiment is Catron's starting point for investigating what it means to love someone and to be loved, and how we present our love to the world. What makes love last? Can love ever work the way it seems to in films, books and social media? Is there a "right" way to fall in love? In these candid, charming and wise essays, Catron blends memoir with cultural and social commentary on the psychology, biology, history and literature of love. *How to Fall in Love with Anyone* is a deeply personal, yet universal investigation into the one thing we all want—or think we want—more than anything. Includes "To Fall in Love with Anyone, Do This", one of the most popular essays to appear in the New York Times' "Modern Love" column "In our age of total romantic confusion, Mandy Len Catron is a voice of good sense, warm humor, and consoling wisdom. Through the lens of her own relationships, she teaches us—with a deft, convincing intelligence—some of the vital moves in the art of love." —Alain de Botton, internationally bestselling author of *How Proust Can Change Your Life* and *The Course of Love* MANDY LEN CATRON lives in Vancouver, British Columbia. Her writing has appeared in the New York Times and the Washington Post. She writes about love and love stories at The Love Story Project, and teaches English and creative writing at the University of British Columbia.

*13 Things Mentally Strong Women Don't Do* Amy Morin 2019-01-10 The emergence of the #MeToo and #TimesUp movements have awakened society and encouraged women to find their voice and claim back their power. Contending with a host of difficult issues that demand psychological strength - in this crucial book, prominent psychotherapist and licensed clinical social worker Amy Morin gives women the techniques to build mental muscle in 13 steps. Delving into critical issues like sexism, social media, social comparison, and social pressure, Amy offers thoughtful, intelligent advice, practical tips, and specific strategies; combining them with her personal experiences, stories from former patients, and both well-known and untold examples from women from across industries and pop culture. Throughout, she explores the areas women - and society at large - must focus on to become (and remain) mentally strong. Amy reveals that healthy, mentally tough women don't insist on perfection; they don't compare themselves to other people; they don't see vulnerability as a weakness; they don't let self-doubt stop them from reaching their goals. Insightful, grounded, and extremely timely, *13 THINGS MENTALLY STRONG WOMEN DON'T DO* can help every woman flourish - and Amy will take readers on

this journey with her, every step of the way.

**Girl Online** Joanna Walsh 2022-05-10 What happens when a woman goes online? She becomes a girl. The unwritten contract of the internet, that a user is what is used, extends from the well-examined issue of data privacy and consent to the very selves women are encouraged to create in order to appear. Invited to self-construct as “girls online,” vloggers, bloggers and influencers sign a devil’s bargain: a platform on the condition they commodify themselves, eternally youthful, cute and responsibility-free, hiding offline domestic, professional and emotional labour while paying for their online presence with “accounts” of personal “experience.” Told via the arresting personal narrative of one woman negotiating the (cyber)space between her identities as girl, mother, writer, and commodified online persona, *Girl Online* is written in a plethora of the online styles, from programming language to the blog/diary, from tweets to lyric prose, taking in selfies, social media, celebrity and Cyberfeminism.

**My Therapist Says** My Therapist Says 2020-10-06 From the team behind the super-popular Instagram @MyTherapistSays comes this humorous guide that chronicles the exhausting task of navigating the daily, anxiety-ridden struggle that we fondly call life. Including hilarious memes MTS is known and loved for, along with checklists, prompts, questions from readers, and more, My Therapist Says is the guide you need to achieve your goals, one wrong turn at a time. Have you ever wanted something, pursued it (albeit not quite as gracefully as you would’ve hoped), failed, and then genuinely asked yourself the question, “Am I delusional?” Well, that’s how I began penning this magnum opus. Like the Buddhist’s have their Tripitaka, you have...moi. And my therapist, though it’s unlikely she’ll admit this in public. On the receiving end of a ghosting session? Needing a way to leave a work function without looking like a buzzkill? Having a hard time developing amnesia about your last relationship? Fear not, as I cover everything from circumstantial etiquette to blissful delusion when necessary. So, grab a pen, a box of tissues, a glass of wine, and your bestie, because sh\*t is about to get real. And remember, be yourself, be kind, and all that jazz, unless you’re a Susan\*. If that’s the case, try to be literally anyone else. Ugh, my therapist hates that I wrote that. \*Susan: Noun and verb. Unpleasant, annoying, and delusional, the Susan is somebody who is literally awful in every way, is liked by no one, but has no clue, no matter how many open clues you give her. If you roll your eyes at this, you’re probably a Susan. Uses: Susaning, Susanism. For even more on navigating the mystical tornado of life, get the companion coloring book: My Therapist Says...to Color: Ignore Reality and Color Over 50 Designs Because You Can't Even.

**Men to Avoid in Art and Life** Nicole Tersigni 2020-08-11 *Men to Avoid in Art and Life* pairs classical fine art with modern captions that epitomize the spirit of mansplaining. This hilarious book perfectly captures those relatable moments when a man explains to a woman a subject about which he knows considerably less than she does. Situations include men sharing keen insight on the female anatomy, an eloquent defense of catcalling, or offering sage advice about horseback riding to the woman who owns the horse. • These less qualified men of antiquity dish out mediocrity as if it's pure genius • For the women who have endured overbearing men over the centuries • Written with hilariously painful accuracy "Now, when you're riding a horse, you need to make sure to keep a good grip on the reins." "These are my horses." Through cringe-induced empathy, this timeless gift book of shared experiences unites women across history in one of the most powerful forms of resistance: laughter. • Started as a Twitter thread and quickly gained widespread popularity. • Makes a perfect book for women and feminists with a wry sense of humor, millennials, anyone who loves memes and Internet humor, as well as history and art buffs. • You'll love this book if you love books like *Men Explain Things to Me* by Rebecca Solnit, *Milk and Vine: Inspirational Quotes from Classic Vines* by Emily Beck, and *Awards For Good Boys: Tales Of Dating, Double Standards, And Doom* by Shelby Lorman.

**The Thinking Universe** Dr. Thomas Stark The universe is a vast thought, a cosmic process of thinking, a living organism seeking to know itself. It thinks about itself all the time, and what it wants to know is exactly what it is. The task of the universal thought is to become conscious of itself, to become entirely self-aware, to attain Absolute Knowledge of itself. The secret of thought is that it is the purest and clearest energy of all - light energy. Your mind is an immaterial electromagnetic system outside space and time. When all of us become "enlightened", the resultant state of the universe is the "God State" of perfect light, perfect reason, perfect knowledge, perfect understanding, perfect symmetry, perfect consciousness, and perfect bliss. God is in his heaven and all is right with the universe. This is the State that awaits us all, and which some humans - the enlightened ones - are actually bringing about right now. Don't you want to be one of the Illuminated Ones?

It provides a much-needed, thoughtful, and detailed analysis of the devastating impact of circumcision on bodily integrity and human rights, and it provides hope for change.

*She Memes Well* Quinta Brunson 2021 From comedian Quinta Brunson comes a deeply personal and funny collection of essays featuring anecdotes about trying to make it when you're broke, overcoming self-doubt and depression, and how she's used humor to navigate her career in unusual directions. Quinta Brunson is a master of viral Internet content: without any traditional background in media, her humorous videos were the first to break through on Instagram's platform, receiving millions of views. From there, Brunson's wryly observant POV attracted the attention of BuzzFeed's motion picture development department, leading her to produce viral videos there about topics like interracial dating, millennial malaise, and seeing your ex in public. Now, Brunson is bringing her comedic chops to the page in *She Memes Well*, an earnest, laugh-out-loud collection about her weird

road to Internet notoriety. In her debut essay collection, Quinta applies her trademark humor and heart to discuss what it was like to go from student loan debt-broke to "halfway recognizable--'don't I know you somewhere?'" level-of-fame. With anecdotes that range from the funny and zany--like her experience trying to find her signature hairstyle--to more grounded material about living with depression, Brunson's voice is entirely authentic and eminently readable. Perfect for fans of Phoebe Robinson's *You Can't Touch My Hair*, Samantha Irby's *We Are Never Meeting in Real Life*, and Issa Rae's *The Misadventures of Awkward Black Girl*, *She Memes Well* will charm and entertain a growing, engaged audience.

Bick takes her new *Dark Passages* series to an alternative Victorian London where Emma Lindsay continues to wade through blurred realities now that she has lost everything: her way, her reality, her friends. In this London, Emma will find alternative versions of her friends from the White Space and even Arthur Conan Doyle. Emma Lindsay has nowhere to go. Her friends are dead. Eric and Casey are lost to the *Dark Passages*. Emma commands the cynosure, a device that allows for safe passage between the Many Worlds, to put her where she might find her friends again. But Emma wakes up in the body of Little Lizzie, all grown up. And in this alternative Victorian London, Elizabeth McDermott is mad. Elizabeth's physician, Dr. Kramer, has drugged her to allow Emma—who's blinked to this London before—to emerge as the dominant personality. Elizabeth is dying, and if Emma can't find a way out, everyone as they exist in this London will die with her.

one of the first people to coin the viral term #carefreeblackgirls on Twitter. As she says, it was "a way to carve out a space of celebration and freedom for Black women online." In this collection of essays, Blay expands on this initial idea by delving into the work and lasting achievements of influential Black women in Pop Culture - writers, artists, actresses, dancers, hip-hop stars - whose contributions often come in the face of bigotry, misogyny, and stereotypes. Blay celebrates the strength and fortitude of these Black women, while also examining the many stereotypes and rigid identities that have clung to them. *The Trust* Ameen Fuller 2020-02-20 Hi, my name is Neven. I'm very attractive and come from a family that were never slaves. The family is very large and physically beautiful. Our family has always been wealthy. Once, they almost lost everything, but they came back with a vengeance, never to be without again by any means necessary. To this day, none of the elders in my family have never had to work and have been able to take care of their large families. My granny raised me and two of my older cousins. I have an amazing life that I was born in, and any problems I have ever had, for the most part, did not have to happen. I have always had very expensive things. The people in my life never knew how wealthy our family is, so they did extravagant things for me. I'm handsome, humble, and sometimes I can have a slick mouth, which they like; and if you push me, I will lose my head on you. I have very famous friends that, for the most part, don't know me. They just see the pretty picture and that I don't have to want for anything like some of them. I have more money than them.
