Education for Sexuality - John J. Burt 1975

Sexual Fields - Adam Isaiah Green 2013-12-17

In the late modern period, an unprecedented expansion of specialized erotic worlds has transformed the domain of intimate life. Organized by appetites and dispositions related to race, ethnicity, class, gender, and age, these erotic worlds are arenas of sexual exploration but, also, sites of stratification and dominion wherein actors vie for partners, social significance, and esteem. These are what Adam Isaiah Green calls sexual fields, which represent a semblance of social life for which he offers a groundbreaking new framework. To build on the sexual fields framework, Green has gathered a distinguished group of scholars who together make a strong case for sexual field theory as the first systematic theoretical innovation since queer theory in the sociology of sexuality. Expanding on the work of Bourdieu, Green and contributors develop this distinctively sociological approach for analyzing collective sexual life, where much of the sexual life of our society resides today. Coupling field theory with the ethnographic and theoretical expertise of some of the most important scholars of sexual life at work today, *Sexual Fields* offers a game-changing approach that will revolutionize how sociologists analyze and make sense of contemporary sexual life for years to come.

Globalizing Education, Educating the Local - Ian Stronach 2009-12-16

Offers an account of how contemporary educational knowledge is put together and presented in the global knowledge economy, redefining the actors in the education process, including principally the child, pupil, and learner, but also the teacher, parent, inspector and policy-maker.

Sexuality Education in Postsecondary and Professional Training Settings - James Wm Maddock 2014-01-14

Sexuality Education in Postsecondary and Professional Training Settings keeps you up-to-date on the trends and issues in sexuality education in colleges, universities, and professional training institutions. A diverse group of authors, all experienced sexuality educators, offers summary information, critical commentary, thoughtful analysis, and projections of future trends in sexuality education in postsecondary settings. This keeps you current on the status of sexuality education and will move you to consider a variety of concerns and challenges in designing and implementing sexuality education courses and programs. Finally, the chapters present you with valuable resources, ranging from historical references to contemporary website information. Beginning with an historical perspective on twentieth-century sexuality education, *Sexuality Education in Postsecondary and Professional Training Settings* includes information on the nature and extent of sexuality education in contemporary colleges and universities, as well as in institutions training teachers, clergy, and physicians. The book's expert authors analyze undergraduate curricular and pedagogical issues, as well as problems in classroom climate and the challenges of meeting objectives for behavioral change. Specific topics you learn about include: guidelines for teaching undergraduate sexuality courses--with a focus on philosophical issues; how to develop objectives and implement teaching strategies; print, media, and Internet resources for teaching; and commentary on controversial issues effects of various workshops on the contraceptive-related attitudes and behaviors of college students sexuality education and HIV/AIDS prevention education in teacher preparation institutions perceptions of faculty regarding curriculum and approaches to sexuality education in clergy training institutions sexuality education in medical school curricula in the U.S. and Canada *Sexuality Education in Postsecondary and Professional Training Settings* is a valuable guide for sexuality educators in postsecondary settings and educators in corollary areas such as health education, educational psychology, family education, or curriculum development. Also an informative and useful text for scholars, researchers, professionals, and students in the fields of sexuality education, behavioral sciences, applied social sciences, and social policy, this book presents a variety of philosophical and

methodological approaches to vital issues, ranging from qualitative phenomenological and interpretive methods to quantitative analyses to critical essays.

Global Perspectives on Gender and Sexuality in Education - Elinor L. Brown 2017-05-01

International Advances in Education: Global Initiatives for Equity and Social Justice is an international research monograph series that contributes to the body of inclusive educational policies and practices focused on: empowering society's most vulnerable groups; raising the ethical consciousness of those in positions of authority; and encouraging all to take up the mantle of global equity in educational opportunity, economic freedom and human dignity. Each themed volume in this series draws on the research and innovative practices of investigators, academics, educators, politicians, administrators, and community organizers around the globe. This volume consists of three sections; each centered on an aspect of gender equity in the context of education. The chapters are drawn from a wide range of countries including: Australia, China, Gambia, India, Italy, Kenya, Kyrgyzstan, Laos, Slovenia, Swaziland, Grenada, Jamaica, Trinidad, Tobago, The United States, and Turkey addressing issues of gender equity, citizenship education, egalitarianism in sexual orientation, and strategies to combat human trafficking. The 15 chapters document both the progress and challenges facing those who strive for gender equity in access to education, the portrayal of women in curricula, and the acceptance of diverse sexual orientations within differing country contexts and provide an overview of promising policies, practices and replicable successful programs.

Glencoe Health, A Guide to Wellness Student Edition - McGraw Hill 2002-03-18

Glencoe Health combines print, audio, and technology resources in an integrated program of health education that is certain to engage and challenge every student. With its short lessons, interactive format, increased emphasis on skill building, and exciting new visual approach, Glencoe Health is the health curriculum that helps students find answers to today's perplexing health issues. Help your students assess their health and improve their health skills. Glencoe Health covers the entire spectrum of high school health issues: from personal health to injury prevention; from community health to nutrition and fitness; and from alcohol, tobacco, and drugs to personal development and family living, all in a high-interest, interactive style your students will respond to and enjoy. Student Modules: Abstinence HIV/AIDS and Society Education in Sexuality The Reality of Drugs
