You tried Tinder - it sucks. You heard of people hooking up fast and you wanted to do that. But it wasn't that easy, was it? You didn't get matches. The women didn't message you back.

Perhaps you even met some of them, but you didn't have sex like you planned. What happened? Listen: There is nothing wrong with you. You may think that you are the problem. You're not. It isn't you, it's what you're doing. There is a method to using Tinder that guarantees your success. If you don't know this

Get Real! Fighting the Mythic Woman Finding Your Authentic Self - Ananya S.

Rajan 2012-01-07

Get Real! is a book for all women, from all walks of life. It's basic premise is that women are more than just the roles they play. However the myths and messages passed on to us by our families, the institutions we are involved in, and society often restrict us from thinking for ourselves, finding out who we are, and, in turn, living a more fulfilling life. By maintaining certain standards for women, society continues to promote the perfect woman, otherwise

known as the Mythic Woman and unknowingly we follow the Mythic Woman pattern because we know nothing else. This book offers a new way to look at the lives we live and the messages we follow. It also provides insightful exercises to help women start their journey toward discovering their authentic self.

PUA Is Bullshit for Dating and Seduction - Jim Suski

2018-06-28

Pick Up Artists learnt about girls in school while you were in your room cramming for your exams' - Now they have all the girls and no money - and you have all the money but no girls ... " "...the best men are often the worst at approaching and seducing...for a women it sometimes takes two tequilas before good looking Joe Normal by the water cooler stops acting like such a "damm wimp"... Pick Up Artists are full of bullshit! What women really want and why men are so bad at approaching. The

mindset men need for women - Why a woman's "boyfriend material" acts so "creepy". "...men have always loved to hunt. 100 years ago they hunted tigers. Men who hunted years displayed the skin of the dead tiger with especial pride. A tiger hunter was greatly respected by his fellow man and held in awe by women. This was because tiger hunting was damm dangerous. Ok the man had a heavy calibre rifle capable of packing a tiger stopping bullet of over 4,000 joules (if you don't know guns - that's a friggin' big bullet). But to hit the tiger with that "friggin' big bullet", he had to... - Recognize the threat, - Find out where the threat is coming from. - Release the safety catch. - Move their body and point the gun at the threat. - Take aim (at a fast moving target). - Fire and hit the tiger in a part of the body that would kill it instantly. While this was happening the tiger has the advantage of... - Natural camouflage - Being an excellent natural hunter and stalker - Able to move over

short distances very very fast. - Kill instantly, violently and quickly. No wonder tiger hunters were so respected. To kill a tiger you had to have big, big balls. This was not just "fun" it carried a very real possibility of a swift and very gory death. To hunt tigers the man had to have more than just a good gun. They had to have knowledge. They had to "Know the Beast". Know its nature, its habits and its powers. The gun was not enough. The same is your fear of rejection by a woman. That is your "beast". To cope with rejection you must "know the Beast". You must recognize its power. Forget what you have been told about how you should feel if a woman rejects you. She is rejecting you for sex. Sex is your most important mission, more important than defending yourself and your friends, more important than being a provider. The pain is real, the pain is powerful, it is strong. Rejection is more damaging to your self-esteem than being called a coward, more hurtful than being fired by your boss

for incompetence. Stop telling yourself that it's not personal, that she is not in the mood, that she is weird / frigid etc. It's you; yes you absolutely and personally. Your manliness has been measured, judged evaluated and come up wanting. End of story! Your coping strategy is to "know the beast" and your sense of duty and mission. The tiger hunter who hunted with a rifle for sport was considered to have big balls. Brave hunters, the most respected defended their loved ones in the tribe with no more than a spear - they were adored by their peers and idolized by the women - they had to have wheelbarrows to carry their balls. But those with the greatest balls, those whose feats were told through generations who were held up to be great hunters/ warriors. Those whose names are mentioned in hushed tones by their grandchildren and great grandchildren? They are the warriors that past their prime, with weakened arms and trembling knees, with their eyesight cloudy and their

strength faded still walked out of the village to confront the Beast and in doing so to fulfil their destiny and their duty. There is no wheelbarrow built big enough to carry their balls! ..."

College Hookup Culture and Christian Ethics - Jennifer Erin Beste 2018

What happens at college parties? Why do students dress and behave the way they do? Who has power, and what kind? And are college students happy overall with party and hookup culture? In response to undergraduates' skepticism of researchers' accounts of hookup culture, the author engaged 126 college students as ethnographers to observe and analyze this complex social reality at parties.

The End of Sex - Donna Freitas 2013-04-02

Hookup culture dominates the

lives of college students today. Most students spend hours agonizing over their hopes for Friday night and, later, dissecting the evenings' successes or failures, often wishing that the social contract of the hookup would allow them to ask for more out of sexual intimacy. The pressure to participate comes from all directions -- from peers, the media, and even parents. But how do these expectations affect students themselves? And why aren't parents and universities helping students make better-informed decisions about sex and relationships? In *The End of Sex*, Donna Freitas draws on her own extensive research to reveal what young men and women really want when it comes to sex and romance. Surveying thousands of college students and conducting extensive one-on-one interviews at religious, secular public, and secular private schools, Freitas discovered that many students -- men and women alike -- are deeply unhappy with hookup culture. Meaningless hookups

have led them to associate sexuality with ambivalence, boredom, isolation, and loneliness, yet they tend to accept hooking up as an unavoidable part of college life. Freitas argues that, until students realize that there are many avenues that lead to sex and long-term relationships, the vast majority will continue to miss out on the romance, intimacy, and satisfying sex they deserve. An honest, sympathetic portrait of the challenges of young adulthood, *The End of Sex* will strike a chord with undergraduates, parents, and faculty members who feel that students deserve more than an endless cycle of boozy one night stands. Freitas offers a refreshing take on this charged topic -- and a solution that depends not on premarital abstinence or unfettered sexuality, but rather a healthy path between the two.

Hooking Up - Kathleen A. Bogle 2008

A closer look into the new sexual culture on college campuses It happens every weekend: In a haze of hormones and alcohol, groups of male and female college students meet at a frat party, a

bar, or hanging out in a dorm room, and then hook up for an evening of sex first, questions later. As casually as the sexual encounter begins, so it often ends with no strings attached; after all, it was "just a hook up." While a hook up might mean anything from kissing to oral sex to going all the way, the lack of commitment is paramount. Hooking Up is an intimate look at how and why college students get together, what hooking up means to them, and why it has replaced dating on college campuses. In surprisingly frank interviews, students reveal the circumstances that have led to the rise of the booty call and the death of dinner-and-a-movie. Whether it is an expression of postfeminist independence or a form of youthful rebellion, hooking up has become the only game in town on many campuses. In Hooking Up, Kathleen A. Bogle argues that college life itself promotes casual relationships among students on campus. The book sheds light on everything from the differences

in what young men and women want from a hook up to why freshmen girls are more likely to hook up than their upper-class sisters and the effects this period has on the sexual and romantic relationships of both men and women after college. Importantly, she shows us that the standards for young men and women are not as different as they used to be, as women talk about “friends with benefits” and “one and done” hook ups. Breaking through many misconceptions about casual sex on college campuses, *Hooking Up* is the first book to understand the new sexual culture on its own terms, with vivid real-life stories of young men and women as they navigate the newest sexual revolution.

Lisa Wade 2017-01-10

"A must-read for any student—present or former—stuck in hookup culture’s pressure to put out." —Ana Valens, *Bitch* Offering invaluable insights for students, parents, and educators, Lisa Wade analyzes the mixed messages of hookup culture on today’s college campuses within the history of sexuality, the evolution of higher education, and the unfinished feminist revolution. She draws on broad, original, insightful research to explore a challenging emotional landscape, full of opportunities for self-definition but also the risks of isolation, unequal pleasure, competition for status, and sexual violence. Accessible and open-minded, compassionate and honest, *American Hookup* explains where we are and how we got here, asking, “Where do we go from here?”

Please note: This is a

companion version & not the original book. Sample Book Insights: #1 The goal of burlesque parties is to look fuckable. At such parties, students are often completely shitfaced. #2 The first step in hooking up is to get shitfaced. Party-oriented students believe that drinking enhances their experience. They believe that alcohol improves their personality, and that getting drunk brings out their intoxicated self, which is freer and more fun to be around. #3 At Central Michigan University, some students admitted that they pretended to drink and were even bullied for not doing so. The study even documented how non-drinkers were treated

at parties. #4 At college parties, women are expected to grind with any male that will have them. Men watch their female classmates mimic heterosexual grinding, but this is often accompanied by jokes and laughing with each other.
