done >Natural ways to heal sex life Short story... It all started two years ago when my wife Courtney and I went for a vacation in the Bahamas with the aim of boosting our sex life (don't get me wrong, sex twice a week is good but at least four times a week does it) due to my work and all. On arriving at the hotel, we told the receptionist that we are looking to boost our sex life and she said "I have just the room for you" then handed us a key with the number 1-1. Well, after getting to the third floor, we noticed all the doors painted red all through and a sweet aroma of vanilla and a hint of peach in the air. On reaching the door, the baggage carrier stopped and said he is not allowed to go further and handed our luggage to us. The first noticeable thing was the big soft bed shaped as a love and a mirror above it. The next thing I noticed was a big brown cupboard with the words "pleasure locker written on it." We later that night noticed that it was filled with adult sex toys, massage oils, restraints, handcuffs, blindfold, sex pimps, sprays, sex chocolate and lots of herbs. As exciting as it may seem, we never did anything on the first day. I guess it was because of the stress of traveling. Needless to know is that all those sex toys were explored by yours truly and his woman. The second day, however, was a different case. I woke up with my handcuffed to the bed railings. Before realizing what was happening, Courtney hopped on me and told me she had a confession to make. She said she has been in the pleasure locker and had already tried the sex cream. Well to cut long story short, it was the first time I ever knew that so much liquid can come from a woman who is experiencing an O. For the next few days, we did some role-playing and acted like children around each other. I got to try out sex positions I never knew was fun and later on explored some advanced sex positions. This book holds a summary of all you need to please your woman.
