Fairies - Fractured and Uncut - Alexa Grave
2023-07-12

Take one grouchy sea nymph, add a woeful human-sized giant, and mix in two lewd, drunken fairies. What do you get? An unsavory blend of immortals attempting to live together in the real world. 7 Humorous Fantasy Tales in the

Fractured Fairies series, including: Immortal Woes Nothing like having a suicidal not-so-giant giant as a best friend. Unless you also have a couple of drunken fairy pests tormenting him about his small stature. Grinka's the lucky sea nymph who has both. Between comforting her friend and stopping the lewd fairies from taunting him with a death powder, her temper gets the best of her. And when it does, things explode. Ode To Buses And Libraries A maddening itch on the back of Grinka's neck drives her to seek answers. Unfortunately, the information about her skin condition can only be found at the Immortal Library. Getting to the library proves difficult, especially when riding the Immortal Express bus line. Between a lackadaisical centaur and the drunken fairy siblings, it's a wonder Grinka hasn't exploded them all. Oh wait, she has. S.O.L. Air That whole "life's a journey, not a destination" nonsense doesn't hold water with Grinka. Especially when she books a flight to Vegas to get away from the two fairy nitwits. She fails to consider the aquatic ramifications of a sea nymph in the air. And a chance encounter with her goblin ex-boyfriend, Hrelm, threatens to delay her even further. Seriously, what's it going to take for Grinka to get to Vegas and gamble away her meager savings? Monster In The Room What does a sea nymph do when she comes home to find a monster filling her entire living room? Find out in this bite-sized gulp of Grinka. A Very Grinka Christmas Grinka's main goal for Christmas: survive without celebrating a damned thing. Between playing an elf to her mopey human-sized giant friend's Santa and contending with the fairy siblings' holiday revelries, she's got her work cut out for her. When uninvited guests appear on her doorstep, she's forced to face a party of all the people she ran from when she left the Immortal World. No thanks to that torture! Grinka plots to avoid the party, until she meets a handsome tree nymph who agrees to attend. Maybe, just maybe, this year Grinka will have a Merry Christmas. Bytes Bite, And So Do Fairies As usual, Grinka the sea nymph can't catch a break. She simply wants to publish her novel. Unfortunately, the two fairy thorns in her side mess with her computer. Too bad they're immortal and can't meet the same demise as the innumerable fairies in her book. If

that isn't enough of a plague, Grinka's sister Raina pops in from the Immortal World, bringing the first immortal virus with her. And now, Grinka is quarantined in her room with the two fairy nitwits. Will she survive to hit publish, or will the rainbows and fairies win? Nymphs Need Love Too What do you prescribe a depressed sea nymph? A handsome tree nymph, of course. Grinka can't stop dreaming of Bello, the hunky tree nymph she met a couple years ago. Unfortunately, sharing her bed with her drama llama teen nymph sister has put a damper on her love life. Who's she kidding? Her love life was nonexistent even before she took in her runaway sister. Well, aside from the incident with her goblin ex-boyfriend and his dwarven girlfriend - an event that continues to haunt her in the form of the stalker dwarf. But Grinka's not-so-giant giant best friend brings her the gift of Bello's phone number. Can she summon the courage to call him for a date? And if so, what will her sister and the fairy brats do to ruin it for her this time? Trigger Warning: Suicide mentioned, albeit concerning immortals only.

[Smith and Weston](#) - Doris Nickles 2023-11-27
In the gritty world of River City, a new surge of crime threatens to drown the city in darkness. But this time, the corruption runs deeper, infesting the very heart of the justice system itself. Among those standing as the last line of defense are detectives Jordon Smith and Steve Weston, two of the city's most tenacious and relentless investigators. As they delve into a treacherous labyrinth of crime, they are joined by a new partner, Detective Cindy Bishop, known simply as D. With a natural instinct for uncovering criminals and an unyielding courage that constantly puts her own life on the line, D proves to be a formidable if not fragile addition to the team. However, this crusade for justice is far from a simple battle against villains. The lines between their professional and personal lives blur, entangling the detectives in a web of emotions. As they confront the usual drug lords, kidnappers, and ruthless murderers, they must also grapple with their own feelings for each other and the haunting questions within themselves. In this pulse-pounding novel, trust is betrayed, alliances are tested, and hearts are laid bare. Will the determination of these seasoned investigators be enough to cleanse the city of its festering crime, or will the darkness seep into their souls, consuming them from within? River City's fate hangs in the balance.

[Amazon Echo Show: Everything You Should Know about Amazon Echo Show from Beginner to Advanced](#) - William Seals 2018-09-13
Amazon Echo Show From Beginner To Advanced
The Amazon Echo Show is the next upgrade for Alexa - you'll hear a lot of people saying it's Alexa with a screen. That being said, you can say

that this is a visual upgrade so to speak. Now Alexa can provide you with some visuals. Of course, if you're a fan of the Echo and other previous products in this line, you may have already figured out that there are controls and commands that are easier to access with something visual or on-screen, right? And that is what the Echo Show gives you and more. Some have said that the experience with this "version" of Alexa is that you now let her see you and you in a way see her. So what should you expect from this device? Here's a little sneak peak: For one thing it is easy to use. There are features from Alexa that are definitely a lot better with some visual displays such as lists and timers for instance. It can play video. Now, that's something you can't do with a smart speaker. You also get visual search results. Are there things that the boys from the Amazon think tank should improve on? The answer is yes. Note that the Echo Show has tons of potential, which is why the competition is hard at work trying to match it. However, here are a few downsides that everyone should know about: It has no privacy shutter - that means people can Drop on you and of course you can't deny access to the person calling (aka see what you're up to at the moment when they start the video conference). Some of the skills that come with this Show are good but there are a few kinks that do need some work. We all know that Amazon's smart digital assistant is always improving and the Echo Show is proof of that. Here in this book we'll cover everything you need to know about it and we're unabashedly going to include both what's to like about it and what not. Get Your Copy Right Now!

Still reeling from her broken engagement with

Aaron Farsee, Grace Mercedes is content to live quietly and hide from the paparazzi. She's abruptly yanked back into her father's world when she receives a text from a blackmailer. Her family could be ruined unless she meets the blackmailer in Willowdale. The media reported that Grace dumped her fiancé because she didn't want to deal with his war wounds and PTSD, so no one will believe that he was the one who cancelled the wedding. Unwilling to expose her private life again, Grace contrives a cover story for her visit to Willowdale, along with a fake name, to keep her dad's nosy senatorial staff at bay. When Aaron sees Grace standing at the

counter of his auto shop, he dreads the drama that will surely follow. She claims she's in town to help with the winter festival, but he has trouble believing her. Despite his skepticism he agrees to help her, since the proceeds benefit the veterans hospital. But he is determined not to do anything that might help her father. When someone leaves a threatening message along with a knife in Grace's cabin, Aaron's protective instincts kick in. But he can't save her from a danger she won't admit is real.
