A lot of men think of dating as being a very simple, straightforward process, where you just ask a woman you like out, take her to some very fancy, very impressive restaurant where you eat some fine, ultra-expensive delicacy, and then magically whisk her away to your secret lair where naughty things happen. However, if you've been on many dates, you'll know that it never really seems to go like that at all. Sure some dates might go like that, but if that's your entire dating strategy, then it's no wonder why your dates fail. And the truth of the matter is that everytime you take a woman out on a date and it goes poorly, you'll probably never hear from that woman ever again. Thus, if you really like that woman you've asked out on a date, then you owe it to her to ensure that the date goes well. Because if it doesn't go well, it's not her fault, it's entirely your fault! But don't be so hard on yourself, many guys fail in this department, many guys take women out on dates with certain expectations, and then kick themselves later when things don't go as they had planned. And then they wonder, 'what went wrong?' In reality, many guys have to run many many dates before they are able to figure out what they've been doing wrong, and eventually finally figure out how to run things right. However, do you really want to sacrifice so many girls that you like so that you can figure it out? Why not just get your dates right from the start? Well, not to worry, because we're going to show you how. So that you can be that guy who runs amazing dates! In this guide, we're going to cover bad dates and why they fail, we're going to really break them down in detail and explain what exactly is going on there. Women Don't Ask - Linda Babcock 2021-01-05

The groundbreaking classic that explores how women can and should negotiate for parity in their workplaces, homes, and beyond When Linda Babcock wanted to know why male graduate students were teaching their own courses while female students were always assigned as assistants, her dean said: "More men ask. The women just don't ask." Drawing on psychology, sociology, economics, and organizational behavior as well as dozens of interviews with men and women in different fields and at all stages in their

careers, *Women Don't Ask* explores how our institutions, child-rearing practices, and implicit assumptions discourage women from asking for the opportunities and resources that they have earned and deserve—perpetuating inequalities that are fundamentally unfair and economically unsound. *Women Don't Ask* tells women how to ask, and why they should.

The Guyde - Howie Reith 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.
