only one. Great relationships don't just appear in our lives—they're the culmination of a series of decisions, including whom to date, how to end it with the wrong person, and when to commit to the right one. But our brains often get in the way. We make poor decisions, which thwart us on our quest to find lasting love. Drawing from years of research, behavioral scientist turned dating coach Logan Ury reveals the hidden forces that cause those mistakes. But awareness on its own doesn't lead to results. You have to actually change your behavior. Ury shows you how. This "simple-to-use guide" (Lori Gottlieb, New York Times bestselling author of *Maybe You Should Talk to Someone*) focuses on a different decision in each chapter, incorporating insights from behavioral science, original research, and real-life stories. You'll learn: - What's holding you back in dating (and how to break the pattern) -What really matters in a long-term partner (and what really doesn't) - How to overcome the perils of online dating (and

make the apps work for you) -How to meet more people in real life (while doing activities you love) -How to make dates fun again (so they stop feeling like job interviews) -Why "the spark" is a myth (but you'll find love anyway) This "data-driven" (Time), step-by-step guide to relationships, complete with hands-on exercises, is designed to transform your life. *How to Not Die Alone* will help you find, build, and keep the relationship of your dreams.

A Hundred Other Girls - Iman Hariri-Kia
2022-07-26

"The most delightful, absorbing, and hilarious book I have read in ages." —Christina Lauren, New York Times bestselling author of *The Soulmate Equation* For fans of *The Devil Wears Prada* and *The Bold Type* comes a smart, modern story about the shifting media landscape and one Middle Eastern–American writer finding her place in it. How far would you go to keep the job a hundred other girls are ready to take? Noora's life is a little off track. She's an aspiring writer and amateur blogger in New York—which is a

nice way of saying that she tutors rich Upper East Side kids and is currently crashing on her sister's couch. But that's okay. Noora has Leila, who has always been her rock, and now she has another major influence to lean on: Vinyl magazine. The pages of Vinyl practically raised Noora, teaching her everything from how to properly insert a tampon to which political ideology she subscribes to. So when she lands a highly coveted job as assistant to Loretta James, Vinyl's iconic editor-in-chief, Noora can't believe her luck. Her only dream is to write for Vinyl, and now with her foot firmly in the door and the Loretta James as her mentor, Noora is finally on the right path... or so she thinks. Loretta is an unhinged nightmare, insecure and desperate to remain relevant in an evolving media landscape she doesn't understand. Noora's phone buzzes constantly with Loretta's bizarre demands, particularly with tasks Loretta hopes will undermine the success of Vinyl's wunderkind digital director Jade Aki. The reality of Noora's

job is nothing like she expected, and a misguided crush on the hot IT guy only threatens to complicate things even more. But as Loretta and the old-school print team enter into a turf war with Jade and the woke-for-the-wrong-reasons digital team, Noora soon finds herself caught in the middle. And with her dream job on the line, she'll need to either choose a side or form her own. Clever, incisive, and thoroughly fun, *A Hundred Other Girls* is an insider's take on the changing media industry, an ode to sisterhood, and a profound exploration of what it means to chase your dreams.
