Communion - bell hooks 2021-10-12

"When truth teller and careful writer bell hooks offers a book, I like to be standing at the bookshop when it opens." -Maya Angelou Renowned visionary bell hooks explored the meaning of love in American culture with the critically acclaimed bestseller All About Love: New Visions. She continued her national dialogue with the bestselling Salvation: Black People and Love. Now hooks culminates her triumphant trilogy of love

with Communion: The Female Search for Love. Intimate, revealing, provocative, Communion challenges every woman to courageously claim the search for love as the heroic journey we must all choose to be truly free. In her trademark commanding and lucid language, hooks explores the ways ideas about women and love were changed by the feminist movement, by women's full participation in the workforce, and by the culture of self-help, and reveals how women of all ages can bring love into every aspect of their lives, for all the years of their lives. Communion is the heart-to-heart talk every woman -- mother, daughter, friend, and lover -- needs to have.

The Man's Guide to Women - John Gottman 2016-02-02

A great "philosopher" once said, "Trying to understand women is like trying to smell the color 9." But the fact is, men can understand women to their great benefit. All they need is the right teacher. And arguably there is no better teacher than John Gottman, PhD, a world-renowned

relationships researcher and author of the bestselling 7 principles of Making Marriage Work. His new book, written with wife Julie Gottman, a clinical psychologist, and Doug Abrams and Rachel Carlton Abrams, MD, is based on 40 years of scientific study, much of it gleaned from the Gottman's popular couple's workshops and the "love lab" at the University of Washington. It's written primarily for men because new research suggests that it is the man in a relationship who wields the most influence to make it great or screw it up beyond repair. The Man's Guide to Women offers the science-based answers to the question: What do women really want in a man? The book explains the hallmarks of manhood that most women find attractive, and helps men hone those skills to be the man she desires.

A ROOM OF ONE'S OWN - Virginia Woolf 2017-12-06

First published on 24 October 1929, the essay was based on a series of lectures she delivered at Newnham College and Girton College, two women's colleges at Cambridge University in October 1928. While this extended essay in fact employs a fictional narrator and narrative to explore women both as writers of and characters in fiction, the manuscript for the delivery of the series of lectures, titled "Women and Fiction", and hence the essay, are considered non-fiction. The essay is

generally seen as a feminist text, and is noted in its argument for both a literal and figural space for women writers within a literary tradition dominated by patriarchy. Virginia Woolf was one of the greatest authors of the twentieth century, transformed the art of fiction. The author of numerous novels and short stories, she was also an acknowledged master of the essay form, and an admired literary critic. All About Love - bell hooks 2018-01-30

A New York Times bestseller and enduring classic, All About Love is the acclaimed first volume in feminist icon bell hooks' "Love Song to the Nation" trilogy. All About Love reveals what causes a polarized society, and how to heal the divisions that cause suffering. Here is the truth about love, and inspiration to help us instill caring, compassion, and strength in our homes, schools, and workplaces. "The word 'love' is most often defined as a noun, yet we would all love better if we used it as a verb," writes bell hooks as she comes out fighting and on fire in All About Love. Here, at her most provocative and intensely personal, renowned scholar, cultural critic and feminist bell hooks offers a proactive new ethic for a society bereft with lovelessness--not the lack of romance, but the lack of care, compassion, and unity. People are divided, she declares, by society's failure to provide a model for learning to love. As bell hooks uses her incisive mind to explore the question "What is love?" her answers strike at both the mind and heart. Razing the cultural paradigm that the ideal love is infused with sex and desire, she provides a new path

to love that is sacred, redemptive, and healing for individuals and for a nation. The Utne Reader declared bell hooks one of the "100 Visionaries Who Can Change Your Life." All About Love is a powerful, timely affirmation of just how profoundly her revelations can change hearts and minds for the better.

The Love of a Good Woman - Alice Munro 2013-10-21

WINNER OF THE NOBEL PRIZE IN LITERATURE Alice Munro has a genius for entering the lives of ordinary people and capturing the passions and contradictions that lie just below the surface. In this brilliant new collection she takes mainly the lives of women - unruly,

ungovernable, unpredictable, unexpected, funny, sexy and completely recognisable - and brings their hidden desires bubbling to the surface. The love of a good woman is not as pure and virtuous as it seems: as in her title story it can be needy and murderous. Here are women behaving badly, leaving husbands and children, running off with unstuitable lovers, pushing everyday life to the limits, and if they don't behave badly, they think surprising and disturbing thoughts.
