**Modern Romance** - Aziz Ansari 2015-06-16  
The #1 New York Times Bestseller "An engaging look at the often head-scratching, frequently infuriating mating behaviors that shape our love lives." —Refinery 29 A hilarious, thoughtful, and in-depth exploration of the pleasures and perils of modern romance from Aziz Ansari, the star of *Master of None* and one of this generation's sharpest comedic voices At some point, every one of us embarks on a journey to find love. We meet people, date, get into and out of relationships, all with the hope of finding someone with whom we share a deep connection. This seems standard now, but it's wildly different from what people did even just decades ago. Single people today have more romantic options than at any point in human history. With technology, our abilities to connect with and sort through these options are staggering. So why are so many people frustrated? Some of our problems are unique to our time. "Why did this guy just text me an emoji of a pizza?" "Should I go out with this girl even though she listed Combos as one of her favorite snack foods? Combos?!" "My girlfriend just got a message from some dude named Nathan. Who's Nathan? Did he just send her a photo of his penis? Should I check just to be sure?" But the transformation of our romantic lives can't be explained by technology alone. In a short period of time, the whole culture of finding love has changed dramatically. A few decades ago, people would find a decent person who lived in their neighborhood. Their families would meet and, after deciding neither party seemed like a murderer, they would get married and soon have a kid, all by the time they were twenty-four. Today, people marry later than ever and spend years of their lives on a quest to find the perfect person, a soul mate. For years, Aziz Ansari has been aiming his comic insight at modern romance, but for *Modern Romance*, the book, he decided he needed to take things to another level. He teamed up with NYU sociologist Eric Klinenberg and designed a massive research project, including hundreds of interviews and focus groups conducted everywhere from Tokyo to Buenos Aires to Wichita. They analyzed

behavioral data and surveys and created their own online research forum on Reddit, which drew thousands of messages. They enlisted the world's leading social scientists, including Andrew Cherlin, Eli Finkel, Helen Fisher, Sheena Iyengar, Barry Schwartz, Sherry Turkle, and Robb Willer. The result is unlike any social science or humor book we've seen before. In *Modern Romance*, Ansari combines his irreverent humor with cutting-edge social science to give us an unforgettable tour of our new romantic world.

**Victor Herbert** - Neil Gould 2009-08-25

Victor Herbert is one of the giants of American culture. As a musician, conductor, and, above all, composer, he touched every corner of American musical life at the turn of the century,

writing scores of songs, marches, concerti, and other works. But his most enduring legacy is on a different kind of stage, as one of the grandfathers of the modern musical theater. Now, Victor Herbert has the biography he deserves. Neil Gould draws on his own experience as a director, producer, and scholar to craft the first comprehensive portrait in fifty years of the Irish immigrant whose extraordinary talents defined the sounds of a generation and made contemporary American music possible. Mining a wealth of sources—many for the first time—Gould provides a fascinating portrait of Herbert and his world. Born in Dublin in 1859, Herbert arrived in the United States in 1886. From his first job in the orchestra pit of the Metropolitan Opera, Herbert went on to perform in countless festivals and concerts, and conduct the Pittsburgh Orchestra. In 1894, he composed his first operetta, *Prince Ananias*, and by the time of his death in 1924, he'd composed forty-two more—many of them, such as *Naughty Marietta*, spectacular Broadway hits. Along the way, he also wrote two operas, stage music for the *Ziegfeld Follies*, and the first full score for a motion picture, *The Fall of a Nation*. Gould brilliantly blends the musical and the theatrical, classical and popular, the public and the private, in this book. He not only gives a revealing portrait of Herbert the artist, entrepreneur, and visionary, but also recreates the vibrant world of the Herbert's Broadway. Gould takes us inside the music itself—with detailed guides to each major work and recreations of great performances. He also makes strong connections between Herbert's breakthrough compositions, such as the operetta *Mlle. Modiste*, and the later contributions of Rudolf Friml, Sigmund Romberg, Jerome Kern and other giants of the musical theater. As exuberant as Herbert himself, this book is also a chronicle of American popular culture during one of its most creative periods. For anyone enraptured by the sound of the American musical, this book is delightfully required reading.

**Behold** - Bethsheba Ashe 2021-07-21

Would you like to be able to read hidden messages in the Bible and other occult texts? Gematria is so much more than people think it is today. Real Gematria is not about cherry-picking numbers and comparing them to one other. Real Gematria (in the Bible) was a formal system of early mathematics. That means it had known rules and conventions, like our system of math does today. Gematria is a beautiful and ancient art that is a crucial key to biblical interpretation and occult symbolism. If you've ever wondered why Adam and Eve had to leave the garden of Eden? Or how Moses parted the red sea? Or whether the story of Elijah riding the fiery chariot to heaven was real? The answers are in the gematria. Behold: The Art and Practice of Gematria is the most advanced and thorough study of gematria ever published to date. It is at once a student handbook, a history, and an invaluable reference. Written by the creator of the Shematria Gematria Calculator, and referencing the latest professional scholarship, 'Behold' includes everything you need to find and read hidden gematria messages for yourself. 300 pages - illustrated - full color

**Get Over Yourself!** - Patti Novak 2008-12-30  
True love doesn't just happen, notes professional matchmaker Patti Novak. You have to work for it—and want it. Forget eight-minute speed dates or online dating sites with twenty-page questionnaires that promise a scientifically calculated perfect match. The fact that you both like golf, stamp collecting, and pizza with anchovies is great, but it won't mean a thing if

you don't feel that zing. But before there can be sparks, there have to be dates. And before the first date, you need to get over yourself! Taking a tough-love approach, and in her signature straight-shooting style, Patti will show you how to fix what needs to be fixed, reach your core, and identify who you are and what you want in a partner. She uses a three-part common-sense formula: • Getting Over What? Assess your dating weaknesses, recognize what's not working, and adjust your expectations. Delve into your personal history and past relationships, and pinpoint the issues that have been holding you back. • Almost Over It Fine-tune your attitude, your look, and your behavior to maximize your dating chances. Novak lays out strategies to help you deal with the brutal dating monsters you find along the way. • Over It Learn the do's and don'ts of the first date, the second date, and beyond. Remember, it's not a job interview or therapy session. Pretend you're meeting a new friend, not a prospective husband or wife. Finding your one and only isn't about having the right shoes or a flat stomach. It's about being true to yourself, being vulnerable, and being ready for love. Whether you're new to the dating scene, divorced and looking, or just trying to reach that second date, Get Over Yourself! will help you get the love you've always wanted and deserve.
