The Beauty Myth - Naomi Wolf 2013-08-31

The bestselling classic that redefined our view of the relationship between beauty and female identity .

Every day, women around the world are confronted with a dilemma – how to look. In a society embroiled in a cult of female beauty and youthfulness, pressure on women to conform physically is constant and all-

pervading. In this iconic, gripping and frank exposé, Naomi Wolf exposes the tyranny of the beauty myth through the ages and its oppressive function today, in the home and at work, in literature and the media, in relationships between men and women, between women and women. With pertinent and intelligent examples, she confronts the beauty industry and its advertising and uncovers the reasons why women are consumed by this destructive obsession. [My First Snow of Winter](#) - Bhawna 2021-04-07

"How do you fall in love with someone? How do you feel when it happens? Do you smile whole day or do you realise that there is a beatbox inside you which plays the sweet songs whenever you see the one? For me it was just like a fairytale... I know most of us do not believe in magic, but I do...love is so magical when it happens with the right person, when it builds slowly, when it makes everything disappear except the love itself! But... I do have fear, I have fear that what if one day...my love story won't have a happy ending? What if I have to see it going away and disappearing in front of my eyes? What if I'd never get the chance to see the snowfall of my love? What if my wait...stays forever?"

Beauty Sick - Renee Engeln, PhD 2017-04-18

"[Beauty Sick] will blow the top off the body image movement...provocative and necessary." — Rebellious Magazine An award-winning psychology professor reveals how the cultural obsession with women's appearance is an epidemic that harms women's ability to get ahead and to live happy, meaningful lives, in this powerful, eye-opening work in the vein of Peggy Orenstein and Sheryl Sandberg. Today's young women face a bewildering set of contradictions when it comes to beauty. They don't want to be Barbie dolls but, like generations of women before them, are told they must look like them. They're angry about the media's treatment of women but hungrily consume the outlets that belittle them. They mock modern culture's absurd beauty ideal and make videos exposing Photoshopping tricks, but feel pressured to emulate the same images they criticize by posing with a "skinny arm." They understand that what they see isn't real but still download apps to airbrush their selfies. Yet these same young women are fierce fighters for the issues they care about. They are ready to fight back against their beauty-sick culture and create a different world for themselves, but they need a way forward. In Beauty Sick, Dr. Renee Engeln, whose TEDx talk on beauty sickness has received more than 250,000 views, reveals the shocking consequences of our obsession with girls' appearance on their emotional and physical health and their wallets and ambitions, including depression, eating disorders, disruptions in cognitive processing, and lost money and time. Combining scientific studies with the voices of real women of all ages, she makes clear that to truly fulfill their potential, we must break free from cultural forces that feed destructive desires, attitudes, and words—from fat-shaming to denigrating commentary about other women. She provides inspiration and workable solutions to help girls and women overcome negative attitudes and embrace their whole selves, to transform their lives, claim the futures they deserve, and, ultimately, change their world.

How to Pick Up Women - Matthew Manson 2019-08-21

Discover the art of instant attraction and become the type of man girls beg for! One rejection after another...Trust me, I know the feeling. Most of my teenage years I've been the weird guy who always chocked and felt anxious when he tried to approach a girl. Even worse, most of the advice I got was from some jocks who told me to basically treat women like dirt. This only led to the girl feeling grossed out by me and well... me feeling grossed out by myself... Luckily, I'm not the type who admits defeat. So, I started doing some proper research and took advice from men who oozed charisma and attracted women instantly and ethically wherever they went. I'll admit...it took a couple of years for me to master everything. But that's because I had to go through trial and error and trim out all the nonsense. Luckily for you, this book allows you to skip that. No BS, just the essentials without overcomplicating anything. If you join me on this journey you will discover: - How to pick up women in an ethical way which leaves you BOTH happy and satisfied. - The things you NEED to improve about yourself in order to attract women instantly for the rest of your life. - A specially designed book structure containing clear lists, step by step guidelines and scenarios which you can easily remember and apply in your own life. - The biggest barriers you need to overcome in order to stop feeling anxious when approaching any woman. - How to make killer first impressions that will make women obsessed with you. - How to master the art of texting and never feel nervous or embarrassed after sending her a text. - How to keep a conversation going in a natural and enjoyable way. - How to create a flirty vibe and sexual tension which will lead to some real action. - How to have a proper one-night stand which will make you stand out and make her come back for more. I'm going

to warn you from the beginning. It's not going to be easy and the magic won't happen overnight. It'll require you to step outside your comfort zone...a lot. However, if you dedicate yourself to this, no matter how old you are, you will learn how to get women to become obsessed with you. I was the shyest kid in my school and now I can confidently approach any woman I want. If I could learn it, anyone can. Super Thinking - Gabriel Weinberg 2019-06-18

A WALL STREET JOURNAL BESTSELLER! "You can't really know anything if you just remember isolated facts. If the facts don't hang together on a latticework of theory, you don't have them in a usable form. You've got to have models in your head." - Charlie Munger, investor, vice chairman of Berkshire Hathaway The world's greatest problem-solvers, forecasters, and decision-makers all rely on a set of frameworks and shortcuts that help them cut through complexity and separate good ideas from bad ones. They're called mental models, and you can find them in dense textbooks on psychology, physics, economics, and more. Or, you can just read Super Thinking, a fun, illustrated guide to every mental model you could possibly need. How can mental models help you? Well, here are just a few examples... • If you've ever been overwhelmed by a to-do list that's grown too long, maybe you need the Eisenhower Decision Matrix to help you prioritize.

• Use the 5 Whys model to better understand people's motivations or get to the root cause of a problem. • Before concluding that your colleague who messes up your projects is out to sabotage you, consider Hanlon's Razor for an alternative explanation. • Ever sat through a bad movie just because you paid a lot for the ticket? You might be falling prey to Sunk Cost Fallacy. • Set up Forcing Functions, like standing meeting or deadlines, to help grease the wheels for changes you want to occur. So, the next time you find yourself faced with a difficult decision or just trying to understand a complex situation, let Super Thinking upgrade your brain with mental models.

300 Things You Should Never Say to a Woman - Christa Zelle 2010-03

300 Things You Should Never Say To A Woman, is a humorous trek through the everyday fopas which plague most people on an everyday basis. While reading this book, some may say, "no one could be dumb enough to say something like that". Perhaps there are a few out there who are smart enough to know better, yet obviously not all are that privileged. Keep in mind, all the stories contained in this book are true stories, so obviously not everyone is as practiced in the delicate art of saying something constructive, without being offensive.
