The Charisma Myth - Olivia Fox Cabane 2013-03-26

What if charisma could be taught? The charisma myth is the idea that charisma is a fundamental, inborn quality—you either have it (Bill Clinton, Steve Jobs, Oprah) or you don't. But that's simply not true, as Olivia Fox Cabane reveals. Charismatic behaviors can be learned and perfected by anyone. Drawing on techniques she originally developed for Harvard and MIT, Cabane breaks charisma down into its components. Becoming more charismatic doesn't mean transforming your fundamental personality. It's about adopting a series of specific practices that fit in with the personality you already have. The Charisma Myth shows you how to become more influential, more persuasive, and more inspiring.

Get Over Yourself! - Patti Novak 2008-12-30

True love doesn't just happen, notes professional matchmaker Patti Novak. You have to work for it—and want it. Forget eight-minute speed dates or online dating sites with twenty-page questionnaires that promise a scientifically calculated perfect match. The fact that you both like golf, stamp collecting, and pizza with anchovies is great, but it won't mean a thing if you don't feel that zing. But before there can be

sparks, there have to be dates. And before the first date, you need to get over yourself! Taking a tough-love approach, and in her signature straight-shooting style, Patti will show you how to fix what needs to be fixed, reach your core, and identify who you are and what you want in a partner. She uses a three-part common-sense formula: • Getting Over What? Assess your dating weaknesses, recognize what's not working, and adjust your expectations. Delve into your personal history and past relationships, and pinpoint the issues that have been holding you back. • Almost Over It Fine-tune your attitude, your look, and your behavior to maximize your dating chances. Novak lays out strategies to help you deal with the brutal dating monsters you find along the way. • Over It Learn the do's and don'ts of the first date, the second date, and beyond. Remember, it's not a job interview or therapy session. Pretend you're meeting a new friend, not a prospective husband or wife. Finding your one and only isn't about having the right shoes or a flat stomach. It's about being true to yourself, being vulnerable, and being ready for love. Whether you're new to the dating scene, divorced and looking, or just trying to reach that second date, *Get Over Yourself!* will help you get the love you've always wanted and deserve.

Advertising - Mara Einstein 2017

3000. That's the number of marketing messages the average American confronts on a daily basis from TV

commercials, magazine and newspaper print ads, radio commercials, pop-up ads on gaming apps, pre-roll ads on YouTube videos, and native advertising on mobile news apps. These commercial messages are so pervasive that we cannot help but be affected by perpetual come-ons to keeping buying. Over the last decade, advertising has become more devious, more digital, and more deceptive, with an increasing number of ads designed to appear to the untrained eye to be editorial content. It's easy to see why. As we have become smarter at avoiding ads, advertisers have become smarter about disguising them. Mara Einstein exposes how our shopping, political, and even dating preferences are unwittingly formed by brand images and the mythologies embedded in them. Advertising: What Everyone Needs to Know(R) helps us combat the effects of manipulative advertising and enables the reader to understand how marketing industries work in the digital age, particularly in their uses and abuses of Big Data.' Most importantly, it awakens us to advertising's subtle and not-so-subtle impact on our lives--both as individuals and as a global society. What ideas and information are being communicated to us--and to what end?
