Get Over Yourself! - Patti Novak 2008-12-30

True love doesn't just happen, notes professional matchmaker Patti Novak. You have to work for it-and want it. Forget eight-minute speed dates or online dating sites with twenty-page questionnaires that promise a scientifically calculated perfect match. The fact that you both like golf, stamp collecting, and pizza with anchovies is great, but it won't mean a thing if you don't feel that zing. But before there can be sparks, there have to be dates. And before the first date, you need to get over yourself! Taking a tough-love approach, and in her signature straight-shooting style, Patti will show you how to fix what needs to be fixed, reach your core, and identify who you are and what you want in a partner. She uses a three-part

common-sense formula: • Getting Over What? Assess your dating weaknesses, recognize what's not working, and adjust your expectations. Delve into your personal history and past relationships, and pinpoint the issues that have been holding you back. • Almost Over It Fine-tune your attitude, your look, and your behavior to maximize your dating chances. Novak lays out strategies to help you deal with the brutal dating monsters you find along the way. • Over It Learn the do's and don'ts of the first date, the second date, and beyond. Remember, it's not a job interview or therapy session. Pretend you're meeting a new friend, not a prospective husband or wife. Finding your one and only isn't about having the right shoes or a flat stomach. It's about being

How To Speak To A Girl For The First Time On Whatsapp

true to yourself, being vulnerable, and being ready for love. Whether you're new to the dating scene, divorced and looking, or just trying to reach that second date, *Get Over Yourself!* will help you get the love you've always wanted and deserve.

100 Voices - Miranda

Roszkowski 2022-03-03

'Remarkably brought together, heartwarming and uplifting . . . showing that despite

differences in age and background, geography and lifestyle, there is so much that binds up, so much we share'

Kit de Waal 'A stimulating collection of women's voices to help inspire us for the next 100 years' Elizabeth Day 100

Voices is an anthology of writing by women across the country on what achievement means for them, and how they have come to find their own voice. Featuring poetry, fiction and memoir, the pieces range from notes on making lemon curd, to tales of marathon running and riding motorbikes, to accounts of a refugee eating English food for the first time,

a newlywed learning her mother tongue and a woman rebuilding her life after an abusive relationship. The poignant, funny and inspiring stories collected here are as varied and diverse as their authors, who include established names such as Louise Jensen, Sabrina Mahfouz, Yvonne Battle-Felton and Miranda Keeling alongside a host of exciting new writers. Taken together, they build a picture of what it's really like to be a woman in the UK today.

Men Who Hate Women - Laura Bates 2020-09-03

Laura Bates' new book *Fix the System, Not the Women* is out now in paperback The extremism nobody talks about And how it affects us all 'Laura Bates does so much of the dispiriting, heavy lifting in 21st century feminism. She trudges through it like a boss, and puts out books that perfectly describe growing problems, and possible solutions. She's a proper hero at the coal mouth.' Caitlin Moran 'Laura Bates has done it again. From bantz to outright brutality, she exposes

the landscape of misogyny. Passionate and forensic, Bates produces a powerful feminist clarion call. The world needs to take notice. Things must change.' Anita Anand 'Fascinating, mind-blowing and deeply intelligent book that should be recommend reading for every person on our planet.' Scarlett Curtis 'In Men Who Hate Women, Laura Bates offers the alternative red pill to those who favour love, logic and humanity over debilitating hate.' Shami Chakrabarti 'A book of courage and tenacity.' Robin Ince 'This is how change is made: by looking at uncomfortable things directly in the eye and not turning away. This book is a rallying cry to end suffering, for both women AND men.' Emma Gannon 'Men Who Hate Women has the power to spark social change.' Sunday Times Imagine a world in which a vast network of incels and other misogynists are able to operate, virtually undetected. These extremists commit deliberate terrorist acts against women. Vulnerable teenage

boys are groomed and radicalised. You don't have to imagine that world. You already live in it. Perhaps you didn't know, because we don't like to talk about it. But it's time we start. In this urgent and groundbreaking book, Laura Bates, bestselling author and founder of The Everyday Sexism Project, goes undercover to expose vast misogynist networks and communities. It's a deep dive into the worldwide extremism nobody talks about. Interviews with former members of these groups and the people fighting against them gives unique insights on how this movement operates. Ideas are spread from the darkest corners of the internet - via trolls, media and celebrities - to schools, workplaces and the corridors of power, becoming a part of our collective consciousness. Uncensored, and sometimes both shocking and terrifying - this is the uncomfortable truth about the world we live in. And what we must do to change it.

How To Speak To A Girl For The First Time On Whatsapp

Charlotte Davis is in pieces. At seventeen she's already lost more than most people do in a lifetime. But she's learned how to forget. The broken glass washes away the sorrow until there is nothing but calm. You don't have to think about your father and the river. Your best friend, who is gone forever. Or your mother, who has nothing left to give you. Every new scar hardens Charlie's heart just a little more, yet it still hurts so much. It hurts enough to not care anymore, which is sometimes what has to happen before you can find your way back from the edge. A deeply moving portrait of a girl in a world that owes her nothing, and has taken so much, and the journey she undergoes to put herself back together. Kathleen Glasgow's debut is heartbreakingly real and unflinchingly honest. It's a story you won't be able to look away from. And don't miss Kathleen Glasgow's novels *You'd Be Home Now* and *How to Make Friends with the Dark*, both raw and powerful stories of life.

Cancer and the Politics of

Care - Linda Rae Bennett

2023-02-13

This timely volume responds to the epic impacts of cancer as a global phenomenon. Through the fine-grained lens of

ethnography, the contributors present new thinking on how social, economic, race, gender and other structural inequalities intersect, compound and complicate health inequalities. Cancer experiences and impacts are explored across eleven countries: Argentina, Brazil, Denmark, France, Greece, India, Indonesia, Italy, Senegal, the United Kingdom and the United States. The volume engages with specific cancers from the point of primary prevention, to screening, diagnosis, treatment (or its absence), and end-of-life care. *Cancer and the Politics of Care* traverses new theoretical terrain through explicitly critiquing cancer interventions, their limitations and success, the politics that drive them, and their embeddedness in local cultures and value systems. It extends prior work on cancer, by incorporating the perspectives of patients and their families, 'at risk' groups and communities, health professionals, cancer advocates and educators, and patient

How To Speak To A Girl For The First Time On Whatsapp

navigators. The volume advances cross-cultural understandings of care, resisting simple dichotomies between caregiving and receiving, and reveals the fraught ethics of care that must be negotiated in resource-poor settings and stratified health systems. Its diversity and innovation ensures its wide utility among those working in and studying medical anthropology, social anthropology and other fields at the intersections of social science, medicine and health equity.

Why Men Marry Some Women and Not Others -

John T. Molloy 2008-12-14
A groundbreaking book--based on years of the same thorough research that made the "Dress For Success" books national bestsellers--about how women can statistically improve their chances of getting married.

On Intersectionality -

Kimberle Crenshaw 2019-09-03
A major publishing event, the collected writings of the groundbreaking scholar who "first coined intersectionality as a political framework" (Salon) For more than twenty years, scholars, activists,

educators, and lawyers--inside and outside of the United States--have employed the concept of intersectionality both to describe problems of inequality and to fashion concrete solutions. In particular, as the Washington Post reported recently, "the term has been used by social activists as both a rallying cry for more expansive progressive movements and a chastisement for their limitations." Drawing on black feminist and critical legal theory, Kimberlé Crenshaw developed the concept of intersectionality, a term she coined to speak to the multiple social forces, social identities, and ideological instruments through which power and disadvantage are expressed and legitimized. In this comprehensive and accessible introduction to Crenshaw's work, readers will find key essays and articles that have defined the concept of intersectionality, collected together for the first time. The book includes a sweeping new introduction by Crenshaw as well as prefaces that

contextualize each of the chapters. For anyone interested in movement politics and advocacy, or in racial justice and gender equity, *On Intersectionality* will be compulsory reading from one of the most brilliant theorists of our time.

The Creation of the American Republic, 1776-1787 - Gordon S. Wood 1993
