Game - Roosh Valizadeh 2018-08-21

Game teaches men a 9-step program for meeting and attracting women in an age when smartphones, feminism, and anti-masculinity propaganda have made connecting with the opposite sex harder than ever. It will help you achieve casual or monogamous relationships while safeguarding you from sexual harassment and rape accusations that have increased due to the spread of social justice and hashtag activism. Game was written after the author's 17-year obsessive journey into the art of seducing women. The book begins with... -The 8 beliefs you must internalize to attract women without conscious effort -How to maximize your physical appearance so that most of a seduction is complete before you even begin talking -The hygiene and body flaws that turn women off without you realizing it -8 attraction triggers that cause a woman to be deeply drawn into a man -3 destroyers of attraction that turn off just about all women in their physical prime The biggest chapter is on approaching. Even if you don't have a large social circle, or any friends at all, Game teaches you how to have pleasant face-to-face interactions with women. You'll learn... - How to walk out your front door and casually meet women during the day in a way that won't make you anxious -How to meet girls at night in bars, clubs, or on the street -Dozens of word-for-word examples of how to approach women and converse with them -The best way to know that a girl likes you and will show up on a first date - The number one sign that a girl is ready to be kissed so that you never have to worry about being physically "rejected" -How to move things to the bedroom on the same day or night you meet a girl If you're not a fan of casual hook-ups, the book has you covered with a traditional dating program. You'll learn... -How to contact a

girl using a text messaging script that gets right to the point of scheduling a date -6 fun date questions to ask that help reveal if she's worth a long-term relationship -6 conversational guidelines that prevent you from running out of things to say -How to "qualify" and tease a girl so that she always sees you as a high-value man -The smoothest way to move things to a private home when she's ready for intimacy -A safe progression to having consensual sex that won't get you in trouble with the law Once you start dating a girl you like, you'll enjoy the chapter on relationships. You'll learn... -How to lovingly mold a girl into your ideal partner while resisting her efforts to train you into a beta male slave -The most important standards you must uphold to maintain the integrity of the relationship -How to regain attraction after your girlfriend becomes distant -6 warning signs that tell you a girl is not worth marriage -How to know if your girlfriend is cheating on you You'll also find two large appendices. They share... - The best way to enter social circles where women will see you as the apex male -How to get intimate with a girl in your social circle so that things don't get weird or awkward -An easy trick to identify which foreign cities contain women that will be most receptive to your look and personality -How to plan for trips that maximize the chance you'll get lucky with foreign women The above only scratches the surface of what Game contains. It is seminal work of a hyper-sexualized man who dedicated tens of thousands of hours into understanding women and attracting them while fending off defamatory attacks from mainstream feminists and fake news journalists who want to criminalize healthy masculinity. Whether your goal is to have fun in a big city with lots of women or fall in love with only one before getting married, Game will help you accomplish your goals in a way that keeps you safe from degrading cultural winds that continue to divide men and women.

What Women Want When They Test Men - Bruce Bryans 2015-08-13

Discover What Women Want in a Man and How They Secretly Test You For it If you pay close enough attention to what really attracts women, you'll find that what women want is a man with a backbone. Women want to be with a man who

knows how to take the lead and make decisions; one who has strong personal boundaries and knows how to love her like...a man. Unfortunately, a lot of men have difficulty accepting the truth that many women prefer to be with a man who isn't afraid to stand up to them, who challenges them, and who refuses to be pushed around by women (or anything else for that matter). This is especially true of women who seek a more traditional male-female gender role dynamic in their romantic relationships. Even if a man knows how to attract women, cultivating a mind-blowing relationship with one requires a different set of skills entirely. Women want men who can make them feel secure - men with strong boundaries and unwavering commitment. Sadly, most dating and relationship books rarely show men how to keep a woman happy without them having to sacrifice their manhood in the process. How to Understand Women and Pass Their Tests With Unshakeable Confidence Men around the world have no idea that the women they know and love are testing them. These men go about their lives interacting with the opposite sex in absolute darkness, ignorant to the fact that they're being judged, appraised, approved, and rejected based on their subconscious reactions to female testing. If you had no idea that women test men and why they have to, you're about to take a journey onto a road less traveled - the more mysterious side of female psychology and how women think. Attract Women Through Authenticity and Be the Strong Man a Woman Wants For a Relationship It's important for a man to learn how to walk that thin line between caring, thoughtful lover and firm, assertive leader. The man who masters the art of being the perfect gentleman and a strong alpha male is the ideal specimen to a high-quality woman. This is what you're going to learn in this book. So if you're dating or in a relationship and women constantly create drama, lose interest in you, or manipulate you, it's time you finally got some advice from one of the only relationship books for men that won't turn you into a doormat. Here's what you're going to learn inside: How to be radically honest with a woman and why this makes her MORE attracted to you. The reason why women test men CONSISTENTLY and how to use this knowledge to deepen a woman's desire. (Hint:

This is the key to female psychology and how women think.) How to be confident with difficult women. What women want in a man and how to give it to them. How to make a woman happy without becoming a complete doormat of a man. How to seduce your wife and get her in the mood by responding like a MAN whenever she "pokes the bear." How to be firm and say "No" to the woman you love without destroying intimacy. How to keep a woman interested in you by doing the ONE thing MOST men are deathly afraid of doing. How to avoid unnecessary arguments, fights, and drama with a woman by using a simple communication technique. The best way to secretly test a woman's level of romantic interest in you (as well as her emotional maturity) before making a long-term commitment. How to stop living in fear of what a woman might think, say, or do if she disagrees with or disapproves of you in any way. And much, much more... Would You Like to Know More? Get started right away and learn how to become the attractive man that has zero difficulty keeping a woman's respect, desire, and unwavering support. How to Text a Girl - Bruce Glover 2020-10-10
You're so close from a date with her... ☐☐ Do you know that text a girl could be SIMPLE? Would you like to learn it? If so then keep reading. ☐☐ This easy-to-use, step-by-step guide shows you how to text a girl, what to text, and when to text it to her. You might be messing up with your chances to get a lovely lady to date, when you make calls that you do not know where to go next after the initial greeting and "how are you doing" part of the call. You should not burry yourself in bad experiences that you have gone through so far, because here is an eBook that will give you a different direction of introducing yourself to lovely women and striking a conversation that will lead to a productive date. The solution that this book provides is in the techniques of texting, because you do not have to reach to a lady through a call only. Texting can do wonders when done in the right way, and that is what we are going to show you in this book. We know facing a lady for the first time is always very nervous and this is where many men fail, when they walk away feeling like losers and the ladies are left wondering what a coward you

are. The information in this book has been narrowed down to using texting as a tool to lure a lady and make her want to be with you and stick with you as your woman. When used properly, texting will reveal the kind of person you are and the lady will be able to know the kind of a man she is giving her time to. Eventually she will make her mind whether to agree to your request or simply throw your pleas to the usual dustbin of losers. The battle starts when you plan to engage a certain lady in a conversation, because the process of asking her for the number is an action that gives many men Goosebumps. Not to worry, we will show you how to take that first step and get the vital number that will link you to that lovely lady who is giving you sleepless nights when you think of how lovely she is, and how much you want to spend time with her. We however need to get some facts right before we get too much into the power of texting when you want a woman. Your failure to get the lady you want may be due to poor interaction or communication techniques, and the fact that you can type some lovely words on your Smartphone instead of voicing them does not guarantee that the lady will accept your requests. You need to do it right to get her attracted to you. The texting style should create enough rapport and attraction for the lady you want to spend your precious time with, and the effort should not go down the drain because the connection of the hard work should be solid. Have a look at how you are supposed to initiate a conversation that will lead to great friendship. This book gives a comprehensive guide on the following: - The approach - Getting her phone number the right way - The perfect first text - Structure of an effective text messaging plan - Bad text messaging behaviors - Turn her on through texts - Sexualizing text messages - Avoid getting rejected by text message - Playing the game with roles - Do's and don'ts: how to be a gentleman - Turning a text into a date - Starting a long-term relationship... AND MORE! What you waiting for, get this book Now!

YOUR BOYFRIEND'S BEST GIRLFRIEND: A Tomboy's Guide To Knowing, Loving And Understanding Men - CM Writer 2014-07-05

What happens when a southern tomboy, who grew up "dating like a dude" only to discover she had daddy issues that hurt the men she was once involved with, suffers heart-break and goes on a journey of self-discovery that guides her into frank discussions with men about parenting, relationships, sex, love, and growing pains? "A Tomboy's Guide" begins with the back story of a woman who grows up as a tomboy. It delves into both heavy (a story about sexual assault) and light hearted subjects (asking "Who pays for dates?"). Each chapter includes "YBBG LESSONS" that tackle many of the conflicts that men and women face when dealing with each other in a myriad of relationship settings. ""CONVERSATIONS"" with men from every walk of life, help dispel the negative ways men are normally portrayed. Men open up and show the rawness of emotions they seldom reveal when dealing with relationship issues.

Dating Mindsets Explained - Robert Belland 2012-11-01

Our mindsets drive the emotions we have, the decisions we make, and the women we attract into our lives. This book outlines the very best dating mindsets I've tested, experienced, and found most successful. Getting the girl isn't just a Hollywood fantasy; attracting beautiful women isn't the sole domain of the super rich, the super hunk, or the outrageously gifted. Attracting and dating beautiful women isn't about magic and pickup lines, it's about your mindsets, basic human insights, and a little female psychology. This book outlines the FOUR FOUNDATIONS of successful dating: Attraction, Rapport, Leading, and Escalation. **ATTRACTION** is about tension and her emotional response to you. **RAPPORT** is about intimacy and her emotional connection with you. **LEADING** is about challenging your fears and taking action while communicating sincerity through your actions. **ESCALATION** is about consistently increasing the intensity of your relationship via attraction and rapport so that it goes where ever you want it to go. When you learn how to inspire **ATTRACTION** and **RAPPORT** in a woman through your actions of **LEADING** and **ESCALATION**, you'll create a compelling chemistry between you and her that most men will NEVER achieve. **QUESTIONS THIS BOOK ANSWERS:** - What's the best way to avoid the "friend zone"? - Why do some women resist guys they're REALLY into? Dating Tips for Guys - Carolyn Bright 2017-03-10

Women are just people without penises. Remember that golden rule. Every dating guide, every Hollywood movie, every matchmaking website, makes profit by distracting you from this fundamental truth. She is not an alien species; she is just a regular human who sits down to pee. All anyone wants is to love and to be loved. A lot of dating guides are aimed at men who, deep down, don't actually like women. Instead of helping men to understand the

opposite sex, these guides encourage men to use mind-games and manipulation to get girls into bed. They encourage cold-hearted efficiency and fast turnover, like a corporate cost-cutting guide. That's fine, if you don't mind falling asleep to the sound of a stripper crying in your shower. This book is aimed at men who are looking for a girlfriend, not just a succession of joyless hook-ups. When you're looking for a girlfriend, physical attraction is important; but you also want to talk to her about your day, and introduce her to your friends, and take her out for dinner, and spend Sunday afternoons together watching Seinfeld re-runs in your underpants. That's a lot to ask for, really, and it's no surprise that people spend their whole lives searching for one special person. This book will talk you through the very earliest stages of a new relationship - meeting someone, asking them out, and taking them on the first few dates. For many people, this is the most difficult part of the game - keeping a girlfriend happy is child's play compared to the difficulties of finding a girlfriend in the first place. This guide is written from a woman's point of view, to show you other side of the dating game. It's not a set of strict instructions, but a gentle push in the right direction. At each step, there are tips to help things to run smoothly and advice on avoiding common pitfalls. There are also explanations of some things women do which men tend to find confusing. There is someone out there for everyone. It's a cliché to say that, but it's true. Be yourself! That's another cliché, also true. Women are just people without penises, remember. They have different interests and different desires in just the same way that men do. Whatever makes you weird may be the same thing which attracts people to you. Overweight geek obsessed with anime? There's a Studio Ghibli fan out there who just loves to be hugged by a big guy. It's true that you might have more success with the ladies if you were a handsome billionaire with a six-pack - but so what? There's not enough time in your life to date every attractive woman in the world, so it makes sense to focus on finding the ones who really suit you. The aim is not to turn yourself into some kind of seduction machine, who can charm every woman you meet into bed. Or course, it's nice to daydream about being irresistible to the

opposite sex, but if you have to put on a fake James Bond persona to get a date, you're dating the wrong people. It's wiser to keep on going as you are, but knock off the rough edges. Be yourself - but better. Make the most of what's going well for you already, and stop doing those little things which hold you back. There are so many factors which affect the way women see you, and you can take easy steps to improve your success with women without having to expend a lot of energy or feel like you're faking it. These are some of the most practical dating tips for men in the real world today!

How to Get Hot Girls Into Bed - Troy Francis 2017-06-12

This book has been over three years in the making. Three years of grinding it out in the trenches, approaching, dating, banging--and writing. This book is basically a download directly from my brain to yours of all my very most effective game, pickup and relationship techniques. Everything you need to know is in here, from how to approach her, to what to do on a date, to how to pull her home, to how to seduce her when she's there.If you want everything in one easy-to-read resource--red pill, day game, night game, Tinder and social circle game techniques, killer texting and dating advice, and laser-sharp insights into the current sexual marketplace plus how you can beat the system to bang the hottest girls--then this is the book for you.How To Pull Hot Girls is divided into three sections. The first is called 'Beginnings'. Here you can read all my freshest insights into the dating market. This is precisely the background you need--the red pill secrets that all the top players know that stop them getting eaten up and spat out by sexy girls.Why is dating so hard in the modern world? Is night game dead? Is Tinder worth it? What are the pitfalls of getting into a long-term relationship? What do girls these days want? Should you risk getting married, or commit to the life of a player. All of these questions and more are answered.The second section is all about 'Inner Game.' What exact personality traits and inner

mental attitudes do you need to pull the hottest girls and what precisely to do you need to do to get them? It's all very well going out and approaching 1000 girls, but if you're not mentally prepared then it will be obvious to the women you interact with and you will get more blowouts than you do blowjobs. This section will give you all the tools that I use and that many of the best players in the world employ with great success. The third section, by far the longest, is all about 'Outer Game'. These are all the techniques that I use regularly when out and about picking up girls. In this section I really get down to the nitty-gritty in terms of what you should say, where you should take her, how to lead with confidence, and how to give off a sexual vibe without even opening your mouth. If you want an edge on the market then these are the insights you need. How To Get Hot Girls Into
