Afghanistan's Islam - Nile Green 2017

"This book provides the first ever overview of the history and development of Islam in Afghanistan. It covers every era from the conversion of Afghanistan through the medieval and early modern periods to the present day. Based on primary sources in Arabic, Persian, Pashto, Urdu and Uzbek, its depth and scope of coverage is unrivalled by any existing

publication on Afghanistan. As well as state-sponsored religion, the chapters cover such issues as the rise of Sufism, Sharia, women's religiosity, transnational Islamism and the Taliban. Islam has been one of the most influential social and political forces in Afghan history. Providing idioms and organizations for both anti-state and anti-foreign mobilization, Islam has proven to be a vital socio-political resource in modern Afghanistan. Even as it has been deployed as the national cement of a multi-ethnic 'Emirate' and then 'Islamic Republic,' Islam has been no less a destabilizing force in dividing Afghan society. Yet despite the

universal scholarly recognition of the centrality of Islam to Afghan history, its developmental trajectories have received relatively little sustained attention outside monographs and essays devoted to particular moments or movements. To help develop a more comprehensive, comparative and developmental picture of Afghanistan's Islam from the eighth century to the present, this edited volume brings together specialists on different periods, regions and languages. Each chapter forms a case study 'snapshot' of the Islamic beliefs, practices, institutions and authorities of a particular time and place in Afghanistan"--Provided by publisher

Intimacy and the Sacred - Habeeb Alli

2011-07-11

Intercourse with ones spouse is part of being human. Alli has taken such a subject which has cultural taboos all around it, and brought it to the reader with religious light. Something that is rare in the English language. A must read. Tahir Anwar, Imam, U.S.A. "Sex is a normal function of life...so normal that every single human being owes its existence to it. However because of the insanity that has gripped the world in terms of porn this book acts as sane voice. Sex is sacred and we need to take back the sheets from the porn industry. Many young people are drawn to porn and what is learnt from its pages/screens is all wrong. Women are to be respected. And in the arena of love/sex between married people only true knowledge can bring joy. This book carrying such knowledge should be required

The Postsecular Imagination - Manav Ratti

2013-01-04

The Postsecular Imagination presents a rich, interdisciplinary study of postsecularism as an affirmational political possibility emerging through the potentials and limits of both secular and religious thought. While secularism and religion can foster inspiration and creativity, they also can be linked with violence, civil war,

partition, majoritarianism, and communalism, especially within the framework of the nation-state. Through close readings of novels that engage with animism, Buddhism, Christianity, Hinduism, Islam, and Sikhism, Manav Ratti examines how questions of ethics and the need for faith, awe, wonder, and enchantment can find expression and significance in the wake of such crises. While focusing on Michael Ondaatje and Salman Rushdie, Ratti addresses the work of several other writers as well, including Shauna Singh Baldwin, Mahasweta Devi, Amitav Ghosh, and Allan Sealy. Ratti shows the extent of courage and risk involved in the radical imagination of these postsecular works, examining how writers experiment with and gesture toward the compelling paradoxes of a non-secular secularism and a non-religious religion. Drawing on South Asian Anglophone literatures and postcolonial theory, and situating itself within the most provocative contemporary debates in secularism and religion, The

Sufism-The Soul of Islam - Sultan ul Ashiqeen Sultan Mohammad Najib ur Rehman 2020-10-30
Sufism is a journey. A miraculous one. Filled with hurdles yet easy for those who are born pure and those who choose. It is the choices and not always the actions as they could be deceptive. Sufism is the spiritual and mystical aspect of Islam. The esoteric cosmos has every spiritual blessing, notion and trial. In the universe of Sufism, the destination is being One with the Divine Essence (tawhid) and the dear friend and leader on this path is the spiritual guide. Motivation and power to accomplish comes from loving Allah only, as Sultan Bahoo

has famously said, "Only Allah! Everything other than Allah is lust." The names Allah and Mohammad (Ism-e-Allah Zaat and Ism-e-Mohammad) are sustenance which strengthen the very soul of man. After all it is the journey of soul. Deep respect embedded in the heart for the family of Prophet Mohammad (peace be upon him) is like Noah's Arc and the sacred Companions are guiding stars. The Mohammadan Assembly is the determining factor declaring one worthy to embark on the quest of Sufism or to demote or worse to forever halt. Wolves, brigands and the negative powers that drive one away are Satan, innerself (annafs) and the mortal world. Sharia is the door into this esoteric world. This journey of gnosis has its own set of guidelines. These can come in the form of inspiration, unveiling, waham (inward conversation with Hoo ﷻ) and ilm-e-dawat (communication with sacred souls of shrines). This book is all and MORE! A must read for every spiritual traveller. For online

Sexual Ethics in Islam and in the Western World - Murtada Mutahhari 2011

Is there any conflict between traditional, conservative sexual mores and contemporary ideas of sexual freedom? Mutahhari responds to this question in an engaging dialogue where he takes on Bertrand Russell in his *Marriage and Morals*. From the vantage point of a consummate Islamic scholar, Mutahhari points out how the 'sexual revolution' in the West was a reaction to the Christian denial of man's natural desires, and explores whether, from a religious perspective, sexuality must be viewed as inherently evil. Hethen examines whether sexual values are inborn or learned, and whether social change should necessarily lead to changes in sexual values. He elaborates on the social, spiritual, and psychological consequences of unrestrained sexual freedom and explores the

relationship between love and sexuality. This is essential reading for anyone who wants to know the Islamic perspective on sexuality.

It discusses alternate fluid representations of gender and intersectional identities and interrelationships in some dominant as well as non-elite Indic aesthetic traditions. The book explores pre-Vedic sculptural and Indus terracotta iconographies, the classical aesthetic philosophy of *rasa*, mystic folk poetry of *Bhakti* and *Sufi* movements, and *ghazal* and Urdu poetics to understand the political dimension of feminist theory in India as well as its implications for trans-continental feminist

aesthetics across South Asia and the West. By interlinking prehistoric, classical, medieval, premodern and contemporary aesthetic and literary traditions of South Asia through a gendered perspective, the book bridges a major gap in feminist theory. An interdisciplinary work, this book will be useful for scholars and researchers of feminist theory, women's studies, gender studies, art and aesthetics, philosophy, literature, cultural studies, queer studies, sexuality studies, political studies, sociology and South Asian studies.

Islamic Reform in South Asia - Filippo Osella

2013-05-16

The articles in this volume build up ethnographic analysis complementary to the historiography of South Asian Islam, which has explored the emergence of reformism in the context of

specific political and religious circumstances of nineteenth-century British India. Taking up diverse popular and scholarly debates as well as everyday religious practices, this volume also breaks away from the dominant trend of mainstream ethnographic work, which celebrates Sufi-inspired forms of Islam as tolerant, plural, authentic and so on, pitted against a 'reformist' Islam. Urging a more nuanced examination of all forms of reformism and their reception in practice, the contributions here powerfully demonstrate the historical and geographical specificities of reform projects. In doing so, they challenge prevailing perspectives in which substantially different traditions of reform are lumped together into one reified category (often carelessly shorthanded as 'wah'habism') and branded as extremist - if not altogether demonised as terrorist.
