Modern Romance - Aziz Ansari 2015-06-16

The #1 New York Times Bestseller "An engaging look at the often head-scratching, frequently infuriating mating behaviors that shape our love lives." —Refinery 29 A hilarious, thoughtful, and in-depth exploration of the pleasures and perils of modern romance from Aziz Ansari, the star of

Master of None and one of this generation's sharpest comedic voices At some point, every one of us embarks on a journey to find love. We meet people, date, get into and out of relationships, all with the hope of finding someone with whom we share a deep connection. This seems standard now, but it's wildly different from what people did even just decades ago. Single people today have more romantic options than at any point in human history. With technology, our abilities to connect with and sort through these options are staggering. So why are so many people frustrated? Some of our problems are unique to our time. "Why did this guy just text me an emoji of a pizza?" "Should I go out with this girl even though she listed Combos as one of her favorite snack foods? Combos?!" "My girlfriend just got a message from some dude named Nathan. Who's Nathan? Did he just send her a photo of his penis? Should I check just to be sure?" But the transformation of our romantic lives can't be explained by technology alone. In a short period of time, the whole culture of finding love has changed dramatically. A few decades ago, people would find a decent person who lived in their neighborhood. Their families would meet and, after deciding neither party seemed like a murderer, they would get married and soon have a kid, all by the time they were twenty-four. Today, people marry later than ever and spend years of their lives on a quest to find the perfect person, a soul mate. For years, Aziz Ansari has been aiming his comic insight at modern romance, but for *Modern Romance*, the book, he decided he needed to take things to another level. He teamed up with NYU sociologist Eric Klinenberg and designed a massive research project, including hundreds of interviews and focus groups conducted everywhere from Tokyo to Buenos Aires to Wichita. They analyzed behavioral data and surveys and created their own online research forum on Reddit, which drew thousands of messages. They enlisted the world's leading social scientists, including Andrew Cherlin, Eli Finkel, Helen Fisher, Sheena Iyengar, Barry Schwartz, Sherry Turkle, and Robb Willer. The result is unlike any social science or humor book we've seen before. In *Modern Romance*, Ansari combines his irreverent humor with cutting-edge social science to give us an unforgettable tour of our new romantic world.

Online Dating Sucks, But You Should Do It Anyway - Ryan Lotsberg 2022-08-03

There's a reason that "date" is a four letter word. Online dating sucks! Ryan Lotsberg knows just how much online dating can suck. He did it for a decade before he found a girlfriend! The frustration among dating app users is palpable because everyone's learning about how technology fits into the dating world and how to use it to their advantage. People learn from their failures. Ten years of failure taught Lotsberg a lot about it! Readers will learn from Lotsberg's failures in *Online Dating Sucks, But You Should Do It Anyway*. This book contains the story of how he met his girlfriend and of their process of getting to know each other before entering their relationship. It also contains many of Lotsberg's awkward, embarrassing, and frustrating online dating stories. Lotsberg uses his experiences to share the challenges that people trying to find relationships using dating apps face. The book is about what it takes to find a partner online, and it's about how to not f*ck things up like Lotsberg did on many occasions. It's part comedy, part tragedy, and part self-help. This book was written from the perspective of a man that struggled to find a relationship for over a decade. It's a raw and deeply personal description of the self-doubt that can become instilled in someone due to online dating culture, and it contains insights on how to deal with the constant rejection and frustration. Lotsberg wrote about the impact that this can have on self-confidence. Despite his struggles, Lotsberg was eventually able to find a relationship. He shares how he was able to withstand all the challenges and maintain hope that he would eventually find a girlfriend in this book. It's a must read for dating app users!

[The Charisma Myth](#) - Olivia Fox Cabane 2013-03-26

What if charisma could be taught? The charisma myth is the idea that charisma is a fundamental, inborn quality—you either have it (Bill Clinton, Steve Jobs, Oprah) or you don't. But that's simply not true, as Olivia Fox Cabane reveals. Charismatic behaviors can be learned and perfected by anyone. Drawing on techniques she originally developed for Harvard and MIT, Cabane breaks charisma down into its components.

Becoming more charismatic doesn't mean transforming your fundamental personality. It's about adopting a series of specific practices that fit in with the personality you already have. *The Charisma Myth* shows you how to become more influential, more persuasive, and more inspiring.

A "must-read" (The Washington Post) funny and practical guide to help you find, build, and keep the relationship of your dreams. Have you ever looked around and wondered, "Why has everyone found love except me?" You're not the only one. Great relationships don't just appear in our lives—they're the culmination of a series of decisions, including whom to date, how to end it with the wrong person, and when to commit to the right one. This "simple-to-use guide" (Lori Gottlieb, New York Times bestselling author of *Maybe You Should Talk to Someone*) focuses on a different decision in each chapter, incorporating insights from behavioral science, original research, and real-life stories. Get Over Yourself! - Patti Novak 2008-12-30

True love doesn't just happen, notes professional matchmaker Patti Novak. You have to work for it—and want it. Forget eight-minute speed dates or online dating sites with twenty-page questionnaires that promise a scientifically calculated perfect match. The fact that you both like golf, stamp collecting, and pizza with anchovies is great, but it won't mean a thing if you don't feel that zing. But before there can be sparks, there have to be dates. And before the first date, you need to get over yourself! Taking a tough-love approach, and in her signature straight-shooting style, Patti will show you how to fix what needs to be fixed, reach your core, and identify who you are and what you want in a partner. She uses a three-part common-sense formula:

- **Getting Over What?** Assess your dating weaknesses, recognize what's not working, and adjust your expectations. Delve into your personal history and past relationships, and pinpoint the issues that have been holding you back.
- **Almost Over It** Fine-tune your attitude, your look, and your behavior to maximize your dating chances. Novak lays out strategies to help you deal with the brutal dating monsters you find along the way.
- **Over It** Learn the do's and don'ts of the first date, the second date, and beyond. Remember, it's not a job interview or therapy session. Pretend you're meeting a new friend, not a prospective husband or wife. Finding your one and only isn't about having the right shoes or a flat stomach. It's about being true to yourself, being vulnerable, and being ready for love. Whether you're new to the dating scene, divorced and looking, or just trying to reach that second date, *Get Over Yourself!* will help you get the love you've always wanted and deserve.

How To Talk To Guys - Stephanie Wilson 2020-09

You finally bit the bullet and downloaded that dating app—you even connected with someone you may be interested in. Or, maybe your best friend set you up with her cousin and you just introduced yourself over text. Maybe you met your dream guy at church, and you're looking for any excuse to talk with him. Or, maybe you're about to go on a first date with a guy you just met. No matter which situation you find yourself in, you're starting something new with someone new. You're excited and nervous as you introduce yourself—things seem to be going pretty

well! But then you hit a wall. The small talk is over, so what are you supposed to say next? Somehow (and you're not sure how!), you're supposed to calm your nerves enough to carry on a conversation that will tell you all of the information you need to know: Is he a good fit for you? Do you have things in common? Does he share the same faith? Is there a future for you together? Oh, and you're also trying to stand out from every other girl and be funny, smart, and attractive—all at the same time (often, via text!). "Check, please!" Friend, if this is enough to make you want to throw in the towel, know that you are so not alone. This is hard and totally daunting . . . unless you have a plan. And that's exactly what you're holding in your hands right now. In this pocket-sized dating guide, you'll find a script of conversation-starting questions that will make all of these scenarios so much easier. They'll help you feel more prepared and less nervous as you talk to a guy you like. They'll help you stand out as you chat online, and they'll help the conversations flow on those first few dates. More than anything, they'll help you have fun. You got this, friend! You can totally do this, and this book will show you how!
