Journey of Hope - Samantha Fitts 2018-09-03

There are some women who don't have a desire to get married and have children. However, Samantha was not one of them. Many women in their late 30s and early 40s postpone marriage or childbearing to obtain their education, establish their careers, and become financially secure. Unfortunately, this

This can be an arduous and heartbreaking time of life, when it seems lifelong hopes and dreams of family may not be possible. In this book, Samantha shares her extraordinary journey of hope. You will discover how her faith in God and perseverance led her to the right husband and

overcoming infertility to have their first baby at 40. Don't give up on your dreams, whatever they are. You still have time.

journey through fertility and infertility...from a man's perspective. The author doesn't set himself up as an expert on infertility or pregnancy - quite the opposite - and he doesn't push any particular way to get pregnant. He simply tells the story of the rollercoaster he and his wife went through trying to conceive and give birth to their two beautiful daughters.

The Rancher's Convenient Pregnant Bride - Shoshanna Gabriel 2018-03-14

Eric Hunt, a handsome rancher in the small town of Bear Creek Saddle, Idaho, learns he can't have children of his own. His prayers to God for healing are answered with a crystal-clear vision: a beautiful woman with warm brown eyes--his future wife?--and she's holding a baby. But how? Across the country, Lindsay Moore's glamorous Manhattan lifestyle is ripped out from under her when she falls victim to an investment scam, loses her job as an executive at the bank-- and finds out she's pregnant by a man who wants nothing to do

with her, or her baby. When Lindsay's sister asks her to come out to Bear Creek Saddle Ranch to be her maid-of-honor and help plan her wedding, Lindsay has nowhere else to go. But she's out of place in the mountains, and without the sense of importance and identity her career and money used to give her, she's lost. She's no longer sure of her value, and she never imagined she'd be in this predicament -- single, broke, and raising her baby without a father. Eric is the groom's best-man, and when the bride-to-be's beautiful sister Lindsay arrives, he offers her a job to help her out, and to get to know her better. He's heard a lot about her already, and since her sister has blue-green eyes, he'd assumed Lindsay would as well. But she has warm brown eyes. Could Lindsay be the one from his vision? They find themselves drawn to each other, despite all their differences. And when Eric discovers Lindsay is pregnant, he knows God sent Lindsay to him for a reason. Eric wants to

marry her and be a father to her baby, even if they're not in love yet--she's beautiful inside and out, and he feels called by God to make the proposal. For Lindsay, it's a way out of the mess she's made of her life--an offer for a modern marriage of convenience that she just can't refuse. But can a man and a woman with nothing in common, find common ground...and maybe even love...before their child is born?

My side chick wants to have a baby with me even though she knows I have a stable family. What should I tell her? Volume 2 - TJ Clemons

This is the second installment in this book series discussing a very sensitive and relevant topic. These situations have been known to happen and will continually occur as long as married and attached men seek the affections of women outside of their relationship. These "other women" which are commonly recognized with the title of a side chick. These little tramps become attracted to how he treats the woman in

his life and they fantasize about taking over her role as his wife and lover. They use sex to trap him and keep him coming back with the hopes of winning him over. This is a very calculated and manipulative act. They use sexual acts to create a bond and get him addicted to the satisfaction that he is getting from her. She will do any and everything to get him hooked to this treatment that he may not be receiving at home. She makes all of his sexual fantasies become a reality. She will cook him special meals and cater to his every desire. It may start off as a drama free no strings attached love affair. But over time it will develop into a loving relationship. This bond will produce a disconnection from reality and a separation from his wife or significant other. Now his side chick has him exactly where she wants him. She may have initially only be available as a distraction from the stress in his life but know that his physical needs are being met she wants to be the only

woman in his life. She dreams about a future with the two of them together as husband and wife and starting a family together. Now that she is sexually sustaining his every erotic craving in her mind there is no need for him to stay with his wife. She is playing that role now and she wants his woman out of the picture. Now she has the power to create havoc in his life at any given moment. All she has to do now is plant the seed of total destruction by asking him to have a baby with her. He is already sexually addicted and longing for her intimate expertise. She plays the submissive role better than any actress. She wants to change positions now and she is auditioning for the starring role of your wife and the mother of your children. She was once a fun stress free playmate. Now she wants to be your one and only.

What He Can Expect When She's Not Expecting - Marc Sedaka 2011-03-08

Marc Sedaka stood by while he and his wife endured endless

rounds of drug therapies, sixteen artificial inseminations, ten in-vitro fertilizations, three miscarriages, and, finally, a gestational surrogate (“womb for rent”) who carried their twin girls to term. He was as supportive and loving as he could be, but he really wished he’d had a book like *What He Can Expect When She’s Not Expecting* during the process. Most books about dealing with infertility are geared toward women, leaving the man to his own devices when it comes to comfort and encouragement (never a good idea). With the help of his own infertility doctor, Sedaka provides straightforward guy-friendly advice on situations such as: What questions you should ask at the consultations. How to help rather than annoy. What kinds of tests you and your wife should expect. How to console a wife who appears inconsolable. How to enjoy procreation sex. Sedaka’s accessible, empathetic voice, combined with the fact that he experienced everything he writes about, makes this a

must-have book for any infertile couple.

The Kama Sutra of Vatsyayana - Vatsyayana 2021-08-29

The Kama Sutra of Vatsyayana Vatsyayana - The Kama Sutra of Vatsyayana by Richard Francis Burton is an edition of the ancient Indian text on sexuality and emotional needs.

Vatsayana was an ancient Indian philosopher who lived during the second or third century. Although it is often thought of as a sex manual, it is much more, with guides on living well, the nature of love, and finding a partner. Indeed, Vatsyayana says himself: 'This work is not to be used merely as an instrument for satisfying our desires'. Burton did not in fact translate the Kama Sutra - it was translated by the Indian scholar Bhagwan Lal Indraji. It was edited by Burton to suit prevailing British attitudes to sex, but was still banned in England and the United States until 1962. Other criticisms levelled at Burton's translation is that instead of using English words for the sex organs, he uses the words 'lingam' and 'yoni', despite those words not appearing in the original work. This was seen as an attempt to distance them and make them 'other', rather than about English people's sexual organs. He also removes the agency of women, and where in the original, women's words are direct quotes, in the Burton

translation, women's words are removed and put into the passive state (i.e., A woman saying 'Stop!' becomes 'She continually utters words expressive of prohibition'). Despite all this, it has been such an influential translation that even modern editions in the Hindi language are re-translations of the Burton version. The Kama Sutra is an ancient Indian Hindu text widely considered to be the standard work on human sexual behavior in Sanskrit literature written by Vaatsyayana. A portion of the work consists of practical advice on sexual intercourse. It is largely in prose, with many inserted anustubh poetry verses. "Kama" which is one of the four goals of Hindu life, means desire including sexual desire the latter being the subject of the textbook, and "sutra" literally means a thread or line that holds things together, and more metaphorically refers to an aphorism (or line, rule, formula), or a collection of such aphorisms in the form of a

manual. Contrary to popular perception, especially in the western world, Kama sutra is not exclusively a sex manual; it presents itself as a guide to a virtuous and gracious living that discusses the nature of love, family life and other aspects pertaining to pleasure oriented faculties of human life.

A Bloke's Guide to Sex - Blake Denbigh 2019-06-26

Are you a man who knows how to satisfy a woman in bed? If you were lucky, when you were 18, some 35-year-old woman who looked like Jennifer Lopez seduced you and spent a summer teaching you everything you needed to know. More likely, you had no sex at all until you were in your 20s and that was with a "nice" girl who knew even less than you did. So you've had to make do with the embarrassed mumblings of your father when you were a teenager (who basically told you nothing), some sex education in school about how to avoid infections and not get a girl pregnant, the enthusiastic but ill-informed

bragging of your mates in the locker room, and a misleading array of porn. You're still stuck trying to figure out how this sex thing actually works. You've had plenty of affairs or not so many, maybe been married or still are, and sometimes it's been good, sometimes not so good, and you're not sure why. What do women actually want? The man is supposed to just know. There are books, of course, but they're mostly instructions manuals with techniques, which may or may not work with the woman you're actually with (how are you supposed to know?--half the time, even she doesn't know), or they're by female doctors largely for women, with a few remarks thrown in for men. It's time, therefore, for some frank talk about sex from a male perspective, and that's what this book is about.
