Keep your partner guessing. At the end of the day, this soulless approach to dating doesn't lead to love but to insecurity and desperation. In *Deeper Dating*, Ken Page presents a new path to love. Out of his decades of work as a psychotherapist and his own personal struggle to find love, Page teaches that the greatest magnet for real love lies in our "Core Gifts"—the places of our deepest sensitivity, longing, and passion. *Deeper Dating* guides us to discover our own Core Gifts and empowers us to express them with courage, generosity, and discrimination in our dating life. that chip away at our self-esteem. Without losing a pound, changing our hairstyle, or buying a single new accessory, we find healthy love moving closer . . . *Deeper Dating* integrates the best of human intimacy theory with timeless spiritual truths and translates them into a practical, step-by-step process.

Daring to Trust - David Richo 2011-07-26

The best-selling author of *How to Be an Adult in Relationships* explains how to build trust—the essential ingredient in successful relationships—in spite of fear or past betrayals Most relationship problems are essentially trust issues, explains psychotherapist David Richo. Whether it's fear of commitment, insecurity,

jealousy, or a tendency to be controlling, the real obstacle is a fundamental lack of trust—both in ourselves and in our partner. *Daring to Trust* explores the importance of trust throughout our emotional lives: how it develops in childhood and how it becomes an essential ingredient in healthy adult relationships. It offers key insights and practical exercises for exploring and addressing our trust issues in relationships. Topics include:

- How we learn early in life to trust others (or not to trust them)
- Why we fear trusting
- Developing greater trust in ourselves as the basis for trusting others
- How to know if someone is trustworthy
- Naïve trust vs. healthy, adult trust
- What to do when trust is broken

Ultimately, Richo explains, we must develop trust in four directions: toward ourselves, toward others, toward life as it is, and toward a higher power or spiritual path. These four types of trust are not only the basis of healthy relationships, they are also the foundation of emotional well-being and freedom from fear.

This bond we yearn for is not impossible. It's not even improbable. This is sacred relationship, and it exists in these pages. Brain Talk - David Schnarch 2018-01-13

Have you ever done something you knew would make someone else happy, sad or angry? Have you ever bought a thoughtful gift for someone you love? Or realized someone was being sarcastic with you? Or enjoyed someone else's misfortune? These everyday events involve mind mapping, your brain's ability to create mental pictures of how someone else's mind works. Mind mapping underlies all aspects of daily life, from the best to the worst. You won't find an aspect of your life where mind mapping isn't involved—and you probably never heard about mind mapping before! *Brain Talk* offers what you need to know about mind mapping and the emerging brain science of interpersonal neurobiology (how interacting with other people affects your brain). *Brain Talk* is written for the general public in an easy-to-read style and establishes a personal relationship with you. It creates vivid pictures in your mind with attention-grabbing examples, and walks you into powerful new insights about yourself and the important people in your life. Reading *Brain Talk* can be a life-changing experience.

- * Part One explains mind mapping and increases your ability to "read" people and map their minds (and your own). It helps you know what they want, what they're feeling and thinking, and what they're likely to do. Part One also covers mind masking (shielding your mind from being mapped), lying and deception. *Brain Talk* revolutionizes your understandings of yourself, your spouse or romantic partner, and your children, parents, siblings, and coworkers.
- * Part Two explores the darker aspects of mind mapping, like traumatic mind mapping and antisocial empathy. Traumatic mind mapping occurs when mapping some else's mind leaves your brain/mind traumatized. Did you grow up in a troubled home with experiences that produced vivid "flashbulb memories" lingering in your mind? Do you have recurring thoughts about someone you're dealing with who does disturbing things? *Brain Talk* helps you understand subtle interpersonal trauma and reveals the short- and long-term negative impacts of traumatic mind mapping.
- * Part Three shows you how to repair the negative impacts of traumatic mind mapping and effectively handle the difficult people in your life. *Brain Talk* also details how to use mind mapping to create positive healthy interactions with those you love, and ends on an uplifting note. *Brain Talk* is based on Crucible(r) Neurobiological Therapy, developed through fifteen years of clinical research with highly troubled clients. *Brain Talk* is also a crossover book for therapists, educators, and avid readers of brain science.
- * Four Appendices contain the scientific research underlying the main text and offer in-depth discussions of important topics and treatment details (over 100 pages and 400 references). *Brain Talk* is available in three versions: paperback and TWO Kindle versions (Standard and Professional). *Brain Talk Professional Edition* offers the additional functionality of directly downloading FREE scientific brain research articles published online. Consider this electronic edition if you a mental health professional, academic, graduate student, or die-hard brain wonk. (Read about *Brain Talk Pro* here.) *Brain Talk* is written by the award-winning clinical psychologist, Dr. David Schnarch, renowned relationship expert and author of the international best-selling books, *Passionate Marriage* and *Intimacy & Desire*. He has a proven track record for creating innovative therapies, and making complex brain science understandable and useful to the general public. His ground-breaking professional contributions have received awards from the American Psychological Association, the American Assn. for Marriage and Family Therapy, and the American Assn. of Sex Educators, Counselors, and Therapists. He is Board Certified in Couple and Family Psychology (ABPP), and his textbook *Constructing the Sexual Crucible* is used by therapist training programs around the world.

At his Family Health Center in Colorado Dr. Schnarch works with couples in long-term committed relationships who want to get emotionally and sexually closer. In *Passionate Marriage* Dr. Schnarch shares what he has learned about how couples can--and must--simultaneously break through the sexual and the emotional blocks that hold them back from total satisfaction.
