Prophecies Fulfilled Exodus to Deuteronomy -

Bible Study - Dennis Herman 2018-12-15

Why study the Bible? I hear a number of people ask that question. I should say a number of Christians ask that question. Why should you learn how to study the Bible? I've also met a number of new Christians who asked me how they should study the Bible. I know from experience, no one is going to jump up to the level of study I've been able to find, learn, and verify in the scriptures. How did I achieve my level of expertise in the scriptures? I learned a few basic study methods, and you know what, I saw how the Bible is designed to be a self teaching set of books. People who read a lot of the Bible know that. Some are even able to explain exactly how the Bible is able to teach people how to read and understand everything in the Bible. Or at least what they are ready to learn, what Jesus is ready to teach, and what God is ready to reveal. And one more thing. Opening the Bible without the Spirit along side of you to guide you will never do anyone any good. You need the Spirit to begin, progress to the next level, and give you what you need when you need it. Why did I decide to write a book about Bible Study? There is this parable about finding a pearl of great size and beauty. There is nothing like that pearl in the world. The man, we don't know his name, what he does for a

living, or really anything about that man. All we know is, he sold everything he had to buy that one pearl. Of course the man is a symbol. So is the pearl. Most people teach and believe that pearl represents Christ. Most people restrict that GREAT TREASURE to knowing Christ. And most people restrict knowing Christ as using Him as a get into Heaven free pass. Sorry to say that, but it is the truth. There is a simple Bible Study rule you have to learn, and see how it relates to every symbol in the Bible. Symbols always point to something MUCH GREATER. So what GREAT TREASURE does that pearl point to? Really - ask yourself, "what is a relationship with Christ?" Whoever wrote the Book of Hebrews called Christ, "the Author and Finisher of our faith." What does it mean to be an Author and Finisher? What is faith? Most Christians have no idea what faith is. Faith is an investigation. Look the word faith up in the Greek Concordance. Look up other common words used by the Christian community such as grace, redemption, sanctification, and others. You'll find how those and other words have been modified to reach and ease the minds of modern day Christians. The most common words used to describe and explain salvation have been redefined. They do not have the same meaning Paul had in mind when he wrote his letters. Which is why so many people have trouble understanding Paul's letters.

[No Power Can Stop Faith](#) - Dennis Herman 2013-08-29

This book is a collection of short stories from the Gospels of Matthew and Mark about people who came to Jesus to be healed physically and spiritually. What led them to Jesus? What were their needs? The world in Jesus' day was not much different than it is today. We still have needs. We still feel something is missing. We still search for answers. We pray, plead, wait for answers. Some times we hear a voice, see an answer to prayer, or receive a blessing. Other times we feel like we are adrift in a sea of silence, so far away from God. What can we learn from the people who left their homes to travel long distances to find Jesus? Maybe we are like people who waited until Jesus came to them. How do we find Jesus today? What can we learn from the people Jesus touched and healed? One thing is certain ... when the answer arrives, the solution is always much easier than we ever imagined. Jesus already touched someone just like you. See how He effected their lives.

Matthew The Stories of Jesus' Ministry - Chapters 1 to 13 - Dennis Herman 2012-11-29

This book is a collection of short stories on Jesus' ministry according to the Gospel of Matthew. A look at the lives, trials, and faith of the people Jesus met and ministered to. Each story stretches the imagination while helping the reader reach a closer walk with God by learning how to look deep into His Word. Although the stories center around the characters in Matthew at the time Jesus ministered, each brings lessons to light which still apply today.

Jesus Teaches About Relationships: The Gospel of Mark Chapters 9 - 16 - Dennis Herman 2013-04-15

As the lessons Jesus taught progressed, it became evident, God also required a close relationship with Jesus' followers. Then it became evident relationships are a key factor in God's plan of salvation. Without relationships God's plan is lost. Jesus also mixed in lessons showing His disciples how to understand scripture. Lessons the disciples failed to learn. Complete misunderstanding of scripture, combined with the lack of a genuine relationship with Jesus teaches a vital lesson about God's plan of salvation. The lack of support at the cross is meant to teach us lessons to properly equip us as disciples for these last days. Once Jesus'

disciples realized what they had missed, the Spirit was able to effectively equip them for the task ahead. The same remains true today. Until you achieve an authentic relationship with Christ and His Spirit, you will never understand the deeper meaning of scripture, or be an effective worker in His vineyard.

Prophecies Revealing the Messiah - Dennis Herman 2015-11-08

Having gone through a number of studies on the prophecies Jesus fulfilled in the first book, patterns begin to emerge and lessons built one upon another. Simple study processes such as searching New Testament texts to find the fulfillment of a prophecy were covered, explained, and practiced. Prophecies introduced and identified symbols. New Testament texts explained the spiritual meaning of each symbol. Every series of lessons added new study techniques taught by scripture. Later lessons showed how study involved more than comparing a few texts to reveal a lesson. Scripture showed how entire chapters can be compared. Using the simple rules of context matched up parallel chapters that unlocked details in messages not previously seen. The lessons proved so deep it left me in awe as I saw details in the Bible only God could have placed there. This book is the second in a series on the prophecies Jesus fulfilled. I never suspected I would find the kind of details God's Spirit slowly brought to the surface. I learned how to conduct simple word studies about thirty years ago. After years of using the simple process of comparing texts to unlock the spiritual meanings of key words, I happened to meet Dr. Lee Gugliotto at one of his seminars. Dr. Lee introduced me to Inductive Studies which opened up the Bible to me. For the past couple of years I've been studying with Dr. Lee on his online courses. I was surprised see how simple the process he uses to teach simple Bible Study techniques is. I was more surprised to find those same rules recorded in the Bible. Basic Bible Study methods first showed up while writing a book on Mark. Between chapters four and eight, Jesus introduced the simple concepts of repetition and looking back to see established patterns. Jesus also taught His disciples to see the difference between this world and Heaven. There are a lot of influences we have to overcome before we can clearly hear and see messages and guidance

from Heaven. Once this is achieved, God's voice becomes clear through His Word and prayer. Listening in prayer is another feature we need to practice. God's Spirit is alive, well, and reaching out to this world everyday. This book and others like it are evidence God is announcing something is about to happen. The fact remains, Satan is trying harder than ever before to take God's Word away from as many as he can. We called it the dark ages when the established church tried to lock away God's Word. They lusted after control. They were controlled by greed. They feared the effects God's Spirit would have on society if His Word was available to common people. They knew they would lose control and their income. God raised up faithful followers to bring God's Word to the world. My main goal is to teach people how to study on their own. I've seen a lot of study methods, but not all of them can be verified in scripture. This series of books points out rules of context taught in most institutions of higher learning. I don't use the million dollars words students are normally required to memorize. Each study step is explained in detail in plain simple English so readers can quickly begin using these study methods. I've also traced back many of these study methods to find, many of them are between 150 to 200 years old. Many of the basic doctrines taught by churches today were established using these simple rules of context. If your new to Bible study, I would suggest a basic method such as highlighting key words. Key words are those that are the same, similar, or related. This series of books points out those words and explains how to recognize them. Another study method to start out with is to compare scripture you have a problem understanding with the introduction and summation of the chapter. If your familiar with the Bible, one method that will open new doors to understanding is to look back at the previous story to identify the spiritual relationship they share.

The Tabernacle, Temple, and Sanctuary - Dennis Herman 2016-07-31
Deuteronomy is one of those forgotten books of the Bible. People talk about those lost books of the Bible, but why worry about those, if they don't know what is in the books Moses wrote, and why he wrote them? Deuteronomy should be referred to as the book of REVIEW. In his book,

Moses wrote about what happened during that forty year journey through the wilderness. Moses kept repeating the word remember, to tell Israel how to look back. We have to remember one thing about the audience Moses addressed on the plain overlooking to Jordan River. Moses addressed the younger generation. Their parents died in the wilderness because they were afraid to follow God into the promised land. They died because they were afraid to accept the priesthood God offered them one month after leaving Egypt. Jesus had to die to restore that offer. But today, this world is filled with people carrying that same fear as they wander their self made wilderness of sin, greed, and the worst giant to face, self. Moses had a unique way of telling Israel to remember. A code word telling Israel to look back. Israel had to remember the days they spent in Egypt as children. Moses knew their memories were limited, and many details died in that wilderness. That is why it was more important for the second generation to remember and teach future generations what it meant to be a slave living in a nation sin. Moses had a second code word, "when you enter the promised land." That told Israel to look ahead. Those code words tell us when to look back, or forward to the New Testament for additional information about the lessons Moses taught. Moses was a teacher who spent his last days on earth teaching his children, the people he cared for and comforted for forty years, how to survive in the promised land. We are told, getting into the Promised Land is the easy part, and too often ignore books like Deuteronomy. I'm not sure why those books Moses wrote are ignored these days. After writing this book, I learned why Moses used to be referred to as God's greatest prophet in the Old Testament. I've grown to respect the man because of what he accomplished, but most of all, his ability to explain the relationship he had with God. This is NOT a self help book based on the Bible. It is a book Moses wrote, telling us how to let God lead. This is a book telling us how to do one of the most difficult things we will ever be asked to do, look back on our lives of sin and slavery with totally honesty, then teach others what we've learned. After that, we are ready to take a refreshing look at the New Testament, with its clear and concise explanations of God's promises.

Prophecies Revealing the Messiah - Dennis Herman 2015-11-08

This book belongs in the hands of every Christian. This is the first in a series covering over 160 of the prophecies in the Old Testament that Jesus fulfilled. The condition of the world at this time dictates the urgency of this message. When we hear Egypt and Syria in the news, we know something is happening. No one can deny God used these as important symbols throughout the Bible. The world knows time is short. Nature shows labor signs written about over 2000 years ago. We know these physical symbols point to the fulfillment of a much greater spiritual meaning. But this book does not discuss the spiritual fulfillment of those physical symbols. After reading this series of books, you will understand the dangers of guessing at any fulfillment of prophecy while God's plan is in the process of being fulfilled. This book explains how the door to God's throne has been opened by Jesus' sacrifice, providing direct access to every disciple to learn every detail of God's perfect plan in His perfect timing. This book shows how we must first learn to study and understand prophecies that have been fulfilled before we can hope to understand future prophecies. Dear brothers and sisters, when I was with you I couldn't talk to you as I would to spiritual people. I had to talk as though you belonged to this world or as though you were infants in the Christian life. I had to feed you with milk, not with solid food, because you weren't ready for anything stronger. And you still aren't ready, for you are still controlled by your sinful nature. You are jealous of one another and quarrel with each other. Doesn't that prove you are controlled by your sinful nature? Aren't you living like people of the world? (1 Corinthians 3:1-3 NLTse). First we have to learn to understand the prophecies Paul referred to as the message of unity. Now these are the gifts Christ gave to the church, apostles, prophets, evangelists, pastors, and teachers. Their responsibility is to equip God's people to do his work and build up the church, the body of Christ. This will continue until we all come to such unity in our faith and knowledge of God's Son that we will be mature in the Lord, measuring up to the full and complete standard of Christ. Then we will no longer be immature like children. We won't be tossed and blown about by every wind of new teaching. We will not be

influenced when people try to trick us with lies so clever they sound like the truth. Instead, we will speak the truth in love, growing in every way more and more like Christ, who is the head of his body, the church. He makes the whole body fit together perfectly. As each part does its own special work, it helps the other parts grow, so that the whole body is healthy and growing and full of love. (Ephesians 4:11-16 NLTse). It wasn't by mistake, the introduction to Paul's first book in the Bible explains exactly what the GOOD NEWS is. "God promised this Good News long ago through his prophets in the holy Scriptures. The Good News is about his Son, Jesus. In his earthly life he was born into King David's family line, and he was shown to be the Son of God when he was raised from the dead by the power of the Holy Spirit. He is Jesus Christ our Lord. Through Christ, God has given us the privilege and authority as apostles to tell Gentiles everywhere what God has done for them, so that they will believe and obey him, bringing glory to his name." (Romans 1:2-5 NLTse). The GOOD NEWS has always been about Jesus. Paul tells us exactly where to look to find out everything we need to teach the world about HIM, "through his prophets in the holy Scriptures."

Prophecies Revealing the Messiah - Dennis Herman 2015-11-22

Learn how Solomon's wisdom led him to be a prophet and walk with Isaiah through a war torn region to deliver messages to kings and leaders. Solomon recorded one of the longest prophecies covering the widest span of time. The main theme covered the gift Solomon was given. Isaiah is said to be the most quoted prophet in the New Testament. What kept drawing New Testament writers back to this ancient prophet? Learn to put yourself in Isaiah's position to see what he saw so you can understand the faith that took him across battlefields and past blood thirsty armies who often killed for sport. Learn the back ground of those opposing forces. How they got to where they were and how God tried calling them back. Learn how the Bible recorded and reveals the spiritual meaning of each country. Watch the physical wars unfold into spiritual lessons and battles covering every inch of this world. God uses a specific process in everything. Look at the process in creation. Like everything from assembling a child's bike to raising a skyscraper, creation required

a specific sequence. We see specific sequences and patterns from Genesis to Revelation. Like any apprentice, we learn patterns and the reason we have to follow them from our Master Builder. Isaiah showed us how God communicates with His servants. Jeremiah showed us how God chooses and trains prophets. Together those two books reveal a part of God's personality few people are able to see or experience. Some of Isaiah's most important prophecies lead to parallel chapters in the New Testament recording their fulfillment. Many of those fulfillments use contrasts to show the form of worship Jesus came to remind the world of, and the forms of worship the world decided to create and follow. This collection of studies shows the conflict between the two forms of worship in this world today. God's faithful messengers have always called people back to God. They have always encouraged people to return to a close personal relationship with God. God's prophets shared the same message and listened to God. Why do major institutions call people to listen to them? See how this battle developed and unfolded over history. It shouldn't surprise anyone to see the enemy repeating his most successful deceptions and creating new strategies to attack God's followers. We can learn a lot from history. But history only tells a part of the story. Without a doubt, there is no other book in this world like the Bible - God's inspired Word. God used a series of specific patterns to show how prophecies and their recorded fulfillments are linked. Learn to see, understand, use, and share those simple patterns in God's Word. This is the sixth in a series of books covering the prophecies Jesus fulfilled from Genesis to Malachi. This series of books doesn't cover every single one of those prophecies Jesus fulfilled. But this series covers a great deal of them. There is something unusual about following the order those prophecies about Jesus are recorded in the Bible. They begin with simple lessons, teaching us how to locate the recorded fulfillments in the New Testament. When we follow the simple procedures recorded in scripture, we find how the entire chapters compliment one another. Following the simple rules of context opens up a new, deeper understanding of scripture. Many other inspired writers have used these methods to locate related scripture. But I have never seen another book dedicated to

explaining how to locate and confirm parallel chapters. This series of book teaches you how to effectively study on your own. With God's Spirit of course.

Understanding Parables According To The Gospel Of Mark:

Chapters 1 to 8 - Dennis Herman 2013-08-31

The Bible becomes the simplest book to understand once you learn to use the techniques Jesus taught. This book explains how Jesus taught in simple terms a child is able to understand. Jesus used simple methods of repetition and personal experience to teach His disciples. These same methods are used in classrooms all over the world. Theology adopted these simple methods, but applied technical terms few people understand. We need to go back to the simple methods Jesus explained.

The Tabernacle, Temple, and Sanctuary - Dennis Herman 2016-02-04

This is the fourth book in this series that began with an in-depth look at how God views details, communicates with this world, and decides what process to use. Which of course turned out to be far different than the process most of us would have used for situations similar to those Moses encountered. The first book in this series looked at God's way of doing what needs to be done, and why He created and followed His specific plan. Of course this series of books looked at aspects recorded in scripture about the Tabernacle. How the materials were collected, specific design details, who did the work, and how the Tabernacle was constructed. Much of that information is found in dozens, maybe hundreds of other books about the Tabernacle. But there are details setting this book apart from every other book written about the Tabernacle. This book takes a verse by verse, story by story, chapter by chapter look at the Tabernacle. In other words, this book presents a picture of the Tabernacle from God's point of view. Which the beginning of this series pointed out, is much different than any human perspective. The vast majority of lessons Moses taught are contained in the series of events he recorded. Those lessons are only locked away due to our ignorance and reluctance to review those events and look at them as a whole. When we do, the lessons, as well as procedure become obvious. After all, how can anyone understand any story without first reading

every event contained in the book? God's way of teaching can only be summed up as common sense no one can argue with. Jesus proved that point whenever He left His accusers speechless. The same Spirit who inspired Jesus, inspired Moses. The sooner we accept the fact, God knew exactly what He was doing, and told Moses how to teach those lessons, the sooner we can begin to follow those lessons and become the priests God always needed in this world. Moses showed how Aaron was to train his sons. And parents not associated with the Levitical priesthood were expected to train their children. Moses covered a vast array of lessons showing the relationship between the priesthood and family. Moses also recorded stories showing how the enemy attacks first the outskirts of the camp, then moves his way in to attack on the family level. When we look to the New Testament, we see how the priesthood introduced during that first Passover in Egypt was revealed as a priesthood practiced and developed first on the family level, then progresses to the community level. This book wasn't intended to be a guide to the priesthood centered on the family, but close observation, careful study, prayer, and patience revealed lessons every modern priest needs. Not in traditional terms of a priest, pastor, minister, reverend, or any other label the world has cast upon it, but at the family level where it began in Eden, and Jesus restored at the cross. The organized world of Christianity may not agree with the role of the priest at the family level, but look around and decide. Look at the divorce rate. Look at a list of best selling books. Look at Internet dating sites. Look at the number of sites specializing in Christian singles. Look at the divorce rate in churches. Look at the most popular talk shows on television. Have they helped or hurt the family structure? Has the concept of a priesthood based on a chosen few equipped with a university education worked? Now consider the fact, the vast majority of those few choice people decided to enter that field of work under the strain of an enormous debt. Would they have accumulated that debt if they knew Moses offered more than they could learn in a life time of university education? But Moses never thought of charging a dime. Moses offered a free education at God's command.

Matthew the Stories of Jesus' Ministry: Matthew Chapters 23 to 28

- Dennis Herman 2013-08-16

This book is the most passionate book in the series. As I was writing the conclusion to this series I began to see a pattern emerging. The disciples seemed to have one foot in the world, and one eye on Jesus. I wondered if Matthew explained how the disciples made a full commitment to Jesus and God's plan of salvation. What happened between the cross and Pentecost? What changed the disciples? What impact did the parables, miracles, and life of Jesus have on them? How can their experiences lead us to a closer more dedicated walk with Jesus? This book explores the fundamentals of the new birth experienced in the lives Jesus personally touched.

Matthew: The Stories of Jesus' Ministry: Matthew Chapters 14 to 22 - Dennis Herman 2013-08-16

This is the second in a series of stories about the people Jesus ministered to based on the Gospel of Matthew. Each story looks into the life of the characters in Matthew's account of Jesus' life. Each story looks deep into the life of each person Jesus met, considering the trials and events that led them to Jesus. The stories look past the symbols used in the parable to the events that led up to each, exploring not only the lesson, but the emotion Jesus tried to convey while leading all His followers to a closer relationship with God. Why did His disciples have trouble understanding some of these parables? Why didn't they ask more questions? What did His disciples learn from each of these experiences?

The Dynamic Stories of Jesus - Dennis Herman 2015-08-07

This book brings the stories of Jesus alive as it seeks to take our minds behind the scenes of Christ's life and ministry while He was here on earth. These stories capture the lives of individuals who underwent trials and difficulties when Jesus became their mediator and rescued them from perils. We can all relate to the stories written in Matthew where Jesus did extraordinary wonders and favor impacting the world with His divine love and care which He alone could share with humanity. Let these powerful testimonies rest upon our hearts and amplify our faith in Christ Jesus.

The True Gospel Preached Here - Bruce West 2014-04-10

Bruce West's color photographs document the spiritual and creative work of a self-proclaimed preacher, artist, architect, the Reverend H. D. Dennis, and his wife, Margaret, in Vicksburg, Mississippi. This book explores the fantastic world of the elderly couple who devoted more than twenty years of their lives to converting Margaret's Grocery store into a one-of-a-kind nondenominational church. Guided by visions from God, their elaborate transformation of Margaret's Grocery involved the construction of several towers, the creation of the Ark of the Covenant containing tablets inscribed with the Ten Commandments, and new religious iconography. A sign at the entrance announced: "Welcome Jews and Gentile This Church Open 24 Hours a Day." Another sign promised: "The True Gospel Preached Here." Bands of high-gloss red, white, blue, green, yellow, and pink paint covered the towers and exterior. Religious artifacts, Mardi Gras beads, plastic flowers, hubcaps, and flashing Christmas lights encrusted the interior walls and ceilings and an old school bus. The Reverend used his church as a roadside attraction to lure seekers so that he could deliver fiery sermons and orations about the need to "practice living perfectly" and the ceaseless pursuit of spiritual wisdom. The product of twenty years of labor and multiple site visits, West's photographs are both intimate and transparent, tenderly revealing the Reverend and Margaret's love of God and for one another, their commitment to their work, and their shared transformation while aging together. The images offer unique insights into the role of spirituality in southern folk art and creativity and the joys and demands of an ascetic and inspired life.

The Dynamic Stories of Jesus' Ministry - Dennis Herman 2015-10-14
This book, the third in the series, covers the most important part of Jesus' ministry as He prepared for that final journey into Jerusalem. Walk with Jesus as He tries to minister to the leading priests, scribes, and Pharisees, who joined forces to oppose Him. Look at Jesus' ministry from the eyes of the people He healed. Each of their stories are filled with symbols opening up a new understanding to the Father and Son relationship Jesus shared, and the mission God sent His Son to accomplish in this world of sin. This is the turning point when Jesus'

disciples began to understand aspects of His ministry they would soon be preaching and writing about. Thoughts filled their minds as they learned to pray and review every aspect of Jesus' life and ministry. Although their eyes and minds were closed to the ultimate goal of Jesus ministry, the disciples realized they were being prepared for something much larger than they could comprehend. Matthew recorded His book so we could see the steps, struggles, set backs, and mistakes the disciples endured while in the physical presence of the Messiah. Stories in this book reveal how struggles Jesus' disciples endured were recorded to encourage each and every new believer through the ages. Imagine if you will, and ask, why the set backs and mistakes of the twelve most important people in earth's history were recorded in the only book to survive as many years and generations as the Bible has. God had a reason because God had a plan. And God saw the struggles each new believe would face through the years. Jesus never said the journey would be easy. But His life was the ultimate example showing how forces in this world, seen and unseen will oppose every step we take towards Heaven.

The Tabernacle: T is for The Cross - Dennis Herman 2012-11-29
This book takes a fresh look at the Tabernacle built by Moses in the wilderness. Using 20 plus years of engineering experience, prayer and the Bible, each item in the Tabernacle is discussed on both physical and spiritual terms. How did Israel know what materials, tools and items were required from Egypt? How did the parts fit together? What are the meanings of the symbols and how do they fit together in the plan of salvation? What did they point to?

The Tabernacle, Temple, and Sanctuary - Dennis Herman 2015-11-18
This third book in the series on the Tabernacle, Temple, and Sanctuary covers the Book of Leviticus. During that part of the journey to the promised land, God continued to reach out to Israel on a number of levels. One of the most predominant levels involved Aaron, the first high priest, and of course his sons, the priests under Aaron. God used symbols of the family on many levels to convey the relationship He held out to the entire camp crossing the wilderness. Many other lessons are taught in the fact, Aaron waited for instructions from his younger brother Moses.

When we examine the sequence of lessons God taught on that journey, we see why God chose the younger son as His prophet, and the elder son as the first high priest. Those lessons are personal and still apply to Christian ministry today. The main theme of this book is to identify and take an in depth look at each story related to the priesthood and services inside the Tabernacle. Most people look at the services and symbols, never noticing Moses omitted explanations revealing the spiritual meaning of those symbols. Missing that little detail omits one of the most important questions in scripture. Why didn't Moses explain the symbols in the Tabernacle? Once we see what appears to be missing in the books Moses recorded, we can begin to see and understand the concise sequence God used to teach Moses the prophet, Aaron the high priest, Aaron's sons, the Levites, and other people in the community. God used a distinct pattern to teach each of them. Of course God had a good reason to follow those patterns. Each of those sequences equips us with valuable information we need to effectively reach the world today. In essence, Moses recorded a handbook for teachers of all ages. How that

information is used is up to you. Think of the spiritual implications. Israel and a host of other people just left Egypt where they lived as slaves for 400 years. All they knew was how to take orders and preform tasks assigned since birth. Apply that style of life to a life of sin. Then apply that symbolism to a journey across the wilderness to the promised land. We also have to pay attention to the sequence Moses recorded the sacrifices. When Moses recorded them, what the specific steps were, and why Moses presented particular sacrifices at a specific time. Each of those details has a direct bearing on their spiritual meaning.

Revelation - 1999-01-01

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.
