**Comptes Rendus Philosophiques** - 2004

□□□□ - 2006

*Cumulated Index to the Books* - 1999

**Cibersexo, la última frontera del Eros?** -

Edgar Gómez Cruz 2003

An empirical study by communications scholar of the state university on how people utilize the Internet for sex, including available technology, identifying virtual communities, gender online, investigative methodology and cybersex.

Love Online - Aaron Ben-Ze'ev 2004-01-19

Computers have changed not just the way we work but the way we love. Falling in and out of love, flirting, cheating, even having sex online have all become part of the modern way of living and loving. Yet we know very little about these new types of relationship. How is an online affair where the two people involved may never see or meet each other different from an affair in the real world? Is online sex still cheating on your partner? Why do people tell complete strangers their most intimate secrets? What are the rules of engagement? Will online affairs change the monogamous nature of romantic relationships? These are just some of the questions Professor Aaron Ben Ze'ev, distinguished writer and academic, addresses in this book, a full-length study of love online. Accessible, shocking, entertaining, enlightening, this book will change the way you look at cyberspace and love forever.

Understanding Your Health - Wayne A. Payne 2000

*Digital Culture* - Charlie Gere 2009-01-15

From our bank accounts to supermarket checkouts to the movies we watch, strings of ones and zeroes suffuse our world. Digital technology has defined modern society in numerous ways, and the vibrant digital culture that has now resulted is the subject of Charlie Gere's engaging volume. In this revised and expanded second edition, taking account of new

developments such as Facebook and the iPhone, Charlie Gere charts in detail the history of digital culture, as marked by responses to digital technology in art, music, design, film, literature and other areas. After tracing the historical development of digital culture, Gere argues that it is actually neither radically new nor technologically driven: digital culture has its roots in the eighteenth century and the digital mediascape we swim in today was originally inspired by informational needs arising from industrial capitalism, contemporary warfare and counter-cultural experimentation, among other social changes. A timely and cutting-edge investigation of our contemporary social infrastructures, *Digital Culture* is essential reading for all those concerned about the ever-changing future of our Digital Age. "This is an excellent book. It gives an almost complete overview of the main trends and view of what is generally called digital culture through the whole post-war period, as well as a thorough exposition of the history of the computer and its predecessors and the origins of the modern division of labor."—*Journal of Visual Culture*  
**American Book Publishing Record**  
**Cumulative 1998** - R R Bowker Publishing 1999-03

*The Publishers Weekly* -

*Gendered Media* - Karen Ross 2013

Karen Ross provides the necessary historical context against which to read recent sex- and gender-based media phenomena such as Big Brother, Terminator, girls' use of mobile phones, women news editors, the Wonderbra generation, the Hillary Clinton and Sarah Palin phenomena, and so on.

Zeitschrift für Sexualforschung - 2003

**Bibliographic Guide to Psychology** - New York Public Library. Research Libraries 2000

**The Cumulative Book Index** - 1999

**The Media and International**

**Communication** - Barbara Lewandowska-Tomaszczyk 2007

The twenty-first century is witness to complex social, political, and cultural phenomena transforming the world in which we live. There are numerous aspects to this global process; most of them, however, are related one way or another to the media of communication which foster and accelerate it. The chapters in this book approach media and international/intercultural communication from various global perspectives. The authors provide insight into the impact of media on different contexts, cultures and nations. One theme that weaves its way throughout this collection of essays is an intercultural one, broadly defined as the contact point between two cultures that changes both to some degree. Scholars from different places in the world try to understand, explain and/or argue from a variety of traditions, perspectives and values. They examine the contact point between culture and identity, media and culture, art and media, technology and translation, theater and culture, etc., in order to better understand how and to what degree changes occur.

**Sex and the Internet** - Al Cooper 2013-08-21  
First Published in 2002. Routledge is an imprint of Taylor & Francis, an informa company.

**Habits of the High-tech Heart** - Quentin James Schultze 2002

Arguing against the cyber-revolution's mythology of progress which substitutes technology for morality, Schultze argues for giving equal attention to the "habits of the heart" (ethics).

**Dijital Kültür** - Charlie Gere 2019-10-22  
Banka hesaplarımızdan süpermarketlere yapılan ödemelere, izlediğimiz filmlere kadar, birler ve sıfırların oluşturduğu diziler dünyamızı boğuyor. Dijital teknoloji, modern toplumu çeşitli biçimlerde tanımlamıştır ve şimdi ortaya çıkan canlı dijital kültür, Charlie Gere'in ilgi çekici çalışmasının konusudur. Facebook ve iPhone gibi yeni gelişmelerin de incelendiği gözden geçirilmiş ve genişletilmiş bu ikinci basımda, Charlie Gere sanat, müzik, sinema, edebiyat tasarım ve dijital teknolojilere gelen toplumsal karşılıkları dönüm noktası olarak dijital kültür tarihini detaylandırır. Dijital kültürün tarihsel

gelişiminin izini süren Gere'ye göre dijital kültür aslında ne radikal anlamda yenidir ne de teknoloji tarafından yönlendirilen bir şeydir: dijital kültürün on sekizinci yüzyıla dayanan bir temeli vardır ve bugün içinde yaşadığımız dijital ortamlar, diğer kültürel değişimlerin yanı sıra temelde endüstriyel kapitalizmden kaynaklanan bilgi gereksinimlerinden, çağdaş savaş ve karşı kültür deneylerinden esinlenmiş durumdadır. Çağdaş sosyal altyapımızın güncel ve çarpıcı bir incelemesi olan Dijital Kültür, Dijital Çağımızın sürekli değişen geleceği hakkında endişe duyan herkes için çok önemlidir.

**The Joy of Cybersex** - Deb Levine 1998  
THE JOY OF CYBERSEX A Guide for Creative Lovers --Learn to Flirt like a Pro --Find Steamy Chat Rooms --Get Sex and Relationship Counseling --Fuel Hot Monogamy --Go Beyond the Picket Fence --And more! What is the word searched most often on the Internet? You've got it--SEX. But where do you go? What's safe? What do you do when you get there? In this fun, informative, and thoroughly satisfying book, on-line sexpert Deb Levine guides you to all the right sites so you can: --Pack up the "come here often"--lines and learn to flirt like a pro --Meet your soul mate--or at least a decent date --Get answers to all those sex questions you're too embarrassed to ask in person --Learn how to spice up your sex life --Find out the facts (and expose the myths) of safe sex --Fulfill your real-life sexual fantasies in the safe confines of cyberspace Whether you're an on-line novice or a seasoned pro, The Joy of Cybersex has something for you. Deb Levine will open your eyes to a world of possibility on the Internet--so you can have a healthy, sexy life off-line!

you can have a healthy, sexy life off-line!  
*Sexualität — Körper — Geschlecht* - Yvonne Bauer 2013-03-13

Das Buch untersucht sexualwissenschaftliche und feministische Körperkonzepte und situiert diese in ihrem naturwissenschaftlich-technischen Kontext. Dabei zeigt sich ein Wandel vom industriellen zum kybernetischen Lustkörper.
