the secrete of health. I invented s-formula. To
bring peace in the world, s-formula is made. S-
formula means save semen. Semen - the
foundation of a male & female body. S-formula
cures all diseases without medicine and without
any physical exercise. S-formula is not a
medicine but it is a meditation. S-formula is a
knowledge based training. Follow s-formula and

conservation of semen is very essential to
strength of body and mind.* Semen is an organic
fluid, seminal fluid.* Look younger, think
cleverer, live longer, if you save semen.* Veerya,

dhatu, shukra or semen is life.* Virginity is a
physical, moral, and intelluctual safe guard to
young man.* Semen is the most powerful energy
in the world.* One who has master of this art is
the master of all.* Semen is truely a precious
jewel.* A greek philosopher told that only once
in his life time.* Conservation of seminal energy
is s-formula.* As you think, so you become.*
Semen is marrow to your bones, food to your
brain, oil to your joints, and sweetness to your
breath.* Chastity no more injures the body and
the soul. Self discipline is better than any other
line of conduct.* A healthy mind lives in a
healthy body.* If children are ruined, the nation
is ruined.* S-formula is the art of living, it is the
art of life, and it is the way of life.* The person

Do not touch any female in your life. If you touch, your semen goes out of

your body.* Do not support any activity which causes loss of semen internally or externally in your body. Loss of semen makes you loss of health and loss of wealth.* Both the parents produce semen and contribute to their children.* Semen is the most powerful energy in the world.* Semen retention is very valuable for both spiritual and mental health. HAND BOOK ON REPRODUCTIVE BIOLOGY OF CATFISH, SPERATA AOR FROM BHADRA RESERVOIR, KARNATAKA - Dr. S. Somashekar, Prof. M. Venkateshwarlu & Dr. B. R. Kiran 2020-09-29

Reservoir fisheries development is most essential for quantum jump in inland fish production and socioeconomic up gradation of fishermen. However presently, the fish yield from the reservoir fisheries is frustratingly low, as observed by Sinha (2001). The strategy of enlargement of gear mesh size for capture, increases in fishing efforts and stocking support paid rich dividends in this area. The stocking

necessitate the breeding population of economically viable species in the reservoirs. The opportunity needs to be used for establishing the native major food fishes that are compatible and hardy and amenable to the lentic environment of the reservoir, otherwise, the trash fishes multiply and occupy the large volume of water in greater abundance dominating the whole ecosystem. On the other side the native fish should find a natural place in the reservoir not only in point of view of adding to the total production and higher income but also as a biodiversity conservation measures. *Sperata aor* belongs to Bagridae family and is dispersed throughout Indian subcontinent. This cat fish is a popular food due to its good taste and high nutritional value. Recently, it has also made its entry in domestic ornamental fish markets of India and has been reported to have moderate export price (Sandipan Gupta, 2015).

Speaking of Siva - 2014-02-01

Speaking of Siva is a selection of vacanas or free-verse sayings from the Virasaiva religious movement, dedicated to Siva as the supreme god. Written by four major saints, the greatest exponents of this poetic form, between the tenth and twelfth centuries, they are passionate lyrical expressions of the search for an unpredictable and spontaneous spiritual vision of 'now'. Here, yogic and tantric symbols, riddles and enigmas subvert the language of ordinary experience, as references to night and day, sex and family relationships take on new mystical meanings. These intense poems of personal devotion to a single deity also question traditional belief systems, customs, superstitions, image worship and even moral strictures, in verse that speaks to all men and women regardless of class and caste.

The Second Sex - Simone de Beauvoir 1997

Of all the writing that emerged from the existentialist movement, Simone de Beauvoir's groundbreaking study of women will probably have the most extensive and enduring impact. It is at once a work of anthropology and sociology, of biology and psychoanalysis, from the pen of a writer and novelist of penetrating imaginative power. THE SECOND SEX stands, five decades after its first appearance, as the first landmark in the modern feminist upsurge that has transformed perceptions of the social relationship of man and womankind in our time

The Caravan - Delhi Press 2017-05-01

The country's first and only publication devoted to narrative journalism, The Caravan occupies a singular position among Indian magazines. It is a new kind of magazine for a new kind of reader, one who demands both style and substance.

Since its relaunch in January 2010, the magazine has earned a reputation as one of the country's most sophisticated publications—a showcase for

the region's finest writers and a distinctive blend of rigorous reporting, incisive criticism and commentary, stunning photo essays, and gripping new fiction and poetry. Its commitment to great storytelling has earned it the respect of readers from around the world. □ "India's best English language magazine", The Guardian, London □ "For those with an interest in India, it has become an absolute must-read", The New Republic, Washington The Caravan fills a niche in the Indian media that has remained vacant for far too long, catering to the intellectually curious and aesthetically refined reader, who seeks a magazine of exceptional quality.

destitute when his uncle founds a successful spice company, changing their fortunes overnight. As they move from a cramped, ant-infested shack to a larger house on the other side of Bangalore, and try to adjust to a new way of life, the family dynamic begins to shift. Allegiances realign; marriages are arranged and begin to falter; and conflict brews ominously in the background. Things become “ghachar ghochar”—a nonsense phrase uttered by one meaning something tangled beyond repair, a knot that can't be untied. Elegantly written and punctuated by moments of unexpected warmth and humor, Ghachar Ghochar is a quietly enthralling, deeply unsettling novel about the shifting meanings—and consequences—of financial gain in contemporary India. “A classic tale of wealth and moral ruin.” —The New Yorker “Ghachar Ghochar introduces us to a master.” —The Paris Review Named a Best Book of the Year by the Guardian, Globe and Mail, and Publishers Weekly Shortlisted for the ALTA
