

Knowledge Control And Sex

Meir Malul

Knowledge, Control, and Sex -
Meir Malul 2002

The distinct terminology of "knowledge," "control," and "sex" as used in Biblical Hebrew are all conceptually related. Malul seeks to explain how these words are related and why these terms overlap semantically in the Hebrew Bible. The book is divided into four parts, covering the evidence, the idea of knowledge, and related institutions, concluding with a summary; in the course of the study, he discusses such things as carnal knowledge, the status of woman, purity/impurity, circumcision, and related topics.

Accompanied by a Believing
Wife - Raymond F. Collins
2013-11-22

What light does the New Testament shed on the practice

of celibacy for the sake of the kingdom? In his newest work, renowned Scripture scholar Raymond F. Collins turns his attention to the question, which, of course, has important implications for the church in our own day. Though the answer is not a simple one, and it does not necessarily translate automatically into clear contemporary ecclesial policy, it still serves as an important foundation for discussion. Collins gives careful consideration of the methodology to be used in approaching the question and to important aspects of the sociocultural context of first-century Palestine, within which the New Testament took form. He then explores what Jesus said to the disciples, several disciples' own statuses as married men, and Paul's

teaching and personal example on marriage. Raymond Collins has served the church through his thoughtful and scholarly exegetical work for decades. This latest work of his will long be counted among his best.

Women, Ideology and Violence - Cheryl Anderson
2006-01-01

Cheryl Anderson examines the laws relating to women that are found in the Book of the Covenant and the Deuteronomic law. She argues that the laws can be divided into those that treat women similarly to men (defined as 'inclusive' laws) and those that treat women differently ('exclusive' laws). She then suggests that the exclusive laws, which construct gender as male dominance/female subordination, do not just describe violence against women but are inherently violent toward women. As a non-historical critique of ideology, critical theory is used to offer analytical insights that have significant implications for understanding gender constructions in both ancient

and contemporary settings.

The Lost World of the Israelite Conquest - John H. Walton 2017-08-15
Biblical Foundations Award Winner Holy warfare is the festering wound on the conscience of Bible-believing Christians. Of all the problems the Old Testament poses for our modern age, this is the one we want to avoid in mixed company. But do the so-called holy war texts of the Old Testament portray a divinely inspired genocide? Did Israel slaughter Canaanites at God's command? Were they enforcing divine retribution on an unholy people? These texts shock. And we turn the page. But have we rightly understood them? In *The Lost World of the Israelite Conquest*, John Walton and J. Harvey Walton take us on an archaeological dig, excavating the layers of translation and interpretation that over time have encrusted these texts and our perceptions. What happens when we take new approaches, frame new questions? When we weigh again their language and rhetoric? Were the Canaanites

Downloaded from

on 2019-11-01 by guest

punished for sinning against the covenanting God? Does the Hebrew word herem mean "devote to destruction"? How are the Canaanites portrayed and why? And what happens when we backlight these texts with their ancient context? The *Lost World of the Israelite Conquest* keenly recalibrates our perception and reframes our questions. While not attempting to provide all the answers, it offers surprising new insights and clears the ground for further understanding. The books in the *Lost World Series* follow the pattern set by Bible scholar John H. Walton, bringing a fresh, close reading of the Hebrew text and knowledge of ancient Near Eastern literature to an accessible discussion of the biblical topic at hand using a series of logic-based propositions.

Celibacy in the Ancient World - Dale Launderville
2010-07-01

Celibacy is a commitment to remain unmarried and to renounce sexual relations, for a limited period or for a lifetime.

Such a commitment places an individual outside human society in its usual form, and thus questions arise: What significance does such an individual, and such a choice, have for the human family and community as a whole? Is celibacy possible? Is there a socially constructive role for celibacy? These questions guide Dale Launderville, OSB, in his study of celibacy in the ancient cultures of Israel, Mesopotamia, and Greece prior to Hellenism and the rise of Christianity. Launderville focuses especially on literary witnesses, because those enduring texts have helped to shape modern attitudes and can aid us in understanding the factors that may call forth the practice of celibacy in our own time. Readers will discover how celibacy fits within a context of relationships, and what kinds of relationships thus support a healthy and varied society, one aware of and oriented to its cosmic destiny. Dale Launderville, OSB, is professor of theology at Saint John's University School

of Theology 'eminary, Collegeville, Minnesota. He is the author of *Piety and Politics: The Dynamics of Royal Authority in Homeric Greece, Biblical Israel, and Old Babylonian Mesopotamia* (Eerdmans, 2003) and *Spirit and Reason: The Embodied Character of Ezekiel's Symbolic Thinking* (Baylor University Press, 2007).

Purity and Pollution in the Hebrew Bible - Yitzhaq Feder 2021-11-18

A novel account of pollution in the Hebrew Bible, from its embodied origins, to its metaphorical expression in moral discourse.

Sense and Stigma in the Gospels - Louise J. Lawrence 2013-10

Louise J. Lawrence presents provocative re-interpretations of biblical characters that have previously been sidelined and stigmatised on account of their perceived disability. She introduces approaches taken from Sensory Anthropology and Disability Studies to bring fresh methodological perspectives to familiar Gospel

texts.

The Basics of Hebrew Poetry

- Samuel T. S. Goh 2017-10-12
Almost 75 percent of the Old Testament is made up of poetic passages, yet for many readers (lay Christians, even seminary students and pastors), biblical poetic passages remain the greatest challenge. Being unfamiliar with poetry in general and biblical poetry in particular, their reading and preaching are limited to selected poetic passages. This in turn limits their understanding of God's word. To help readers overcome these problems, the first four chapters of this book aim to get them familiarized with the literary techniques of biblical poets. To demonstrate how the techniques work to bring across the biblical theological message, the last three chapters offer poetic analyses of three passages of different kinds. In the process, we hope to draw attention to the beauty of the Hebrew poetic art and to the creative skill of biblical poets' versification. The ultimate aim, however, is to

help readers discover the rich message of the Bible.

Universalism and Particularism at Sodom and Gomorrah

- Diana Lipton
2012-03-01

This book reexamines the Sodom and Gomorrah narrative in Genesis 18-19, an ethically charged text that has significantly influenced views about homosexuality, stereotyping the other, the rewards and risks of hospitality, and the justice owed to outsiders. Its twelve essays, reflecting their authors' considerable geographical, religious, methodological, and academic diversity, explore this troubling text through the lens of universalism and particularism. Biblical Sodom is read as the site of multiple borders—fluid, porous, and bi-directional—between similar and different, men and angels, men and women, fathers and daughters, insiders and outsiders, hosts and guests, residents and aliens, chosen and nonchosen, and people and God. Readers of these exegetically and theologically

attentive essays published in memory of Ron Pirson will experience a rare sense of an ancient text being read in and for the modern world. The contributors are Calum Carmichael, Diana Lipton, William John Lyons, Nathan MacDonald, Amira Meir, Yitzhak (Itzik) Peleg, T. A. Perry, Ron Pirson, Jonathan D. Safren, Megan Warner, Harlan J. Wechsler, and Ellen J. van Wolde.

Gender-Play in the Hebrew Bible - Amy Kalmanofsky

2016-11-03

Though the Hebrew Bible often reflects and constructs a world that privileges men, many of its narratives play extensively with the gender norms of the society in which they were written.

Drawing from feminist, masculinity and queer studies, *Gender-Play in the Hebrew Bible* uses close literary analysis to argue that the writers of the Bible intentionally challenge gender norms in order to reveal the dangers of destabilizing societal and theological hierarchies that privilege men

Downloaded from
legacy.opendemocracy.net
on 2019-11-01 by guest

and masculinity. This book presents a fascinating argument about the construction and import of gender in the biblical narratives, and will be of great interest to academics in the fields of religion, theology, and Biblical studies as well as gender studies.

God, Justice, and Society -

Jonathan Burnside 2011

What is the real meaning of 'an eye for an eye and a tooth for a tooth'? Where did the idea for the 'Jubilee 2000' and 'Drop the Debt' campaigns come from? Here, Burnside looks at aspects of law and legality in the Bible, from the patriarchal narratives in the Hebrew Bible through to the trials of Jesus in the New Testament.

The Book of Numbers: A

Critique of Genesis - Calum

Carmichael 2012-06-26

In this work Calum Carmichael—a legal scholar who applies a literary approach to the study of the Bible—shows how each law and each narrative in Numbers, the least researched book in the Pentateuch, responds to

problems arising in narrative incidents in Genesis. The book continues Carmichael's process of demonstrating how every law in the Pentateuch is a response to a problem arising in a biblical narrative, not to an inferred societal situation.

Biblical Knowing - Dru Johnson
2014-08-28

The importance of human knowledge and the consequences of error are constantly stressed within Scripture, which emphasizes the knowledge of good and evil: knowing that YHWH IS your God; knowing that Jesus is the Christ; and the goal of developing Israel into a 'wise and discerning people'. We, too, long for confidence in our understanding - the assurance that our most basic knowledge is not ultimately incorrect. Biblical Knowing assesses what Israel knew, but more importantly, how she was meant to know - introducing a comprehensive scriptural epistemology, firmly rooted in the Scripture's own presentation of important epistemological events in the

legacy.opendemocracy.net
on 2019-11-01 by guest

story of Israel. Because modern philosophy has also made authoritative claims about knowledge, Biblical Knowing engages contemporary academic views of knowledge (e.g., Reformed Epistemology, scientific epistemology, Virtue Epistemology, etc) and recent philosophical method (e.g., Analytic Theology), assessing them for points of congruence or departure from Scripture's own epistemology.

Additionally, Biblical Knowing explores what proper knowing looks like in the task of theology itself, in the teaching and preaching of the church, and in the context of counseling.

Deathless Hopes - Alexander Massmann 2018-07

Questions of eternal life and a revolution of the human condition have been a continuing theme in many religions, notably in the Abrahamic faiths. In one way or another, "deathless hopes" continue to play a prominent role in today's public discourses. To understand the current significance of the

issue, a thorough grasp of historical dynamics is required. This volume gives a representative overview of prominent traditions in the Hebrew Bible, Jewish Studies, contemporary ethics, theology, and anthropology, but also evaluates common questions afresh, suggesting new perspectives.

Sex and Religion in the Bible - Calum Carmichael
2010-03-30

If we look to the Bible for historical accounts of ancient life, we make a profound error. So contends Calum Carmichael in this original and incisive reading of some of the Hebrew Bible and New Testament's most famous narratives. Sifting through the imaginative layers of these texts with an uncanny sensitivity and a panoptic critical eye, he unearths patterns connecting disparate passages, providing fascinating insights into how ideas were expressed, received, and transformed in the ancient Near East. Ranging from Jacob's encounter with Leah to the marriage at Cana to Jesus'

*Downloaded from
legacy.opendemocracy.net
on 2019-11-01 by guest*

encounter with the woman at the well, these readings demonstrate the remarkable subtlety and sophistication of the biblical views on marriage, sexuality, fertility, impurity, creation, and love.

Contributions of Selected Rhetorical Devices to a Biblical Theology of The Song of Songs - Mark McGinniss 2011-03-07

Scan any Old Testament Theology for its entry concerning the Song of Songs and you are likely to put the book down and walk away disappointed. In the majority of resources the Song is either missing entirely or is given scant pages that do not justice to its divine message. In this book Mark McGinniss seeks to remedy that situation by demonstrating the depth of theology in this ancient love song concerning desire, passion, and sex. Beyond the significant theology of the Song, this book demonstrates how the author of the Song of Songs employed certain literary devices for a specific rhetorical purpose to convey

certain theological truths.

International Review of Biblical Studies, Volume 49 (2002-2003) - Bernhard Lang 2004-02-01

Formerly known by its subtitle

"Internationale

Zeitschriftenschau für

Bibelwissenschaft und

Grenzgebiete," the

"International Review of

Biblical Studies" has served the scholarly community ever since

its inception in the early

1950's. Each annual volume

includes approximately 2,000

abstracts and summaries of

articles and books that deal

with the Bible and related

literature, including the Dead

Sea Scrolls, Pseudepigrapha,

Non-canonical gospels, and

ancient Near Eastern writings.

The abstracts - which may be in

English, German, or French -

are arranged thematically

under headings such as e.g.

"Genesis," "Matthew," "Greek

language," "text and textual

criticism," "exegetical methods

and approaches," "biblical

theology," "social and religious

institutions," "biblical

personalities," "history of Israel

Downloaded from

legacy.opendemocracy.net

on 2019-11-01 by guest

and early Judaism," and so on. The articles and books that are abstracted and reviewed are collected annually by an international team of collaborators from over 300 of the most important periodicals and book series in the fields covered.

James Barr Assessed - 2021-08-16

James Barr published significant work on a wide variety of topics within Old Testament studies and beyond. This volume provides an assessment of Barr's contribution to biblical studies sixty years after publication of his memorable *The Semantics of Biblical Language*.

Landscapes of the Song of Songs - Elaine T. James 2017

In this masterful new study of the ancient poetry of the Song of Songs, Elaine T. James explores the Song's underlying interest in the natural world. Engaging with the fields of geography, landscape architecture, and literature, James critiques the tendency of scholars to reify a perceived dichotomy between "nature"

and "culture" and instead argues that the poetic attention to landscape indicates an awareness of a viewer. Nature is here a poetic device that informs James's close-readings of agrarianism, gardens, cities, social control, and feminism and the gaze in the Song. With this two-fold emphasis on landscape and lyric, *Landscape of the Song of Songs* shows how the Song persistently envisions a world in which human lovers are embedded in the natural world, complexly enfolded in relationships of fragility and care.

Le-ma'an Ziony - Frederick E. Greenspahn 2017-03-02
An international array of twenty-six scholars contributes twenty-one essays to honor Ziony Zevit (American Jewish University), one of the foremost biblical scholars of his generation. The breadth of the honoree is indicated by the breadth of coverage in these twenty-one articles, with seven each in the categories of history and archaeology, Bible, and Hebrew (and Aramaic) language.
