If any of this sounds familiar, it is time to take a fresh look at the most important relationship of all: your relationship with yourself. He explains: - Why modern life is making it harder to have a balanced opinion of ourselves. - The types of thinking that sabotage and make life harder. - Why old pains can still cast a shadow today and how to make peace with your past. - How to develop a positive mind-set. - Increasing your self-confidence. *Love and Survival* - Dean Ornish 2011-11-15

The Medical Basis for the Healing Power of Intimacy We all know that intimacy improves the quality of our lives. Yet most people don't realize how much it can increase the quality of our lives -- our survival. In this New York Timesworld-renowned physician Dean Ornish, M.D., writes, "I am not aware of any other factor in medicine that has a greater impact on our survival than the healing power of love and intimacy. Not diet, not smoking, not exercise, not stress, not genetics, not drugs, not surgery." He reveals that the real epidemic in modern culture is not only physical heart disease but also what he calls spiritual heart disease: loneliness, isolation, alienation, and depression. He shows how the very defenses that we think protect us from emotional pain are often the same ones that actually heighten our pain and threaten our survival. Dr. Ornish outlines eight pathways to intimacy and healing that have made a profound difference in his life and in the life of millions of others in turning sadness into happiness, suffering into joy.

apart due to poor communication? Maybe your current relationship feels emotionally, mentally, and physically exhausting, and you have no idea how to make it easier? The overwhelming feelings of frustration and pent up negative emotions toward your partner is uncomfortable. Unfortunately, the majority of relationships don't even make it past the infatuation stage due to poor communications and disappointing high standards for the other partner. In this book, you will be given a map to effective communication in your relationships. You will be shown that Love is more than just a feeling, but a committed choice to stay with someone and face all the obstacles in the world. In this knowledgeable guide, you'll discover: Why this one crucial mistake could hurt your chances with ever-lasting Love and how to avoid it How to use these 3 easy to understand principles to better your relationships and create passionate intimacy Why working on you is more important than fixing your partner - and how to better yourself How this little known fact is good for Love and how you can use it to your advantage The absolute 4 worst things that you could be doing right now that could escalate a fight - and maybe destroy your relationship How this one process, if not noticed, can make you ignore your partners love without realizing - and how it can kill your relationship What it takes for healthy couples to strengthen their Love and communication - and what struggling couples don't have How you can better your connection with your partner using this one golden rule ... and much, much more!
