Diana Ross - Tom Adrahtas 2006

This unauthorized biography of entertainment legend Diana Ross strives to give a balanced account of her life and career while giving her the

historical due that seems to have escaped her previously. Captured in vivid detail are her groundbreaking performances leading the Supremes, the renowned concert in Central Park amidst a raging thunderstorm, and

the peaks and valleys of the more than 40 years of her ongoing stage, studio, and screen career. The book steers clear of dry biography, in that it is interspersed with entertaining essays that capture the effect her life and career have had on fans throughout the years. This book is a must-read for anyone with an appreciation for popular culture over the last half century.

Best Practices and Programmatic Approaches for Mentoring Educational Leaders - Wilkerson, Amanda 2023-02-17

In today's educational world, supporting graduate students from all backgrounds and ensuring they receive the best education possible is vital. Due to this, academic mentors and graduate student mentoring programs must provide equitable support within learning environments as a construct of social justice for supporting the success of advanced, underrepresented student learners. Best Practices and Programmatic Approaches for Mentoring Educational Leaders discusses empowered perspectives about conceptual and best practice approaches regarding mentoring and supporting doctoral students' success and considers the area of diversity and inclusion in higher education related to best practices in programming. Covering topics such as educational leadership, higher education, mentoring networks, and communities, this reference work is ideal for industry professionals, administrators, policymakers, researchers, academicians, scholars, practitioners, instructors, and students.

A Change Is Gonna Come: Music, Race And The Soul Of America - Craig Werner 2014-07-31

A Change is Gonna Come chronicles more than forty years of black

music: from the hopeful, angry refrains of the Freedom movement to the slick pop of Motown; from Woodstock and the 'Summer of Love' to Vietnam and the race riots; from disco inferno to the Million Man March. This is an insightful and riveting study which looks at the place black music occupies in social history, its battle for the desegregation of popular music and its contribution to social change outside the recording studio

Number One with a Bullet - Elaine Jesmer 1974

The Intentional Transformative Power of Holy Sex - Dr. Joyce Crider-Anderson 2022-01-12

The Intentional Transformative Power of Holy Sex By: Dr. Joyce Crider-Anderson Most people, especially within religious communities, are afraid to talk about sexual intercourse. When sex is discussed, it is rarely talked about in a meaningful, deep way. Remember: God created sex. So why are we afraid to talk about this wonderful, pleasurable gift He has given us? Limited talk about sex leads to misunderstanding, abuse, and misuse of this God-given gift. To get the conversation started, this book examines God's original and ongoing purpose in giving mankind sexual intercourse at creation. The Intentional Transformative Power of Holy Sex facilitates discussion, reflection, and ongoing research on sex.

Motown Encyclopedia - Graham Betts 2014-06-02

Motown means different things to different people. The mere mention of perhaps the most iconic record label in history is often enough to invoke memories and mental images of Marvin Gaye, Diana Ross, Stevie Wonder, The Temptations, The Jackson 5, The Supremes and numerous others. With each group recalled, there is an accompanying piece of music of the mind, from Baby Love, My Girl, Signed Sealed Delivered, I Heard It Through The Grapevine, ABC and Tears Of A Clown and countless more. Quite often, you can ask people what kind of music they like and they will simply answer 'Motown', and both they, and you, know exactly what is meant. Or rather, what is implied. The Motown they are invariably thinking of is the label that dominated the charts in the mid 1960s with a succession of radio friendly, dance orientated hits, most of

which were written and produced by the trio of Brian Holland, Lamont Dozier and Eddie Holland. This period is referred to, naturally enough, as the Golden Era, when Motown was not only the dominant force in its home city of Detroit but carried The Sound of Young America all around the world. The kind of music that had them Dancing In the Street from Los Angeles to London, Miami to Munich and San Francisco to Sydney. It was the kind of music that attracted scores of imitators; some good, some not so good. The kind of music that appealed to the public and presidents alike, and still does. It was that Motown that this book was intended to be about. However, when you start digging deeper into the Motown story, you realise that throughout its life (which, for the purposes of this book, is its formation in 1959 through to its sale in 1988) it was constantly trying other musical genres, looking to grab hits out of jazz, country, pop, rock, middle of the road and whatever else might be happening at the time. Of course it wasn't particularly successful at some of the other genres, although those who claim Motown never did much in the rock market conveniently overlook the healthy sales figures achieved by Rare Earth, the group, and focus instead on the total sales achieved on Rare Earth, the label. This book, therefore, contains biographies of all 684 artists who had releases on Motown and their various imprints, as well as biographies of 16 musicians, 23 producers, 19 writers and 13 executives. There are also details of the 50 or so labels that Motown owned, licensed to or licensed from. All nine films and the 17 soundtracks are also featured. Every Motown single and album and EP that made the Top Ten of the pop charts in either the US or UK also have their own entries, with 222 singles, 84 albums and five EPs being featured. Finally, there are 36 other entries, covering such topics as the Hollywood Walk of Fame, the Motortown Revues, Grammy Awards and the most played Motown songs on radio. The 1,178 entries cover every aspect of Motown and more - of the link between Granny in The Beverly Hillbillies and Wonder Woman, of the artists from Abbey Tavern Singers to Zulema, and the hits from ABC to You Really Got A Hold On Me. The Motown Encyclopedia is the story of Motown Records; Yesterday, Today, Forever.

Shakespearean Adaptation, Race and Memory in the New World - Joyce Green MacDonald 2020-08-24

As readers head into the second fifty years of the modern critical study of blackness and black characters in Renaissance drama, it has become a critical commonplace to note black female characters' almost complete absence from Shakespeare's plays. Despite this physical absence, however, they still play central symbolic roles in articulating definitions of love, beauty, chastity, femininity, and civic and social standing, invoked as the opposite and foil of women who are "fair". Beginning from this recognition of black women's simultaneous physical absence and imaginative presence, this book argues that modern Shakespearean adaptation is a primary means for materializing black women's often elusive presence in the plays, serving as a vital staging place for historical and political inquiry into racial formation in Shakespeare's world, and our own. Ranging geographically across North America and the Caribbean, and including film and fiction as well as drama as it discusses remade versions of Othello, Romeo and Juliet, Antony and Cleopatra, and The Taming of the Shrew, *Shakespearean Adaptation, Race, and Memory in the New World* will attract scholars of early modern race studies, gender and performance, and women in Renaissance drama.

The Complete Soul Trilogy - Stuart Cosgrove 2023-04-20

Spanning three different cities across the United States, Stuart Cosgrove's bestselling Soul Trilogy blends history, culture and music to paint a vivid picture of social change through the last years of the 1960s. Strap in for a journey through urban riots, escalating war in Vietnam, police corruption, the assassination of Martin Luther King, the rise of musical pioneers such as Aretha Franklin, Elvis Presley and Johnny Cash, the arrest of the Black Panther members and their controversial trials, and much, much more. Award-winning and critically acclaimed, these are books that no soul music enthusiast should be without. 'Cosgrove's lucid, entertaining prose is laden with detail, but never at the expense of the wider narrative' - Clash Magazine Titles included in this bundle are: Detroit 67 Memphis 68 Harlem 69

[Don't Stop Believin'](#) - Robert K. Johnston 2012-01-01

Arranged chronologically from 1950 to the present, this accessible work explores the theological themes in 101 well-established figures and trends from film, television, video games, music, sports, art, fashion, and literature.

Mercy, Mercy Me - Michael Eric Dyson 2008-08-01

Twenty years after his murder at the hands of his own father, Marvin Gaye continues to define the hopes and shattered dreams of the Motown generation. A performer whose career spanned the history of rhythm and blues, from doo-wop to the sultriest of soul music, Gaye's artistry magnified the contradictions that defined America's coming of age in the tumultuous 1970s. In his most searching and ambitious work to date, acclaimed critic Michael Eric Dyson illuminates both Marvin Gaye's stellar achievements and stunning personal decline -- and offers an unparalleled assessment of the cultural and political legacy of R&B on American culture. Through interviews with those close to Gaye -- from his musical beginnings in a black church in Washington, D.C., to his days as a "ladies' man" in Motown's stable of young singers, from the artistic heights of the landmark album *What's Going On?* to his struggles with addiction and domestic violence -- Dyson draws an indelible portrait of the tensions that shaped contemporary urban America: economic adversity, the drug industry, racism, and the long legacy of hardship. Published to coincide with the twentieth anniversary of Gaye's death in 1984, and infused with the soulful prose that has become Michael Eric Dyson's trademark, *Mercy, Mercy Me* is at once a celebration of an American icon whose work continues to inspire, and a revelatory and incisive look at how a lost generation's moods, music, and moral vision continue to resonate today.

[Christine's Short-Shorts](#) - Christine Brooks Martin 2011-12-11

"Christine's Short-Shorts" is a collection of inspirational short stories and poems. They reflect the love, compassion and faithfulness of an Almighty God who reveals Himself to His sons and daughters in so many facets. You will be encouraged to: Understand the keys to living a victorious life; learn the importance of yielding to the Holy Spirit; and the power of embracing your Kingdom identity and its benefits.

American Culture in the 1960s - Sharon Monteith 2008-10-08

This book charts the changing complexion of American culture in one of the most culturally vibrant of twentieth-century decades. It provides a vivid account of the major cultural forms of 1960s America - music and performance; film and television; fiction and poetry; art and photography - as well as influential texts, trends and figures of the decade: from Norman Mailer to Susan Sontag; from Muhammad Ali's anti-war protests to Tom Lehrer's stand-up comedy; from Bob Dylan to Rachel Carson; and from Pop Art to photojournalism. A chapter on new social movements demonstrates that a current of conservatism runs through even the most revolutionary movements of the 1960s and the book as a whole looks to the West and especially to the South in the making of the sixties as myth and as history.

Divided Soul: The Life Of Marvin Gaye - David Ritz 2010-01-07

David Ritz presents his uniquely candid and intimate account of the tumultuous life of the Prince of Soul music, Marvin Gaye. Author Ritz has assembled years of conversations and interviews from his life as a close friend and lyricist to the gifted Soul sensation, and tells the Marvin Gaye story with fly-on-the-wall accuracy and detail. From his early years as an abused child in the slums of Washington DC, through his rise to the very peaks of the Motown phenomenon, his fall from grace and subsequent comeback, to his untimely death at the hands of his father, Marvin's story

is the stuff of legends. The cast of characters includes the Jacksons, Smokey Robinson, Diana Ross and countless other icons of the world of soul music. The definitive biography of an enormously gifted and sensitive musician.

After the Dance - Jan Gaye 2015-05-19

A riveting cautionary tale about the ecstasy and dangers of loving Marvin Gaye, a performer passionately pursued by all—and a searing memoir of drugs, sex, and old school R&B from the wife of legendary soul icon Marvin Gaye. After her seventeenth birthday in 1973, Janis Hunter met Marvin Gaye—the soulful prince of Motown with the seductive liquid voice whose chart-topping, socially conscious album *What's Going On* made him a superstar two years earlier. Despite a seventeen-year-age difference and Marvin's marriage to the sister of Berry Gordy, Motown's

founder, the enchanted teenager and the emotionally volatile singer began a scorching relationship. One moment Jan was a high school student; the next she was accompanying Marvin to parties, navigating the intriguing world of 1970s-'80s celebrity; hanging with Don Cornelius on the set of *Soul Train*, and helping to discover new talent like Frankie Beverly. But the burdens of fame, the chaos of dysfunctional families, and the irresistible temptations of drugs complicated their love. Primarily silent since Marvin's tragic death in 1984, Jan at last opens up, sharing the moving, fervently charged story of one of music history's most fabled marriages. Unsparring in its honesty and insight, illustrated with sixteen pages of black-and-white photos, *After the Dance* reveals what it's like to be in love with a creative genius who transformed popular culture and whose artistry continues to be celebrated today.
