My Father's House - Sylvia Fraser 1989

She was a beautiful blond child, a quintessential
Canadian teenager: she loved Saturday film
matinees, giggled at pyjama parties, ran for

student president, led the cheerleading squad,
went steady with the right boy and married him,
her proud father at her side. But from the age of
seven Sylvia Fraser shared her body with a 'twin'
who lived a separate life from her. This other
self was created to do the things Sylvia was too
frightened, too ashamed, too repelled to do - the

things her father made her do. As an adult, she had no recollection of a sexual relationship with her father, yet some connection always remained - pain, terror and guilt were never far from the surface. With tremendous power, candour and eloquence, Sylvia Fraser breaks through her amnesia to discover and embrace the self she left behind. MY FATHER'S HOUSE is at once a terrible account of a woman's coming of age and a lyric story of love and forgiveness.

A Month in Siena - Hisham Matar 2019-10-17
FROM THE PULITZER PRIZE-WINNING AND
MAN BOOKER-SHORTLISTED AUTHOR
'Sparkles with brilliant observations on art and architecture, friendship and loss' Guardian
'Everybody should get to spend a month with Mr. Matar, looking at paintings' Zadie Smith, Wall Street Journal, Books of the Year

Matar was nineteen years old when his father was kidnapped. In the year following he found himself turning to art, particularly the great

paintings of the Sieneese School. They became a refuge and a way to think about the world outside the urgencies of the present. A quarter of a century later, having found no trace of his father, Matar finally visits the birthplace of those paintings. *A Month in Siena* is the encounter between the writer and the city. It is an immersion in painting, a consideration of love, grief and a profoundly moving contemplation of the relationship between art and life.

'A dazzling exploration of art's impact on his life and writing, and a moving contemplation of grief' Financial Times
'I can think of no better expression of the humane than this economical, modest, yet altogether breathtaking book' New Statesman, Books of the Year
'Bewitching, intensely moving' The Economist, Books of the Year

A poignant, heart-lifting graphic memoir about

anorexia, eating disorders and the journey to recovery Like most kids, Katie was a picky eater. She'd sit at the table in silent protest, hide uneaten toast in her bedroom, listen to parental threats that she'd have to eat it for breakfast. But in any life a set of circumstance can collide, and normal behaviour might soon shade into something sinister, something deadly. Lighter Than My Shadow is a hand-drawn story of struggle and recovery, a trip into the black heart of a taboo illness, an exposure of those who are so weak as to prey on the vulnerable, and an inspiration to anybody who believes in the human power to endure towards happiness. 'Even at its most heartbreaking it never feels sombre ... Inspiring, plucky and, in the end, consoling, it's hard to put down' Observer

In The Shadow of the Mountain - Silvia Vasquez-Lavado 2022-02-03
WINNER OF THE 2023 EDWARD STANFORD TRAVEL BOOK OF THE YEAR 'Silvia Vasquez-Lavado is a warrior. I'm in awe of her strength

and courage' - Selena Gomez 'An incredibly powerful story' Sunday Independent 'In the Shadow of the Mountain has all the elements a great memoir requires - a strong voice, cinematic prose, a hero to root for - in essence, an extraordinary story about an extraordinary woman's life' - San Francisco Chronicle 'Silvia Vasquez-Lavado is a woman possessed of uncommon strength, rare compassion, and a ferocious stubbornness to not allow the trauma of her childhood to destroy her life' - Elizabeth Gilbert, author of Eat, Pray, Love 'Powerful' - New York Times YOU DON'T CONQUER A MOUNTAIN. YOU SURRENDER TO IT ONE STEP AT A TIME. Despite a high-flying career, Silvia Vasquez-Lavado knew she was hanging by a thread. Deep in the throes of alcoholism, and hiding her sexuality from her family, she was repressing the abuse she'd suffered as a child. When her mother called her home to Peru, she knew something finally had to change. It did. Silvia began to climb. Something about the

sheer size of the mountains, the vast emptiness and the nearness of death, woke her up. And then, she took her biggest pain to the biggest mountain: Everest. The 'Mother of the World' allows few to reach her summit, but Silvia didn't go alone. Trekking with her to Base Camp, were five troubled young women on an odyssey that helped each confront their personal trauma, and whose strength and community propelled Silvia forward... Beautifully written and deeply moving, In the Shadow of the Mountain is a remarkable story of compassion, humility, and strength, inspiring us all to find have faith in our own heroism and resilience.

sociopathic father. Youth Literature to Pre-Service

Professionals - Hartsfield, Danielle E.

2021-06-25

Perspectives and identity are typically reinforced at a young age, giving teachers the responsibility of selecting reading material that could potentially change how the child sees the world. This is the importance of sharing diverse literature with today's children and young adults, which introduces them to texts that deal with religion, gender identities, racial identities, socioeconomic conditions, etc. Teachers and librarians play significant roles in placing diverse books in the hands of young readers. However, to achieve the goal of increasing young people's access to diverse books, educators and librarians must receive quality instruction on this topic within their university preparation programs. The Handbook of Research on Teaching Diverse Youth Literature to Pre-Service Professionals is a comprehensive reference source that curates promising

practices that teachers and librarians are currently applying to prepare aspiring teachers and librarians for sharing and teaching diverse youth literature. Given the importance of sharing diverse books with today's young people, university educators must be aware of engaging and effective methods for teaching diverse literature to pre-service teachers and librarians. Covering topics such as syllabus development, diversity, social justice, and activity planning, this text is essential for university-level teacher educators, library educators who prepare pre-service teachers and librarians, university educators, faculty, adjunct instructors, researchers, and students.

Violence and the Cultural Politics of

Trauma - Jane Kilby 2007-04-18

During the late 1970s and 1980s speaking out about the traumatic reality of incest and rape was a rare and politically groundbreaking act. Today it is a ubiquitous feature of popular culture and its political value uncertain. In *Violence and the Cultural Politics of Trauma*, Jane Kilby explores the complexity and consequences of this shift in giving first-hand testimony by focusing on debates over recovered memory therapy and false memory syndrome, the spectacle of talkshow disclosures, discourses of innocence and complicity as well as the aesthetics and affect of shock. In counterpoint to the frequently cynical readings of personal narrative politics, Kilby advances an alternative reading built around the concept of unrepresentability. Key to this intervention is the stress placed by Kilby on the limits of representing sexually traumatic experiences and how this requires both theoretical and methodological innovation. Based on close

House - Michael Ruhlman 2006-03-07

Michael Ruhlman's uncanny knack for taking a wide range of subjects and making them completely his own has gained him acclaim and popularity. In his latest offering, he owns the subject both figuratively and literally: his home.

House really began in 1901 when a family moved into a brand-new house in Cleveland Heights—full of hope for the future and pride in their stunning home. But as time moved on, upkeep began to wane and, in the end, the house went on the market. And there it stayed for quite some time, until the Ruhlman family decided to buy the dilapidated building. With the always-tedious home-buying process and expensive repairs soaring into the hundreds of thousands of dollars, the American Dream can seem like the American Nightmare. Detailing the purchase and renovation of a single family home, *House* explores the importance of the place we live in, our yearning to establish it, and the importance of the actual structure, its impact on our intellectual and spiritual lives, and on the struggles of a family. Packed with useful information and stories written with a storyteller's flair, *House* is a dramatic narrative by a gifted writer who eloquently concludes that be it ever so humble, a castle or a row house

The Apology - V (formerly Eve Ensler)

2019-05-14

From the bestselling author of *The Vagina Monologues*-a powerful, life-changing examination of abuse and atonement. "A triumph of artistry and empathy." -Naomi Klein "A crucial step forward . . . This is an urgently needed book right now." -Jane Fonda "Courageous, transformative, and yes-healing." -Anne Lamott Like millions of women, Eve Ensler has been waiting much of her lifetime for an apology. Sexually and physically abused by her father, Eve has struggled her whole life from this betrayal, longing for an honest reckoning from a man who is long dead. After years of work as an anti-violence activist, she decided she would wait no longer; an apology could be imagined, by her, for her, to her. *The Apology*, written by Eve from her father's point of view in the words she longed to hear, attempts to transform the abuse she suffered with unflinching truthfulness,

compassion, and an expansive vision for the future. Through *The Apology* Eve has set out to provide a new way for herself and a possible road for others, so that survivors of abuse may finally envision how to be free. She grapples with questions she has sought answers to since she first realized the impact of her father's abuse on her life: How do we offer a doorway rather than a locked cell? How do we move from humiliation to revelation, from curtailing behavior to changing it, from condemning perpetrators to calling them to reckoning? What will it take for abusers to genuinely apologize? Remarkable and original, *The Apology* is an acutely transformational look at how, from the wounds of sexual abuse, we can begin to re-emerge and heal. It is revolutionary, asking everything of each of us: courage, honesty, and forgiveness.

but most aren't aware of the devastating past that made her this way. Beneath the facade of a faith-filled family, a horrible secret was kept. No one would have guessed that the sexual abuse began when Kara was only five years old, not even Kara. At the age of twelve, Kara realized she had repressed her memories of abuse. And thirteen years later, she continues to unpack them. My Father's Shadow is Kara's revealing memoir detailing the abuse, the overwhelming struggles, and her search for a Savior in the midst of great distress. Though the abuse has infiltrated every area of her life, Kara also writes of the joys of healing and the highs of traveling the world. What do you do when a secret-kept or told-continues to haunt you? What do you do when you've been betrayed? When your heart's been taken and used and thrown away? Kara's memoir provides great insight into the trauma of sexual abuse and the damage sin can cause. A true survivor memoir, My Father's Shadow is poised to change the face of literature on the

topic of sexual abuse."

Got Milked - Kara Rodriguez 2018-01-08

According to Amy Poehler, "Every mother needs a wife who takes care of her and helps her become a better mother." And yet many are quite surprised to learn that most husbands make awful wives. (Note that they also make pretty rotten mothers.) That husband of yours simply cannot provide you with the same level of validation and support that Kara can. From the mom every woman would be lucky to lock down, Got Milked is the hilarious and candid kitchen dish out that weary, modern-day moms are desperate for. While there are about 368 ways to approach virtually every aspect of mothering these days, moms have this in common: They need to laugh and be encouraged. Every mom needs to be reminded that: One: Even the pregnancy unicorn can have a difficult day or two (or year). Two: Even the most anxious, sleep-deprived, lonely person postpartum can survive the first year of motherhood and

Poetic License - Gretchen Cherington

2020-08-04

At age forty, with two growing children and a new consulting company she'd recently founded, Gretchen Cherington, daughter of Pulitzer Prize-winning poet Richard Eberhart, faced a dilemma: Should she protect her parents' well-crafted family myths while continuing to silence her own voice? Or was it time to challenge those myths and speak her truth—even the unbearable truth that her generous and kind father had sexually violated her? In this powerful memoir, aided by her father's extensive archives at Dartmouth College and interviews with some of her father's best friends, Cherington candidly and courageously retraces her past to make

sense of her father and herself. From the women's movement of the '60s and the back-to-the-land movement of the '70s to Cherington's consulting work through three decades with powerful executives to her eventual decision to speak publicly in the formative months of #MeToo, Poetic License is one woman's story of speaking truth in a world where, too often, men still call the shots.

Because I Love You - Joyce Allan 2002

Confronted in midlife with a devastation discovery about her father's most secret life as a paedophile, Joyce Allan, a psychiatric nurse/therapist, traces the history of sexual abuse across five generations of her family. Providing the unique insight into the value systems that perpetuate child sexual abuse within families, churches, and society, this memoir describes how silence itself creates the 'ecology of sexual abuse'. A Serial Killer's Daughter - Kerri Rawson
2019-01-29

What is it like to learn that your ordinary, loving father is a serial killer? In 2005, Kerri Rawson opened the door of her apartment to greet an FBI agent who shared the shocking news that her father had been arrested for murdering ten people, including two children. That's also when she first learned that her father was the notorious serial killer known as BTK, a name he'd given himself that described the horrific way he committed his crimes: bind, torture, kill. As news of his capture spread, the city of Wichita celebrated the end of a thirty-one-year nightmare. For Kerri Rawson, another was just beginning. In the weeks and years that followed,

Kerri was plunged into a black hole of horror and disbelief. The same man who had been a loving father, a devoted husband, church president, Boy Scout leader, and a public servant had been using their family as a cover for his heinous crimes since before she was born. Everything she had believed about her life had been a lie. Written with candor and extraordinary courage, *A Serial Killer's Daughter* is an unflinching exploration of life with one of America's most infamous killers and an astonishing tale of personal and spiritual transformation. For all who suffer from: unhealed wounds, the crippling effects of violence, betrayal, or anger, Kerri Rawson's story offers the hope of reclaiming sanity in the midst of madness, rebuilding a life in the shadow of death, and learning to forgive the unforgivable.
