

Origins Of Love

[The Origin of Humanness in the Biology of Love](#) - Humberto Maturana Romesín 2012-02-21

The central concern of this book is us human beings. The authors' basic question is: 'How is it that we can live in mutual care, have ethical concerns, and at the same time deny all that through the rational justification of aggression?' The authors answer this basic question indirectly by providing a look into the fundamentals of our biological constitution, concentrating on what they term emotioning, that is the flow of emotions in daily life that guides the flow of the systemic conservation of a manner of living. Maturana and Verden-Zöllner claim that the fundamental emotion that gave rise to humans as sapient languaging beings was love, and that this remains our fundament even when other emotions become socially prevalent.

The Origins of Love and Hate, Etc - Ian Dishart SUTTIE 1960

“The” Origins of Love and Hate - Ian D. Suttie 1963

The Origins of Love and Hate - Ian Dishart Suttie (d) 1952

The Origins of Love and Hate - Ian D (Ian Dishart) 1889-19 Suttie 2023-07-18

This groundbreaking study explores the psychological roots of love and hate. Written by renowned psychoanalyst Ian D. N Suttie, it offers a compelling and insightful analysis of these complex emotions. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Origins of Love - Kishwar Desai 2012-05-24

The second novel from the winner of the Costa First Novel Award 2010; a stunning story of the value of life. In Delhi a small baby lies alone and abandoned. The product of IVF and surrogacy, she had been so coveted - until she was born with a fatal illness. No one knows how the infection could have been transferred to the child, but one thing is certain: no one wants her now. Thousands of miles away in London, Kate and Ben are desperate for a baby. But, despite all their efforts, fate seems to be skewed against them. Then, as Kate suffers another miscarriage, she knows something has to change. She has heard of women who are prepared to carry a baby for others, and she knows this might be a way to finally find happiness. But will her desire for a baby stop at nothing...? And between the two, feisty social worker Simran Singh is determined to uncover the truth behind the shadowy façade of the multi-million dollar surrogacy industry. Women and children are being exploited, their lives thrown away like so much dust. Is she the only person prepared to stand up for what is right...? Praise for Witness the Night: 'Terrific' Toby Clements, Telegraph 'No "next-best-thing" novel has been as literary, bold and compelling as Witness the Night... it is a taut, gripping and complex thriller with two enigmatic heroines at its core ... I dare you - woman, man, neither or both - not to love Witness the Night.' Huffington Post

Origins of Love - Harry E. Weaver 2005-01-01

[Love Songs](#) - Ted Gioia 2015

Uncovers the unexplored history of the love song, from the fertility rites of ancient cultures to the sexualized YouTube videos of the present day, and discusses such topics as censorship, the legacy of love songs, and why it is a dominant form of modern musical expression.

Origins of the Sacred - Dudley Young 1992

A groundbreaking examination of the development of religion and sacredness as seen through the art, mythology, customs, and literature of our ancestors. Young points the way toward defining and returning to a mythic voice that was once the heart of the human soul. "A dazzling exposition . . . that goes far to establish Young as the Joseph Campbell of the nineties".--Kirkus. Index.

The Sea of Innocence - Kishwar Desai 2013-05-23

A missing girl, a death in paradise, and a race against time to uncover the truth. The thrilling new adventure starring Simran Singh. Goa, south India. A beautiful holiday hideaway where hippies and backpackers while away the hours. But beneath the clear blue skies lies a dirty secret... Simran Singh is desperate for a break and some time away from her busy job as a social worker-come-crime investigator. And so the unspoiled idyll of Goa seems just the place - white beaches, blue seas and no crime. But when a disturbing video appears on her phone, featuring a young girl being attacked by a group of men, she realises that a darkness festers at the heart of this supposed paradise. And when she discovers out that the girl is Liza Kay, a British teenager who has gone missing, she knows she must act in order to save her. But first Simran must break through the web of lies and dark connections that flourish on these beaches. Everyone, it seems, knows what has happened to the girl but no one is prepared to say. And when more videos appear, and Simran herself is targeted in order to keep her quiet, the paradise soon becomes a living nightmare. PRAISE FOR ORIGINS OF LOVE: 'Insightful and moving' 4 stars, Woman's Own 'A serious, issue-based novel that is also a page-turner' Metro PRAISE FOR WITNESS THE NIGHT: 'Terrific' Toby Clements, Telegraph 'A powerfully-felt, shocking and moving indictment of cruelty and oppression' Maggie Gee
The Origins of Love and Hate - Ian Dishart Suttie 1935

The Origins of Love and Hate, By Ian D. Suttie, With a Preface by Dr. J.A. Hadfield - Ian Dishart Suttie 1963

[The Origins Of Love And Hate](#) - Suttie, Ian D 2014-06-23

First published in 1999. The author presents a passionate argument for a therapeutic practice based on the physician's love for the deeply deprived patient. Ian Suttie, a psychiatrist of the Tavistock clinic in the 1930s, advocates a more optimistic view of human nature than traditional Freudian psychology. Hadfield describes the importance of this title by stating that where the reader does not agree with the author they will, nevertheless, have their own thoughts stimulated and their own views clarified.

Shards of Love - María Rosa Menocal 1994

With the Spanish conquest of Islamic Granada and the expulsion of the Jews from Spain, the year 1492 marks the exile from Europe of crucial strands of medieval culture. It also becomes a symbolic marker for the expulsion of a diversity in language and grammar that was disturbing to the Renaissance sensibility of purity and stability. In rewriting Columbus's narrative of his voyage of that year, Renaissance historians rewrote history, as was often their practice, to purge it of an offending vulgarity. The cultural fragments

left behind following this exile from the core of Shards of Love, as María Rosa Menocal confronts the difficulty of writing their history. It is in exile that Menocal locates the founding conditions for philology--as a discipline that loves origins--and for the genre of love songs that philology reveres. She crosses the boundaries, both temporal and geographical, of 1492 to recover the "original" medieval culture, with its Mediterranean mix of European, Arabic, and Hebrew poetics. The result is a form of literary history more lyrical than narrative and, Menocal persuasively demonstrates, more appropriate to the Middle Ages than to the revisionary legacy of the Renaissance. In discussions ranging from Eric Clapton's adaption of Nizami's Layla and Majnun, to the uncanny ties between Jim Morrison and Petrarch, Shards of Love deepens our sense of how the Middle Ages is tied to our own age as it expands the history and meaning of what we call Romance philology.

[Aphrodite](#) - Charles River Charles River Editors 2017-06-04

*Includes pictures *Includes ancient descriptions of the goddess and myths *Includes online resources and a bibliography for further reading "However impious the apotheosis of sexuality may seem in the light of the Christian tradition, modern sensibility can nevertheless also appreciate how in the experience of love the loved one and indeed the whole world appears transfigured and joyously intensified, making all else seem insignificant, a tremendous power is revealed, a great duty." Attempting to cover all the forms the "Goddess of Love" encapsulates is no small affair. The roles she played in romance, marriage, procreation, and all of the other desires of humanity were myriad, but the aim of this book is to paint a slightly different, perhaps more esoteric version of Aphrodite from the usual image of her in mythology books. The fact is that Aphrodite, as an ancient Greek goddess, was not the anthropomorphic personage modern aficionados see painted on canvas and hewn out of stone. In addition to that, she was also so much more, which can be a difficult concept for the modern reader to discern. In fact, it was difficult for certain ancient readers to discern too; the 5th century BCE philosopher Plato expressed disgust at the idea that his gods would debase themselves in the adulterous, murderous, and mischievous ways they were said to have in their myths. However, it is important to remember that Plato represented a very small proportion of ancient Athenian society, and the rest of the populace didn't seem to have much of a problem including the "personal" anthropomorphic aspect of the gods into their more "elemental" and "essential" beings. As the scholar Leopold Schmidt put it, "For anyone born a Greek and thinking like a Greek, the idea of a clean

antithesis between unity and plurality is put aside where the supernatural beings are concerned. He has no difficulty in conceiving unity of action divorced from any unity of person." This is a very important point to remember when considering any of the ancient Greek gods, which can help the modern reader realize the depth of "character" that Aphrodite embodied for the ancient Greeks. Hers was more than the wooing gifts, more than the marriage bed, and more than the "propriety of women." She was an elemental force and not one to be underestimated. Aphrodite: The Origins and History of the Greek Goddess of Love looks at the story of the legendary deity and the various roles she played in Greek mythology. Along with pictures depicting important people, places, and events, you will learn about Aphrodite like never before.

The Origins of Life - Anna-Teresa Tymieniecka 2012-12-06

Understanding life through its origins reveals the groundwork underlying the differentiations of its autonomous generative matrixes. Following the primogenital matrix of generation, the three generative matrixes of the specifically human sense of life establish humanness within the creative human condition as the existential sphere of sharing-in-life.

[The Origins And Sources Of The Court Of Love](#) - William Allan Neilson 2023-07-18

Delve into the origins of courtly love with this captivating study by William Allan Neilson. From its beginnings in medieval France to its influence on modern literature and culture, Neilson's comprehensive analysis sheds light on this enduring and enigmatic aspect of Western civilization. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public.
