Undoing Privilege Professor Bob Pease 2013-04-04 For every group that is oppressed, another group is privileged. In *Undoing Privilege*, Bob Pease argues that privilege, as the other side of oppression, has received insufficient attention in both critical theories and in the practices of social change. As a result, dominant groups have been allowed to reinforce their dominance. *Undoing Privilege* explores the main sites of privilege, from Western dominance, class elitism, and white and patriarchal privilege to the less-examined sites of heterosexual and able-bodied privilege. Pease points out that while the vast majority of people may be oppressed on one level, many are also privileged on another. He also demonstrates how members of privileged groups can engage critically with their own dominant position, and explores the potential and limitations of them becoming allies against oppression and their own unearned privilege. This is an essential book for all who are concerned about developing theories and practices for a socially just world.

Irigaray Rachel Jones 2013-05-03 The work of French Philosopher Luce Irigaray has exerted a profound influence on feminist thinking of recent decades and provides a far-reaching challenge to western philosophy's entrenched patriarchal norms. This book guides the reader through Irigaray's critical and creative transformation of western thought. Through detailed analysis of her most important text, *Speculum of the Other Woman*, Rachel Jones carefully examines Irigaray's transformative readings of such icons of the western tradition as Plato, Descartes, Kant and Hegel. She shows that these readings underpin Irigaray's claim that western philosophy has been dependent on the forgetting of both sexual difference and of our singular beginnings in birth. In response, Irigaray seeks to recover a positive account of sexual difference which would release woman from her traditional position as the 'other' of the subject and allow her to speak as a subject in her own right. In a sensitive reading of Irigaray's work, Jones shows why this distinctively feminist project necessarily involves the transformation of the fundamental terms of western metaphysics. By foregrounding Irigaray's approach to questions of otherness and alterity, she concludes that, for Irigaray, cultivating an ethics of sexual difference is the condition of ethical relations in general. Lucidly and persuasively written, this book will be an invaluable resource for students and scholars seeking to understand Irigaray's original contribution to philosophical and feminist thought.

Racism, Eh? Charmaine Nelson 2004 "Racism, Eh?" is the first publication that examines racism within the broad Canadian context. This anthology brings together some of the visionaries who are seeking to illuminate the topics of race and racism in Canada through the analysis of historical and contemporary issues, which address race and racism as both material and psychic phenomena. Fundamentally interdisciplinary in nature, this text will be an invaluable resource for undergraduate and graduate students, academics studying or practicing within the Humanities and the Social Sciences, and anyone seeking information on what has been a little explored and poorly understood Canadian issue."--pub. desc.

Fixing Gender Natasha Distiller 2011-04-01 *Fixing Gender* uses psychoanalysis to explore the theoretical implications for the gendering of the human subject that arise from the situation of lesbians raising children from birth. The book engages with feminist psychoanalytic debates about gender development and the role played by the Oedipus complex in the formation of gender identity. Through an examination of literature on homosexuality and psychoanalysis, it offers a new intervention into the conceptualization and work of gender while using lesbian motherhood as a focal point for the discussion.

South Asians in Kenya Pascale Herzig 2006 For more than a century a substantial South Asian minority has been living in Kenya. Within a few decades a majority of the Kenyan Asians has managed to transform their living conditions from an impoverished rural background in South Asia to a globalised and economically successful middle class in East Africa. Therefore this research sets an example of migration as an opportunity for social mobility. The study is based on empirical data collected with South Asians in Kenya, who were differentiated by gender, age, migratory generation and other social boundaries. The research is divided into three levels of analysis: interethnic and intra-ethnic relations, i.e. the relations within the South Asian minority, as well as the relations within the family. To understand the complexity of migrants' lives an approach of 'geographies of intersectionality' was developed which takes different intersecting social boundaries into account and additionally considers the significance of place. The study shows that migration has an impact on the relations between genders, age groups and migratory generations and leads to changing identities and new lifestyles. Book jacket.

The Palgrave Handbook of German Idealism and Feminist Philosophy Susanne Lettow 2023-01-04 This book gives a comprehensive overview of the ways in which the relation between German Idealism and feminist philosophy has been explored. It demonstrates the significance of German Idealism for feminist philosophy, and simultaneously brings out the relevance of feminist readings and interpretations for a critical understanding of German Idealism. Key Features: • Presents original work on the German Idealists and considers their legacy within feminist thought from different philosophical perspectives. • Incorporates perspectives from queer theory, new materialism and critical philosophy of race, and so explores German Idealism through the subversion and transformation of meanings and conceptual arrangements. • Challenges the epistemic boundaries of philosophy by engaging the thought of women contemporary with the German Idealists such as Bettina von Arnim and Karoline von Günderrode. • Places the work of the German Idealists on gender, sexuality, marriage and family within the wider contexts of colonialism and European nation building. • Considers how several key concepts of German Idealism (such as subject, reason, enlightenment, autonomy and the sublime) have been central targets of feminist theory. • Includes a Black feminist critique of Kantian universalism. Fully reflecting the diversity that characterizes feminist thinking today, *The Palgrave Handbook of German Idealism and Feminist Philosophy* is essential reading for scholars and graduate students of German idealism, feminist philosophy and feminist theory. W.E.B. Du Bois and the Problems of the Twenty-First Century Reiland Rabaka 2007-02-03 W.E.B. Du Bois and the Problems of the Twenty-First Century utilizes Du Bois's thought and texts to develop an Africana Studies-informed critical theory of contemporary society.

The Intersectional Approach Michele Tracy Berger 2010-01-01 Intersectionality, or the consideration of race, class, and gender, is one of the prominent contemporary theoretical contributions made by scholars in the field of women's studies that now broadly extends across the humanities, social sciences, and natural sciences. Taking stock of this transformative paradigm, *The Intersectional Approach* guides new and established researchers to engage in a critical reflection about the broad adoption of intersectionality that constitutes what the editors call a new "social literacy" for scholars. In eighteen essays, contributors examine various topics of interest to students and researchers from a feminist perspective as well as through their respective disciplines, looking specifically at gender inequalities related to globalization, health, motherhood, sexuality, body image, and aging. Together, these essays provide a critical overview of the paradigm, highlight new theoretical and methodological advances, and make a strong case for the continued use of the intersectional approach both within the borders of women's and gender studies and beyond. Experiencing Gender Rocío Carrasco-Carrasco 2015-10-13 This book provides comprehensive insights into the concept of gender in an international context. By focusing on diverse and varied critical approaches, it explores how gender identities are shaped by socio-cultural factors, and provides a map of how gender experiences are understood and represented in the arts and society. Through an analysis of both focal and local experiences of gender within a global context, the contributions to this volume create a continuum in which gender and experience stand at a crossroads within the arts. Moreover, this crossroads intersects with the cultural determinations that some of the contributors explore in a critical way. Consequently, this volume represents a necessary contribution to the new maps of gender that are currently being set for the future. The book will appeal to academic scholars interested in the articulation of gender in traditional discourses, as well as the many deconstructions that have been undertaken in the recent past and the present. In addition, the volume is suitable for use in programmes and modules for undergraduate students of feminist and gender studies, cultural studies, sociology, literature, and popular culture, among other disciplines.

Africana Critical Theory Reiland Rabaka 2009-01-16 Building on and going far beyond W.E.B. Du Bois and the Problems of the Twenty-First Century and Du Bois's *Dialectics*, Reiland Rabaka's *Africana Critical Theory* innovatively identifies and analyzes continental and diasporan African contributions to classical and contemporary critical theory. This book represents a climatic critical theoretical clincher that cogently demonstrates how Du Bois's rarely discussed dialectical thought, interdisciplinarity, intellectual history-making radical political activism, and world-historical multiple liberation movement leadership helped to inaugurate a distinct Africana tradition of critical theory. With chapters on W.E.B. Du Bois, C.L.R. James, Negritude (Aime Césaire and Leopold Senghor), Frantz Fanon and Amílcar Cabral, *Africana Critical Theory* endeavors to accessibly offer contemporary critical theorists an intellectual archaeology of the Africana tradition of critical theory and a much-needed dialectical deconstruction and reconstruction of black radical politics. These six seminal figures' collective thought and texts clearly cuts across several disciplines and, therefore, closes the chasm between Africana Studies and critical theory, constantly demanding that intellectuals not simply think deep thoughts, develop new theories, and theoretically support radical politics, but be and constantly become political activists, social organizers and cultural workers - that is, folk the Italian critical theorist Antonio Gramsci referred to as 'organic intellectuals.' In this sense, then, the series of studies gathered in *Africana Critical Theory* contribute not only to African Studies, African American Studies, Caribbean Studies, Cultural Studies, Gender Studies, and Postcolonial Studies, but also to contemporary critical theoretical discourse across an amazingly wide-range of 'traditional' disciplines, and radical political activism outside of (and, in many instances, absolutely against) Europe's ivory towers and the absurdities of the American academy.

Aesthetics Carolyn Korsmeyer 1998-11-09 Philosophers have considered questions raised by the nature of art, of beauty, and critical appreciation since ancient times, and the discipline of aesthetics has a long tradition that stretches from Plato to the present.

The Domestication of Martin Luther King Jr. Lewis V. Baldwin 2013-07-03 Clarence B. Jones, close King advisor and draft speechwriter, has done much to reinforce a conservative hijacking of King's image with the publication of his controversial books *What Would Martin Say?* (2008) and *Behind the Dream* (2011). King emerges from Jones's books not as a prophetic radical who attacked systemic racial injustice, economic exploitation, and wars of aggression, but as a fiercely conservative figure who would oppose affirmative action and illegal immigration. *The Domestication of Martin Luther King Jr.* offers a critique of Jones's work and the larger effort on the part of right-wing conservatives to make King a useful symbol, or the sacred aura, in a protracted campaign to promote their own agenda for America. This work establishes the need to rethink King's legacy of ideas and activism and its importance for our society and culture. Contributors include: Lewis V. Philosophy of Science and Race Naomi Zack 2014-04-23 First published in 2003. In this concisely argued, short new book, well-known philosopher Naomi Zack explores the scientific and philosophical problems in applying a biological conception of race to human beings. Through the systematic analysis of up-to-date data and conclusions in population genetics, transmission genetics, and biological anthropology, Zack provides a comprehensive conceptual account of how race in the ordinary sense has no basis in science. Her book combats our everyday understanding of race as a scientifically supported taxonomy of human beings, and in conclusion challenges us to be clear about what we mean by race and what it would require to remedy racism.

Forms of Fanonism Reiland Rabaka 2010-03-08 When Frantz Fanon's critiques of racism, sexism, colonialism, capitalism, and humanism are brought into the ever-widening orbit of Africana critical theory something unprecedented in the annals of Africana intellectual history happens: five distinct forms of Fanonism emerge. *Forms of Fanonism: Frantz Fanon's Critical Theory and the Dialectics of Decolonization* is discursively distinguished from other engagements of Fanon's thought and texts insofar as it is the first study to consciously examine his contributions to Africana Studies and critical theory or, rather, the Africana tradition of critical theory. *Forms of Fanonism* identifies and intensely analyzes Fanon's contributions to the deconstruction and reconstruction of Africana Studies, radical politics, and critical social theory. In highlighting his unique 'solutions' to the 'problems' of racism, sexism, colonialism, capitalism, and humanism, five distinct forms of Fanonism materialize. These five forms of Fanonism allow contemporary critical theorists to innovatively explore the ways in which his thought and texts can be dialectically put to use in relieving the wretched experience of this generation's wretched of the earth. Critics can also apply these forms to deconstruct and reconstruct Africana Studies, radical politics, and critical social theory using their anti-imperialist interests. Throughout *Forms of Fanonism*, Reiland Rabaka critically dialogues with Fanon, incessantly asking his corpus critical questions and seeking from it crucial answers. This book, in short, solemnly keeps with Fanon's own predilection for connecting critical theory to revolutionary praxis by utilizing his thought and texts as paradigms and points of departure to deepen and develop the Africana tradition of critical theory.

"I Could Not Speak My Heart" University of Regina. Canadian Plains Research Center 2004 This anthology of 19 articles documents the pain & misunderstanding that lesbian, gay, bisexual, & transgendered people have experienced in the very recent past and demonstrates the real progress, both in theory & in practice, that has been made in the struggle for equity & social justice. The articles include autobiography, testament, fiction, poetry, and traditional personal & analytic essays, from authors with different intellectual perspectives: human rights, social reform & human justice, feminist, liberationist, and queer theory.

Inclusive Feminism Naomi Zack 2005-03-11 Second Wave feminism collapsed in the early 1980s when a universal definition of women was abandoned. At the same time, as a reaction to the narcissism of white middle class feminism, "intersectionality" led to many different feminisms according to race, sexual preference and class. These ongoing segregations make it impossible for women to unite politically and they have not ended exclusion and discrimination among women, especially in the academy. In *Inclusive Feminism*, Naomi Zack provides a universal, relational definition of women, critically engages both Anglo and French feminists and shows how women can become a united historical force, with the political goal of ruling in place of men.

Silencing the Queen Tal Ilan 2006 Tal Ilan explores the way historical documents from antiquity are reworked and edited in a long process that ends in silencing the women originally mentioned in them. Many methods are used to produce this end result: elimination of women or their words, denigration of the women and their role or unification of several significant women into one. These methods and others are illuminated in this book, as it uses the example of the Jewish queen Shelamzion Alexandra (76-67 BCE) for its starting point. Queen Shelamzion was the only legitimate Jewish queen in history. Yet all the documents in which she is mentioned (Josephus, Qumran scrolls, rabbinic literature etc.) have been reworked so as to minimize her significance and distort the picture we may receive of her. Tal Ilan follows the ways this was done and in doing so she encounters similar patterns in which other Jewish women in antiquity were silenced, censored and edited out.

The Ground Has Shifted Walter Earl Fluker 2018-10-02 Honorable Mention, Theology and Religious Studies PROSE Award A powerful insight into the historical and cultural roles of the black church If we are in a post-racial era, then what is the future of the Black Church? If the US will at some time in the future be free from discrimination and prejudices that are based on race how will that affect the church's very identity? In *The Ground Has Shifted*, Walter Earl Fluker passionately and thoroughly discusses the historical and current role of the black church and argues that the older race-based language and metaphors of religious discourse have outlived their utility. He offers instead a larger, global vision for the black church that focuses on young black men and other disenfranchised groups who have been left behind in a world of globalized capital. Lyrically written with an emphasis on the dynamic and fluid movement of life itself, Fluker argues that the church must find new ways to use race as an emancipatory instrument if it is to remain central in black life, and he points the way for a new generation of church leaders, scholars and activists to reclaim the black church's historical identity and to turn to the task of infusing character, civility, and a sense of community among its congregants.

Understanding Race Class Gender And Sexuality The Big Questions

Before you embark on your journey to find Race Class Gender And Sexuality The Big Questions online, it's essential to grasp the concept of Race Class Gender And Sexuality The Big Questions eBook formats. Race Class Gender And Sexuality The Big Questions come in various formats, each with its own unique features and compatibility. Understanding these formats will help you choose the right one for your device and preferences.

Different Race Class Gender And Sexuality The Big Questions eBook Formats Explained

1. EPUB (Electronic Publication):

EPUB is one of the most common eBook formats, known for its versatility and compatibility across a wide range of eReaders and devices.

Features include reflowable text, adjustable font sizes, and support for images and multimedia.

EPUB3, an updated version, offers enhanced interactivity and multimedia support.

2. MOBI (Mobipocket):

MOBI was originally developed for Mobipocket Reader but is also supported by Amazon Kindle devices.

It features a proprietary format and may have limitations compared to EPUB, such as fewer font options.

3. PDF (Portable Document Format):

PDFs are a popular format for eBooks, known for their fixed layout, preserving the book's original design and formatting.

While great for textbooks and graphic-heavy books, PDFs may not be as adaptable to various screen sizes.

4. AZW/AZW3 (Amazon Kindle):

These formats are exclusive to Amazon Kindle devices and apps.

AZW3, also known as KF8, is an enhanced version that supports advanced formatting and features.

5. HTML (Hypertext Markup Language):

HTML eBooks are essentially web pages formatted for reading.

They offer interactivity, multimedia support, and the ability to access online content, making them suitable for textbooks and reference materials.

6. TXT (Plain Text):

Plain text eBooks are the simplest format, containing only unformatted text.

They are highly compatible but lack advanced formatting features.

Choosing the right Race Class Gender And Sexuality The Big Questions eBook format is crucial for a seamless reading experience on your device. Here's a quick guide to format compatibility with popular eReaders:

EPUB: Compatible with most eReaders, except for some Amazon Kindle devices. Also suitable for reading on smartphones and tablets using dedicated apps.

MOBI: Primarily compatible with Amazon Kindle devices and apps.

PDF: Readable on almost all devices, but may require zooming and scrolling on smaller screens.

AZW/AZW3: Exclusive to Amazon Kindle devices and apps.

HTML: Requires a web browser or specialized eBook reader with HTML support.

TXT: Universally compatible with nearly all eReaders and devices.

Understanding Race Class Gender And Sexuality The Big Questions eBook formats and their compatibility will help you make informed decisions when choosing where and how to access your favorite eBooks.
