**Break Up Or Break Through** - Dina Bachelor  
Evan 2001

A warm and accessible guide to creating and maintainng long-term relationships for gay and lesbian couples, written by a psychotherapist with 16 years of couples counselling. It compensates for the fact that many gays and lesbians lack the tools to attain relationships, and also lack the role models, or a therapist versed in gay and lesbian couples' unique issues. Helpful principles are outlined through exercises, meditations and personal inventories, in order to heal emotions and remove barriers to intimacy, and to elevate gay and lesbian couples to strength

*Them* - John Certalic 2016-02-27

THEM is a story of developing richer relationships by caring for others. You'll read real-life stories of people giving of themselves, expecting nothing, yet who gain everything in return that matters most. John Certalic weaves his deeply personal story with the stories of others, to show we can all become part of a much larger, more meaningful story than our own. You'll be drawn into life-giving narratives of forgiveness and reconciliation, honoring others, resolving conflict, listening well, and more. THEM is a story of hope found in viewing our past through the lens of grace. It is one that encourages us to recognize that when we focus on THEM, it leads to a better ME, resulting in a more fulfilling US.

*Richer with Character* - Victor Alade 2021-06-13

I have never seen anyone who desires to be poor and I don't think there is ever anyone who doesn't want to be rich. No matter the stage that you are in your journey in life, you certainly want to be better. Truly, the issue of wealth and prosperity must be settled in your mind. You will agree with me that most people will say that they want to be rich. The thing is, wealth and prosperity does not come with mere wishing. Those who are physically rich have been first rich in their minds, which is to say that the quality of the mind is very important, and they have imbibed some characters that have distinguished them from others. In this book, *Richer with Character*, which is his first, Victor Alade wrote about these distinguishing characters in a practicable way. He tells readers that being poor has nothing to do with their background. He tells us personal examples of steps he and others have taken to emerge from very dark background to become successful.

*RICHER WITH CHARACTER* describes many examples of real life people who have grown from poor to rich with an assurance that everyone can be successful. One thing is common to most of them: character. One of the reasons for writing this book is to help you understand the difference that your character can make in reaching your goal in life, which, based on the context of this book is prosperity. I want to try and show you helpful guides, signs and directions on the pathway that character leads you. This pathway is relationship; it is where all characters lead to. The things you do, or say are going to affect other people. Family members, business partners, colleagues are all elements of your relationships and your attitude or behavior to them will form your character. Again, the characters of prosperous people in this book points to one thing: their relationships. And frankly, relationship is the whole essence of life. Relationships have to do with people and through the lessons of this book I want to reveal

to you that people are potential doors of opportunities just as much as you well know that opportunities are what turn to wealth. This book brings you to realize that your destiny is solely to prosper, that is what you are here on earth to do, and that is your purpose. I want to help you realize that until you belief and accept the fact that you are born to prosper, you are likely going to follow life just the way it goes. And you will most likely take for granted the relationship characters that ordinarily would have guaranteed the fulfillment of your purpose in life. Many people truly believe that they are born to be rich and not to suffer, some people have even taken some actions to bring to pass this glorious destiny but majority have never really focused deliberately on characters that can deliver success and prosperity. I am hoping that I could help you reach deeper, in RICHER WITH CHARACTER to maximize the benefits of relationship characters that will position you to become a truly prosperous person. Following the

principles and imbibing the characters within this book could be a potentially life changing process! One thing I can assure you is that, if you follow this plan, your mind will be renewed and you will live a more prosperous life. 'Richer with Character' is all about growing, learning and getting better. The more you learn how to improve your relationships, the better you will be. God will use the keys you will learn about your relationships to continually open doors of opportunity for you, Amen.

### **Social Networks with Rich Edge Semantics -**

Quan Zheng 2017-08-15

Social Networks with Rich Edge Semantics introduces a new mechanism for representing social networks in which pairwise relationships can be drawn from a range of realistic possibilities, including different types of relationships, different strengths in the directions of a pair, positive and negative relationships, and relationships whose intensities change with time. For each possibility, the book shows how to model the social network using spectral embedding. It also shows how to compose the techniques so that multiple edge semantics can be modeled together, and the modeling techniques are then applied to a range of datasets. Features

Introduces the reader to difficulties with current social network analysis, and the need for richer representations of relationships among nodes,

including accounting for intensity, direction, type, positive/negative, and changing intensities over time Presents a novel mechanism to allow social networks with qualitatively different kinds of relationships to be described and analyzed Includes extensions to the important technique of spectral embedding, shows that they are mathematically well motivated and proves that their results are appropriate Shows how to exploit embeddings to understand structures within social networks, including subgroups, positional significance, link or edge prediction, consistency of role in different contexts, and net flow of properties through a node Illustrates the use of the approach for real-world problems for online social networks, criminal and drug smuggling networks, and networks where the nodes are themselves groups Suitable for researchers and students in social network research, data science, statistical learning, and related areas, this book will help to provide a deeper understanding of real-world social

### **Do's & Don'ts of Relationships: Nine Steps To A Deeper, Richer Love Relationship -**

Ernest Quansah 2023-02-20

Do's & Don'ts of Relationships starts with dating and then moves onto love relationships, marriage, and reminds you of putting together a success plan to break-up proof your relationships and divorce-proof your marriage. AS the reader, you will not complain that there is not enough in the book, as it covers a great deal of territory offering dozens of tips for success as well as many more such as

understanding the sexes, secrets to attaining success in a relationship, dating tips and winning the dating game, preventing infidelity, abusive behavior, behavior to absolutely avoid in relationships, behavior to pursue, don't get married to get divorced, thriving after divorce, developing a success plan and many more important issues. Using his many years of experience as a love relationship expert coupled with a good deal of research, *Do's & Don'ts of Relationships: Nine Steps to a Deeper, Richer Love Relationship (Volume 3)* shows the reader how to avoid love relationships and marriages from falling apart. This book is about relationship success and how to attain it. No matter how much our society has evolved in various achievements, love relationship success remains elusive as evidenced by the high divorce rate. We read about it, we watch television shows about it, however, unfortunately we barely recognize the problem. If we thought carefully, we would analyze the kind of

relationship we are seeking, the kind of male or female we are born to be with, and what we bring to the table. And the books end with professionally created recipes. The topics are detailed at length providing practical advice that is backed with concrete anecdotes taken from his own professional practice. For example, "everyone wants to be happy and successful at love, but how do you know if the person you have met is the right one?" The author offers six suggestions: know what you want, be strategic, hook 'em with a powerful incentive, seek confirmation that he or she is the right one, nurture the relationship, and be available. In another section concerning dating, the author delves into questions as to how to send the right message, adopting a dating philosophy, what do men and women really want, when do you know he or she loves you, and when do women and men introduce their partner to mom, dad and friends.

*It's Within You* - Ilene S Cohen Ph D 2019-04

A Powerful Synthesis of Modern Psychology and Ancient Spiritual Wisdom  
What if you could just stop worrying about what others think of you? How much more could you accomplish in life? ONE simple shift could make it happen...Burned out. Struggling. Undervalued. Conflicted. Invalidated. Anxious. Angry. Empty. All signs that your self-worth isn't coming from within. We've all been there, and it's not a place where healthy relationships, personal freedom, and peace of mind can thrive. Do you find yourself asking: Why doesn't he ever change?... Why don't they recognize my value?... Why won't she ever give me a break?... Why do they have it "in for me"? "It's Within You", from psychotherapist Dr. Ilene S. Cohen, and Rabbi Aryeh Weinstein is the definitive guide to living a life YOU create and direct - not one dictated by others or circumstances. It all comes down to one simple - but not always easy - shift: Stop expecting others to change and work on

changing yourself. In "It's Within You", you'll learn how to harness a new, stronger self-worth to: - Respond to real-life issues with healthy emotions and behaviors, not destructive ones. - Become the source of your own thoughts and emotions. - Stop taking the things people say about you so personally.- Easily "let things go."

*For Richer, Not Poorer* - Ruth L. Hayden

2010-01-01

Money matters are some of the most difficult areas for spouses to approach in an open and honest way. They are also some of the leading causes of breakups and divorces. This innovative, life-changing book will forever improve readers' relationship as a couple by teaching them budgeting and money-management techniques that will last a lifetime. Whether readers have been together for many years, a few years or are just starting out, this book will show them how to permanently resolve all their money issues. Its unique approach does not offer a quick fix, but, rather, an evolutionary

process that will teach readers how to make their money life work in a way that fosters a strong, committed, lifelong partnership. Readers will learn how to work together in a financial partnership focused on budget and cash flow. Even as their life as a couple changes and the numbers in their budget fluctuate, readers will be able to effectively employ the methods, strategies and skills they learn in this book for a lifetime. This book identifies the three communication responses couples use that do not work to create a long-term financial partnership, the four cornerstones of a healthy money partnership, the two absolute rules of budgeting, the three negative consequences that result from living without defined couple goals and what your mutual values are. It provides a step-by-step structure for developing a workable budget that both members of the couple are committed to emotionally and intellectually. In addition, readers will find this book readily accessible and easy to read. It presents case

**Contagious Selling: How to Turn a Connection into a Relationship that Lasts a Lifetime** - David Rich 2012-10-12

The breakthrough selling method that converts leads into customers, customers into repeat customers, and repeat customers into lifelong relationships Salespeople too often approach selling as a transaction instead of a relationship--going in with the intention to sell rather than to build a relationship. Use the lessons in Contagious Selling to put relationships first--and sales will inevitably follow. Contagious Selling provides the tools for captivating even the toughest customers and then cultivating genuine relationships through the power of being contagious. A leading expert on persuading and motivating others, David Rich presents his powerful new method for attracting, connecting with, and maintaining buyers. Inside, he teaches you how to Get prospects to feel as if they've known you their whole lives Use voice

modulation and body language to instantly connect with anybody Sell yourself without sounding self-serving Manage the transition from captivation to cultivation Make your customers "competition proof"

**For Richer, for Poorer** - Maria Konings 2009

This book discusses and investigates the new Property Relationship Act, passed into law in February 2001. It covers married couples, de facto couples and same sex couples who have been together for more than three years.

**True Connection** - George Faller 2018-08-01

How growing in self-awareness deepens relationships From their years of counseling individuals, couples, and families, George Faller and Heather Wright show how to repair conflict, move from disconnection to reconnection, and discover God's movement in our life and relationships. They call their model NAME IT (Notice, Acknowledge, Merge, Embrace, Integrate, and Thank). To heal a relationship, first we connect with our own hearts and stories,

then understand the other person's position, and finally merge those two truths (or versions of what is happening), giving birth to a new connection. By telling their own stories and those of clients they have cared for, Faller and Wright encourage those who feel disconnected not to despair in the midst of their trials but to find faith and a community to help them survive and grow. They show readers that rather than

letting painful relationships leave them feeling alone and despairing, they can find hope in a deepened self-awareness that leads to richer relationships and spiritual vitality. Whether readers hope to experience the magical glow of romance, the joy of parenting, the satisfaction of community life, or a loving view of God, the NAME IT model will help them transform all their relationships.
