Undefined - Harry Schaumburg 2009-09-01

Amid the chaos of cybersex, impersonal sex, adultery, homosexuality, and sexual

dissatisfaction in marriage, Undefined calls readers toward a new kind of spiritual and sexual revolution. Sexual impurity creates a vicious circle, one that springs from misconceptions about Christ and further taints our understanding of Him. Yet another circle is available to men and women trapped in sexual sin, a circle of sexual redemption. When practiced as God intends, spirituality and sexuality both draw us closer to Christ. Spiritual maturity and sexual maturity go hand-in-hand, and together they hold out the promise of redemption and restoration needed by everyone who has been damaged by sexual sin. There is hope. Real change is possible; true intimacy is available. To the person who has failed time and time again sexually, God's message is simple: You, too, can be undefiled.

The Art Of Seduction - Robert Greene
2010-09-03

Which sort of seducer could you be? Siren? Rake? Cold Coquette? Star? Comedian? Charismatic? Or Saint? This book will show you which. Charm, persuasion, the ability to create illusions: these are some of the many dazzling gifts of the Seducer, the compelling figure who is able to manipulate, mislead and give pleasure all at once. When raised to the level of art,

seduction, an indirect and subtle form of power, has toppled empires, won elections and enslaved great minds. In this beautiful, sensually designed book, Greene unearths the two sides of seduction: the characters and the process. Discover who you, or your pursuer, most resembles. Learn, too, the pitfalls of the anti-Seducer. Immerse yourself in the twenty-four manoeuvres and strategies of the seductive process, the ritual by which a seducer gains mastery over their target. Understand how to 'Choose the Right Victim', 'Appear to Be an Object of Desire' and 'Confuse Desire and Reality'. In addition, Greene provides instruction on how to identify victims by type. Each fascinating character and each cunning tactic demonstrates a fundamental truth about who we are, and the targets we've become - or hope to win over. The Art of Seduction is an indispensable primer on the essence of one of history's greatest weapons and the ultimate power trip. From the internationally bestselling author of *The 48 Laws of Power*, *Mastery*, and *The 33 Strategies Of War*.

The New Utopian Politics of Ursula K. Le Guin's The Dispossessed - Laurence Davis 2005-11-22
The *Dispossessed* has been described by political thinker Andre Gorz as 'The most striking description I know of the seductions—and snares—of self-managed communist or, in other words, anarchist society.' To date, however, the radical social, cultural, and political ramifications of Le Guin's multiple award-winning novel remain woefully under explored. Editors Laurence Davis and Peter Stillman right this state of affairs in the first ever collection of original essays devoted to Le Guin's novel. Among the topics covered in this wide-ranging, international and interdisciplinary collection are the anarchist, ecological, post-consumerist, temporal, revolutionary, and open-ended utopian politics of *The Dispossessed*. The book concludes with an essay by Le Guin written specially for this volume, in which she reassesses the novel in light of the development of her own thinking over the past 30 years.

Breaking the Threefold Demonic Cord - Sandie Freed 2008-01-01

God has a divine plan to release his people from the curse of desolation and barrenness. Satan also has a strategy, however, which is to lock us to our past. He uses a threefold cord of the demonic spirits of Jezebel, Athaliah, and Delilah—strongholds that seek to destroy not only us but also generations to follow—to block us from victorious Christian living. But by exposing the

plans of the enemy, God's people can be released from barrenness and launched into expansion, growth, and multiplication. Sandie Freed takes readers through a close study of each of these demonic forces in order to prepare them to break the threefold demonic cord. Conducting a biblical exploration of the everyday tactics of each spirit, Freed lays bare their strategies and helps readers defeat them through prayer.

The Terms of Order - Cedric J. Robinson 2016-03-09

Do we live in basically orderly societies that occasionally erupt into violent conflict, or do we fail to perceive the constancy of violence and disorder in our societies? In this classic book, originally published in 1980, Cedric J. Robinson contends that our perception of political order is an illusion, maintained in part by Western political and social theorists who depend on the idea of leadership as a basis for describing and prescribing social order. Using a variety of critical approaches in his analysis, Robinson synthesizes elements of psychoanalysis, structuralism, Marxism, classical and neoclassical political philosophy, and cultural anthropology in order to argue that Western thought on leadership is mythological rather than rational. He then presents examples of historically developed "stateless" societies with social organizations that suggest conceptual alternatives to the ways political order has been conceived in the West. Examining Western thought from the vantage point of a people only marginally integrated into Western institutions and intellectual traditions, Robinson's perspective radically critiques fundamental ideas of leadership and order.
