**Las Vegas** - Michael S. Green 2006

Fueled by the poker craze and hit TV shows, Las Vegas is hot, with more than 37 million visitors annually. But the city is more than just bright lights and blackjack, as Michael Green, professor and Editor-in-Chief of the Nevada Historical Society Quarterly proves. Follow the fascinating, sometimes scandalous stories behind the glittery facade with splendid images that capture both the man-made glitz and nature's splendor. Experience the old-from the Mojave Desert to the downtown Paiute colony-that offers a refreshing change of pace from the central action. Go into the neighborhoods where locals live their everyday lives. And, of course, walk down every inch of the famous Strip: hotels and casinos; fun sites such as the Elvis-O-Rama Museum; and arcades, malls, bars, and landmarks.

**U.S. 95: A Journey from Mexico to Canada** - Crispin Evenich 2023-09-21

Join us on a scenic drive. A drive along one of the oldest Western Highways in the United States, U.S. Route 95. Starting at the southern border in Mexico and ending at the northern border to Canada, U.S. 95 is a 1,561-mile journey that starts in one of the hottest deserts on planet Earth and ends in a beautiful timber forest valley on the edge of the Rocky Mountains. Experience every state highway, ghost town, roadside oddity, historical location, geographical landmark, ancient glacial lake, military bases, and native American reservation along the route. This beautiful expanse of the west can only be experienced with this highly detailed analysis of every tourist attraction, historical story, and point of interest that falls along this almost century old highway inside of five unique states. Starting with the historical background on the creation of the original American highway system, this book dives into all the interesting and unique locations along the road in Arizona, California, Nevada, Oregon, and Idaho.

**Evolution and Human Sexual Behavior** - Peter B. Gray 2013-04-01

A comprehensive survey of the evolutionary science of human sexual behavior, *Evolution and Human Sexual Behavior* invites us to imagine human sex from the vantage point of our primate cousins, in order to underscore the role of evolution in shaping all that happens, biologically and behaviorally, when romantic passions are aroused.

**The Book of Kink** - Eva Christina 2011-10-04

How to get your Fifty Shades on... For anyone who's felt...inspired...after reading Fifty Shades of Grey, *The Book of Kink* both entertains and enlightens, showing you the who, what, where, why, and how of kink. People everywhere are into kinky sex. For some, it's a way to spice up a withered sex life; for others, it's a way of life. No matter how or why we do it, kinky sex is as old as Adam and Eve and as commonplace as your next-door neighbor. For example, did you know: Japan organized the largest orgy ever caught on tape, featuring 500 participants? A Berlin hotel offers different rooms dedicated to kinky sex, including one with a coffin? Those who are into having sex with an armpit have a fetish called axillism? There is a university dedicated entirely to love and sex called the Loveology University? *The Book of Kink* is an entertaining and enlightening look into all things beyond the pale when it comes to sex. Exploring everything from equipment, sex classes, sex parties, and porn to the who, what, where, when, why, and how of kink, it delves into fetishes, turn-ons, role-playing, and how the Internet has put a new spin on kinkiness. It is an X-rated romp through cultural and social history and contemporary mores. Whether you're appalled to learn that people actually do this or are relieved to find out that you're not the only one, you'll never see sex the same way again.

**The Little Black Book of Paris 2014** - Vesna Neskow 2013-09-12

This sleek guide to the City of Light and beyond will help you locate landmarks, arts and entertainment venues, restaurants, cafes, hotels, chic shops, and after-dark spots, with extra coverage of "Top Picks" attractions. 232 pages plus 10 fold-out maps.

**Disposable Passions** - David Church 2016-09-22

From early twentieth-century stag films to 1960s sexploitation pictures to the boom in 1970s "porno chic," adult cinema's vintage forms are now being reappraised by a new generation of historians, fans, preservationists, and home video entrepreneurs-all of whom depend on and help shape the archive of film

history. But what is the present-day allure of these artifacts that have since become eroticized more for their "pastness" than the explicit acts they show? And what are the political implications of recovering these rare but still-visceral films from a less "enlightened," pre-feminist past? Drawing on media industry analysis, archival theory, and interviews with adult video personnel, David Church argues that vintage pornography retains its retrospective fascination precisely because these culturally denigrated texts have been so poorly preserved on political and aesthetic grounds. Through these films' ongoing moves from cultural emergence to concealment to rediscovery, the archive itself performs a "striptease," permitting tangible contact with these corporeally stimulating forms at a moment when the overall physicality of media objects is undergoing rapid transformation. *Disposable Passions* explores the historiographic lessons that vintage pornography can teach us about which materials our society chooses to keep, and how a long-neglected genre is primed for serious rediscovery as more than mere autoerotic fodder.

**Extraordinary Sex Therapy** - Gina Ogden 2017-10-02

How do we help our clients discover the depth and breadth of sexual healing? *Extraordinary Sex Therapy* offers a range of innovative health-based approaches and models to explore the complexities inherent in sexual pleasure and potential as well as in trauma, pain, and dysfunction. The practitioners whose work is represented here expand the clinical conversation about sex beyond performance goals and tread courageously into unquantifiable realms of sexual and relational desire, health, and transformation. All of these practitioners describe work that embodies therapeutic collaboration with their clients as they confront sexual concerns that include body image, emotions, meanings, and nuances of partner interactions along with the influence of neurobiology, language, gender, addiction, socioeconomics, and cultural conditioning about pleasure. Their interventions range from education, visualization, and role-play to identifying erotic archetypes, coaching about sensual touch, and using plant spirit medicines to activate imagination and spiritual connection. Their descriptions ring with singular authenticity, depending on their training and the particular clients and issues they address. Each practitioner provides clinical examples and techniques in enough detail so that readers can incorporate elements of these approaches into their own practices. This book was originally published as a special issue of the *Journal of Sexual and Relationship Therapy*.

**Transgressive Sex** - Hastings Donnan 2012-02-15

Sex is often regarded as a dangerous business that must be rigorously controlled, regulated, and subjected to rules. Sexual acts that defy acceptable practices may be seen as variously defiling, immoral, and even unnatural. They may challenge and subvert both cultural preconceptions and the social order in a politics of sexual transgression that threatens to transform permissible boundaries and restructure bodily engagements. This collection of essays explores acts of sexual transgression that have the power to reconfigure perceptions of bodily intimacy and the social norms of interaction. Considering issues such as domestic violence, child prostitution, health and sex, teenage sex, and sex with animals across a range of settings from contemporary Oceania, the Pacific, South Africa, and southeast Asia to Euro-America, this book should interest all those who question the "naturalness" of sex, including public health workers, clinical practitioners and students of sex, sexuality, and gender in the humanities and social sciences.

**Sex Museums** - Jennifer Tyburczy 2016-01-11

Museums have lengthy history, going back to the Renaissance Cabinets of Curiosity, and they are indices of changing fashions of perception insofar as the categories museum curators use to classify objects change over time. The major focus of Tyburczy's study is sexuality on display, which sets up, in turn, her investigation of the effects of museum display on the history of sexuality. Historical context for the museum is one of her themes (and how categories of normativity and perversity change over time), with another theme being the work of sex museums in redefining what sex means in the modern public sphere; she also folds in consideration of the pleasures and dangers of exhibiting marginalized sexual subjects (women, nonwhite races, LGBT individuals, and the like); last, she explores the paradox of asserting (as she does) that all museums are sex museums bodies move around and toward objects on display, they reshape the typical dances of museum-goers along with their preconscious motivations in visiting a museum. She proposes that explicit display or restagings of sexual artifacts provides new ways for approaching and understanding issues of desire, sexual identity, and sexual practices as they intersect with the history of the

modern museum and with sexual history during the past two centuries. Her fieldwork sites are: the Leather Archives & Museum in Chicago, the Museum of Sex in New York, the World Erotic Art Museum in Miami Beach, and El Museo del Sexo in Mexico City. Such institutions allow Tyburczy to show how alternative sexuality (inclusive of kink, fetish, and sadomasochistic cultures) and slavery dangerously crisscross on the surface of objects. There are plenty of cases here, in short, to keep the casual reader titillated and the erudite reader surprised."

**The Swamp** - Eric Bolling 2017-06-27

When Washington D.C. was first built, it was on top of a swamp that had to be drained. Donald Trump says it's time to drain it again. In *The Swamp*, bestselling author and Fox News Channel host Eric Bolling presents an infuriating, amusing, revealing, and outrageous history of American politics, past and present, Republican and Democrat. From national political scandals to tempests in a teapot that blew up; bribery, blackmail, bullying, and backroom deals that contradicted public policies; cronyism that cost taxpayers hundreds upon hundreds of millions of dollars; and personal conduct that can only be described as regrettable, *The Swamp* is a journey downriver through the bayous and marshes of Capitol Hill and Foggy Bottom. The presidential election of 2016 was ugly, but it exposed a political, media, industry, and elite establishment that desperately wanted to elect a politician who received millions of dollars from terror-funding states over a businessman willing to tell the corrupt or incompetent, "You're fired." The book concludes with a series of recommendations for President Trump: practical, hard-headed, and concise ways to drain the swamp and force Washington to be more transparent, more accountable, and more effective in how it serves those who have elected its politicians and pay the bills for their decisions. Last year President Trump declared *Wake Up America* to be a "huge" book; Eric Bolling's second book is sure to build on that success. Entertaining and timely, *The Swamp* is the perfect book for today's political climate.

*Consumer Culture, Branding and Identity in the New Russia* - Graham H.J. Roberts 2016-04-14

As shopping has been transformed from a chore into a major source of hedonistic pleasure, a specifically Russian consumer culture has begun to emerge that is unlike any other. This book examines the many different facets of consumption in today's Russia, including retailing, advertising and social networking. Throughout, emphasis is placed on the inherently visual - not to say spectacular - nature both of consumption generally, and of Russian consumer culture in particular. Particular attention is paid to the ways in which brands, both Russian and foreign, construct categories of identity in order to claim legitimacy for themselves. What emerges is a fascinating picture of how consumer culture is being reinvented in Russia today, in a society which has one, nostalgic eye turned towards the past, and the other, utopian eye, set firmly on the future. Borrowing concepts from both marketing and cultural studies, the approach throughout is interdisciplinary, and will be of considerable interest, to researchers, students and practitioners wishing to gain invaluable insights into one of the most lucrative, and exciting, of today's emerging markets.

*The Truth about Sex, a Sex Primer for the 21st Century* - Gloria G. Brame 2011-06

Have you ever wondered why we think one type of sex is better than another? Are inhibitions or confusion about sex holding you back? Do you think you're a sex addict? Have you given up on having good orgasms with your partner? Are you worried sex will break up your relationship? "The Truth About Sex" will set you free. "The Truth About Sex" is an important new work by internationally renowned sex therapist, bestselling author ("Different Loving, Come Hither"), and sex blogger/historian (Gloria's Oversexed Mind, The Bilerico Project), Gloria G. Brame, Ph.D. Twenty years of Dr. Brame's research on human sexuality is distilled into three fast-paced volumes that will change the way you look at sex. They offer reality-based models which combine Brame's original theories, hard facts, and over 10 years of highly successful, results-oriented sex therapy. Brame addresses the most intimate, complicated questions about sex in page-turning, warmly empathic prose. Using cutting-edge sex and medical studies, historical research, and composite case studies from her private practice, she teaches adults how to make sexual ecstasy a reality. Volume 1, *SEX AND THE SELF*, is a complete primer on masturbation, orgasm and new models for talking about, thinking about and understanding your inner sexual identity. It includes Dr. Brame's best clinical techniques for improving sexual performance and increasing every adult's potential for complete sexual satisfaction. Critical Reviews "Healthy sexuality is fundamental to building healthy lives, relationships, communities and

societies, and we all could use some guidance. This honest and reassuring book is an excellent resource for those seeking greater confidence in, and understanding of, this basic right. Thank you, Dr. Brame!" - Nina Hartley, R.N., Author of "Nina Hartley's Guide to Total Sex" "If you don't have a sex therapist on speed dial, Dr. Gloria Brame will be your emergency contact. Calling shenanigans on the way our culture deals with sexuality, "The Truth About Sex" plants a sex-positive flag into the American landscape." - Megan Andelloux, Certified Sexuality Educator, Board Certified Sexologist About the Author Gloria G. Brame is a sex therapist and bestselling author ("Different Loving, Come Hither"). She holds an M.A. in English from Columbia University (GSAS 1978) and a Ph.D. from the Institute for Advanced Study of Human Sexuality (2000). Her frequently censored yet astonishingly popular blog, Gloria's Oversexed Mind, covers all aspects of sexual history, and was selected for "Best of SexBlogs 2010" and "NY Sex Bloggers Calendar 2011." Professor of Human Sexuality, Institute for Advanced Study of Human Sexuality (San Francisco); Fellow, Erotic Heritage Museum (Las Vegas); named "Hero of the Sexual Revolution" (Exodus Trust, 2006); regular contributor to The Bilerico Project, the Sexual Health Network, and iFriends Adult Forums. Frequently cited in "Cosmo, Men's Health, Esquire, GQ" and other print and digital media. Google Gloria Brame or follow DrGloriaBrame on Twitter.

*IEG Sponsorship Sourcebook* - 2002

*My Hindu Faith and Periscope* - Satish C. Bhatnagar 2012-11

Every author believes that his or her book is meant for everyone. In this respect, however, I am the biggest beneficiary. In the process of writing these reflections for over ten years, and lately compiling and editing them, I have finally understood my faith deeply. Consequently, confidence that I lacked about Hinduism during my adult years has been replaced with pride in graying years! At times, it has taken me to such a height that in a few reflections, I have propounded a thesis that India will be a true secular country only when it will be constitutionally a Hindu state. The practice of secularism in India since 1947 has been reduced to anti-Hinduism and Hindu bashing—paradoxically more so by Hindus than by non-Hindus. It is making India porous for attacks by the terrorists, who are both homegrown and foreign-based. History is repeating itself! The Hindus remain totally divided in half a dozen political parties. A sterling lesson of India's history is that traders, preachers, and persecuted humanity of every foreign faith were permitted, sheltered, and welcomed by the Hindu kings whose kingdoms stretched from the coasts of Malabar in Kerala to Kuchh in Gujarat to Karachi in Sindh—starting more than one thousand years ago. Doesn't it make pristine Hinduism akin to humanism? What an incredible journey of this realization to dawn after nearly six decades!

*Edge Effects* - Robert D. Temple 2008-11

There's something fascinating about border towns. Who hasn't crossed the line into another state to buy fireworks, gamble, or even to get married? Here are border towns with names as unique as the places themselves, names that bridge the boundaries. Robert D. Temple brings you a quirky, fascinating, and wholly entertaining look at more than eighty North American border towns in *Edge Effects*. With an adventurer's heart and a historian's keen eye, Temple explores life on the edge and how these places have made their place in history. There's big-city Mexicali and empty-quarter Idavada, idyllic Vir-Mar Beach and whiskey-soaked Mondak. Then there's prairie-bleak Alsask, mountain-high Wyocolo, and palmy Florala. And who could forget Texarkana? Along with finding these towns in the first place comes adventure in exploring them, by highway, four-wheel-drive, boots, and kayak, and in encountering memorable locals: historians, farmers, waitresses, cops, forest rangers, railroaders, and ne'er-do-wells. But even more, these places lead us to investigate concepts of borders, boundaries, frontiers, margins, and marginality, as well as survey lines, battle lines, picket lines, and color lines. *Edge Effects* brilliantly examines how frontiers enrich cultures and boundaries define them. But more importantly, it reveals how edges shape local history-and our lives.

**The Unofficial Guide to Las Vegas** - Bob Sehlinger 2023-02-21

Save time and money with in-depth reviews, ratings, and details from the trusted source for a successful Las Vegas vacation. How do some guests always seem to find the best restaurants, the best shows, the best hotels—and still come home with winnings in their pockets? Why do some guests pay full price for their

visit when others can save hundreds of dollars? In Las Vegas, every minute and every dollar count. The Unofficial Guide to Las Vegas is your key to planning a perfect stay. Whether you're putting together your annual trip or preparing for your first visit, this book gives you the insider scoop on hotels, restaurants, entertainment, and more.

*I Love Dead People* - Victoria R. Hartmann, Ph.d. 2016-07-26

*I Love Dead People: Inside the Minds of Death Fetishists* explores individuals from a psycho-sexual perspective with an emphasis on how they have found freedom from real world suppression of their unusual fetish in an online community, and the journey from shame and guilt to self-acceptance and altruism

towards others with similar tastes. Not only does it explore the intricacies of the online world of death fetishists as well as the private landscape of individuals who identify as having this paraphilia, but also provides, for the first time, a classification tool which aids medical and forensic professionals in identifying the possibility of acting out behavior. Such a tool has not been made available to these professions before. It distinguishes itself as not only being an academic exploration and classification of the paraphilia, but also is applicable to a real world use of diagnostics that can help determine the severity of the paraphilia and its potential (or lack thereof) of harm.

**Loved in Las Vegas** - Tori Ross 2023-06-22

Regina Calvert's in Las Vegas for her friend's bachelorette party. Regi, barely old enough to gamble, hopes to make enough money at the slot machines and game tables to move out of her parents' house and enjoy the weekend with her friends. But when a night with a casino dealer and his Hungarian cousins goes downhill, Regi finds herself stranded on the strip with no cash, no phone, and a friend that accidentally ingested acid. Craig Lucky's enjoying the weekend at his own friend's bachelor party, but his world is rocked when he comes upon a damsel in distress in the middle of the Las Vegas strip. After helping Regi and her friend, Craig asks Regi out for a night on the town. Regi and her friends soon learn that nights and weekends in Vegas don't always go as planned. Each Traveling Calvert Sisters story is about 25-35K words long and can be read in any order. HEA guaranteed!
