Advances in Forensic Human Identification - Xanthe Mallett 2014-01-24

As forensic human identification receives increased global attention, practitioners, policy makers, and students need an appropriate resource that describes current methods and modalities that have shaped today's policies and protocols. A supplemental follow-up to *Forensic Human Identification: An Introduction*, *Advances in Forensic Human Identification*

Juvenile Sexual Offending - Gail Ryan 2010-08-23

Praise for previous editions of *Juvenile Sexual Offending* "A stimulating presentation of clinical thinking that demonstrates why the authors are leaders in the juvenile sex offending field." —Jim Breiling, National Institute of Mental Health "Juvenile Sexual Offending provides a comprehensive, in-depth look at the juvenile sexual abuser and assessment and treatment issues. The increase in sexual abuse by adolescents makes this book a must for professionals whose work brings them into contact with juvenile sexual abusers." —Robert E. Longo, Serendipity Healing Arts "This book should be required reading for everyone providing services to adolescents who have committed sexual offenses and to their families. It remains the seminal text from which a framework for assessment, treatment, and aftercare are gleaned."

—Joann Schladale, *Resources for Resolving Violence* This classic text sets the foundation for working with juveniles who have sexually offended

The new edition of *Juvenile Sexual Offending* provides a research-based, goal-oriented approach to the assessment, treatment, supervision, and care of this difficult population. Written by leading specialists in the field, the Third Edition represents the tremendous strides in research on brain growth and development. A thorough overview of the process of risk evaluation is included, as well as detailed and practical guidelines on gauging the possibility of repeated offense. Also included: New chapters on legislative and policy developments; risk assessment; adult responsibilities; and outcomes pairing risk management with health promotion Greatly expanded coverage of treatment, including new chapters on abuse-specific and offense-specific treatment interventions, and the effects of trauma Practitioner-friendly guidance to help mental health professionals with decision making; program development; case management skills; and working within multidisciplinary teams *Juvenile Sexual Offending, Third Edition* helps mental health professionals, child welfare, law enforcement, and juvenile justice professionals move toward successful assessment and treatment of juveniles who sexually abuse, reducing the risk of sexual abuse in future generations.

Issues in Criminology and Criminal Justice Research: 2011 Edition - 2012-01-09

Issues in Criminology and Criminal Justice Research: 2011 Edition is a ScholarlyEditions™ eBook that delivers timely, authoritative, and comprehensive information about Criminology and Criminal Justice Research. The editors have built *Issues in Criminology and Criminal Justice Research: 2011 Edition* on the vast information databases of ScholarlyNews.™ You can expect the information about Criminology and Criminal Justice Research in this eBook to be deeper than what you can access anywhere else, as well as consistently reliable, authoritative, informed, and relevant. The content of *Issues in Criminology and Criminal Justice Research: 2011 Edition* has been produced by the world's leading scientists, engineers, analysts, research institutions, and companies. All of the content is from peer-reviewed sources, and all of it is written, assembled, and edited by the editors at ScholarlyEditions™ and available exclusively from us. You now have a source you can cite with authority, confidence, and credibility. More information is available at <http://www.ScholarlyEditions.com/>.

Physical Abusers and Sexual Offenders - Scott Allen Johnson 2006-07-13

Until recently professionals in both investigation and treatment have considered the fields of sexual violence and domestic abuse as separate and distinct. Numerous studies have shown, however, that these fields may not be so neatly pigeonholed as once believed. Statistics indicate that there is an overlap in both the level and type of violence exp

Assessing Sex Offenders - Terence W. Campbell 2007

This book reviews the scientific evidence relevant to assessing the recidivism risk of sex offenders, as well as the issues related to sex offenders, in considerable detail. It is not an attempt for creating sympathy for sex offenders. Substantial numbers of psychologists claim they can accurately identify the recidivism risk of sex offenders. Despite

the very limited, peer-reviewed data related to these claims, many psychologists insist the scientific evidence supports their efforts in this regard. Too often, the issues detailed in these chapters have been overlooked and/or misinterpreted. As a result, the likelihood of psychologists misusing and abusing scientific data when assessing sex offenders should not be underestimated. This book identifies numerous instances of such misuse and abuse. Topics include: sexually violent person civil commitment statutes, clinical judgment and clinical experience, guided clinical risk assessments, actuarial assessment of recidivism risk, actuarial instruments for assessing recidivism risk, computing classification accuracy, supplementary assessment procedures, adjusted actuarial assessments, diagnostic classification, treating sex offenders, and ethical obligations. Ultimately, however, the book challenges psychologists to recognize and respond to their scientific and professional responsibilities. When testifying as expert witnesses, ethical obligations prohibit psychologists from misinforming and misleading legal proceedings. These same obligations necessitate that psychologists support their opinions with relevant research data. *Serial Murder and the Psychology of Violent Crimes* - Richard N. Kocsis 2008-01-08

This book brings together an international collection of research literature on the topics of criminal profiling and serial violent crime by integrating the respected insights of both scholars and practitioners from around the globe. It explains etiological factors and psychological mechanisms to reveal criminal motives.

Innovations and Advancements in Sex Offender Research - Wesley Jennings 2016-04-14

This book provides a comprehensive dissemination of theoretically grounded and empirically sound research on sex offenders and sex offending. It uses diverse methodological approaches with implications for the research of criminal justice policy and practice. The chapters derive from and focus on different geographical contexts and generate empirical evidence concerning sex offenders and sex offending including: low sex recidivism rates; a lack of sex offender specialization; little to no evidence of sex offending continuity from adolescence to adulthood; and a host of collateral consequences of sex offender registration and notification policies with limited deterrent effect or public safety benefit. This book was originally published as a special issue of the *Journal of Crime & Justice*.

Issues in International Sociology and Social Work Research and Application: 2011 Edition - 2012-01-09

Issues in International Sociology and Social Work Research and Application: 2011 Edition is a ScholarlyBrief™ that delivers timely, authoritative, comprehensive, and specialized information about International Sociology and Social Work Research and Application in a concise format. The editors have built *Issues in International Sociology and Social Work Research and Application: 2011 Edition* on the vast information databases of ScholarlyNews.™ You can expect the information about International Sociology and Social Work Research and Application in this eBook to be deeper than what you can access anywhere else, as well as consistently reliable, authoritative, informed, and relevant. The content of *Issues in International Sociology and Social Work Research and Application: 2011 Edition* has been produced by the world's leading scientists, engineers, analysts, research institutions, and companies. Sex Offenders - J. V. Fenner 2008

This book deals with society's responses to sex offenders. This issue is of vital interest to law enforcement professionals and society at large. This subsection of the population generates as much or more fear than virtually any other segment in the community. The chapters in this book deal with recidivism, tracking and location, impulsivity, long-term care, and reunification.

Sex Offenders - Sean Maddan 2022-09-14

In *Sex Offenders: Crimes and Processing in the Criminal Justice System*, Maddan and Pazzani draw on their extensive research and teaching

experience to provide coverage of all facets of sex crimes and sexual deviance in the United States. The text emphasizes rape and sexual offenses against children and society's responses through the criminal justice system, including enforcement and investigation, the courts, corrections, and post-punishment treatment. Up-to-date information, statistics, and research assessments include imprisonment, historical punishments, recidivism, registration and notification requirements (SORN), residence restrictions, civil commitments, and treatment. The impact of sex offenses on victims' lives is treated in depth, as are possible directions for future policies to better address the threat posed by sex offenders. Students reading this book will get a true sense of the U.S. sex offender problem, the responses of the criminal justice system, and what can be done to further decrease the incidence of sex offending. New to the Second Edition: A fresh examination of sexual harassment in the workplace in light of the #MeToo movement. Incorporation throughout the book of the etiology of sexual harassment. In-depth consideration of why sexual harassment is not handled through the criminal justice system as a criminal offense. Updated literature, research, and statistics on sex crimes and criminal justice processing. New example stories that highlight more recent real-world instances of sex crimes and criminal justice responses to sex crimes. Professors and students will benefit from: An overview of sex offenses in the United States covers major theories to account for sex offending, legal statutes defining sex crimes, types of sex offenses and offenders, sex crime victims' characteristics, policing of sex crimes, and society's responses to sex crimes (including registries, residence restrictions, civil commitments, and treatment). A focus on sex offenses through the criminal justice system framework examines the pros and cons of various strategies, including criminal statutes, law enforcement and court processing approaches, and correctional techniques for treating or warehousing sex offenders. Real-world narratives in each chapter illustrate and provide a practical perspective on the complexity and impact of the sex offense under discussion for society, perpetrator, and victim. Accessibly written chapters include learning objectives, lists of key terms, exercises, and essay questions for review and information retention.

The Oxford Handbook of Sex Offences and Sex Offenders - Teela Sanders 2017

Provides comprehensive, even-handed analysis of the myriad of topics related to sex offenses, including pornography, sex trafficking, criminal justice responses, and the role of social media in sex crimes. Extending beyond the existing scholarly research on the topic, this volume teases out the key debates, controversies, and challenges involved in addressing sex crimes.

Issues in Law Research: 2011 Edition - 2012-01-09

Issues in Law Research / 2011 Edition is a ScholarlyEditions™ eBook that delivers timely, authoritative, and comprehensive information about Law Research. The editors have built Issues in Law Research: 2011 Edition on the vast information databases of ScholarlyNews.™ You can expect the information about Law Research in this eBook to be deeper than what you can access anywhere else, as well as consistently reliable, authoritative, informed, and relevant. The Wiley Handbook of What Works with Sexual Offenders - Jean Proulx 2020-08-24

From a rehabilitation series-what works for those who've sexually offended The Wiley Handbook of What Works with Sexual Offenders is an important addition to the What Works in Offender Rehabilitation handbook series. This handbook specifically looks at the topics of sexual offender theory, assessment, rehabilitation, prevention, policy, and risk management. Current assessment frameworks and intervention programmes are evaluated, with consideration of treatment efficacy. The handbook provides professionals with an evidence-based approach to the management and rehabilitation of individuals who have sexually offended, while presenting ideas on the prevention of sexual abuse. Concepts and theory behind sexual offender rehabilitation are presented with a focus on how this information can be applied in the development of real-world policies that seek to reduce re-offending. The Wiley Handbook of What Works with Sexual Offenders also includes

discussions from renowned international researchers and clinicians on the empirical findings of treatment effectiveness. Presents theory, research, policy, and practice related to sexual offenses Addresses a full range of topics, such as sexual aggression, structured risk assessment, sexual offenders with intellectual disabilities, and pharmacological treatment of sexual offenders Discusses how conceptual and theoretical material can be used in establishing policy and practice As an important reference work, this rehabilitation handbook offers material for practitioners, including probation officers, social workers and psychologists. Each handbook within the What Works in Offender Rehabilitation series studies current theory, policy, and practice related to a type of offending.

Sexually Motivated Crimes - Janet R. Oliva 2012-12-12

In cases where minimal or no physical evidence exists, behavioral evidence may be all that investigators have available to help them focus the investigation. It may be the only aspect of the case that can link one unsolved case to another, or to numerous other unsolved cases. Sexually Motivated Crimes: Understanding the Profile of the Sex Offender and Applying Theory to Practice discusses the dynamics and behaviors associated with sex offenders and explains their direct application to both the criminal investigation and to society. Content chapters include an introduction to the subject matter, a discussion of the existing research and literature regarding the issue, and an explanation of the topic's importance and application through practical illustrations. These chapters are followed by actual case studies that illustrate practical application of the content. The book presents the foundational concepts of the nature of criminal sexuality and then explores: The importance of recognizing nuisance offenses—commonly dismissed by police officers—as a precursor to more serious crimes of violence Essential literature pertaining to rapists, including basic motivations, typologies, methods of approach, and levels of force, as well as the importance of a proper victim interview The definition of sexual homicide and the dynamics between victims and offenders Reasons why child sex offenders choose to offend children, and reasons children fail to disclose or delay in disclosing their abuse The three components of child sexual exploitation: molestation, pornography, and prostitution Written in an accessible style geared to police officers and practitioners, this volume builds and expands upon the existing literature, uses unique theories and perspectives derived from the author's years of training and investigative experience, and provides clear and precise information that law enforcement officers can apply to their daily work.

How to Work with Sex Offenders - Rudy Flora 2014-01-14

How to Work with Sex Offenders is the first complete manual available on the subject for professionals who deal with this population. This user-friendly, comprehensive resource presents new data that will give you techniques for effectively interviewing sex offenders and outlines innovative treatment options in an understandable way, but that is just part of what makes this book unique. How to Work with Sex Offenders walks you through the criminal justice, human services, and mental health systems as applied to sex offenders from start to finish—you'll learn what happens to the offender from the point when he/she is apprehended, through prosecution, adjudication, and treatment. To view an excerpt online, find the book in our QuickSearch catalog at www.HaworthPress.com.

Violent Offenders: Theory, Research, Policy, and Practice - Matt DeLisi 2011-07-20

Although the public interest in criminal predators is extensive, the criminology of criminal predators is fragmented. Violent Offenders: Theory, Research, Policy and Practice, Second Edition aims to demystify the many different types of violent offenders we hear about in the media. This newly revised and updated Second Edition is a compilation of original scholarship from an international collection of applied and academic criminologists. Based not only on history and academic research but also on the experiences of author Peter Conis as a 25 year veteran of law enforcement, it provides students with a realistic view of why people commit violent crimes and how our criminal justice system, as a whole, responds to these offenders and these violent acts. It contains cutting-edge material on the broad category of criminal predators, including homicide offenders, sex offenders, financial predators, and conventional street criminals. Unlike other texts on the subject that narrowly focus on one type of criminal (e.g., serial killers), this updated Second Edition illustrates the systemic importance of predation in antisocial behavior. This book is divided into two parts; part one covers the theoretical and disciplinary foundations of the study of violent behavior, spanning the disciplines of sociology, psychology,

biology, and neuroscience. Part two covers the policy and practice of responding to violent offenders from the insightful perspectives of people who work among them on a daily basis. New and Key Features of the Second Edition: • Contains 10 NEW chapters (5 in theory and research and 5 in policy and practice). These additions provide greater overall coverage of sociological theory, evolutionary psychology theory, and female offenders. The section on policy and practice is organized to be consistent with the criminal justice system, from law enforcement through the courts, to corrections. • Hands-on research and practitioner expertise illustrate today's study of criminal predation • Provides clear explanations of how criminological theory relates to the formation of a criminal offender to help students understand the reasons behind a person's violent actions

Contemporary Sex Offender Risk Management, Volume II - Hazel Kemshall 2017-11-25

This book, the second of two volumes edited by Kemshall and McCartan, focuses on responses to sexual offending, and how risk is used by policy makers, stakeholders, academics and practitioners to both construct and respond to unknown and known sex offenders within the contexts of criminal justice, health and social policy. The chapters provide an oversight of contemporary policies, practices and debates within the area to help both professionals and researchers. The collection focuses on emerging areas (crime linkage, predictive policing, sexual offending across borders, desistance, and public health approaches), as well as more traditional topics (multi-agency working, risk assessment, sex offender policies, and treatment). The authors examine how professionals can use multi-agency approaches to prevent sexual violence, and assessing the impact of desistance on framing sex offender management. A bold and engaging volume, this edited collection will be of great importance to scholars and practitioners working reframing traditional approaches to sex offender management in a contemporary fashion.

Sex Offender Notification and Registration Act (SORNA) - United States. Congress. House. Committee on the Judiciary. Subcommittee on Crime, Terrorism, and Homeland Security 2009

[Sex-Offender Therapy](#) - Rudy Flora 2014-05-22

Groundbreaking information for treating sex offenders Sexual abuse, sexual addiction, and sexual offending have become a significant clinical

problem. Successfully treating these disorders is the first step toward preventing future victims. Sex-Offender Therapy is a practical workbook for clinicians who deal with sexually aggressive adults, adolescents, and children. This invaluable professional resource focuses on how to treat patients—male and female—impaired by sexual addiction, sexual disorders, sex offending, and other sexual misconduct behaviors.

Designed as an accessible step-by-step guide, Sex-Offender Therapy features case studies, work exercises, and clinical suggestions that help to walk the reader through a sexual disorders program. With a wealth of therapeutic interventions, as well as information on polygraph testing and the FDA-approved plethysmograph, this unique text breaks new ground. Additionally, this detailed volume not only presents clinical definitions of all the sexual disorders but goes beyond patient features and evaluation to look at useable, concrete methods for lasting treatment. Topics discussed in Sex-Offender Therapy include: problems, stress, and boundary setting transference and countertransference sexual recovery therapy and its techniques acknowledgement and responsibility the stand-up presentation and victim empathy cycles of offending using the four phases as a relapse prevention format working with the difficult offender trauma in adult, adolescent, and child offenders the cost of offending antisocial disordered patients triggers clinical interviewing and report writing adult and juvenile psychosexual evaluations polygraph testing treatment of sexually aggressive youths defense behaviors group therapy and many more! Informative, practical, and user-friendly, Sex-Offender Therapy is a vital resource for patients and their families, beginning or advanced therapists, attorneys, criminal justice personnel, human service caseworkers, judges, law enforcement, legislators, probation officers, prosecutors, educators, students, researchers, and mental health professionals.

Sexual Murderers - Jean Proulx 2007-09-10

Little is known about Sexual Murderers - those who kill in a sexual context. Recent studies have compared their backgrounds and characteristics with that of rapists and/or violent (non-sexual) offenders. This translation of a French original by the renowned Jean Proulx challenges existing knowledge on sexual murders, offers new tools for profiling and interrogation, and helps to establish a new research base. Current theories of sexual murder, its prevalence, reasons including attachment theories, profiling and interrogation techniques are all addressed in Proulx's distinctive, thought-provoking style.
