

Sex With Kings 500 Years Of Adultery Power Rivalry And Revenge

Mademoiselle Victorine - Debra Finerman 2007-07-24

When Victorine Laurent joins the chorus of the grand Paris Opera ballet, she expects to become the mistress of a wealthy man; this is how young women without family survive in the decadent City of Light. Yet when the artist Degas introduces her to Edouard Manet, her life changes dramatically. She agrees to pose for him, and the result is a painting that shocks Paris. Overnight, Victorine becomes the city's most sought after courtesan. When she becomes the favorite of the Duke de Lyon, the power behind the shaky government of Emperor Louis-Napoléon, her continued attraction to Manet becomes dangerous for them both. And when an astonishing secret from Victorine's past comes to light, her carefully constructed world may come crashing down around her. Mademoiselle Victorine transports readers back to nineteenth-century Paris, a time when art, love, and commerce blended seamlessly together.

Sex with the Queen - Eleanor Herman 2009-10-13

In this follow-up to her bestselling *Sex with Kings*, Eleanor Herman reveals the truth about what goes on behind the closed door of a queen's boudoir. Impeccably researched, filled with page-turning romance, passion, and scandal, *Sex with the Queen* explores the scintillating sexual lives of some of our most beloved and infamous female rulers. She was the queen, living in an opulent palace, wearing lavish gowns and dazzling jewels. She was envied, admired, and revered. She was also miserable, having been forced to marry a foreign prince sight unseen, a royal ogre who was sadistic, foaming at the mouth, physically repulsive, mentally incompetent, or sexually impotent—and in some cases all of the above. How did queens find happiness? In courts bristling with testosterone—swashbuckling generals, polished courtiers, and virile cardinals—many royal women had love affairs. Anne Boleyn flirted with courtiers; Catherine Howard slept with one. Henry VIII had both of them beheaded. Catherine the Great had her idiot husband murdered, and ruled the Russian empire with a long list of sexy young favorites. Marie Antoinette fell in love with the handsome Swedish count Axel Fersen, who tried valiantly to rescue her from the guillotine. Empress Alexandra of Russia found emotional solace in the mad monk Rasputin. Her behavior was the spark that set off the firestorm of the Russian revolution. Princess Diana gave up her palace bodyguard to enjoy countless love affairs, which tragically led to her early death. When a queen became sick to death of her husband and took a lover, anything could happen—from disgrace and death to political victory. Some kings imprisoned erring wives for life; other monarchs obligingly named the queen's lover prime minister. The crucial factor deciding the fate of an unfaithful queen was the love affair's implications in terms of power, money, and factional rivalry. At European courts, it was the politics—not the sex—that caused a royal woman's tragedy—or her ultimate triumph.

The Poetics of Power in Augustan Rome - Nandini B. Pandey 2018-10-11

Explores the dynamic interactions among Latin poets, artists, and audiences in constructing and critiquing imperial power in Augustan Rome.

The Royal Art of Poison - Eleanor Herman 2018-11-01

The story of poison is the story of power... For centuries, royal families have feared the gut-roiling, vomit-inducing agony of a little something added to their food or wine by an enemy. To avoid poison, they depended on tasters, unicorn horns and antidotes tested on condemned prisoners. Servants licked the royal family's spoons, tried on their underpants and tested their chamber pots. Ironically, royals terrified of poison were unknowingly poisoning themselves daily with their cosmetics, medications and filthy living conditions. Women wore makeup made with lead. Men rubbed feces on their bald spots. Physicians prescribed mercury enemas, arsenic skin cream, drinks of lead filings and potions of human fat and skull, fresh from the executioner. Gazing at gorgeous portraits of centuries past, we don't see what lies beneath the royal robes and the stench of unwashed bodies; the lice feasting on private parts; and worms nesting in the intestines. *The Royal Art of Poison* is a hugely entertaining work of popular history that traces the use

of poison as a political - and cosmetic - tool in the royal courts of Western Europe from the Middle Ages to the Kremlin today.

The Lady Queen - Nancy Goldstone 2018-09-01

The riveting history of a beautiful queen, a shocking murder, a papal trial -- and a reign as triumphant as any in the Middle Ages. On March 15, 1348, twenty-two-year-old Joanna I, Queen of Naples, stood trial for the murder of her husband before the Pope and his court in Avignon. Determined to defend herself, Joanna won her acquittal against overwhelming odds. Victorious, she returned to Naples and ruled over one of Europe's most prestigious courts for the next three decades -- until she herself was killed. Courageous and determined, Joanna was the only female monarch in her time to rule in her own name. She was widely admired: dedicated to the welfare of her subjects, she reduced crime, built hospitals and churches, and encouraged the licensing of female physicians. A procession of the most important artists and writers of the time frequented her glittering court. But she never quite escaped the stain of her husband's death, and the turmoil of the times surrounded her -- war, plague, and treachery would ultimately be her undoing. With skill, passion, and impeccable research and detail, Nancy Goldstone brings to life one of history's most remarkable women. *The Lady Queen* is a captivating portrait of medieval royalty in all its incandescent complexity.

The Origin of the Family, Private Property and the State - Friedrich Engels 2022-06-02

"*The Origin of the Family, Private Property and the State*" is an 1884 historical materialist treatise by the founder of the communism ideology Friedrich Engels. The book is based on notes by Karl Marx to Lewis H. Morgan's book *Ancient Society* (1877). This is an early anthropological work, regarded as one of the first major works on family economics.

Sex with Kings - Eleanor Herman 2009-03-17

Throughout the centuries, royal mistresses have been worshiped, feared, envied, and reviled. They set the fashions, encouraged the arts, and, in some cases, ruled nations. Eleanor Herman's *Sex with Kings* takes us into the throne rooms and bedrooms of Europe's most powerful monarchs. Alive with flamboyant characters, outrageous humor, and stirring poignancy, this glittering tale of passion and politics chronicles five hundred years of scintillating women and the kings who loved them. Curiously, the main function of a royal mistress was not to provide the king with sex but with companionship. Forced to marry repulsive foreign princesses, kings sought solace with women of their own choice. And what women they were! From Madame de Pompadour, the famous mistress of Louis XV, who kept her position for nineteen years despite her frigidity, to modern-day Camilla Parker-Bowles, who usurped none other than the glamorous Diana, Princess of Wales. The successful royal mistress made herself irreplaceable. She was ready to converse gaily with him when she was tired, make love until all hours when she was ill, and cater to his every whim. Wearing a mask of beaming delight over any and all discomforts, she was never to be exhausted, complaining, or grief-stricken. True, financial rewards for services rendered were of royal proportions -- some royal mistresses earned up to \$200 million in titles, pensions, jewels, and palaces. Some kings allowed their mistresses to exercise unlimited political power. But for all its grandeur, a royal court was a scorpion's nest of insatiable greed, unquenchable lust, and vicious ambition. Hundreds of beautiful women vied to unseat the royal mistress. Many would suffer the slings and arrows of negative public opinion, some met with tragic ends and were pensioned off to make room for younger women. But the royal mistress often had the last laugh, as she lived well and richly off the fruits of her "sins." From the dawn of time, power has been a mighty aphrodisiac. With diaries, personal letters, and diplomatic dispatches, Eleanor Herman's trailblazing research reveals the dynamics of sex and power, rivalry and revenge, at the most brilliant courts of Europe. Wickedly witty and endlessly entertaining, *Sex with Kings* is a chapter of women's history that has remained unwritten -- until now.

Mistresses - Linda Porter 2020-04-16

According to the great diarist, John Evelyn, Charles II was 'addicted to women', and throughout his long reign a great many succumbed to his charms. Clever, urbane and handsome, Charles presided over a hedonistic court, in which licence and licentiousness prevailed. *Mistresses* is the story of the women who shared Charles's bed, each of whom wielded influence on both the politics and cultural life of the country. From the young king-in-exile's first mistress and mother to his first child, Lucy Walter, to the promiscuous and ill-tempered courtier, Barbara Villiers. From Frances Teresa Stuart, 'the prettiest girl in the world' to history's most famous orange-seller, 'pretty, witty' Nell Gwynn and to her fellow-actress, Moll Davis, who bore the last of the king's fifteen illegitimate children. From Louise de K roualle, the French aristocrat - and spy for Louis XIV - to the sexually ambiguous Hortense Mancini. Here, too, is the forlorn and humiliated Queen Catherine, the Portuguese princess who was Charles's childless queen. Drawing on a wide variety of original sources, including material in private archives, Linda Porter paints a vivid picture of these women and of Restoration England, an era that was both glamorous and sordid.

Sex with Presidents - Eleanor Herman 2020-09-22

In this fascinating work of popular history, the New York Times bestselling author of *Sex with Kings* and *The Royal Art of Poison* uncovers the bedroom secrets of American presidents and explores the surprising ways voters have reacted to their leaders' sex scandals. While Americans have a reputation for being strait-laced, many of the nation's leaders have been anything but puritanical. Alexander Hamilton had a steamy affair with a blackmailing prostitute. John F. Kennedy swam nude with female staff in the White House swimming pool. Is it possible the qualities needed to run for president—narcissism, a thirst for power, a desire for importance—go hand in hand with a tendency to sexual misdoing? In this entertaining and eye-opening book, Eleanor Herman revisits some of the sex scandals that have rocked the nation's capital and shocked the public, while asking the provocative questions: does rampant adultery show a lack of character or the stamina needed to run the country? Or perhaps both? While Americans have judged their leaders' affairs harshly compared to other nations, did they mostly just hate being lied to? And do they now clearly care more about issues other than a politician's sex life? What is sex like with the most powerful man in the world? Is it better than with your average Joe? And when America finally elects a female president, will she, too, have sexual escapades in the Oval Office?

The Theory of the State - Johann Caspar Bluntschli 1885

Scandals of the Royal Palaces - Tom Quinn 2021-10-19

George Orwell once said that the British love a really good murder. He might have added that the only thing the British love more than a good murder is a really good scandal, and best of all are the sexual and political scandals that take place behind the gilded doors of Britain's royal palaces. From Edward II's intimate relationship with Piers Gaveston to Prince Harry and Meghan Markle's dramatic exit from the royal family, the royal residences have seen it all. This glorious romp of a book contains new information on well-known and not-so-well-known scandals, including those that have only recently been revealed through the release of previously secret official papers. Exploring surviving palaces such as Kensington as well as long-vanished residences including Whitehall, *Scandals of the Royal Palaces* is the first in-depth look at the bad behaviour of not just the royals themselves but also palace officials, courtiers, household servants and hangers-on. Delving into the bitter hatreds that generations of King Georges nursed for their eldest sons, Queen Victoria's opium-fuelled rages and Edward VII's near-miss perjury conviction, royal expert Tom Quinn reveals that scandal and the royal family have always been bedfellows. And if the behaviour of today's royals is anything to go by, the glittering palaces will continue to house intriguing, embarrassing and outrageous scandals for centuries to come.

King Peggy - Peggielene Bartels 2013-02-12

The charming real-life fairy tale of an American secretary who discovers she has been chosen king of an impoverished fishing village on the west coast of Africa. *King Peggy* chronicles the astonishing journey of American secretary, Peggielene Bartels, who suddenly finds herself king to a town of 7,000 people on Ghana's central coast, half a world away. Upon arriving for her crowning ceremony in beautiful Otuam, she discovers the dire reality: there's no running water, no doctor, no high school, and many of the village

elders are stealing the town's funds. To make matters worse, her uncle (the late king) sits in a morgue awaiting a proper funeral in the royal palace, which is in ruins. Peggy's first two years as king of Otuam unfold in a way that is stranger than fiction. In the end, a deeply traditional African town is uplifted by the ambitions of its decidedly modern female king, and Peggy is herself transformed, from an ordinary secretary to the heart and hope of her community.

The Art of Men (I Prefer Mine al Dente) - Kirstie Alley 2012-11-06

Emmy Award-winning actress Kirstie Alley's candid and audacious memoir about her life and the men she has shared it with—for better and for worse. John Travolta. Parker Stevenson. Ted Danson. Maksim Chmerkovskiy. Kelsey Grammer. Patrick Swayze. Woody Allen. Woody Harrelson. And many others. . . . In three decades in Hollywood, Kirstie Alley has lived with, worked with, loved, or lost all of these men, and in this revealing memoir, she peels back the layers (and sometimes the sheets) on her relationships with all of them. From the early days of her childhood in Wichita, Kansas, surrounded by her loving father, her inquisitive and doting grandfather, and a younger brother she fiercely protected when she wasn't selling tickets to see him naked, Kirstie Alley's life has been shaped and molded by men. "Men, men, glorious men!" gave her her first big break in Hollywood and her awardwinning role on *Cheers*, and through two marriages, a debilitating cocaine addiction, the death of her mother, roles in some of the biggest comedies of the last twenty years, and a surprising stint on *Dancing with the Stars*, men proved to be the inspiration for multitudes of the decisions and dramas in Kirstie Alley's life. In this collection of linked essays that's both hilarious and poignant in turns, Kirstie chronicles all the good, the bad, and the ugly men who have influenced and guided her. She demonstrates how men can be the air that women breathe or the source of all of their frustrations. But for better or worse, Kirstie shows that a life well lived is a life lived in the company of men, especially if they remember to put the lid down. *The Art of Men (I Prefer Mine al Dente)* is a hilarious excursion into love, joy, motherhood, loss, sex, and self-discovery from one of Hollywood's most enduring stars.

The Strangled Queen (The Accursed Kings, Book 2) - Maurice Druon 2013-04-11

"This is the original Game of Thrones." George R.R. Martin.

Harem - Alev Lytle Croutier 1989

Harem explores life in the world's harems from the Middle Ages to the early 20th century.

Legacy of Kings - Eleanor Herman 2015

Katerina, on a mission to kill the queen, falls in love with Alexander, Prince of Macedonia. Jacob will go to unthinkable lengths to win Katerina, even if it means having to compete with Hephaestion, a murderer sheltered by the prince. And far across the sea, Zofia, a Persian princess and Alexander's unmet betrothed, wants to alter her destiny by seeking the famed and deadly Spirit Eaters.

The Cambridge Companion to Roman Comedy - Martin T. Dinter 2019-04-04

Provides a comprehensive critical engagement with Roman comedy and its reception presented by leading international scholars in accessible and up-to-date chapters.

Sex with Kings - Eleanor Herman 2001-01-01

Herman shares the scandalous truth about the illicit relationships of some of history's most powerful men--and the women who slept with them to get to the top.

Royal Sex - Roger Powell 2013-03-30

The current Prince of Wales, our future King, has married his mistress and she will become, barring an accident, our next Queen Consort.

The Maid and the Queen - Nancy Goldstone 2011-12-29

An exceptionally dramatic life of Joan of Arc and her previously unchronicled mentor, Yolande of Aragon. How did an illiterate seventeen-year-old peasant girl manage to become one of history's most salient females? It is almost 600 years since Joan of Arc heard the voices of angels that would change her life for ever: in a breathtaking story her quest saved France from English domination and restored France's hereditary monarchy. Just thirteen when her life was turned upside down, Joan's holy guidance led her on an arduous eleven-day journey into the unknown, restoring the Dauphin back to his original birthright in an official coronation, allowing him to resume his rule as France's legitimate king. Joan summoned and led an impressive army of French loyalists against the English; the siege at Orleans was an exhilarating English

defeat that liberated the city. The following year witnessed Joan's capture by the enemy. After a series of heroic endeavours to escape cruel adversaries, she was subjected to trial by inquisition and then in Rouen, the heart of France, Joan's courageous journey came to a heartbreaking conclusion. This is the story at the core of centuries of myth-making. But what if we no longer accept this tale? What if we question whether

the Heavens and their angels were truly Joan's only source of strength and power? What if we demand a different narrative? This revisionist biography unearths the secular and verifiable basis for Joan's heroic exploits: Yolande of Aragon, a forgotten mentor. This is a story of not one life, but two; two lives that together were intertwined in the restoration of France's greatness.
