An essay in defence of the female sex - Mary Astell 2019-12-03

In 'An Essay in Defence of the Female Sex', author Judith Drake writes a compelling argument for women's intellectual equality in the face of entrenched societal views of women's inferiority. Written as a letter to a female friend, Drake draws on the rationalist arguments of John Locke to dismantle the prevailing ideas of women's limited capabilities. She also critiques the limitations imposed on women within the institution of marriage. Alongside her logical arguments, Drake paints sketches of male stereotypes to illustrate the folly of generalizing about an entire gender. Her ideas are similar to those of other feminist writers of her time, such as Mary Astell and Chudleigh, but her unique contributions show an early Enlightenment vision of social roles where women could be valuable contributors to society, particularly in the realm of education.

Good Essay Writing - Peter Redman 2006

Shows students how to approach different types of essay questions, provides detailed guidelines on the various ways of supporting and sustaining key arguments, addresses common worries, and provides extensive use of worked examples.

The Science of Sex. An Essay Towards the Practical Solution of the Sex Problem - John Allen GODFREY 1901

The Handbook of Gender, Sex, and Media - Karen Ross 2013-12-04

The Handbook of Gender, Sex and Media offers original insights into the complex set of relations which exist between gender, sex, sexualities and the media, and in doing so, showcases new research at the forefront of media and communication practice and theory. Brings together a collection of new, cutting-edge research exploring a number of different facets of the broad relationship between gender and media Moves beyond associating gender with man/woman and instead considers the

relationship between the construction of gender norms, biological sex and the mediation of sex and sexuality Offers genuinely new insights into the complicated and complex set of relations which exist between gender, sex, sexualities and the media Essay topics range from the continuing sexism of TV advertising to ways in which the internet is facilitating the (re)invention of our sexual selves.

Women in Dada - Naomi Sawelson-Gorse 2001 his book is the first to make the case that women's changing role in European and American society was critical to Dada.

Gender issues in the Pillow Book and the Essays in Idleness - Kati Neubauer 2009-08-18 Essay from the year 2008 in the subject Sociology - Gender Studies, grade: 1,0, Muhlenberg College, course: Introduction to Traditional Japan, language: English, abstract: The Pillow Book (PB) by Sei Shonagon and the Essays in Idleness (EI) by Yoshida Kenko are both considered classic Japanese literature. Both

books deal with the court life during their time period. While Sei Shonagon expresses a feminine view and Kenko a masculine opinion, a comparison between the Pillow Book and the Essays in Idleness can be made by bringing their thoughts towards the other sex in contrast to each other. Furthermore, a change in gender roles can be observed. The essay will lay open the reciprocal critics, but also show how deeply both authors fall for the other sex.

Gender Ideology and Psychological Reality - Melford E. Spiro 1997-01-01

Why do members of a society espouse culturally constituted beliefs that are at odds with their personal interests and experiences? This text answers this question by investigating ideologies of gender and sex relations in Burma.

God, Sexuality and the Self - Sarah Coakley 2013 *God, Sexuality and the Self* is a new venture in systematic theology. Sarah Coakley invites the reader to re-conceive the relation of sexual desire and the desire for God and - through the

lens of prayer practice - to chart the intrinsic connection of this relation to a theology of the Trinity. The goal is to integrate the demanding ascetical undertaking of prayer with the recovery of lost and neglected materials from the tradition and thus to reanimate doctrinal reflection both imaginatively and spiritually. What emerges is a vision of human longing for the triune God which is both edgy and compelling: Coakley's *théologie totale* questions standard shibboleths on 'sexuality' and 'gender' and thereby suggests a way beyond current destructive impasses in the churches. The book is clearly and accessibly written and will be of great interest to all scholars and students of theology

Sex, Gender and Sexuality in Renaissance Italy - Jacqueline Murray 2019-01-23

Sex, Gender and Sexuality in Renaissance Italy explores the new directions being taken in the study of sex and gender in Italy from 1300 to 1700 and highlights the impact that recent

scholarship has had in revealing innovative ways of approaching this subject. In this interdisciplinary volume, twelve scholars of history, literature, art history, and philosophy use a variety of both textual and visual sources to examine themes such as gender identities and dynamics, sexual transgression and sexual identities in leading Renaissance cities. It is divided into three sections, which work together to provide an overview of the influence of sex and gender in all aspects of Renaissance society from politics and religion to literature and art. Part I: *Sex, Order, and Disorder* deals with issues of law, religion, and violence in marital relationships; Part II: *Sense and Sensuality in Sex and Gender* considers gender in relation to the senses and emotions; and Part III: *Visualizing Sexuality in Word and Image* investigates gender, sexuality, and erotica in art and literature. Bringing to life this increasingly prominent area of historical study, *Sex, Gender and Sexuality in Renaissance Italy* is ideal for

students of Renaissance Italy and early modern gender and sexuality.

What is sexuality and how do its meanings relate to sex and gender? - Sophie Koch Feoranzo
2021-02-15

Essay from the year 2017 in the subject Sociology - Gender Studies, grade: 1,3, LMU Munich (Institut für Soziologie und Gender Studies), course: Sociology of Gender, language: English, abstract: In my essay, I intend to examine what sexuality is and how its meanings relate to sex and gender. In doing this, I will first present a definition of sexuality and different axes of sexuality. Then, I will analyse sexuality's link with gender as well as sex by deconstructing these terms into distinct categories.

Furthermore, I will explore the interrelated impact that these terms and categories have by taking an intersectional approach. Sexuality is and has been a major theme within our culture. Thanks to social research, we have been provided with crucial evidence to help in better

understanding the concept of sexuality and its complexity. Despite this, popular stereotypes and perceptions regarding sex, gender, and sexuality remain resistant and continue to persevere within society. In stating this, my intent is to raise awareness and demonstrate a better understanding of sexuality's complexity. Sex, Gender, and the Body - Toril Moi 2005-01
Extracted from Toril Moi's 'What Is a Woman?', this intervention in feminist theory rethinks the legacy of Simone de Beauvoir, and shows that 'The Second Sex', properly read, offers solutions to urgent contemporary problems. These essays provide a third way for feminism, beyond the current stalemate between essentialism and constructionism.

Women's Health, Politics, and Power - Elizabeth Fee 2020-11-25

This collection of essays addresses the broadening array of issues on the agenda of the women's health movements of the 1980s and 1990s, just as a previous collection, "Women and

Health: The Politics of Sex in Medicine", gathered contributions from the earlier wave of the women's health movement in the 1970s. The papers in both volumes are selected from the "International Journal of Health Services", edited by Vicente Navarro. The essays in this volume were originally published in the 1980s and early 1990s. Together, they present a framework for understanding the struggles over women's health that have occurred in this time period, and provide specific analyses of women's health in relation to race/ethnicity and class, the work of health care, the health of women workers, international reproductive health, sexuality, AIDS, and public health policy.

The Straight Mind - Monique Wittig

2021-07-27

These political, philosophical, and literary essays mark the first collection of theoretical writing from the acclaimed novelist and French feminist writer Monique Wittig. "Among the most provocative and compelling feminist political

visions since *The Second Sex*. These essays represent the radical extension of de Beauvoir's theory, its unexpected lesbian future. Wittig's theoretical insights are both precise and far-reaching, and her theoretical style is bold, incisive, even shattering." —Judith Butler, Johns Hopkins University

[Moving Beyond Words](#) - Gloria Steinem

2012-05-15

Essays from the New York Times–bestselling author who inspired the film *The Glorias*, a “woman who has told the truth about her life and ours” (Los Angeles Times). With cool humor and rich intellect, Gloria Steinem strips bare our social constructions of gender and race, explaining just how limiting these invented cultural identities can be. In the first of six sections, Steinem imagines how our understanding of human psychology would be different in a witty reversal: What if Freud had been a woman who inflicted biological inferiority on men (think “womb envy”)? In other essays,

Downloaded from
legacy.opendemocracy.net on 2022-01-18

she presents positive examples of people who turn gendered stereotypes on their heads, from a female bodybuilder to Mahatma Gandhi, whose followers absorbed his wisdom that change starts at the bottom. And in some of the most moving pieces, Steinem reveals some of her own complicated history as a writer, woman, and citizen of the world. This ebook features an illustrated biography of Gloria Steinem including rare images from the author's personal collection.

Three Essays on the Theory of Sexuality: and other writings on Sexuality and Gender

- Sigmund Freud

A new translation from the original German manuscript of Freud's famous 1905 Three Treatises on Sexual Theory (Drei Abhandlungen zur Sexualtheorie) and related writings on the sexuality and gender formation. Here, Feuerbach's influence on Freud shines through as his Epicureanism meets Hume's English Empiricism combined with Materialism. This

collection combines 10 major works on the scientific nature of sexuality, gender and psychosexual formation into a single volume. His other works on Sexual Ethics and MetaPsychological concepts are printed in a different volume. This edition contains the following works: In German: 1905 Drei Abhandlungen zur Sexualtheorie 1925 Einige psychische Folgen des anatomischen Geschlechtsunterschieds 1923 Die infantile Genitalorganisation 1927 Fetischismus 1908 Hysterical fantasies and their relation to bisexuality In English: 1905 Three Treatises on Sexual Theory 1925 Some psychological consequences of the anatomical sex difference 1923 The infantile genital organization 1927 Fetishism 1924 The Economic Problem of Masochism This edition includes an introduction by the translator on the philosophic differences between Carl Jung and Sigmund Freud, a glossary of Freudian Psychological terminology and a timeline of Freud's life & works. This is Volume XIII in the 2023 Complete Works of

Sigmund Freud by NL Press. This new translation of Freud's collected systematic works laid out across 14 volumes contains essays which have never been translated into until now.

Free Women, Free Men - Camille Paglia 2017
From the fiery intellectual provocateur-and one of our most fearless advocates of gender equality-a brilliant, urgent essay collection that both celebrates modern feminism and challenges us to build an alliance of strong women and strong men. Ever since the release of her seminal first book, *Sexual Personae*, Camille Paglia has remained one of feminism's most outspoken, independent, and searingly intelligent voices. Now, for the first time, her best essays on the subject are gathered together in one concise volume. Whether she's calling for equal opportunity for American women (years before the founding of the National Organization for Women), championing a more discerning standard of beauty that goes beyond plastic surgery's quest for eternal youth, lauding the

liberating force of rock and roll, or demanding free and unfettered speech on university campuses and beyond, Paglia can always be counted on to get to the heart of matters large and small. At once illuminating, witty, and inspiring, these essays are essential reading that affirm the power of men and women and what we can accomplish together.

Explore the Concept of Gender and Explain the Roles of Different Forms of Communication Within Gender - Marie Tolkemit 2011-08
Essay from the year 2010 in the subject Women Studies / Gender Studies, grade: 1,7, University of Newcastle upon Tyne (Communication and Culture), language: English, abstract: Lots of researchers define sex as a biological categorization, classifying people as male or female based on their sex organs (Basow 1992, Eckert & Mc-Connell-Ginet 2003) and interpret gender as the social forming of the biological sex. (Eckert & Mc-Connell-Ginet 2003). Butler agrees that gender is the cultural meaning of the

*Downloaded from
legacy.opendemocracy.net on 2022-01-18

sexed body but points out that the sexed body must not match with the biological sex. What this means is that the category 'women' can contain people with a male and a female body, it is the same with the classification 'men'. For Butler, sex or the sexed body is a cultural defined category of gender (Butler 1990). There is lots of research in the field of gender differences in language use. This essay looked at varieties between the genders in verbal and nonverbal communication with the aim to find out which variables characterize the language use of each gender. In the field of talkativeness the researchers got opposite results, therefore nothing can be said about which gender has a larger amount of the conversation. Looking at the other points of comparison between the genders, it could be detected that woman use more affiliative speech which includes the use of different stylistic devices to avoid making a clear statements. Besides, the observation of their visual behaviour showed that women use their

view for orientation and as a source for information (e.g. about their communication partner). Furthermore, they use eye contact for getting a feedback about their own behaviour from their communication partner, feeling uncomfortable when they can't see their opposite. In addition women are more involved, use more expressions and feel easily embarrassed. Overall these results indicate unambiguously that women have a submissive communication style. Men on the cont

Sexual Essays - James Giles 2017-11-22

Sexuality is a basic feature of human life. Gender, sexual and romantic attraction, sexual excitement, and sexual desire and fantasies all move in various degrees through our daily awareness. However, despite this pervasiveness, there is much disagreement surrounding the nature of such things and experiences. This book explores just these issues in an attempt to get clear about this enigmatic aspect of our existence. Through a series of interrelated

essays, internationally acclaimed philosopher James Giles takes the reader on a fascinating journey to the depths of experiential, social, biological, and evolutionary aspects of sexual life. Presenting his arguments and ideas in a clear and easy to follow language, Giles criticizes several popular views, clearing the way for his own unique vision of human sexuality. Often controversial, always engaging, these pages will prove to be absorbing reading for anyone who has ever pondered the nature of sexuality and why it fills our lives in the way it does.

What is a Woman? - Toril Moi 1999

Is the sex/gender distinction really always fundamental to feminist thought? Arguing for a feminism of freedom inspired by Simone de Beauvoir's *The Second Sex*, Toril Moi challenges dominant trends in feminist and cultural theory.

Feminism, Sexuality, and Politics - Estelle B. Freedman 2006-12-08

One of a small group of feminist pioneers in the

historical profession, Estelle B. Freedman teaches and writes about women's history with a passion informed by her feminist values. Over the past thirty years, she has produced a body of work in which scholarship and politics have never been mutually exclusive. This collection brings together eleven essays--eight previously published and three new--that document the evolving relationship between academic feminism and political feminism as Freedman has studied and lived it. Following an introduction that presents a map of the personal and intellectual trajectory of Freedman's work, the first section of essays, on the origins and strategies of women's activism in U.S. history, reiterates the importance of valuing women in a society that has long devalued their contributions. The second section, on the maintenance of sexual boundaries, explores the malleability of both sexual identities and sexual politics. Underlying the collection is an inquiry into the changing meanings of gender, sexuality,
