Woke Capitalism - Carl Rhodes 2022-11-15

This book delves into the corporate takeover of public morality, or 'woke capitalism'. Discussing the political causes that it has adopted, and the social causes that it has not, it argues that this extension of capitalism has negative implications for democracy's future.

Stalking, Threatening, and Attacking Public Figures - J. Reid Meloy 2008-06-12

Stalking, Threatening, and Attacking Public Figures is a comprehensive survey of the current knowledge about stalking, violence risk, and threat management towards public figures. With contributions from forensic psychologists, clinicians, researchers, attorneys, and current and former law enforcement professionals, this

book is the first of its kind, international in scope, and rich in both depth and complexity.

Sex Offender Lives Here - Harry Ramble
2008-01-01

Once, Fletcher Geffney had everything: a lovely wife, wealthy and influential in-laws, an estimable literary career. Now he will lose it all, including his 10-year-old son Christopher, after a series of alarming criminal accusations are made in the course of a vicious child custody dispute. Under normal circumstances, Fletcher might have rebutted the charges made against him. But these are uncommon times. A nationwide manhunt for the Balloon Man, a sexual predator possessed of almost supernatural stealth and savagery, has bred a climate of fear and

Downloaded from
legacy.opendemocracy.net on 2019-03-09
by guest

mistrust. Then an opportunistic local politician makes Fletcher's newsworthy predicament the media centerpiece of a campaign for new and frankly unconstitutional amendments to his state's sex offender registry system. When persecuted felons begin showing up at his door seeking shelter and safety in numbers, Fletcher finds himself at the center of a pitched battle between an agitated, frightened citizenry and a shadowy underground of deviants and criminals. Out of options and out of time, Fletcher kidnaps his son from his wife and flees. But the disappearance of a local girl triggers a final, deadly escalation of violence. Fletcher's day of reckoning arrives at last. Sex Offender Lives Here is the story of a father's worst nightmare. It is also the story of a father's redemptive love for his son and his struggle to come to terms with the mistakes he has made. Harry Ramble's debut novel is a tale told with passion and keen moral clarity, unsparing insight and dark humor. **Pervasive Perversions** - Charles Jason Peter

Lee 2005

"During the 1980s discourse concerning child sexual abuse became central to the US/UK media, and in the 1990s popular culture frequently took child sexual abuse as a subject for representation ... Pervasive Perversions analyses a range of media and popular culture texts concerned with child sexual abuse." -- p. 4 of cover.

Celebrity, Pedophilia, and Ideology in American Culture -

Forensics II - Harry A. Milman 2022-07-24

George Washington, the former first president of the United States, lay in his bed suffering from a high fever, a raw throat, and labored breathing. His three physicians milled around his bed, treating Washington with blisters of cantharides, tartar emetic, and bloodletting, removing nearly 40 percent of his total blood volume and causing excruciating pain. When Washington finally was relieved of his misery and died, the three doctors

could not agree what caused his death. *Forensics II: The Science Behind the Deaths of Famous and Infamous People* reads like a mystery novel, presenting biographical and scientific information that helps readers understand how medical examiners-coroners utilized forensic analysis to determine the causes and manners of death of thirty-six famous and infamous people, including Napoleon Bonaparte, a French military leader and politician; Charles Whitman, the University of Texas tower shooter; Bruce Lee, an actor and martial artist; Kurt Cobain, the lead singer of Nirvana; Jim Jones, a key figure in the Jonestown massacre; Aretha Franklin, a singer-songwriter; Alexander Litvinenko, a former officer of the Russian Federal Security Service; Jeffrey Epstein, a financier and convicted sex offender; and many more. The book is based on a review of publicly available autopsy and toxicology reports, published lay articles, and the scientific literature. Of the deaths reviewed, 39 percent

were due to natural causes, 19 percent were accidental, and 6 (17 percent) were suicides. The remaining deaths comprise three cases each of homicide and justifiable homicide by police, one case of court-mandated execution, and three cases in which the manner of death was undetermined.

NYPD Red - James Patterson 2012

When an all-star cast of Hollywood's stars and executives arrive in New York for a film festival, *NYPD Red* is put on high alert.

How to Work with Sex Offenders - Rudy Flora 2014-01-14

How to Work with Sex Offenders is the first complete manual available on the subject for professionals who deal with this population. This user-friendly, comprehensive resource presents new data that will give you techniques for effectively interviewing sex offenders and outlines innovative treatment options in an understandable way, but that is just part of what makes this book unique. *How to Work with Sex*

Downloaded from
legacy.opendemocracy.net on 2019-03-09

Offenders walks you through the criminal justice, human services, and mental health systems as applied to sex offenders from start to finish—you'll learn what happens to the offender from the point when he/she is apprehended, through prosecution, adjudication, and treatment. To view an excerpt online, find the book in our QuickSearch catalog at www.HaworthPress.com.

Sexual Crime and the Experience of Imprisonment - Nicholas Blagden 2019-03-12

This book focuses on the experience of imprisonment from the perspectives of individuals with sexual convictions. It stresses the importance of a positive and rehabilitative prison climate. The volume begins with an exploration of the theoretical underpinnings of a rehabilitative prison climate and discusses some of the practical ways of creating rehabilitative cultures in prisons housing people convicted of sexual offences. Four empirical chapters focus on the experience of stigmatisation, prison

officers' attitudes towards prisoners' offences, negotiating the 'sex offender' identity in prisons and the varied experience of 'being' in prisons exclusively for individuals with sexual convictions. Throughout the authors discuss the specific benefits of peer-support, such as the chance to earn self-forgiveness, construct adaptive identities and consequently move away from harmful labels. The book also spotlights a chapter on the experience of imprisonment written by a former service-user, this unique position offers an insightful account of an individual's journey through the prison system.

Sex Offenders, Stigma, and Social Control - Diana Rickard 2016-07-12

The 1990s witnessed a flurry of legislative initiatives—most notably, “Megan’s Law”—designed to control a population of sex offenders (child abusers) widely reviled as sick, evil, and incurable. In *Sex Offenders, Stigma, and Social Control*, Diana Rickard provides the reader with an in-depth view of six such men,

*Downloaded from
legacy.opendemocracy.net on 2019-03-09
by guest*

exploring how they manage to cope with their highly stigmatized role as social outcasts. The six men discussed in the book are typical convicted sex offenders—neither serial pedophiles nor individuals convicted of the type of brutal act that looms large in public perceptions about sex crimes. *Sex Offenders, Stigma, and Social Control* explores how these individuals, who have been cast as social pariahs, construct their sense of self. How does being labeled in this way and controlled by measures such as Megan’s Law affect one’s identity and sense of social being? Unlike traditional criminological and psychological studies of this population, this book frames their experiences in concepts of both deviance and identity, asking how men so highly stigmatized cope with the most extreme form of social marginality. Placing their stories within the context of the current culture of mass incarceration and zero-tolerance, Rickard provides a deeper understanding of the complex

relationship between public policy and lived experience, as well as an understanding of the social challenges faced by this population, whose re-integration into society is far from simple or assured. *Sex Offenders, Stigma, and Social Control* makes a significant contribution to our understanding of sex offenders, offering a unique window into how individuals make meaning out of their experiences and present a viable—not monstrous—social self to themselves and others.

[Sex Crime and the Media](#) - Chris Greer
2012-12-06

This title discusses the representation of sex crime in the newsprint media in Northern Ireland. It formulates recommendations for positive and realistic change in the way the press report sex crime and in the way relevant agencies act as sources in the news production process.

[The Feminist and The Sex Offender](#) - Erica R. Meiners
2020-04-28

Downloaded from
legacy.opendemocracy.net on 2019-03-09
by guest

With analytical clarity and narrative force, *The Feminist and the Sex Offender* contends with two problems that, despite their inextricable linkages, are typically siloed in the era of #MeToo and mass incarceration: sexual and gender violence, on the one hand, and the state's unjust, ineffective, and soul-destroying response to it. Levine and Meiners ask if it's possible to confront the culture of abuse, to hold harm-doers accountable, without recourse to a criminal justice system that redoubles injuries, fails survivors, and retrenches the conditions that made such abuse possible. Drawing on personal experience, reportage, and history, *The Feminist and the Sex Offender* develops an intersectional feminist approach to ending sexual violence. It maps with considerable detail the unjust sex offender regime while highlighting the alternatives we urgently need.

Childhood and Celebrity - Jane O'Connor
2017-03-16

The twenty-first century has seen an explosion in

the ways and means in which children can become part of celebrity culture. With the rise in popularity of reality TV, child beauty pageants, talent shows, and social media platforms, as well as more established routes to fame through TV, cinema, theatre and music, the number of children establishing a presence in public life continues to proliferate. *Childhood and Celebrity* brings together international scholarly writing and research about famous children, and representations of childhood, from a range of disciplines including Childhood Studies, Celebrity Studies, Cultural Studies and Film Studies in order to open up a theoretical space in which to explore and understand the complex relationship between contemporary childhood and celebrity culture. This unique collection includes detailed case studies of specific child performers such as McCaulay Culkin and Miley Cyrus, histories of child stars in the 'Golden Age' of Hollywood, analyses of representations of children in film and discussions of children as

Downloaded from
legacy.opendemocracy.net on 2019-03-09
by guest

media creators and producers. Key themes of transgression, gender, 'coming of age', childhood innocence and children's rights recur in the chapters and present a compelling argument for the emergence of the field of Childhood and Celebrity as an area of study in its own right.

Serial Offenders - Kevin Borgeson 2010-11

This book explores the act of criminal profiling and the effective methods of case analysis and linkage. Intriguing cases studies are used to thoroughly examine the behavioural aspect of serial homicide and the investigative issues that criminal justice professionals face.

All that Glitters - Raymond Chandler 2004

The 1993 Michael Jackson scandal has remained a closely held secret for over ten years. Other than speculation and innuendo, the facts have never been revealed--until now. Inside *All That Glitters*, Ray Chandler, the boy's uncle, provides the hard evidence. From the day the boy met Michael, through six months of frenzied

publicity, and into the scarring years that followed, this is a story told by one who witnessed the events as they unfolded, and he has the proof to back it up. Did the King of Pop sexually molest a thirteen-year-old boy in 1993? In this account, the master of reinvention is unmasked.

Understanding Anxiety, Worry and Fear in Childbearing - Kathryn Gutteridge 2019-11-04

This book informs and enlighten health professionals on how the recognition of fearing women can change their episode of care during childbearing. It gives practical advice on the way women present to services and the challenges that this invokes. This work is the first of its kind aimed at clinicians to deconstruct ideology around childbearing myths and its challenges. The authors review the evidence that exists and how modern maternity systems are responding to fear and shaping healthcare. Whilst some worry and anxiety is expected and indeed considered normal during childbearing, it has

Downloaded from
legacy.opendemocracy.net on 2019-03-09
by guest

been suggested that this has now proliferated to a degree of abnormal for many women. Why is that and how is this panic spread? Media portrayal of birth is suggested as unrealistic material and to show only that which is dramatic and horrific. This has been considered as one factor influencing modern women.

Medicalisation, technology and demand upon services is another consequence of providing almost all maternity care in hospitals. Given that the majority of childbearing women are fit and healthy is this another causative factor? By removing women from their homes and families at such a vulnerable time has a serious consequence for how she will experience her greatest leap of faith into motherhood. All of these issues are explored and examined in the book with ideas and practical suggestions of what may be done to change this increasingly common problem. This book is intended at midwives and clinicians working in maternity settings.

The Entertainment and Sports Lawyer - 2001

The Sex Offender Housing Dilemma - Monica Williams 2018-05-08

"When a South Carolina couple killed a registered sex offender and his wife after they moved into their neighborhood in 2013, the story exposed an extreme and relatively rare instance of violence against sex offenders. While media accounts would have us believe that vigilantes across the country lie in wait for predators who move into their neighborhoods, responses to sex offenders more often involve collective campaigns that direct outrage toward political and criminal justice systems. No community wants a sex offender in its midst, but instead of vigilantism, [the author] argues, citizens often leverage moral, political, and/or legal authority to keep these offenders out of local neighborhoods. Her book, the culmination of four years of research, 70 in-depth interviews, participant observations, and studies of

numerous media sources, reveals the origins and characteristics of community responses to sexually violent predators (SVP) in the U.S. Specifically, [this book] examines the placement process for released SVPs in California and the communities' responses to those placements. Taking the reader into the center of these related issues, [the author] provokes debate on the role of communities in the execution of criminal justice policies, while also addressing the responsibility of government institutions to both groups of citizens."--

Celebrity Culture - Ellis Cashmore 2023-09-29 Haven't we all seen a Black Panther movie and listened to at least a few Harry Styles tunes? Who hasn't seen a Taylor Swift video? Or can't name an incident or two involving the Kardashians? Popular fascination with the rich and famous is an inescapable part of contemporary consumer culture. *Celebrity Culture* is a comprehensive yet accessible survey of the pervasive phenomenon. This new edition

of the textbook is fully revised and updated, incorporating up-to-date examples, case studies and additional features, including a timeline and retrospections at the end of chapters. Whilst recognizing that celebrities have existed for centuries, Cashmore argues that celebrity culture in the 21st century is a novel and unique phenomenon driven by rampant consumerism, advertising and the media. He describes the evolution of a new kind of fame, the growth of consumerism, the rise of the paparazzi, the fluctuating value of sex scandals, the transmutation of blackness, the metamorphosis of the British royal family, the emergence of influencers, the appeal of celebrity couples, the increased visibility of queer culture, the transformation of politics, the reconstruction of talent and the attempts of theories to grasp celebrity culture's magnetism. *Celebrity Culture* will appeal to a wide undergraduate audience throughout the social sciences and humanities.

The Resettlement of Sex Offenders after Custody

Downloaded from
legacy.opendemocracy.net on 2019-03-09
by guest

- David Thompson 2017-07-14

Circles of Support and Accountability is a voluntary initiative that assists people with convictions for sexual offences to resettle in the community. People leaving prison with such convictions often have difficulties in resettling. They carry the burden of the conviction itself, which may be both stigmatising and isolating, and they are the subject of sex offender register requirements, parole and other supervisory conditions. Circles of Support and Accountability in the UK started over ten years ago and have slowly spread across the country. They work closely with the police and probation services

but rely entirely on volunteers prepared to give up their time to work with people often otherwise shunned by communities. Circles offer support to the person concerned but also hold them accountable for their future behaviour. They aim to ensure there are 'no more victims'. This book is based on original research and provides a close-up picture of how these Circles of Support and Accountability work in practice. It brings together for the first time the voices of all the participants, from the offenders and the volunteers through to the Coordinators who link the volunteers to the professionals in the form of the police and probation services.
