

The Poisoning Of Eros Sexual Values In Conflict

Goodbye, Billie Jean - Lorette C. Luzajic 2009-11

When Michael Jackson died, Lorette C. Luzajic wanted to do something special. Like just about everyone else in the world, she wanted to mark the loss of this legendary life. So she decided to make the most amazing, most interesting, best-looking MJ book of all. *Goodbye, Billie Jean: the Meaning of Michael Jackson* showcases fifty-one diverse writers sharing their perspectives and experiences. The collection features Pulitzer-prize winning author Chris Hedges; Daybreak Alberta host Russell Bowers; celebrity drag queen Donnarama; Tibetan monk Jamyang Khedrup; UK writer and friend of Michael Jackson, Jonathan Margolis; Georgianne Nienaber, who usually writes about Congo and Rwanda issues; Iranian journalist Javad Rahbar; Jungian therapist Coline Covington; award-winning poet, Samuel Peralta; and that's just for starters. The beautiful cover art was a custom commission for this project, painted by world-renowned pop artist, Jaian Greenon. This is a book not to be missed.

Nine More Clinical Cases - Raymond J. Lawrence, Jr. 2020-07-30

Anton T. Boisen, who started the clinical pastoral movement, believed that carefully reviewing cases of actual patients is the only effective way to train chaplains. But what distinguishes clinical chaplaincy in the tradition of Boisen from the work of other religious or spiritual practitioners who might lay claim to the title "chaplain"? Responding to a second volume of cases published by George Fitchett and Steve Nolan, the distinguished CPE supervisor Raymond J. Lawrence provides alternative approaches to each case, ones that penetrate more deeply into the heart and soul of the patient, offering a more compassionate and meaningful sort of chaplaincy. Like its predecessor volume, *Nine Clinical Cases: The Soul of Pastoral Care & Counseling*, this book is intended for those who want to move from a service delivery and "prayer warrior" form of chaplaincy to one that is more psychodynamically based. It is also intended for those who train chaplains and aspire to doing so better.

SIECUS Report - 1990

Human Sexuality - Vern L. Bullough 2014-01-14

First Published in 1994. The purpose of an encyclopedia is to gather in one place information that otherwise would be difficult to find. Bring together a collection of articles that are authoritative and reflect a variety of viewpoints. The contributors come from a wide range of disciplines— from nursing to medicine, from biology to history— and include sociologists, psychologists, anthropologists, political scientists, literary specialists, academics and non-academics, clinicians and teachers, researchers and generalists.

Journal of the History of Sexuality - 1992

The Dark Side of Close Relationships II - William R. Cupach 2010-09-13

Focuses on the paradoxical, dialectical, and mystifying facets of human interaction, not merely to elucidate dysfunctional relationship phenomena, but to help readers explore and understand it in relation to a broader understanding about relationships. This volume is of interest to relationship researchers in social psychology and sociology.

Sexual Development in Childhood - John Bancroft 2003-12-11

Approached with either "indifference" or "panic" in our culture, discussion of childhood sexuality remains submerged within political and moral debates that have historically impeded its understanding. In contrast, *Sexual Development in Childhood* brings together respected researchers and clinicians to assess the current state of knowledge about childhood sexuality. The result is a comprehensive presentation of the latest research that is rational, balanced, and thorough. The wide-ranging essays in *Sexual Development in Childhood* seek collectively to answer many of the most vital questions in the field of childhood development. What is childhood sexuality, and why should it be studied? How should it be measured, and

what research methods are most useful? What are the current empirical results of research, and in what direction do these studies intend to go in the future? The essays offered in answer to these questions propose to help us understand both the normal range of sexual development in children and the consequences of abusive sexual experiences—objectives that should make this volume an essential resource for teachers, advocates, and social policy professionals as well as for researchers and clinicians.

Journal of Religion and Health - 1992

Sexual Liberation - Raymond J. Lawrence Jr. 2007-01-30

Sex sells, they say, but even today, it is considered forbidden, wrong, or sinful by many in the Western world. This book is an account of the strange ways sexual pleasure has been devalued, even demonized, in the West by the forces of Christendom and its legacy in the modern world. It tells the story of how sex came to be regarded by societies throughout the ages as perverse, sinful, and wrong, and how the motivations of a few have lasted centuries and colored our view of sex and sexuality even today. Sex sells, they say, but even today it is considered forbidden or sinful by many in the Western world. This book is an account of the ways in which sexual pleasure has been devalued and demonized in the West by the historical forces of Christendom. It tells the story of how sex came to be regarded by societies throughout the ages as perverse, sinful, and wrong, and how the centuries-old motivations of a few have persisted into modern times, coloring our view of sex and sexuality to this day. For good or ill, Christianity has been, since before the ebbing of the Roman Empire, the principal bearer of public values in the western world. This book traces the changes that have shaped and reshaped what is considered moral sexual behavior (and immoral sexual behavior) by Christians and non-Christians alike. Lawrence's account of the perversion of sexual values begins with the intersection of the early Jesus movement and the morality of the Greco-Roman culture and empire. He goes on to point out the ways Christianity and its moral code were reshaped under the impact of Constantine's adoption of Christianity as the imperial religion, and how key figures of the Middle Ages generally succeeded in promoting a religion whose chief goal was the obliteration of sexual pleasure. The story continues on through the ages until now. This controversial look at sex and Christianity sheds new light on our views of pornography, homosexuality, adultery, and other issues of sex and sexuality.

Enfleshing Freedom - M. Shawn Copeland 2023-11-28

The achievement of our humanity comes about only through immersion in concrete, visceral, embodied relational experience, yet for many human beings, that achievement is stamped by the struggle against oppression in history, society, and religion. In this incisive and important work, distinguished theologian M. Shawn Copeland demonstrates with rare insight and conviction how Black women's historical experience and oppression cast a completely different light on our theological ideas about being human. Copeland argues that race, embodiment, and relations of power reframe not only theological anthropology but also our notions of discipleship, church, Eucharist, and Christ. *Enfleshing Freedom* is a work of deep moral seriousness, rigorous speculative skill, and sharp theological reasoning. This new edition incorporates recent theological, philosophical, historical, political, and sociological scholarship; engages with current social movements like #BlackLivesMatter and #MeToo; and presents a new chapter on the body.

The Poisoning of Eros - Raymond J. Lawrence (Jr) 1989

Femininity and Shame - Barbara L. Eurich-Rascoe 1997

Femininity is a source of shame for some men and women. Scholarship and therapeutic practice have not reckoned with femininity of its shamefulness in helpful, healing ways. Thus, women and men continue to hide their 'feminine' selves. This book asserts the positive worth and power of femininity for men and

women; men's and women's need for validation of their femininity; and the need to create child-rearing and therapeutic practices that achieve incorporation of femininity in men's conscious self-understanding.

Sexuality in America - Robert T. Francoeur 1999-08-01

Now available in a new paperback edition, this survey is different in both breadth and scope from all other reports on sexuality in the United States. It covers every topic imaginable, from a multicultural point of view, in order to reflect fully the complex society in which we live: the biological, psychological, social, and spiritual aspects of our sexual lives.

Applied Evolutionary Psychology - S. Craig Roberts 2012

This is the first book to overtly consider how basic evolutionary thinking is being applied to a wide range of special social, economic, and technical problems. It draws together a collection of renowned academics from a very disparate set of fields, whose common interest lies in using evolutionary thinking to inform their research.

The Queer Bible Commentary, Second Edition - Mona West 2022-09-30

First published over ten years ago, *The Queer Bible Commentary* brings together the work of several scholars and pastors known for their interest in the areas of gender, sexuality and Biblical studies. Contributors draw on feminist, queer, deconstructionist, utopian theories, the social sciences and historical-critical discourses. The focus is both how reading from lesbian, gay, bisexual and/or transgender perspectives affect the reading and interpretation of biblical texts and how biblical texts have and do affect LGBTQ+ communities. This revised 2nd edition includes updated bibliographies and chapters taking into account the latest literature relating to queer interpretation of scripture.

Handbook of Marriage and the Family - Marvin B. Sussman 2013-06-29

In a thoroughgoing revision of the first edition of this classic text and reference, published by Plenum in 1987, the editors have assembled a distinguished group of contributors to address such topics as past, present, and future perspectives on family diversity; theory and methods of the family; changing family patterns and roles; the family and other institutions; and family dynamics and processes.

Psychological Hermeneutics for Biblical Themes and Texts: - HAROLD J. ELLENS 2012-04-26

An assessment of the development and achievements of the field of Psychological Hermeneutics.

Queer Readings of the Centurion at Capernaum - Christopher B. Zeichmann 2022-10-28

The first-ever monograph on the history of queer biblical interpretation of a controversial biblical passage. Since the 1950s, homoerotic readings of the pericope in which Jesus heals a Roman centurion's slave have been built upon three of the account's features: the specific Greek word *pais*, which can refer to youth, slave, or the junior partner in a sexual relationship between two men; Luke's characterization of the young man as "dear" (*entimos*) to the centurion; and commonplace homoeroticism in the Roman army. Rather than affirming or denying the historical reality of a sexual relationship between the centurion and the young man, Christopher B. Zeichmann instead traces the shifting patterns of queer readings of the text and the influences of the sexual, political, and theological discourses of late twentieth- and early twenty-first-century Europe, the United States, and Australia. Readers will see how distinct political contexts have led interpreters to find very different meanings about the sexual subtexts of this story.

The Decalogue and a Human Future - Paul Louis Lehmann 1995

Building on a long career in the field of Christian ethics, Paul Lehmann examines the role of the Ten Commandments in Christian life, contending the Decalogue describes rather than prescribes human life as God would have us live it. Lehmann is the author of *Ethics in a Christian Context* and *Transfiguration of Politics*.

The Diaconate - James Monroe Barnett 1995-01-01

This book is a highly readable, comprehensive study that has established itself as the definitive work on the diaconate. Drawing upon original sources, the book provides valuable insights into the development of the office of the deacon in the early church and situates it within the context of the church's total ministry. Dr. Barnett contends that a radical change in the nature and understanding of the church's ministry took place in the fourth century. A ministry that had included the whole people of God in a horizontal, organic structure gave way to one that was clerical and hierarchical. This change, among other factors, eventually transformed the diaconate into an inconsequential, transitional office on the way to the priesthood. Responding to the present-day revival of the diaconate in the Roman Catholic, Episcopal, Lutheran, and other churches, Barnett calls for a restoration of the office to its original place as full and equal order, thus re-creating the great symbol of the servant ministry that Christ gave to all the church. James Monroe Barnett, now living in retirement in Omaha, is the former rector of Trinity Episcopal Church, Norfolk, NE.
