The Treatment and Rehabilitation of Offenders - Iain D Crow 2001-05-28
 `[A] useful and informative book. ...I would recommend it to students wanting a good introduction to the current issues in criminal justice and probation' - Vista: Perspectives on Probation `The three chapters on treatment in practice are all excellent; the treatment of sex offenders, mentally disordered offenders and the treatment of drug misuse are all described within the social context of public concern... Ian gives a

good overview of the sex offenders' treatment program as operated in prisons and Finkelhors model which is typically used by probation in working with offenders' - Simon Bass, Caring Magazine Treatment and rehabilitation have been central to the development of criminal justice policy, and have played an important role in the development of criminology. In recent years punishment and retribution have attracted more attention than rehabilitation, but there has been a resurgence of interest in treatment and rehabilitation,

with indications that some things do 'work', and an emphasis on 'evidence-based' policy making. It is also the belief of many that a penal policy without an adequate treatment strategy is unjust and a denial of human rights. In this book Iain Crow provides an accessible overview of the concepts of treatment and rehabilitation, adopting a deliberately broad definition, and considers the historical basis of treatment, and its place within the penal system and British criminology. The collapse of the 'rehabilitative ideal' is examined, along with what followed it and the development of the more recent 'what works' movement. The basis for evaluating 'what works' is also subjected to critical examination. In the second part, the book looks at the part that particular agencies such as the Probation Service, prison and non-statutory organisations have played in the treatment of offenders. In Part Three, the issues raised by treatment and rehabilitation are illustrated with reference to three groups of offenders: sexual offenders, drug misusers and mentally disordered offenders. The Treatment and Rehabilitation of Offenders will be essential reading for students of criminology and criminal justice at both undergraduate and post-graduate levels.

Sex Offender Treatment - Edmond J Coleman 2014-01-09

Sex Offender Treatment: Biological Dysfunction, Intrapsychic Conflict, Interpersonal Violence assists sex therapists, counselors, psychiatrists, and psychologists working in sex offender treatment in providing more effective services. You'll gain timely knowledge of sex offending behavior and treatment approaches that will stimulate your thinking and help you improve your research and treatment methodologies. From Sex Offender Treatment, you'll acquire valuable insight and a cross-cultural viewpoint as you explore chapters written by international scholars who have set the standards of care for sex offender treatment.

Contributors aim to improve the effectiveness of sex offender treatment throughout the world by challenging you to conduct more research that will provide a better understanding of sex offenders and improve treatment approaches. Authors presented their contributions at the Third International Congress on the Treatment of Sex Offenders held in Minneapolis, Minnesota. The book begins with a Standards of Care for the Treatment of Sex Offenders. This guides you in increasing the effectiveness of the treatment you provide to sex offenders. The Standards of Care helps you analyze new data and gain a basis for successful sex offender treatment. Following chapters probe into the nature of interpersonal violence and aggression and a further understanding of pedophilia and exhibitionism. You will begin to more thoroughly understand sex offending behavior as you read about: motives contributing to sexual aggression and the confluence model of sexual aggression the background and clinical characteristics of paraphilic individuals and sex offenders a case study of sex offenders, victims, and their families the "abuse to abuser hypothesis" in regard to pedophilia assessment, psychosexual profiling, and treatment of exhibitionist behavior the treatment of sex offenders with mental retardation the relationship between sex offender treatment success and learning difficulties incest offender perceptions of treatment as used to generate an explanatory theory of the sexual abuse treatment process. Chapters in Sex Offender Treatment emphasize the importance of good assessment techniques, issues affecting victims and families of sex offenders, why treatment does not work for some sex offenders, medical problems associated with sex offenders, and working with special populations of sex offenders. Counselors, researchers, educators, sex offender treatment personnel, forensic psychologists and psychiatrists, and sex therapists will find Sex Offender Treatment crucial for gaining insight into sex offenders' motives and behaviors. You can then use these perspectives to more effectively interact with sex offenders and to more accurately analyze sex offending behavior.

Sexual Offender Treatment - Geris Serran 2005-12-13

The knowledge base on sexual offender treatment has become so extensive that following established paths is no longer the only way to expand understanding and improve the assessment and treatment of clients. Written by established and recognised experts, Sexual Offender Treatment: Controversial Issues explores only the most current, novel and controversial issues in the field of sexual offender treatment This comprehensive text covers a wide range of issues, such as recidivism risk assessment, diagnostic problems, preparatory programs, psychopathy and online sexuality. The contributors to this book are speculative and provocative, yet base their controversial approaches on evidentiary findings. With fresh and alternative perspectives offered in each chapter, this volume aims to generate discussions and challenge the reader to reconsider their position on the issues. This innovative collection will appeal to all those working with sexual offenders in a range of capacities.

Assessment and Treatment of Sex Offenders - Anthony R. Beech 2009-03-04

A comprehensive resource for practitioners working with sexual offenders. Discusses assessments and interventions, as well as providing a comprehensive literature review There are around 10,000 convictions or cautions for sexual offences in the UK each year; early evidence suggests that treatment programmes can halve re-conviction rates Edited by a University of Birmingham team who are world leaders in researching this area; the subject is of interest worldwide, with strong markets in Canada and New Zealand Includes material on managing offenders with developmental disabilities and those with Dangerous and Severe Personality Disorder

The Sex Offender: Current treatment modalities and systems issues - Barbara K. Schwartz 1995

Treating Sex Offenders - Jill D. Stinson 2018-03-23

This structured yet flexible manual presents an innovative group treatment approach that targets deficits in self-regulation—a central problem for sex offenders. Safe Offender Strategies (SOS) comprises 10 evidence-based modules that teach participants the skills to desist from problem behaviors, manage their emotions and impulses, and break unhealthy relationship patterns. Motivational enhancement and validation techniques are woven throughout this collaborative treatment. SOS can be used with a range of clients—including high-risk offenders and those with mental illness or intellectual disabilities—in institutional or outpatient settings. Fifteen reproducible forms and worksheets can be downloaded and printed in a convenient 8 1/2" x 11" size.

Sexual Offending Against Children - Richard Beckett 2002-09-11

Written by a multi-disciplinary group of leading practitioners, Sexual Offending Against Children provides an account of the practice, policy and management issues involved in the assessment and treatment of adult and adolescent sexual offenders against children. Written for practitioners from all disciplines concerned with this area of work, it is underpinned by a strong theoretical base, giving a practical and detailed description of the management of sexual offenders, as well as the potential impact on service providers.

Sex Offenders - Fabian M. Saleh 2021

"In his annual lecture to second year medical students, Dr. Fred Berlin describes an interview he had, early in his career, with a man whom he was evaluating following the man's arrest for child sexual abuse. Halfway through the interview, the arrested man interrupted Dr. Berlin's questions and said, You know, Doctor, your society takes a newborn baby boy; gathers family and friends, takes a knife and without any anesthesia cuts skin off the tip of his penis. This is accepted as a religious act. I bend over and kiss that same penis, and I am arrested as a child sexual abuser. Can you explain that to me? (Berlin, 2000)"--

Handbook of Sexual Assault - William Lamont Marshall 2013-11-21

A useful tool for practitioners, researchers, theorists, and advanced students, Handbook of Sexual Assault analyzes the nature and extent of the problem of sexual offending and classifies the types of offenders according to an empirically developed system. In addition, contributors present the theories of the etiology and maintenance of sexual offending; offer various perspectives and factors relevant to accurate assessment; and detail contemporary treatment procedures.

Sex Offender Treatment - Daniel T. Wilcox 2014-12-01

Sex Offender Treatment is an innovative case study-based guide to the treatment of sexual offenders, offering direct access to the insights and experience of experts in the field. The book describes case formulations, assessment processes, and treatment undertaken with specific sexual offender types. Takes an innovative case study approach to sexual offender assessment and treatment, sharing practical insights and real-world experience in a challenging field Coverage is organized by key offender populations and includes bipolar offenders, child sexual abusers, Internet offenders, psychopathic offenders, personality disordered offenders and female offenders This distinctive approach aids trainee and novice workers to recognise key treatment issues, and plan and implement courses of therapeutic engagement and intervention to improve offender self-control Contributors include Bill Marshall, Leam Craig, Phil Rich, Bill Lindsay and Tony Ward

Treating Sex Offenders - Sarah Brown 2013-07-04

This book aims to provide an introduction and overview of sex offender treatment programmes, designed for students and practitioners coming to this field. It seeks to describe the development, theoretical underpinnings, treatment goals and operation of cognitive-behavioural and other programmes to an audience unfamiliar with this form of rehabilitation. In addition, it aims to examine the effectiveness of these programmes and the difficulties associated with assessing this, the public response to treatment and also the effects on staff responsible for implementing them. The book is concerned particularly to assess the operation of sex offender treatment programmes in the UK context, considering also the issues associated with implementing programmes developed in other contexts, especially the USA and Canada. It will be of interest to practitioners, particularly those who are beginning work on sex offender treatment programmes, or others (such as health workers, social workers, probation officers) who come into contact with these programmes indirectly.

Sex-Offender Therapy - Rudy Flora 2014-05-22

Groundbreaking information for treating sex offenders Sexual abuse, sexual addiction, and sexual offending have become a significant clinical problem. Successfully treating these disorders is the first step toward preventing future victims. Sex-Offender Therapy is a practical workbook for clinicians who deal with sexually aggressive adults, adolescents, and children. This invaluable professional resource focuses on how to treat patients—male and female—impaired by sexual addiction, sexual disorders, sex offending, and other sexual misconduct behaviors. Designed as an accessible step-by-step guide, Sex-Offender Therapy features case studies, work exercises, and clinical suggestions that help to walk the reader through a sexual disorders program. With a wealth of therapeutic interventions, as well as information on polygraph testing and the FDA-approved plethysmograph, this unique text breaks new ground. Additionally, this detailed volume not only presents clinical definitions of all the sexual disorders but goes beyond patient features and evaluation to look at useable, concrete methods for lasting treatment. Topics discussed in Sex-Offender Therapy include: problems, stress, and boundary setting transference and countertransference sexual recovery therapy and its techniques acknowledgement and responsibility the stand-up presentation and victim empathy cycles of offending using the four phases as a relapse prevention format working with the difficult offender trauma in adult, adolescent, and child offenders the cost of offending antisocial disordered patients triggers clinical interviewing and report writing adult and juvenile psychosexual evaluations polygraph testing treatment of sexually aggressive youths defense behaviors group therapy and many more! Informative, practical, and user-friendly, Sex-Offender Therapy is a vital resource for patients and their families, beginning or advanced therapists, attorneys, criminal justice personnel, human service caseworkers, judges, law enforcement, legislators, probation officers, prosecutors, educators, students, researchers, and mental health professionals.

Sex Offender Treatment - Edmond J Coleman 2014-03-18

This important volume brings together findings in the psychological and medical treatment of sex offenders. It disseminates research from experts around the world in the field of sex offender treatment, making this knowledge available to researchers and clinicians everywhere. Professionals struggling to find effective methods for treating their patients will find Sex Offender Treatment a valuable tool for their daily work. Chapters in Sex Offender Treatment cover a variety of topics. Authors examine such areas as psychodynamic and psychiatric disorders associated with the sex offender, findings on pharmacologic interventions, treatment techniques and the public perception of sex offender treatment, and cautionary notes for those who provide therapy for sex offenders. Within these areas, some specific themes addressed include: types of personality disorders and implications for more effective treatment the effectiveness of antiandrogen treatment and the promising results of other pharmacotherapies techniques for developing insight in incest perpetrators a study of adult male incest offenders' perceptions of the treatment process an adolescent treatment program using a family communication approach hypotheses regarding sexual offenders and men who batter, using psychodynamic and feminist theory Full of practical strategies and useful information, Sex Offender Treatment is a book professionals will reach for again and again.

Sourcebook of Treatment Programs for Sexual Offenders - William Lamont Marshall 2013-11-22

A guide for the design and implementation of treatment programs, this book emphasizes clinical issues over research and offers valuable suggestions for dealing with problems that arise in treatment. Contributors

describe their work in prisons, psychiatric institutions, and community settings. Special attention is given to culturally sensitive treatments and to special populations, including professionals, clergy, juveniles, women, and the physically challenged.

The Sex Offenses and their Treatments - Victor T. Cheney 2004-10-01

This book is the only one that lists 115 crimes, offenses, deviances and 62 infamous criminals that can all be blamed on the sex urge and its underlying chemistry. The book also enumerates and briefly explains more than a hundred different treatments that have been used to treat these problems. The efficacy of these treatments has been found to vary greatly. Some of them have even proven to be counterproductive and the best is seldom used. This book is one of the very few available that dwell extensively with the powerful sex urge in its evil results: crime, disease, aggression, jealousy, lost spirituality, etc. in as much detail. Most that is written about sex deals with its good aspects: love, ecstasy, children, family, etc but we need the information in this book to come to the reality of the power of these urges for evil.

Sex Offender Treatment - Edmond J Coleman 2013-10-23

Examine the major advances in sexual offender treatment over the last decade and promising new concepts in treatment, supervision, and research Sex Offender Treatment: Accomplishments, Challenges, and Future Directions points the way toward humane, dignified, effective treatment regimes for sexual offenders. In addition to providing an essential overview of the current state of sex offender treatment, this book examines vital areas of service provision and research and points to future directions for the field. On the medical/psychological front, this volume explores the importance of recognizing comorbid psychiatric factors in treatment and of exploring central nervous system function's role as a cause of sexually inappropriate behavior. In the legislative/justice arena it illustrates a "Circles of Support" proposal that mobilizes community resources to aid the adjustment of released offenders rather than branding them as dangerous to the community. And in the area of service provision, this book presents a treatment approach for residential programs that is inspired by research on childhood behavioral problems and special education. This book will increase your effectiveness with: a model of multisystemic treatment for juvenile sex offenders a restorative justice approach for reintegrating adult offenders into the community a study of the physical/mental correlates of organic brain dysfunction a case report on the use of a pharmaceutical treatment (leuprolide acetate) for pedophiles

TRY, Treatment Readiness for You - Murray Cullen 2003

Those who commit sex crimes often are saddled with issues which lead them to act the way they do. An even bigger problem is many of these individuals have chosen to ignore these issues. If they continue this denial, it can lead to repeat offenses. How do you get them ready to face their problem? TRY will help prepare offenders to break through the walls they built and prepare them to tackle their real issues. Chapters include: What's Going On?, Review of Information So Far and Getting Ready for Change, Ambivalence and Deciding to Change, What Else Prevents Us From Making a Positive Change in Our Life?, and Taking Steps to Change.

Treating Sex Offenders - Letitia C Pallone 2014-01-21

Gain important new insights into religious personnel who molest children! Treating Sex Offenders: A Guide to Clinical Practice with Adults, Clerics, Children, and Adolescents, Second Edition updates the groundbreaking original with new material that integrates adolescent and adult sex offenders, emphasizing similarities and differences in personality type, behavior, and treatment. Author William Prendergast draws on four decades' experience in working in the diagnosis and treatment of habitual sex offenders to present a straightforward look at what makes them tick. This vital new edition includes appropriate additions and changes to treatment techniques, progress reports on case study subjects, reader feedback on the original book, and perhaps most important, new information on religious personnel who molest children. Treating Sex Offenders provides training in clear language for those working with sexual offenders and explanations in simple terms for those suffering as a result of their actions. The book parallels workshops and courses conducted by the author, detailing how to identify major characteristics and traits of offenders, different types of offenders, child and adolescent offenders, how to recognize warning signs of deviant behavior, and how to apply specific treatment techniques that really work. Individual aspects of the makeup and treatment of the compulsive adult and adolescent sex offender are addressed through factors, traits,

treatment, and candid cases studies. Treating Sex Offenders addresses the most vital issues involving sexual pathology, including: inadequate personality theory sexual performance problems imprinting self-confrontation sex as the chosen deviation the five c's of sex offender treatment and much more! Treating Sex Offenders: A Guide to Clinical Practice with Adults, Clerics, Children, and Adolescents, Second Edition is an essential resource for psychiatrists, psychologists, social workers, counselors, and those in the criminal justice field who deal with sex offenders on a daily basis. Family members involved in the lives of sex offenders and survivors of sexual abuse or assault will find the case studies enlightening in making sense of a tragic situation.

Comprehensive Mental Health Practice with Sex Offenders and Their Families - M. Carolyn Hilarski 2014-01-14

A comprehensive look at the many types of male and female sex offenders who victimize children, adolescents, and adults Comprehensive Mental Health Practice with Sex Offenders and Their Families presents practitioners, professionals, and policymakers with effective, user-friendly practice methods for working with all types of sex offenders. Each chapter provides an overview of a specific category of sex offender and presents case examples and sample treatment plans with short- and long-term goals and objectives. This unique book also includes the latest assessment and intervention methods, family and relapse prevention efforts, and cultural issues that affect service delivery. Comprehensive Mental Health Practice with Sex Offenders and Their Families examines the etiology, prevalence, and behavioral consequences of eight different sex offender typologies to provide you with a much broader focus than you'll find in other sex offender books currently on the market. The book explores gender issues, demographics, offense characteristics, family characteristics, and assessment issues in dealing with both male and female sex offenders who use psychological and physical means to victimize children, adolescents, and adults. The end result is effective as a reference for health and mental health practitioners, as a resource for program implementation and outcome evaluation for policymakers and researchers, and as a classroom aid for the next generation of social workers and health and mental health providers. Comprehensive Mental Health Practice with Sex Offenders and Their Families examines: child sex offenders—inappropriate, developmentally precocious, and aggressive sexual behavior among children adolescent sex offenders—criminal sexual acts committed by juveniles adult male sex offenders—the average male sexual molester will victimize hundreds of children in his lifetime women who sexually abuse

children—challenging the stereotypes about motherhood and female-child relationships professional perpetrators—clerics, teachers, tutors, athletic coaches intellectually and developmentally challenged sex offenders—sexually abusive acts committed by people with intellectual disabilities (ID) violent sex offenders—physical and psychological injuries suffered during sexual violation comorbid psychopathology in child, adolescent, and adult sexual offenders—anti-social, narcissistic, and sadistic behaviors, learning problems, neuropsychological impairments, and more Comprehensive Mental Health Practice with Sex Offenders and Their Families is an essential resource for anyone working with diverse groups of sex offenders.

Cognitive Behavioural Treatment of Sexual Offenders - William L. Marshall 1999-12-16

Cognitive Behavioural Treatment of Sexual Offenders William L. Marshall, Dana Anderson and Yolanda Fernandez Queen's University, Ontario, Canada, and Bath Institution Sexual Offender's Program, Ontario, Canada Sexual offending is an extensive problem in our societies causing untold harm to many innocent victims. Sexual offenders typically have a personal history of abuse of various kinds and it seems that most of them would prefer to live offence-free lives. It takes courage for these offenders to face their own problems and to deal with the consequences of their actions on their victims, the victim's families, and their own families and friends. This book describes a treatment program which presses these offenders into facing the facts and taking responsibility for their actions, in a firm and supportive manner. The book's aim is to present what is currently known about the treatment of sexual offenders from both a practical and an empirical perspective. The authors describe the features that are assumed to need change and appraise the evidence in support of these assumptions. The authors present an approach to treatment which is unique and the evidence for effective treatment outcome, generally from Correctional Services of Canada programs, is among the most convincing available. Each treatment component is described and the available evidence is outlined to support the value of each component. Finally the authors consider overall evaluations of treatment outcome. All professionals involved in the treatment of sexual offenders will find this book essential for its * comprehensive review of the development and implementation of sexual offender treatment * evidence-based approach to selecting clients for treatment and to selection of treatment components * practical, detailed and research-based guidance on conducting and monitoring treatment * unique approach to treatment supported by good outcome evidence This book is published in the Wiley Series in Forensic Clinical Psychology Series Editors: Clive R. Hollin and Mary McMurran, both of the Centre for Applied Psychology, The University of Leicester, UK
