Autobiography of an Orgasm Betsy Blankenbaker 2014-10-30 What do we think we know about the female orgasm? It's that peak experience, an ultimate moment of climax and release that nevertheless eludes so many. Some women live for it, some have multiple orgasms, some fake it while

others simply learn to do without. "Autobiography of an Orgasm" (November, 2014) is a sexy-spiritual memoir that's part steamy erotica and part straight-talking advice. It's the result of Betsy Blankenbaker's tireless journey to learn everything she could about the female orgasm in a personal quest to feel as much as possible after too many years of feeling nothing at all. To solve the mystery of why she spent much of her life disconnected from her sensuality, struggling to overcome the shame of childhood sexual assault, Blankenbaker set out at age 45 to thoroughly research women's orgasm. Along the way, she spent time in bed with orgasm experts, strolled down New York's tony Fifth Avenue with a healing jade egg in her vagina, had a spiritual awakening through orgasm in Africa, and received sacred "Womb Rites" from a shaman in the Peruvian Amazon. Through lively storytelling and a delicious sense of humor, Betsy shares why she was never able to find fulfillment in life, love or sex prior to her pilgrimage to healing and pleasure. Her findings resulted in this unprecedented book, "Autobiography of an Orgasm." "Autobiography of an Orgasm" seeks to answer the questions women have but don't know how (or whom) to ask. It is the author's fervent prayer that it will inspire women everywhere to burn their dysfunctional bridges and step into healing by learning to love their bodies and themselves.

Hands Free Orgasm and Others Gay Stories Alfredo Blackrock 2013-12 I have written the stories of this book for my personal pleasure, to recreate experiences that I would like to have lived, but did not have the good fortune to do so. However, each one has been generated by a grain of reality perhaps just from a fleeting glance or a situation never fully resolved. The subject matter of each of these stories is erotic. From a young age I

have been a voracious reader, and the erotic genre has always interested me. The percentage of time devoted to these readings, has been increasing over time, and is now overwhelmingly dominant for me. However, more importantly, I have come to appreciate the powerful role of sex in human behavior in general and in myself in particular. As long as our fundamental needs for food and water are met, the desire for the erotic prevail over, or at least color, all other concerns. The survival of the species after all depends on this drive. Sex is at the crossroads between survival and extinction. There is a strong component that was suppressed in my childhood for social and cultural reasons. Over time this restraint has been released. I believe that a certain kind of physical sex is much more important for men than for women. For women, a primary drive and source of satisfaction is the protection and welfare of offspring. Male sex, on the other hand, is linked to power relations. Usually a man by his nature wants many partners, and may seek them indiscriminately. This might include homosexual contacts. For those who have found the latter, they have also discovered a liberating freedom to pursue sex in its pure and unadulterated form unfettered by responsibilities or consequences. Sex with like-minded males is pure and hard. The stories I write must first be exciting for me and also, I hope, the reader. They are in that sense, stories to be read with only one hand. I realize that not everyone has the same sensitivity; indeed each one of us is unique. However, it is very important for me to know that someone gets pleasure by reading my stories. The knowledge that another person has been touched and excited with the images that I created, makes me feel an intimate contact with them. As situations and feelings are described, I hope they evoke responses in others as they did myself. This contact through words and images may be more profound and exciting than direct physical contact itself. Sex, like many other things, lies in the complex and wonderful organ that is our brain. It excites me to think that someone masturbates with my stories, and that I am the one who is providing him pleasure even though my hands never touch him. I sought to create sensual scenes that may be both delicate and powerful as well as representing profound truths. In the stories that follow some situations and emotions reoccur. Some might say in an obsessive way. So be it. They include first times experiences, but predominantly they are predator-prey relationship, dominant and submissive roles, initiator and initiated situations, master and apprentice associations, and relationships with marked age differences. All the younger characters are of legal age. I also like the play of light and shadow, between desire and fear. My stories depict the dualities of sex, smooth and rough, curve and edge, cold and heat, resistance and surrender. The relationship between pleasure and pain are also explored. Whether they are derived from biology or culture, I believe they lie within all. Active and passive roles are traditionally stated as those of the male and the female, but I submit they are present in all of us to a greater or lesser degree. I recognize both types of sensations in myself and I presume readers will too. The position between the two poles depends on the person, but the two are inseparable and cannot exist without each other. In these stories, the staging sketches are intentionally cinematographic. To accompany the images I attempt to create, I suggest background music to your own taste.

[The Secrets of Great G-Spot Orgasms and Female Ejaculation](#) Tristan Taormino 2011-10 " Proper stimulation of the G-spot can yield incredible

orgasms and the elusive and mysterious experience of female ejaculation. However, unlike the clitoris, which is easily visible, the G-spot can be tricky to locate. *The Secrets of Great G-Spot Orgasms and Female Ejaculation* demystifies this controversial sexual wonder spot with the latest research and techniques, positions, and toys for harnessing the power of the G-spot for incredible pleasure. Written by leading sex educator Tristan Taormino this guide presents the most up-to-date information on techniques for finding and stimulating the G-Spot solo as well as the best intercourse positions, and toy and manual techniques for maximizing G-Spot stimulation, achieving female ejaculation, and having intense, full-body orgasms"-- *The Book of Orgasms* Nin Andrews 2000 Poetry. A series of wry meditations on the relationship between the ordinary and the extraordinary, the human and the divine, everyday experience and the limits of bliss, *THE BOOK OF ORGASMS* maps the imaginary terrain of the upper realm, the place where euphoria endures. In Nin Andrews's highly original conception, orgasms represent peak moments that take the form of invisible creatures waiting to lift us up into the air, out of the ordinary and into a place just above our heads, just beyond our fingertips. And yet—curse or blessing—the gravity of our own desire, the weight of our humanness continually pulls us back from the splendid lightness of euphoria.

Throughout the book, Schiftan imparts real client stories to show how readers can talk with their partners and incorporate her tips into their own sex lives. Orgasms often provoke questions. With her ten-step plan, Schiftan brings light to the dark and shows how to have more fun with sex—and your own body—at your fingertips.

The Real Orgasm Dominic Daniels 2016-12-13 About 7 years ago, the love of my life dumped me because I "wasn't satisfying her in bed." Naturally, my ego was crushed and I went into a severe depression for a few months. But eventually when I finally got over my depression, I knew that I had to figure this whole "female orgasm" thing out. I didn't want to live the rest of my life not being able to make a woman orgasm. So, I began my search. The books that I found offered the same regurgitated information on where the clitoris is located, and the best positions to stimulate it. And as much as you'd think that information would help, it didn't get me the results I was looking for. I couldn't make my partner - whoever she was - consistently orgasm. To say my "orgasm ratio" was 10% - making her cum 1 out of 10 times - would be generous. So, I did what I thought was the next best thing. I went to my best girlfriend at the time and asked her if she would let me interview her about her orgasmic process. Thankfully, she did. And she liked my questions so much that she referred me to her friends, who referred me to their friends, who referred me to their friends, so on. Within 9 months, I had over 360 interviews... and I had completely changed in the process. I spent the next 6 years practicing the things I had learned from those interviews... and a few more things that I learned along the way. And now..? More than 90% of the time, I can make my lover orgasm. If we're dating, 100% of the time. Here's what I learned: 1) As long as you understand the sexual philosophy of the woman you're about to undress, you'll know how to treat her through the process (Soft, Hard, Combinations) 2) The only way you can truly understand her sexual philosophy is by asking the right questions and mastering the art of sexual communication. 3) Then you must own your role in the sexual process. Especially when playing the role of the leader. If you are to lead her to her orgasm, you must feel confident in not just your sexual abilities, but yourself as a whole. 4) Once you have the above 3 handled, you then use the key positions with the right rhythms to bring her to an intense - whole body - orgasm... whether or

not clitoral stimulation is involved. Within the book, "The Real Orgasm" you will see the detailed breakdowns of the sexual philosophies I encountered throughout my interviews and the types of sexual personalities those women had. You will also learn the questions I asked to learn everything that I learned from those women. And in case you're wondering... yes, I did sleep with a few of the women that I interviewed. I'm not saying it to boast... well, maybe a little... but I'm mainly saying it because these questions work. They let her know that you're interested in HER... and if you actually pay attention, you'll learn EVERYTHING you need to know to make her cum like a geyser. You will also learn the best strategies and tactics that thousands of men use - including myself - to build an inner core of confidence, dominance, and seduction. This is not about being an overbearing asshole. It's about owning your place as the leader and feeling comfortable there. And finally... you will learn the key positions that virtually guarantee orgasm, as well as, my secret hacks for developing the best sexual rhythm for repetitive orgasms. This information truly transformed my life... The simple fact that I know all of this gives me the type of confidence that most guys would kill for. Not conceit. Confidence. The kind of stuff that "dime pieces" notice. The kind of stuff that gets their panties wet before any physical contact is made. And when we end up in the bedroom, everything flows so smoothly and most importantly. I'm in control of myself the whole time and therefore, can comfortably control the situation. My partner orgasms over and over and OVER again... and most importantly... ..it's all so very sexy.

Slow Sex Nicole Daedone 2014-07-02 Explains how to use the growing practice of Orgasmic Meditation to slow down, connect emotionally, and achieve authentic female sexual satisfaction.
