

The Sex Imperative

The Sex Imperative - Mwalimu Baruti

2015-07-23

The Sex Imperative details the origin, historical progression and essence of european sexual insanity. It is a discussion which particularly focuses on this thought and behavior as it has been assimilated and is being practiced by Afrikans who are participating in european culture, as if it is their own. The peculiarities and extremes of european sexual thought and behavior are revealed for what they are, as well as their extent within the european community and the noneuropean world, as europeans and their culture invade and contaminate it. europeans have become the model from which we are defining and allowing our and our

children's sexual being to be defined. We once considered ourselves superior moral beings, especially as sexually defined in comparison to europeans. This has changed as we have become more and more assimilated and subintegrated into european culture. If we are to follow the moral traditions of our Ancestors, and not that of another's, then we must rethink our submission to european sexual insanity because we fear rejection or persecution. To be unwilling or afraid to define and model sexual morality for our children because it may make them different from the european norm, and therefore make their lives more difficult, is for Afrikans to react out of fear. Morality, like fear, is a group, not individual, definition and state. And europeans

are the group by which we are defining our children's sexual morality. This book is a discussion of both the European sexual way and the appropriate African response.

Sex-Love and Its Place in a Free Society (Classic Reprint) - Edward Carpenter

2019-01-08

Excerpt from Sex-Love and Its Place in a Free Society The subject of Sex is most difficult to deal with, not only on account of a certain prudery as well as a natural reticence on the subject, but doubtless also because the passion itself being so tremendously strong and occupying such a large part of human thought and words being so scanty and inadequate on the subject - everything that is said is liable to be misunderstood; the most violent inferences are made, and equivocations surmised, from the simplest remarks qualified admissions of liberty are interpreted into recommendations of unbridled licence; and generally the perspective of literary expression is turned upside down by

the effect of the unfamiliarity of the topic on the reader's mind. There is indeed a vast deal of fetishism in the current treatment of Sex; and the subject is dealt with as though it lay quite out of line with any other need or faculty of human nature. Nor can one altogether be surprised at this when one perceives of what vast import Sex is in the scheme of things, and how deeply it has been associated since the earliest times not only with man's personal impulses but even with his religious sentiments and ceremonials. Next to hunger this is doubtless the most primitive and, imperative of our needs. But in modern civilised life Sex enters probably even more into consciousness - than hunger. For the hunger-needs of the human race are in the later societies fairly well satisfied, but the sex-desires are strongly restrained, both by law and custom, from satisfaction - and so assert themselves all the more in thought. To find the place of these desires, their utterance, their control, their personal import, their social

import, is a tremendous problem to every youth and girl, man and woman. There are a few of both sexes, doubtless, who hardly feel the passion - who have never been in love, and who experience no strong sexual appetite - but these are rare. Practically the passion is a matter of universal experience; and speaking broadly and generally we may say it is a matter on which it is quite desirable that every adult at some time or other should have experience - actual and physical, as well as emotional. There may be exceptions; but, as said, the sex-instinct lies so deep and is so universal, that for the understanding of life - of one's own life, of that of others, and of human nature in general - as well as for the proper development of one's own capacities, such experience is almost indispensable. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work.

Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. The Spiritual Imperative - Lawrence Taub
2002-01-01

The Sex Imperative - Kenneth E. Maxwell
2013-11-11

"The sex imperative - the irresistible impulse to engage in sexual relations - has enabled animals to share their genes and evolve. Maxwell traces the progress of sex from the simple sharing of genes between cells to the elaborate courtship rituals that developed so sperm could merge with egg. In the effort to join sperm and egg,

species have developed some astounding and unusual sexual adaptations. As Maxwell vividly describes the sex lives of various creatures, he attests to the resiliency and amazing adaptability of life to its everchanging environment. By focusing on the diversity of animal sexual relationships, Maxwell enables us to question the very basis of sexuality: What is sex? Why did it evolve? How does sexuality and survival shape the social behavior of animals and humans? The sex imperative is indeed the driving force behind Darwin's theory of random variation and natural selection, better known as "survival of the fittest." Maxwell goes so far as to investigate our latest accomplishment in the science of begetting offspring: genetic engineering. "This awe-inspiring and unique work celebrates the power and wonder of life and sexuality of all creatures - including humans. After reading this engrossing and illuminating work, no one will ever think of evolution in the same way."--Jacket. *The Sexual Imperative* - Glenn Holt 1973

The Imperative of Health - Deborah Lupton
1995-06-15

In this reappraisal of public health and health promotion in contemporary societies, Deborah Lupton explores public health and health promotion using contemporary sociocultural and political theory, particularly that building on Foucault's writings on subjectivity, embodiment and power relations. The author examines the implications of the new social theories for the study of health promotion and health communication to analyze the symbolic nature of public health practices, and explores their underlying meanings and assumptions.

Sexuality - Meg-John Barker 2021-02-05
'Sexuality delivers the goods, making the history and theory of sexuality downright sexy ... I learned more in one session with this book than I've figured out in a lifetime.' Christine Burns MBE, author of *Trans Britain They're back!* Writer Meg-John Barker and artist Jules Scheele once again team up in this cheeky and

informative comic-book follow-up to *Queer and Gender*. Sex is everywhere. It's in the stories we love - and the stories we fear. It defines who we are and our place in society ... at least we're told it ought to. Sex and sexuality can seem like a house of horrors, full of monsters and potential pitfalls. We often live with fear, shame and frustration when it comes to our own sexuality, and with judgement when it comes to others'. Sex advice manuals, debates over sex work and stories of sexual "dysfunction" only add to our anxiety. With compassion, humour, erudition and a touch of the erotic, Meg-John Barker and Jules Scheele shine a light through the darkness and unmask the monsters. 'The art introduces a set of reoccurring characters, tongue-in-cheek references to the Scooby-Doo gang, who journey through a haunted house confronting and unmasking the villains: patriarchy, white supremacy, ableism, and capitalism personified ... The sum: accessible, compassionate reading for readers wanting to think more deeply about

sex, society, and how they intersect.' Publishers Weekly

Sex in History - Reay Tannahill 1989

A long, cool and entertaining look at sexual attitudes, customs and practices in all the world's major civilizations past and present. Drawing on art, architecture, literature and theology, as well as a whole alphabet of scientific disciplines, the author places that great imperative of humanity - the sex drive - in its widest historical perspective. More than a history of sex alone it is a history of relationships between the sexes and a history of how sex and sexuality have influenced the whole course of human development.

Sex in Cyberspace - Sarah Earle 2016-04-01

Sex in Cyberspace offers a bold and provocative, yet sensitively written, account of an under-investigated area of sociological enquiry. While there is a considerable amount of research documenting the experiences of sex workers, very little data exists on their male clientele. The

first empirically-based volume on the experiences of men who pay for sex, this work presents a significant new source of data. The book is based upon an extensive study of on-line forums in which both the purchasers of sexual services and the workers themselves can exchange information and views - information which is otherwise extremely difficult to obtain. Sarah Earle and Keith Sharp argue that such sites represent a significant change in the social organization of sex work and those who seek and use the services of sex workers. Shedding new light on men's sexual identity, *Sex in Cyberspace* makes a major contribution to the study of sexuality.

[Early Medical Abortion, Equality of Access, and the Telemedical Imperative](#) - Jordan A. Parsons
2021-09-30

Telemedicine has recently become a key focus of healthcare systems globally, heavily influenced by the COVID-19 pandemic and the increased need for remote care pathways. Implementing

telemedicine can bring myriad benefits for both patients and providers, and has the potential to make a huge impact by improving access to abortion care. In both the United Kingdom and United States, abortion is heavily regulated--exceptionally so when compared to other routine healthcare. This regulation has had the impact of exacerbating the social and geographical circumstances that can make access to abortion services difficult. This book examines telemedical provision of early medical abortion, alongside the access barriers created by laws in the United Kingdom and United States. It critically appraises a series of developments in this rapidly evolving subject, providing an up-to-date and well-informed analysis. In doing so, it argues that there is a moral imperative to introduce, retain, or reinstate (as applicable) telemedical early medical abortion.

Support And Guidance You Need To Be A Success At Having The Sex Talk! In the recent year, sex scenario conversations are considered as one of the most common topic between parents and their child. If you are planning to talk with your child about sex, there are a lot of factors that you should take into account. Before talking to your child about the stated matter, it is very imperative that you have an apparent and superior understanding about the real world of sex scenario conversations. In line with this, it is also important that you are aware and familiar with the birds and the bees with your child. If you are one of those parents who want to talk with their child about sex, it is very important to consider several factors that will greatly help you to come up with the best possible results. When you hear the term "sex scenario conversations", what is the first thing that comes into your mind? Talking with your child about sex is not an easy task at all since it requires time, effort, extensive research to make sure

that you will come up with the best possible outcomes that you are expecting. In connection with this, you also need to bear in mind the importance of discussing the birds and the bees with your child. By doing this, you can be sure that your child will have a better understanding about this matter. At the early age of your child, it is very imperative that you discuss this matter to them. All the valuable information that you need about the stated topic above are all present within this book. Sex Talk Basics Choosing the Right Time to Speak to your Child Use Age Appropriate Books Include your own Morals and Values Encourage Questions and Open Honest Discussion Explore what Materials are being taught in the Child's School How not having the Sex Talk can Backfire

The Naked Emperor - Stella B. Raven
2014-04-18

If you have ever lain there thinking, as Marilyn Monroe did, "I must be doing it wrong", then this book is for you. If you are a woman and you want

better sex; if you are a man and want better sex; this book is a must. Stella Raven's astute exposé on the contemporary sexual milieu and how to make dramatic improvements for both sexes is rigorously rooted in academic research. One of her conclusions is that women are just not getting enough - orgasms. New realms of ecstasy and delight await you in the pages of this book: Did you know that, - the clitoris has 400% more nerve endings than the penis - only 14% of women feel anything when stimulated inside the vagina - 97% of women admit to faking orgasm - a woman's birthright is the potential for 30 consecutive orgasms or until exhaustion ensues - there is no such thing as a vaginal orgasm or a G Spot - in the last 20 years women having same sex partners increased by 400% - the clitoris was snatched from textbooks in the 17th Century and absent for 300 years - the vulva was celebrated in Neolithic art for millennia Stella Raven explores all these issues and asks, given all these factors why do we continue to have the same old sex in

the same formulaic way when enhanced extended ecstasy awaits us. Stella details a more egalitarian approach to sex that will set the sense receptors of both partners on fire. She offers mutual delights that will put a stop to the trend of women voting with their headaches. If you have sex, or even if you don't, can you afford not to read *The Naked Emperor*?

Women's Sexual Experience - Martha Kirkpatrick 2012-12-06

This book, like its companion volume, *Women's Sexual Development*, is a potpourri of ideas, not campaign literature to promote a particular point of view. The editor agrees with some of her authors and strongly disagrees with others. The "facts" are few, the questions many. The intent of both books is to evoke questions, delay convictions, invite controversy, and plead for opening minds. The examination and explanation of women's sexual experience has long been the province of men. The "is" and the "oughts" have been hopelessly confused by the

investigators' (or exhorters') biases and limited experience, as well as by the use of the male sexual experience as the model for all human sexual experience. Women, at long last, are talking not only to each other, in personal journals and letters, but also in the more formal worlds of academic and scientific publications. The papers in this book come from many sources. Some are academic; some are experiential, journalistic, or personal. Several emphasize the lack of adequate research and data but address an issue that is just appearing on the surface of contemporary controversy and concern. Many topics and sources of information are missing.

Love's Coming-Of-Age; a Series of Papers on the Relations of the Sexes - Edward Carpenter 2013-09

This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not

illustrated. 1896 edition. Excerpt: ... The Sex-passion "THE subject of Sex is difficult to deal with. There is no doubt a natural reticence connected with it. There is also a great deal of prudery. The passion occupies, without being spoken of, a large part of human thought; and words on the subject being so few and inadequate, everything that is said is liable to be misunderstood. Sex-Educate Your Child - Charis Grace
2021-08-02

This book was birthed to help parent know when and how to have sex talk with their children. In the recent year, sex scenario conversations are

considered together of the foremost common topics between parents and their child. If you're getting to talk together with your child about sex, there are tons of things that you simply should take under consideration. Before lecture your child about sex, it's very imperative that you simply have a clear and superior understanding about the important world of sex scenario conversations.

[How Sex Got Screwed Up: The Ghosts that Haunt Our Sexual Pleasure - Book Two](#) - Jon Knowles 2019-03-31

The ghosts that haunt our sexual pleasure were born in the Stone Age. Sex and gender taboos were used by tribes to differentiate themselves from one another. These taboos filtered into the lives of Bronze and Iron Age men and women who lived in city-states and empires. For the early Christians, all sex play was turned into sin, instilled with guilt, and punished severely. With the invention of sin came the construction of women as subordinate beings to men. Despite

the birth of romance in the late middle ages, Renaissance churches held inquisitions to seek out and destroy sex sinners, all of whom it saw as heretics. The Age of Reason saw the demise of these inquisitions. But, it was doctors who would take over the roles of priests and ministers as sex became defined by discourses of crime, degeneracy, and sickness. The middle of the 20th century saw these medical and religious teachings challenged for the first time as activists, such as Alfred Kinsey and Margaret Sanger, sought to carve out a place for sexual freedom in society. However, strong opposition to their beliefs and the growing exploitation of sex by the media at the close of the century would ultimately shape 21st century sexual ambivalence. Book Two of this two-part publication traces the history of sex from the Victorian Era to present day. Interspersed with 'personal hauntings' from his own life and the lives of friends and relatives, Knowles reveals how historical discourses of sex continue to

haunt us today. This book is a page-turner in simple and plain language about 'how sex got screwed up' for millennia. For Knowles, if we know the history of sex, we can get over it.

The Handbook of Gender, Sex, and Media -

Karen Ross 2011-09-07

The Handbook of Gender, Sex and Media offers original insights into the complex set of relations which exist between gender, sex, sexualities and the media, and in doing so, showcases new research at the forefront of media and communication practice and theory. Brings together a collection of new, cutting-edge research exploring a number of different facets of the broad relationship between gender and media Moves beyond associating gender with man/woman and instead considers the relationship between the construction of gender norms, biological sex and the mediation of sex and sexuality Offers genuinely new insights into the complicated and complex set of relations which exist between gender, sex, sexualities and

A Return to Eros - Marc Gafni 2017-08-29

Discover the secret relationship between erotic, the sexual, and the sacred Sex is not negative or positive. Sex is not just neutral, nor is it merely sacred because it creates babies. None of these old sexual stories work for us anymore. We need a new sexual narrative. This book gives the new sexual narrative, what the authors call Sex Erotic. Erotic Mystics from the hidden tradition of Solomon's temple taught a secret doctrine: sex is the source of all wisdom. It's an expression of the erotic impulse of existence itself alive in us—the yearning for contact, pleasure, and aliveness. The sexual, however, is not the sum total of the erotic. Rather, the sexual teaches us how to live an erotic life in all dimensions of our existence. That is Sex Erotic. A Return to Eros: The Radical Experience of

Being Fully Alive, from Drs. Marc Gafni and Kristina Kincaid, reveals the radical tenets of the relationships between the sexual, the erotic, and the holy. They share what Eros actually means and also the 12 core qualities of the erotic, which are modeled by the sexual. These include being on the inside, fullness of presence, yearning, allurements, fantasy, surrender, creativity, pleasure, and more. A Return to Eros shows why these qualities of the erotic modeled by the sexual are actually the same core qualities of the sacred. The relationship between the sexual and the erotic becomes clear, teaching you how to live an erotically suffused existence charged with purpose, potency, and power. To be an empowered lover—not just in sex but also in all facets of your life—you must listen to the whisperings of the sexual.

Transform your understanding and experience of love, sex, and Eros inside these pages.

The Right to Sex - Amia Srinivasan 2021-08-19

BOOK OF THE YEAR 2021 SHORTLISTED FOR THE ORWELL PRIZE 2022 Essential lessons on the world we live in, from one of our greatest young thinkers - a guide to what everybody is talking about today 'Unparalleled and extraordinary . . . A bracing revivification of a crucial lineage in feminist writing' JIA TOLENTINO 'I believe Amia Srinivasan's work will change the world' KATHERINE RUNDELL 'Rigorously researched, but written with such spark and verve. The best non-fiction book I have read this year' PANDORA SYKES -----
----- How should we talk about sex? It is a thing we have and also a thing we do; a supposedly private act laden with public meaning; a personal preference shaped by outside forces; a place where pleasure and ethics can pull wildly apart. Since #MeToo many have fixed on consent as the key framework for achieving sexual justice. Yet consent is a blunt tool. To grasp sex in all its complexity - its deep ambivalences, its relationship to gender, class,

race and power - we need to move beyond 'yes and no', wanted and unwanted. We need to interrogate the fraught relationships between discrimination and preference, pornography and freedom, rape and racial injustice, punishment and accountability, pleasure and power, capitalism and liberation. We need to rethink sex as a political phenomenon. Searching, trenchant and extraordinarily original, *The Right to Sex* is a landmark examination of the politics and ethics of sex in this world, animated by the hope of a different one.

The Sexual Politics of Border Control - Billy Holzberg 2022-03-16

The Sexual Politics of Border Control conceptualises sexuality as a method of bordering and uncovers how sexuality operates as a key site for the containment, capture and regulation of movement. By bringing together queer scholarship on borders and migration with the rich archive of feminist, Black, Indigenous and critical border perspectives, it highlights

*Downloaded from
legacy.opendemocracy.net on 2022-04-08

how the heteronormativity of the border intersects with the larger dynamics of racial capitalism, imperialism and settler colonialism; reproductive inequalities; and the containment of contagion, disease and virality. Transnational in focus, this book includes contributions from and about different geopolitical contexts including histories of HIV in Turkey; the politics of reproduction in Palestine/Israel; settler colonialism and anti-Blackness in the United States; the sexual geographies of the Balkan and

Southern Europe; the intimate politics of marriage migration between Vietnam and Canada; and sex work in Australia, the United States, France and New Zealand. This collection constitutes a key intervention in the study of border and migration that highlights the crucial role that sexual politics play in the reproduction and contestation of national border regimes. The chapters in this book were originally published as a special issue of *Ethnic and Racial Studies*.
