Young Children as Intercultural Mediators - Zhiyan Guo 2014-06-27

This multidisciplinary approach to cultural mediation brings together insights from anthropology, sociology, linguistics and intercultural communication to offer a detailed depiction of family life in immigrant Chinese communities. Utilising a strongly contextualised and evidence-based narrative approach to exploring the nature of child cultural mediation, the author provides an insightful analysis of intercultural relationships between children and parents in immigrant families and of the informative aspects of their everyday lives. Furthermore, the family home setting offers the reader a glimpse of a personal territory that researchers often have great difficulty accessing. This ethnographic study will be of interest to students, researchers and professionals working in the areas of intercultural communication, childhood studies, family relations and migration studies.

Join her in celebrating size diversity, self esteem, positive body image, and health and happiness at every size. "A writer of romance novels who struggled for years with a cycle of vicious diets, Ballard recounts her own journey to acceptance and a positive self image," says Selfhelp.fam, which lists 10 Steps to Loving Your Body as one of the Top 100 Best Self-Help Books of All Time. "She shares her secrets here with worksheets, advice and 10 steps that will help you focus on the positive aspects of your body, then begin rebuilding your image of yourself from the bottom up." Liz at Healthbolt.net describes 10 Steps to Loving Your Body as "a mixture of personal coach and cheerleader for anyone looking to discover how to accept their body as it is, not as you want it to be." "10 Steps is your body's best friend in pocket form," says Susan Schulherr, author of Eating Disorders for Dummies. "I'm delighted to have it on hand to recommend -- personally and professionally -- to anyone struggling with body image and the inkling that it's better to embrace than fight the one-and-only body you have."

Ugly Love - Colleen Hoover 2014-08-05

From Colleen Hoover, the #1 New York Times bestselling author of *It Starts with Us* and *It Ends with Us*, a heart-wrenching love story that proves attraction at first sight can be messy. When Tate Collins meets airline pilot Miles Archer, she doesn't think it's love at first sight. They wouldn't even go so far as to consider themselves friends. The only thing Tate and Miles have in common is an undeniable mutual attraction. Once their desires are out in the open, they realize they have the perfect set-up. He doesn't want love, she doesn't have time for love, so that just leaves the sex. Their arrangement could be surprisingly seamless, as long as Tate can stick to the only two rules Miles has for her. Never ask about the past. Don't expect a future. They think they can handle it, but realize almost immediately they can't handle

it at all. Hearts get infiltrated. Promises get broken. Rules get shattered. Love gets ugly.

but its members have shifted over the years since Fleetwood Mac began in 1967. And although the band's superstar phase in the 1970s is most familiar to the public, Fleetwood Mac's roots were in the blues, and the band evolved in fits and starts before finding popular success. Fleetwood Mac: The Complete Illustrated History documents their entire story, including the troubled circumstances that led to the 1970 withdrawal of the band's original guitarist, Peter Green, as well as the broken marriage of John and Christine McVie and the romantic breakup of Stevie Nicks and Lindsey Buckingham that threatened to split the group even as they were recording one of the biggest albums of all time, Rumours. This is the whole story of one of rock and roll's greatest bands. **Unseen Messages** - Pepper Winters 2017-01-27 "Instincts are what keep us safe from fate. Ignoring them can change your life forever." Fame and fortune arrived overnight and after months on the road with her singing tour, all Estelle craves is peace. Tired and ready for paradise, she travels to Fiji to recuperate.

Stubborn and surly, Galloway is avoided by most--which is exactly the way he likes it. However, he's done spending his life in regret and hopes to find redemption in the tropical wilderness. Together, they board the flight that changes their fate forever. Crash landing on a deserted island, they not only have to figure out how to survive with no skills and daily dangers--learning how to fish, find water, and build shelter--but also inherit two children who look to them to keep them alive. However, staying alive might be the least of Galloway and Estelle's problems. As days creep to months and rescue doesn't find them, their desire for each other ignites. They started as strangers. They grew to be friends. They fought the desire to be lovers. Lust can be the most beautiful thing. Love the most rewarding. But not on an island where life hangs by a thread and giving into temptation can kill you. Can they survive being forgotten or will love be their ultimate undoing? From New York Times Bestseller Pepper Winters comes a timeless love story answering the question of what happens when everything is stripped away. Standalone.
