

Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30

Intimacies Alan Frank 2013-07-24 In the last decade or so, there has been a shift in the popular and academic discussion of our personal lives. Relationships - and not necessarily marriage - have gravitated to the center of our relational lives. Many of us feel entitled to seek intimacy, an emotionally depthful social bonding, rather than simply security or companionship from our relationships. Unlike in a marriage-centred culture, intimacy is today pursued in varied relationships, from familial to friends and to romances. And intimacies are being forged in multiple venues, from face-to-face to virtual, cyber contexts. A new scholarship has addressed this changing terrain of personal life - there is today a vast literature on cohabitation, parenthood without marriage, sex and love outside marriage, queer families, cyber intimacies and friendships. However, much theorizing and research has focussed either on the interior, subjective or sociocultural aspects of intimacies, not their interaction. This volume aims to break new ground: *Intimacies* explores the psychological terrain of intimacy in depthful ways without abandoning its sociohistorical context and the centrality of power dynamics. Drawing on a rich archive that includes the social sciences, feminism, queer studies, and psychoanalysis, the contributors examine: changing cultures of intimacy fluid and solid attachments and intimacies from hook ups, to sibling bonds, to erotic love a politics of intimacy that may involve state enforced hierarchies, class, misrecognition, social exclusion and violence embodied experiences of intimacy and dynamics of endings and loss a

pluralization of intimacies that challenge established ethical hierarchies This volume aims to define the cutting edge of this emerging field of scholarship and politics. It challenges existing paradigms that assume rigid hierarchical approaches to relational life. Intimacies will be of interest for psychoanalysts and for students or scholars in sexualities, gender studies, family studies, feminism studies, queer studies, social class, cultural studies, and philosophy.

The Everyday Lives of Gay Men in Hainan James Cummings 2022-03-16 “This book explores the everyday lives of gay men in Hainan, an island province of the People’s Republic of China. Taking an ethnographic and phenomenological approach, it asks how these men construct and experience ways of ‘sexual being’ - as gay, homosexual, tongzhi and/or in the scene - and what these mean for the ways of living they see as possible within a socio-cultural, political and material context characterised by pervasive heteronormativity. It explores what it means for gay men in Hainan to ‘come into the scene’, how internet and mobile technologies figure in their everyday processes of sexual categorisation and how these men negotiate orientations and disorientations towards the future in relation to dominant heterosexual life scripts of marriage and reproduction. This book offers vital insights into the production and restriction of non-heterosexual lives in diverse settings, while addressing universal questions of how certain ways of living are enabled and curtailed in living together with others through powerful conditions of uncertainty and precarity. This book will be of interest to scholars in LGBTQ studies, particularly those with a focus on same-sex intimacies and identities in China.”

African Sexualities Sylvia Tamale 2011-06-23 A groundbreaking book, accessible but scholarly, by African activists. It uses research, life stories, and artistic expression--including essays, case studies, poetry, news clips, songs, fiction, memoirs, letters, interviews, short film scripts, and photographs--

to examine dominant and deviant sexualities and investigate the intersections between sex, power, masculinities, and femininities. It also opens a space, particularly for young people, to think about African sexualities in different ways.

Technologies of Sexuality, Identity and Sexual Health Lenore Manderson 2012 *Technologies of Sexuality, Identity and Sexual Health* highlights the complex ways in which sexuality is expressed and enacted through local ideologies, global identities and material cultures, and their influence on people's sexual health and well-being. Its impetus is the renewed interest in technology and the 'social life of things,' including pharmaceuticals, expanded sexual and related surgery, the growing exploitation of markets for sexual and contraceptive products, and the impact of these on sexual and health practices and outcomes. Organised loosely into three parts, the opening chapters concentrate on female contraception, its availability, and the varied cultural significance attached to the ability to control its use, exploring the politics of reproductive health and birth control, and the ties between technology and power. The middle section turns its attention to men, and the impact of traditional and contemporary concerns about masculinity, and the social and sexual roles of men. The final chapters look at the commonalities across cultural borders and sexual gendered identities – how products and procedures travel, not only through the formal channels of globalisation, but also informally, carried by individuals across cultural and social boundaries through sexual, social and commercial interactions. The volume brings together anthropologists, sociologists and cultural studies scholars, both senior and emerging, from around the globe. Offering an important and topical contribution to the developing global literature on sexuality, sexual identity, culture and health, it is of interest to researchers and advanced students in these areas.

[The Perfect Vagina](#) Lindy McDougall 2021-05-04 In the West, a specific ideal for female genitalia has

emerged: one of absence, a "clean slit," attained through the removal of pubic hair and, increasingly, through female genital cosmetic surgery known as FGCS. In *The Perfect Vagina: Cosmetic Surgery in the Twenty-First Century*, Lindy McDougall provides an ethnographic account of women who choose FGCS in Australia and the physicians who perform these procedures, both in Australia and globally, while also examining the environment in which surgeons and women come together. Physicians have a vested interest in establishing this surgery as valid medical intervention, despite majority medical opinion explicitly acknowledging that a wide range of genital variation is normal. McDougall offers a nuanced picture of why and how these procedures are performed and draws parallels between FGCS and anthropological discussions of female genital circumcision (cutting). Using the neologism biomagical, she argues that cosmetic surgery functions as both ritual and sacrifice due to its promise of transformation while simultaneously submitting the body to the risks and pain of surgery, thus exposing biomedicine as an increasingly cultural and commercial pursuit. *The Perfect Vagina* highlights the complexities involved with FGCS, its role in Western beauty culture, and the creation and control of body image in countries where self-care is valorized and medicine is increasingly harnessed for enhancement as well as health.

Culture, Society and Sexuality Richard Guy Parker 1999 This work offers an introduction to the central debates in sexuality research. Among the issues examined are the social and cultural dimensions of sex, human sexuality and sex research.

Just Sex? Nicola Gavey 2018-10-26 In the award-winning *Just Sex? The Cultural Scaffolding of Rape*, Nicola Gavey provides an extensive commentary on the existing literature on rape, analysing recent research to examine the psychological and cultural conditions of possibility for contemporary sexual violence. *Just Sex?* argues that feminist theory on sexual victimization has gone both too far and not

far enough. It presents the reader with a challenging and original perspective on the issues of rape, sex and the body, incorporating new material on sexism, misogyny and digital culture, as well as debates over gendered analyses of sexual violence. The second edition has been updated and expanded to be extremely timely and relevant, with the most recent high-profile rape cases – the Stanford rape case and the Belfast rape case – being tried in the media and online. The rise of the Hollywood Harvey Weinstein scandal and the #MeToo movement makes this book incredibly useful and necessary to those who are working within the area of sexual violence. This will appeal to academic readers studying psychology, sociology, and criminology, as well as those looking into cultural influences on society. It will also be very useful to those working in the professional sector on prevention and with people who have been subjected to sexual violence.

Sexual Interaction in Digital Contexts: Opportunities and Risks for Sexual Health Nicole Krämer
2022-04-05

Routledge Handbook of Contemporary Vietnam Jonathan D. London 2022-07-29 The Routledge Handbook of Contemporary Vietnam is a comprehensive resource exploring social, political, economic, and cultural aspects of Vietnam, one of contemporary Asia's most dynamic but least understood countries. Following an introduction that highlights major changes that have unfolded in Vietnam over the past three decades, the volume is organized into four thematic parts: Politics and Society Economy and Society Social Life and Institutions Cultures in Motion Part I addresses key aspects of Vietnam's politics, from the role of the Communist Party of Vietnam in shaping the country's institutional evolution, to continuity and change in patterns of socio-political organization, political expression, state repression, diplomatic relations, and human rights. Part II assesses the transformation of Vietnam's economy, addressing patterns of economic growth, investment and

trade, the role of the state in the economy, and other economic aspects of social life. Parts III and IV examine developments across a variety of social and cultural fields through chapters on themes including welfare, inequality, social policy, urbanization, the environment and society, gender, ethnicity, the family, cuisine, art, mass media, and the politics of remembrance. Featuring 38 essays by leading Vietnam scholars from around the world, this book provides a cutting-edge analysis of Vietnam's transformation and changing engagement with the world. It is an invaluable interdisciplinary reference work that will be of interest to students and academics of Southeast Asian studies, as well as policymakers, analysts, and anyone wishing to learn more about contemporary Vietnam.

Understanding Global Sexualities Peter Aggleton 2012-07-26 Over the course of the past thirty years, there has been an explosion of work on sexuality, both conceptually and methodologically. From a relatively limited, specialist field, the study of sexuality has expanded across a wide range of social sciences. Yet as the field has grown, it has become apparent that a number of leading edge critical issues remain. This theory-building book explores some of the areas in which there is major and continuing debate, for example, about the relationship between sexuality and gender; about the nature and status of heterosexuality; about hetero- and homo-normativity; about the influence and intersection of class, race, age and other factors in sexual trajectories, identities and lifestyles; and about how best to understand the new forms of sexuality that are emerging in both rich world and developing world contexts. With contributions from leading and new scholars and activists from across the globe, this book highlights tensions or 'flash-points' in contemporary debate, and offers some innovative ways forward in terms of thinking about sexuality - both theoretically and with respect to policy and programme development. An extended essay by Henrietta Moore introduces

the volume, and an afterword by Jeffrey Weeks offers pointers for the future. The contributors bring together a range of experiences and a variety of disciplinary perspectives in engaging with three key themes of sexual subjectivity and global transformations, sexualities in practice, and advancing new thinking on sexuality in policy and programmatic contexts. It is of interest to students, researchers and activists in sexuality, sexual health and gender studies, especially those working from public health, sociological and anthropological perspectives.

Routledge Handbook of Disability Studies Nick Watson 2019-10-21 This fully revised and expanded second edition of the Routledge Handbook of Disability Studies takes a multidisciplinary approach to disability and provides an authoritative and up-to-date overview of the main issues in the field around the world today. Adopting an international perspective and arranged thematically, it surveys the state of the discipline, examining emerging and cutting-edge areas as well as core areas of contention. Divided in five parts, this comprehensive handbook covers: Different models and approaches to disability. How key impairment groups have engaged with disability studies and the writings within the discipline. Policy and legislation responses to disability studies and to disability activism. Disability studies and its interaction with other disciplines, such as history, philosophy, sport, and science and technology studies. Disability studies and different life experiences, examining how disability and disability studies intersects with ethnicity, sexuality, gender, childhood and ageing. Containing 15 revised chapters and 12 new chapters from an international selection of leading scholars, this authoritative handbook is an invaluable reference for all academics, researchers, and more advanced students in disability studies and associated disciplines such as sociology, health studies and social work. Chapter 6 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons

Attribution-Non Commercial-No Derivatives (CC-BY-NC-ND) 4.0 license.

Feminist Surveillance Studies Rachel E. Dubrofsky 2015-05-15 Questions of gender, race, class, and sexuality have largely been left unexamined in surveillance studies. The contributors to this field-defining collection take up these questions, and in so doing provide new directions for analyzing surveillance. They use feminist theory to expose the ways in which surveillance practices and technologies are tied to systemic forms of discrimination that serve to normalize whiteness, able-bodiedness, capitalism, and heterosexuality. The essays discuss the implications of, among others, patriarchal surveillance in colonial North America, surveillance aimed at curbing the trafficking of women and sex work, women presented as having agency in the creation of the images that display their bodies via social media, full-body airport scanners, and mainstream news media discussion of honor killings in Canada and the concomitant surveillance of Muslim bodies. Rather than rehashing arguments as to whether or not surveillance keeps the state safe, the contributors investigate what constitutes surveillance, who is scrutinized, why, and at what cost. The work fills a gap in feminist scholarship and shows that gender, race, class, and sexuality should be central to any study of surveillance. Contributors. Seantel Anaïs, Mark Andrejevic, Paisley Currah, Sayantani DasGupta, Shamita Das Dasgupta, Rachel E. Dubrofsky, Rachel Hall, Lisa Jean Moore, Yasmin Jiwani, Ummni Khan, Shoshana Amielle Magnet, Kelli Moore, Lisa Nakamura, Dorothy Roberts, Andrea Smith, Kevin Walby, Megan M. Wood, Laura Hyun Yi Kang

Understanding Barriers to Workplace Equality: A Focus on the Target's Perspective Michelle K. Ryan 2020-08-07

Feminist Futures Kum-Kum Bhavnani 2016-10-15 Straddling disciplines and continents, Feminist

Futures interweaves scholarship and social activism to explore the evolving position of women in the South. Working at the intersection of cultural studies, critical development studies and feminist theory, the book's contributors articulate a radical and innovative framework for understanding the linkages between women, culture and development, applying it to issues ranging from sexuality and the gendered body to the environment, technology and the cultural politics of representation. This revised and updated edition brings together leading academics, as well as a new generation of activists and scholars, to provide a fresh perspective on the ways in which women in the South are transforming our understanding of development.

The Routledge Research Companion to Geographies of Sex and Sexualities Gavin Brown
2016-05-20 Comprehensive and authoritative, this state-of-the-art review both charts and develops the rich sub-discipline geographies of sexualities, exploring sex-gender, sexuality and sexual practices. Emerging from the desire to examine differences and exclusions as a key aspect of human geographies, these geographies have engaged with heterosexual and queer, lesbian, gay, bi and trans lives. Developing thinking in this area, geographers and other social scientists have illustrated the centrality of place, space and other spatial relationships in reconstituting sexual practices, representations, desires, as well as sexed bodies and lives. This book reviews the current state of the field and offers new insights from authors located on five continents. In doing so, the book seeks to draw on and influence core debates in this field, as well as disrupt the Anglo-American hegemony in studies of sexualities, sexes and geographies. This volume is the definitive collection in the area, bringing together many international leaders in the field, alongside scholars that are well-established outside the Anglophone academy, and many emerging talents who will lead the field in the decades to come.

Culture, Health and Sexuality Peter Aggleton 2015-04-24 The last twenty years have seen a growth in multi-disciplinary work in the area of sexuality, culture and health. What was once a set of specialist concerns has been steadily mainstreamed. Alongside this, a broader interest has developed in 'social' and 'cultural' factors relating to sexuality and sexual health, from family planning and STI management to gender and intimate partner violence and the technologisation of sex. This book offers a research-based overview of key topics relevant to social and cultural perspectives on sexuality and sexual health. Beginning with an extended introduction and divided into six sections, it looks at culture, sex and gender, sexual diversity, sex work, migration and sexual violence. Each section opens with an editorial discussion which places the theme, and the chapters that follow, in a contemporary context. Six additional substantive chapters can be accessed online at www.routledge.com/cw/aggleton. Including cutting-edge conceptual and empirical material from around the world, this is a key resource for students in, and across, a variety of academic disciplines in the social and health sciences. It is especially suitable for readers from sexuality studies, gender studies, development studies, anthropology and sociology as well as those with public health and social work backgrounds.

Handbook of Islamic Education Holger Daun 2018-07-16 This Handbook traces and presents the fundamentals of Islam and their history and background, and provides a global and holistic, yet, detailed picture of Islamic education around the world. It introduces the reader to the roots and foundations of Islamic education; the responses of Islamic educational institutions to different changes from precolonial times, through the colonial era up to the contemporary situation. It discusses interactions between the state, state-run education and Islamic education, and explores the Islamic educational arrangements existing around the world. The book provides in-depth

descriptions and analyses, as well as country case studies representing some 25 countries. The work reflects the recent series of changes and events with respect to Islam and Muslims that have occurred during the past decades. The globalization of Islam as a religion and an ideology, the migration of Muslims into new areas of the globe, and the increasing contacts between Muslims and non-Muslims reinforce the need for mutual understanding. By presenting Islamic education around the world in a comprehensive work, this Handbook contributes to a deeper international understanding of its varieties.

Law's Violence Austin Sarat 2009-11-12 Seven diverse voices probe the use of violence to enforce law and the effect of this use of violence on law

International technical guidance on sexuality education UNESCO 2018-01-15

Race and Masculinity in Gay Men's Pornography Desmond Francis Goss 2021-10-31 This book unpacks the character of pornographic representations of queer Black masculinity and how these representations vary between corporate and noncorporate producers. The author argues that representations of Black men in gay porn rely on stereotypes of Black masculinity to arouse consumers, especially those which characterize Black men as "missing links" or focus excessively on their "dark phalluses." Moreover, these depictions consistently separate gay Black and white men's sexuality into bifurcated discursive spaces, thereby essentializing sexual aspects of racial identity. Lastly, though such depictions are less prevalent in user-submitted videos, overall, both user-submitted and corporate content reify stereotypes about Black masculinity. This book is written for researchers, lecturers, and graduate courses in the social sciences and humanities, including Sociology, Social Psychology, Sexuality, African American Studies, Women and Gender Studies, LGBTQ Studies, Culture and Art Studies, Porn Studies, Social Media Studies, and Public Health.

Companion to Sexuality Studies Nancy A. Naples 2020-06-29 An inclusive and accessible resource on the interdisciplinary study of gender and sexuality Companion to Sexuality Studies explores the significant theories, concepts, themes, events, and debates of the interdisciplinary study of sexuality in a broad range of cultural, social, and political contexts. Bringing together essays by an international team of experts from diverse academic backgrounds, this comprehensive volume provides original insights and fresh perspectives on the history and institutional regulatory processes that socially construct sex and sexuality and examines the movements for social justice that advance sexual citizenship and reproductive rights. Detailed yet accessible chapters explore the intersection of sexuality studies and fields such as science, health, psychology, economics, environmental studies, and social movements over different periods of time and in different social and national contexts. Divided into five parts, the Companion first discusses the theoretical and methodological diversity of sexuality studies. Subsequent chapters address the fields of health, science and psychology, religion, education and the economy. They also include attention to sexuality as constructed in popular culture, as well as global activism, sexual citizenship, policy, and law. An essential overview and an important addition to scholarship in the field, this book: Draws on international, postcolonial, intersectional, and interdisciplinary insights from scholars working on sexuality studies around the world Provides a comprehensive overview of the field of sexuality studies Offers a diverse range of topics, themes, and perspectives from leading authorities Focuses on the study of sexuality from the late nineteenth century to the present Includes an overview of the history and academic institutionalization of sexuality studies The Companion to Sexuality Studies is an indispensable resource for scholars, researchers, instructors, and students in gender, sexuality, and feminist studies, interdisciplinary programs in cultural studies, international studies, and human

rights, as well as disciplines such as anthropology, psychology, history, education, human geography, political science, and sociology.

Sexuality, Health and Human Rights Sonia Corrêa 2008-08-18 This new work surveys how rapid changes taking place at the start of the twenty-first century in social, cultural, political and economic domains impact on sexuality, health and human rights. The relationships between men, women and children are changing quickly, as are traditional family structures and gender norms. What were once viewed as private matters have become public, and an array of new social movements – transgender, intersex, sex worker, people living with HIV – have come into the open. The book is split into three sections: Global ‘Sex’ Wars – discusses the notion of sexualities, its political landscapes internationally, and the return of religious fervour and extremism Epistemological Challenges and Research Agendas – examines modern ‘scientific’ understandings of sexuality, its history and the way in which AIDS has drawn attention to sexuality The Promises and Limits of Sexual Rights – discusses human rights approaches to sexuality, their strengths and limitations and new ways of imagining erotic justice Offering a unique framework for understanding this new world, set in the context of the major theoretical debates of recent decades, this book will be of interest to professionals, advocates and policy researchers and is suitable for a wide range of courses covering areas such as gender studies, human sexuality, public health and social policy.

Gender Diversity Serena Nanda 2014-01-22 Anthropologist Serena Nanda has heralded the importance of understanding human similarities and differences throughout her writing and teaching career. This was especially evidenced in her groundbreaking work, *Gender Diversity: Crosscultural Variations*, a masterful, far-reaching examination of the relationships between sex, gender, and sexuality and how they are culturally constructed. Rich ethnographic examples

representing nine cultures illuminate the need to analyze sex/gender roles and identities on the basis of broad cultural patterns and distinct cultural features, including social class, ethnicity, age, religion, urban or rural residence, and exposure to Western cultures. The latest edition incorporates new material on hijras in Bangladesh, three gender alternatives in Indonesia, and global changes related to migration, health, and communication. Concept-reinforcing questions have been added to each chapter. *Gender Diversity, Second Edition* encourages readers to think in new ways about what they consider natural, normal, or morally right. As a concise supplement with multidisciplinary appeal, the enhanced edition is sure to energize the undergraduate classroom.

Sociology of Sexualities Kathleen J. Fitzgerald 2020-07-16 *Sociology of Sexualities* takes a unique sociological approach to the study of sexualities and explores the ways sexuality operates in and through institutions. Drawing on the most up-to-date scientific research on sexuality, as well as the latest political developments on the issues, this core text helps students connect knowledge about sexuality with their broader understanding of society. The thoroughly revised Second Edition includes updated and expanded discussions of the latest sociological research and social justice movements regarding gender and sexuality, as well as a new chapter exploring sexuality and social class, space, and place. Included with this title: The password-protected Instructor Resource Site (formally known as SAGE Edge) offers access to all text-specific resources, including a test bank.

Mobility, Sexuality and AIDS Felicity Thomas 2009-10-16 Over the past two decades, population mobility has intensified and become more diverse, raising important questions concerning the health and well-being of people who are mobile as well as communities of origin and destination. Ongoing concerns have been voiced about possible links between mobility and HIV, with calls being made to contain or control migrant populations, and debate linking HIV with issues of global security and

surveillance being fuelled. This volume challenges common assumptions about mobility, HIV and AIDS. A series of interlinked chapters prepared by international experts explores the experiences of people who are mobile as they relate to sexuality and to HIV susceptibility and impact. The various chapters discuss the factors that contribute to the vulnerability of different mobile groups but also examine the ways in which agency, resilience and adaptation shape lived experience and help people protect themselves throughout the mobility process. Looking at diverse forms of migration and mobility – covering flight from conflict, poverty and exploitation, through labour migration to ‘sex tourism’ – the book reports on research findings from around the world, including the USA, the UK, sub-Saharan Africa, Australia, Central America and China. Mobility, Sexuality and AIDS recognises the complex relationships between individual circumstances, population mobility and community and state response. It is invaluable reading for policy makers, students and practitioners working in the fields of migration, development studies, anthropology, sociology, geography and public health.

Confronting the Challenges of Participatory Culture Henry Jenkins 2009-06-05 Many teens today who use the Internet are actively involved in participatory cultures—joining online communities (Facebook, message boards, game clans), producing creative work in new forms (digital sampling, modding, fan videomaking, fan fiction), working in teams to complete tasks and develop new knowledge (as in Wikipedia), and shaping the flow of media (as in blogging or podcasting). A growing body of scholarship suggests potential benefits of these activities, including opportunities for peer-to-peer learning, development of skills useful in the modern workplace, and a more empowered conception of citizenship. Some argue that young people pick up these key skills and competencies on their own by interacting with popular culture; but the problems of unequal access, lack of media transparency, and the breakdown of traditional forms of socialization and professional

training suggest a role for policy and pedagogical intervention. This report aims to shift the conversation about the "digital divide" from questions about access to technology to questions about access to opportunities for involvement in participatory culture and how to provide all young people with the chance to develop the cultural competencies and social skills needed. Fostering these skills, the authors argue, requires a systemic approach to media education; schools, afterschool programs, and parents all have distinctive roles to play. The John D. and Catherine T. MacArthur Foundation Reports on Digital Media and Learning

Disabling Characters Patricia A. Dunn 2015 *Disabling Characters* provides detailed analyses of selected young adult (YA) novels and short stories. It looks at the relative agency of the disabled character, the behavior of the other characters, the environment in which the character must live, the assumptions that seem to be underlying certain scenes, and the extent to which the book challenges or perpetuates an unsatisfactory status quo. Class discussions about disability-themed literature, however well intentioned, have the potential to reinforce harmful myths or stereotypes about disability. In contrast, discussions informed by a critical disability studies perspective can help readers develop more sophisticated views of disability and contribute to a more just and inclusive society. The book examines discussion questions, lesson plans, study guides, and other supplemental materials aimed at students studying these texts, and it suggests more critical questions to pose about these texts and the positive and/or negative work they do, perhaps subliminally, in our culture. This book is a much-needed addition to college classes in YA literature, literary analysis, methods of teaching literature, disability studies, cultural studies, contemporary criticism, special education, and adolescent literacy.

Psychology Around Us Nancy Ogden 2021-06-28 *Psychology Around Us*, Fourth Canadian Edition

offers students a wealth of tools and content in a structured learning environment that is designed to draw students in and hold their interest in the subject. Psychology Around Us is available with WileyPLUS, giving instructors the freedom and flexibility to tailor curated content and easily customize their course with their own material. It provides today's digital students with a wide array of media content — videos, interactive graphics, animations, adaptive practice — integrated at the learning objective level to provide students with a clear and engaging path through the material. Psychology Around Us is filled with interesting research and abundant opportunities to apply concepts in a real-life context. Students will become energized by the material as they realize that Psychology is "all around us."

Sexuality and Its Discontents Jeffrey Weeks 2002-05-03 Few topics evoke so much anxiety and pleasure, pain and hope, discussion and silence as sexuality. Throughout the Christian era it has been a major moral preoccupation. Since the eighteenth century it has also been the focus of 'scientific' exploration and political activity. But, despite this obsessive concern, we are still as baffled as our predecessors about the 'true' meaning of sex. In this book Jeffrey Weeks unravels the dense web of historical, theoretical and political forces that have culminated in the contemporary crisis of sexual meanings and values. The book begins with a powerful evocation of our present discontents and their potent signs: the rise of the New Right, the retreat of progressive forces and a wave of moral panics around sex. It argues that this crisis is rooted in a tradition which has ascribed an inflated importance to sexuality, whilst claiming a privileged access to truth. The author then examines radical debates of recent years, and asks whether they contain the potentiality for taking us beyond the existing boundaries of sexuality. From this analysis emerges a controversial 'radical pluralist' approach to sexuality built on an acceptance of diversity and choice. By linking our present

discontents to a clear understanding of the past, Jeffrey Weeks presents a rational, optimistic and challenging vision of a realizable future.

The Transformation of Intimacy Anthony Giddens 2013-04-23 The sexual revolution: an evocative term, but what meaning can be given to it today? How does 'sexuality' come into being and what connections does it have with the changes that have affected personal life on a more general plane? In answering these questions, Anthony Giddens disputes many of the dominant interpretations of the role of sexuality in modern culture. The emergence of what the author calls plastic sexuality - sexuality freed from its intrinsic relation to reproduction - is analysed in terms of the long-term development of the modern social order and social influences of the last few decades. Giddens argues that the transformation of intimacy, in which women have played the major part, holds out the possibility of a radical democratization of the personal sphere. This book will appeal to a large general audience as well as being essential reading for students and professionals.

Sex, Drugs and Young People Peter Aggleton 2013-09-13 Sexual practices and drug use among the young are examined in this book, calling into question mainstream assumptions about 'adolescence'. Bringing together a range of cross-cultural and cross-national contributions, the book reveals both similarities and important differences that mark sexuality and drug use among young in different social and cultural settings. In doing so, it allows the reader to build up a clearer understanding of the challenges that must be faced in public health and education if we are to develop programs and interventions that really serve the needs of young people. The book will be of interest to professionals working with young people and is suitable for a wide range of multidisciplinary courses covering areas such as human sexuality, sex education, public health and social work.

Medical Entanglements Kristina Gupta 2019-10-25 Medical Entanglements uses intersectional feminist, queer, and crip theory to move beyond "for or against" approaches to medicine. Drawing on case studies, the book argues that most medical interventions will simultaneously reinforce inequality and alleviate individual suffering. Thus, the book argues that feminists should allow individuals choice in regards to medical intervention, while working to dismantle systems of oppression.

New International Frontiers in Child Sexual Abuse Ben Mathews 2018-10-03 This book offers a timely and detailed exploration and analysis of key contemporary issues and challenges in child sexual abuse, which holds great relevance for scholarly, legal, policy, professional and clinical audiences worldwide. The book draws together the best current evidence about the nature, aetiology, contexts, and sequelae of child sexual abuse. It explores the optimal definition of child sexual abuse, considers sexual abuse in history, and explores new theoretical understandings of children's rights and other key theories including public health and the Capabilities Approach, and their relevance to child sexual abuse prevention and responses. It examines a selection of the most pressing legal, theoretical, policy and practical challenges in child sexual abuse in the modern world, in developed and developing economies, including institutional child sexual abuse, female genital cutting, child marriage, the use of technology for sexual abuse, and the ethical responsibility and legal liability of major state and religious organisations, and individuals. It examines recent landmark legal and policy developments in all of these areas, drawing in particular on extensive developments from Australia in the wake of its Royal Commission Into Institutional Responses to Child Sexual Abuse. It also considers the best evidence about promising strategies and future promising directions in enhancing effective prevention, intervention and responses to child sexual

abuse.

Sexual Citizenship and Disability Julia Bahner 2019-12-05 What does 'sexual citizenship' mean in practice for people with mobility impairments who may need professional support to engage in sexual activity? The book explores this subject through empirical investigation based on case studies conducted in four countries – Sweden, England, Australia and the Netherlands – and develops the abstract notion of 'sexual citizenship' to make it practically relevant to disabled people, professionals in disability services and policy-makers. Through a cross-national approach, it demonstrates the variability of how sexual rights are understood and their culturally specific nature. It also shows how the personal is indeed political: states' different policy approaches change the outcomes for disabled people in terms of support to explore and express their sexualities. By proposing a model of sexual facilitation that can be used in policy development, to better cater to disabled service users' needs as well as furthering the theoretical understanding of sexual rights and sexual citizenship, this book will be of interest to professionals in disability services and policy-makers as well as academics and students working in the following subject areas: Disability Studies, Sociology, Social Policy, Sexuality Studies/Sexology, Social Work, Nursing, Occupational Therapy and Public Health.

Introduction to Sociology George Ritzer 2019-07-30 The authors are proud sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award—enabling graduate students and early career faculty to attend the annual ASA pre-conference teaching and learning workshop. Join the conversation with one of sociology's best-known thinkers. In the fully updated Fifth Edition of *Introduction to Sociology*, bestselling authors George Ritzer and Wendy Wiedenhof Murphy show students the relevance of sociology to their lives. While providing a rock-solid foundation, the text illuminates traditional sociological concepts and theories, as well as some of the most compelling

contemporary social phenomena: globalization, consumer culture, the digital world, and the "McDonaldization" of society. Packed with current examples and the latest research of how "public" sociologists are engaging with the critical issues of today, this new edition encourages students to view the world through a sociological perspective, and to participate in a global conversation about social life in the twenty first century. This title is accompanied by a complete teaching and learning package. Digital Option / Courseware SAGE Vantage is an intuitive digital platform that delivers this text's content and course materials in a learning experience that offers auto-graded assignments and interactive multimedia tools, all carefully designed to ignite student engagement and drive critical thinking. Built with you and your students in mind, it offers simple course set-up and enables students to better prepare for class. Learn more. Assignable Video with Assessment Assignable video (available with SAGE Vantage) is tied to learning objectives and curated exclusively for this text to bring concepts to life. LMS Cartridge (formerly known as SAGE Coursepacks): Import this title's instructor resources into your school's learning management system (LMS) and save time. Don't use an LMS? You can still access all of the same online resources for this title via the password-protected Instructor Resource Site. SAGE Lecture Spark: Designed to save you time and ignite student engagement, these free weekly lecture launchers focus on current event topics tied to key concepts in Sociology.

Routledge Handbook of Queer Development Studies Corinne L. Mason 2018-01-29 Around the world lesbian, gay, bisexual, trans, intersex and queer individuals are subjected to violence and intimidation based on their real or perceived sexuality, gender identity or expression. With those most at risk of human rights violations often living in areas of low economic development, questions of sexuality, gender identity, and expression have become a significant area of research within the

field of development studies. The Routledge Handbook of Queer Development Studies is the first full length study of queer development studies, collecting the very best in research from around the world. Topics for discussion include: Queering policy and planning in development Queer development critique and queer critiques of development Global LGBTIQ rights Queer social movements and mobilizations At a time when development and human rights organizations such as the World Bank, Office of the UN Secretary General and Human Rights Watch are placing increasing importance on global LGBT rights, the Routledge Handbook of Queer Development Studies is an essential guide for scholars, upper level students, practitioners and anyone with an interest in global sexualities, gender identities, and expressions.

The Routledge Handbook of Disability and Sexuality Russell Shuttleworth 2020-12-29 This handbook provides a much-needed holistic overview of disability and sexuality research and scholarship. With authors from a wide range of disciplines and representing a diversity of nationalities, it provides a multi-perspectival view that fully captures the diversity of issues and outlooks. Organised into six parts, the contributors explore long-standing issues such as the psychological, interpersonal, social, political and cultural barriers to sexual access that disabled people face and their struggle for sexual rights and participation. The volume also engages issues that have been on the periphery of the discourse, such as sexual accommodations and support aimed at facilitating disabled people's sexual well-being; the socio-sexual tensions confronting disabled people with intersecting stigmatised identities such as LGBTBI or asexual; and the sexual concerns of disabled people in the Global South. It interrogates disability and sexuality from diverse perspectives, from more traditional psychological and sociological models, to various subversive and post-theoretical perspectives and queer theory. This handbook examines the cutting-edge, and sometimes ethically contentious,

concerns that have been repressed in the field. With current, international and comprehensive content, this book is essential reading for students, academics and researchers in the areas of disability, gender and sexuality, as well as applied disciplines such as healthcare practitioners, counsellors, psychology trainees and social workers.

Thinking and Doing Intersectionality in Sociology of Sport Lucie Schoch 2023-08-23 Intersectionality has become a defining paradigm for critical feminist scholarship. Rooted in Black Feminism, it recognizes the interlocking and mutually constitutive character of salient systems of difference and inequality, such as gender, race, class, sexuality, nationality, disability, which together form a “matrix of domination” (Collins, 1990). While intersectionality has become a “buzzword” for feminist scholars and activists (Davis, 2008), it has also attracted criticism and debate. There are unresolved questions concerning how it can be conceptualized (Choo & Ferree, 2010), operationalized in sociological research (McCall, 2005; Strid, Walby, and Armstrong, 2013), and put to practical use beyond the academy (Cho, Crenshaw, & McCall, 2013). So, too, are scholars and activists questioning whether intersectionality has been overly “commodified” and “appropriated” by white feminisms and disconnected from its radical origins (Nash, 2019). In the wake of the COVID-19 pandemic and its intersectional impacts, as well as the recent intensification of activism and protest related to racialized and gendered injustices, the moment is ripe to revisit and reflect on the concept of intersectionality, including within the field of sociology of sport. While sport clearly lends itself to intersectional analysis (Carter-Francique, 2017), to date there has not been a systematic effort to consider where and how the concept of intersectionality fits within the sociology of sport as a discipline. It is precisely this project that this Research topic invites. Taking up the three key axes that have organized intersectionality scholarship to date--theory, methods, and practice--we ask:

How has intersectional theorizing and analysis figured within sociology of sport to date? What explanatory power does it offer as a framework for investigating power and inequality in sport, and what are its limitations? How might its application in the context of sport advance sociological approaches to intersectionality as a methodology? Critically, via what practices might intersectional empowerment be realized in sport? What does activism for--and the organization of--intersectional justice in sport look like? Given the breadth of issues, research sites, and theoretical paradigms taken up to date within sociology of sport, we suggest that the discipline offers an ideal setting in which to unpack the complexity of intersectional processes and politics. We suggest further that the current moment is ripe for such an intervention: from the impacts of the Black Lives Matter and #MeToo movements, to the uneven effects of the COVID-19 pandemic on the sporting world, intersectional analyses are needed to address the pressing inequalities that continue to characterize sport and animate the field.

Sexualities, Transnationalism, and Globalisation Yanqiu Rachel Zhou 2021 This innovative book explores the dynamic and contested interactions - including the mutually constitutive relationships - among sexualities, transnationalism, and globalisation. Bringing together contributors with a variety of disciplinary, geographic, and theoretical perspectives, this text explores new theories and trends in sexuality research, including lived experiences of sexuality in this rapidly globalising world; changing relationships between sexualities, transnationalism, and globalisation; interventions, activism, and policy responses to the global challenges of sexual health; and relevant reflections on and implications for equity and social justice in the ongoing processes of contemporary globalisation. It is comprised of three sections, focusing on: transnational sexualities; transnational sexual politics; and transnational sexual activism. *Sexualities, Transnationalism, and Globalisation* will be of interest

to students and scholars from a range of disciplines and fields, including sociology, sexuality studies, anthropology, geography, international relations, politics, and public health.

Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30

Whether you're new to eBooks or a seasoned digital reader, this Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 eBook has something for everyone. So, let's dive into the exciting world of eBooks and discover how to access a world of literary wonders with ease and convenience.

Understanding Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30

Before you embark on your journey to find Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 online, it's essential to grasp the concept of Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 eBook formats. Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 come in various formats, each with its own unique features and compatibility. Understanding these formats will help you choose the right one for your device and preferences.

Different Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 eBook Formats Explained

1. EPUB (Electronic Publication):

EPUB is one of the most common eBook formats, known for its versatility and compatibility across a wide range of eReaders and devices.

Features include reflowable text, adjustable font sizes, and support for images and multimedia.

EPUB3, an updated version, offers enhanced interactivity and multimedia support.

2. MOBI (Mobipocket):

MOBI was originally developed for Mobipocket Reader but is also supported by Amazon Kindle devices.

It features a proprietary format and may have limitations compared to EPUB, such as fewer font options.

3. PDF (Portable Document Format):

PDFs are a popular format for eBooks, known for their fixed layout, preserving the book's original design and formatting.

While great for textbooks and graphic-heavy books, PDFs may not be as adaptable to various screen sizes.

4. AZW/AZW3 (Amazon Kindle):

These formats are exclusive to Amazon Kindle devices and apps.

AZW3, also known as KF8, is an enhanced version that supports advanced formatting and features.

5. HTML (Hypertext Markup Language):

HTML eBooks are essentially web pages formatted for reading.

They offer interactivity, multimedia support, and

the ability to access online content, making them suitable for textbooks and reference materials.

6. TXT (Plain Text):

Plain text eBooks are the simplest format, containing only unformatted text.

They are highly compatible but lack advanced formatting features.

Choosing the right Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 eBook format is crucial for a seamless reading experience on your device. Here's a quick guide to format compatibility with popular eReaders:

EPUB: Compatible with most eReaders, except for some Amazon Kindle devices. Also suitable for reading on smartphones and tablets using dedicated apps.

MOBI: Primarily compatible with Amazon Kindle devices and apps.

PDF: Readable on almost all devices, but may require zooming and scrolling on smaller screens.

AZW/AZW3: Exclusive to Amazon Kindle devices and apps.

HTML: Requires a web browser or specialized eBook reader with HTML support.

TXT: Universally compatible with nearly all eReaders and devices.

Understanding Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 eBook formats and their compatibility will help you make informed decisions when choosing where and how to access your favorite eBooks. In the next chapters, we'll explore the various sources

where you can find Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 eBooks in these formats.

Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 eBook Websites and Repositories

One of the primary ways to find Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 eBooks online is through dedicated eBook websites and repositories. These platforms offer an extensive collection of eBooks spanning various genres, making it easy for readers to discover new titles or access classic literature. In this chapter, we'll explore Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 eBook and discuss important considerations of Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06

30. similar to borrowing from a physical library.

Copyright: Ensure that you respect copyright laws when downloading and sharing Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 eBooks. Public domain Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 eBooks are generally safe to download and share, but always check the copyright status.

Terms of Use: Familiarize yourself with the terms of use and licensing agreements on these websites. Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 eBooks may have specific usage restrictions.

Support Authors: Whenever possible, consider purchasing Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 eBooks to support authors and publishers. This helps sustain a vibrant literary ecosystem.

Public Domain eBooks

Public domain Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 eBooks are those whose copyright has expired, making them freely accessible to the public. Websites like Project Gutenberg specialize in offering public domain Understanding Global Sexualities New Frontiers

Sexuality Culture And Health 2013 06 30 eBooks, which can include timeless classics, historical texts, and cultural treasures.

As you explore Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 eBook websites and repositories, you'll encounter a vast array of reading options. In the next chapter, we'll delve into the world of eBook search engines, providing even more ways to discover Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 eBooks online.

Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 eBook Search

eBook search engines are invaluable tools for avid readers seeking specific titles, genres, or authors. These search engines crawl the web to help you discover Understanding Global

Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 across a wide range of platforms. In this chapter, we'll explore how to effectively use eBook search engines and uncover eBooks tailored to your preferences.

Effective Search Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30

To make the most of eBook search engines, it's essential to use effective search techniques. Here are some tips:

1. Use Precise Keywords:

Be specific with your search terms. Include the book title Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30, author's name, or specific genre for targeted results.

2. Utilize Quotation Marks:

To search Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 for an exact phrase or book title, enclose it in quotation marks. For example, "Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30."

3. Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 Add "eBook" or "PDF":

Enhance your search by including "eBook" or "PDF" along with your keywords. For example, "Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 eBook."

4. Filter by Format:

Many eBook search engines allow you to filter results by format (e.g., EPUB, PDF). Use this feature to find Understanding Global Sexualities New Frontiers Sexuality Culture And Health

2013 06 30 in your preferred format.

titles and accessing book previews.

5. Explore Advanced Search Options:

Project Gutenberg Search:

Take advantage of advanced search options offered by search engines. These can help narrow down your results by publication date, language, or file type.

Project Gutenberg offers its search engine, allowing you to explore its extensive collection of free Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30.

Google Books and Beyond

Google Books:

You can search by title Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30, author, language, and more.

Google Books is a widely used eBook search engine that provides access to millions of eBooks.

Internet Archive's eBook Search:

You can preview, purchase, or find links to free Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 available elsewhere.

The Internet Archive's eBook search provides access to a vast digital library.

It's an excellent resource for discovering new

You can search for Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 and borrow them for a specified period.

Library Genesis (LibGen):

Library Genesis is known for hosting an extensive collection of Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30, including academic and scientific texts.

It's a valuable resource for researchers and students.

eBook Search Engines vs. eBook Websites

It's essential to distinguish between eBook search engines and eBook websites:

Search Engines: These tools help you discover eBooks across various platforms and websites. They provide links to where you can access the eBooks but may not host the content themselves.

Websites: eBook websites host eBooks directly, offering downloadable links. Some websites

specialize in specific genres or types of eBooks.

Using eBook search engines allows you to cast a wider net when searching for specific titles Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 or genres. They serve as powerful tools in your quest for the perfect eBook.

Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 eBook Torrenting and Sharing Sites

Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 eBook torrenting and sharing sites have gained popularity for offering a vast selection of eBooks. While these platforms provide access to a wealth of reading material, it's essential to navigate them responsibly and be aware of the potential legal implications. In this chapter, we'll explore

Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 eBook torrenting and sharing sites, how they work, and how to use them safely.

Find Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 Torrenting vs. Legal Alternatives

Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 Torrenting Sites:

Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 eBook torrenting sites operate on a peer-to-peer (P2P) file-sharing system, where users upload and download Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 eBooks directly from one another.

While these sites offer Understanding Global Sexualities New Frontiers Sexuality Culture And

Health 2013 06 30 eBooks, the legality of downloading copyrighted material from them can be questionable in many regions.

Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 Legal Alternatives:

Some torrenting sites host public domain Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 eBooks or works with open licenses that allow for sharing.

Always prioritize legal alternatives, such as Project Gutenberg, Internet Archive, or Open Library, to ensure you're downloading Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 eBooks legally.

Staying Safe Online to download Understanding Global Sexualities New Frontiers Sexuality

Culture And Health 2013 06 30

When exploring Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 eBook torrenting and sharing sites, it's crucial to prioritize your safety and follow best practices:

1. Use a VPN:

To protect your identity and online activities, consider using a Virtual Private Network (VPN). This helps anonymize your online presence.

2. Verify Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 eBook Sources:

Be cautious when downloading Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 from torrent sites. Verify the source and comments to ensure you're downloading a safe and legitimate eBook.

3. Update Your Antivirus Software:

Ensure your antivirus software is up-to-date to protect your device from potential threats.

4. Prioritize Legal Downloads:

Whenever possible, opt for legal alternatives or public domain eBooks to avoid legal complications.

5. Respect Copyright Laws:

Be aware of copyright laws in your region and only download Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 eBooks that you have the right to access.

Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 eBook Torrenting and Sharing Sites

Here are some popular Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 eBook torrenting and sharing sites:

1. The Pirate Bay:

The Pirate Bay is one of the most well-known torrent sites, hosting a vast collection of Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 eBooks, including fiction, non-fiction, and more.

2. 1337x:

1337x is a torrent site that provides a variety of eBooks in different genres.

3. Zooqle:

Zooqle offers a wide range of eBooks and is

known for its user-friendly interface.

4. LimeTorrents:

LimeTorrents features a section dedicated to eBooks, making it easy to find and download your desired reading material.

A Note of Caution

While Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 eBook torrenting and sharing sites offer access to a vast library of reading material, it's important to be cautious and use them responsibly. Prioritize legal downloads and protect your online safety. In the next chapter, we'll explore eBook subscription services, which offer legitimate access to Understanding Global Sexualities New Frontiers Sexuality Culture And Health 2013 06 30 eBooks.
