

Understanding Black Men In Relationships

The Love Ethic - Kamau Butler 2009

Much has been said regarding the current state of Black relationships in America. With a rising divorce rate, a dramatic increase in the amount of Black children being raised in single parent households, more and more Black men being incarcerated every year, and the psychological rifts that exist between Black men and women that stem from centuries of pain and fear, the Black relationship is in dire need of healing. This healing has arrived in the form of the Love Ethic. Based upon the belief that the relationship between Black men and women is the bedrock of the African American community and holds the key to wealth, equality and prosperity for the Black community, Kamau and Akilah take the reader on an historical journey through American history in search of Black love. Those who are single, married, divorced, or in committed relationships will draw encouragement, understanding and hope from this book. The Love Ethic is a text deeply embedded in the African American cultural tradition, as it attempts to look back as a way to move forward.

What's Love Got to Do with It? - Donna L. Franklin 2000

Mixing history and cultural analysis, Franklin provides a highly readable, in-depth analysis of the gender tensions she says are eroding the ability of black men and women to work jointly in the struggle for racial equality.

Focusing - Delores P. Aldridge 1991

A masterful examination of the myths and socio-political causes of discord between Black men and women. The author suggests that male/female relationships among Black Americans which fails to place the interpersonal within the broad institutional context falls short of providing a broad or macroanalytical model any attempt to study.

Black Love Matters - Armon R. Perry 2020-10-30

Black Love Matters is an in-depth qualitative analysis that focuses on a diverse group of adult black men and their attitudes towards behavior in marriage and romantic relationships. To give voice to the men's narratives, Black Love Matters follows the men for four years, chronicling the experiences and the circumstances shaping their relationship trajectories. Highlights include discussions related to the roles that sex, infidelity, intimacy, trauma, family of origin, masculinity, and environmental factors play in the men's attitudes and behaviors. Given the dearth of literature on black men featuring first-hand accounts from them, Black Love Matters makes a significant contribution to the existing literature that seems to be disproportionately focused on implicating black men in discussions of what ails their families and communities.

Is Marriage for White People? - Ralph Richard Banks 2011-09-01

A distinguished Stanford law professor examines the steep decline in marriage rates among the African American middle class, and offers a paradoxical-nearly incendiary-solution. Black women are three times as likely as white women to never marry. That sobering statistic reflects a broader reality: African Americans are the most unmarried people in our nation, and contrary to public perception the racial gap in marriage is not confined to women or the poor. Black men, particularly the most successful and affluent, are less likely to marry than their white counterparts. College educated black women are twice as likely as their white peers never to marry. *Is Marriage for White People?* is the first book to illuminate the many facets of the African American marriage decline and its implications for American society. The book explains the social and economic forces that have undermined marriage for African Americans and that shape everyone's lives. It distills the best available research to trace the black marriage decline's far reaching consequences, including the disproportionate likelihood of abortion, sexually transmitted diseases, single parenthood, same sex relationships, polygamous relationships, and celibacy among black women. This book centers on the experiences not of men or of the poor but of those black women who have surged ahead, even as black

men have fallen behind. There is a story that has not been told. Empirical evidence documents its social significance, but its meaning emerges through stories drawn from the lives of women across the nation. *Is Marriage for White People?* frames the stark predicament that millions of black women now face: marry down or marry out. At the core of the inquiry is a paradox substantiated by evidence and experience alike: If more black women married white men, then more black men and women would marry each other. This book not only sits at the intersection of two large and well-established markets-race and marriage-it responds to yearnings that are widespread and deep in American society. The African American marriage decline is a secret in plain view about which people want to know more, intertwining as it does two of the most vexing issues in contemporary society. The fact that the most prominent family in our nation is now an African American couple only intensifies the interest, and the market. A book that entertains as it informs, *Is Marriage for White People?* will be the definitive guide to one of the most monumental social developments of the past half century.

Secrets to Why Some Black Men Cheat (Book) - Mpumelelo Meslane

More Than Sex - George Edmond Smith 2000

Dr. Smith challenges society's myths about the sexuality of African-American men and offers dramatic evidence that these stereotypes lie behind a host of personal problems for black men and women.

Black Men in Interracial Relationships - Kellina Craig-Henderson 2017-07-28

Why is it that successful black men--black men who are "at the top of their game" in the arts, entertainment, politics and athletics--are four times as apt to be married to or dating a woman who is not an African American than they were only thirty years ago? And why are twice as many black men involved in interracial relationships as black women? In addition to their celebrity status, which includes widespread popularity and wealth, black men from Charles Barkley to James Earl Jones to Russell Simmons to Bryant Gumbel share something else in common; something that also characterizes the experiences of more than 250,000 less well-known black men in the United States. They happen to be involved in interracial intimate relationships. Less than fifty years ago such relationships were next to impossible, leading to severe social sanctions. The fact that this is no longer the case is concrete evidence of changes in the quality and character of contemporary race relations. Drawing on her own observations, and her examination of the responses of a small, diverse group of black men who date (in some cases exclusively), have sexual relations with, and marry women who are not of African descent, the book provides insight into the continuing ways that race and ethnic status affect the choices people make in their lives. Until this book, though, these types of relationships have received scant serious attention. Craig-Henderson forthrightly addresses the taboo, interspersing analysis with verbatim accounts from black men involved in such relationships. Grounded in serious research, interviews, and analysis of census data, *Black Men in Interracial Relationships* examines why such relationships appear to be so popular among black male elites. In the process, the author unravels the mystery behind the apparent absence of black women in black men's lives. It will be of interest to specialists in race, gender, family, and sexual issues, and appropriate for courses in these areas. It is also highly readable and thought-provoking for the general public, who will find its observations and findings fascinating.

Friends, Lovers, and Soulmates - Derek S. Hopson 1995-02

Despite the strong foundations of kinship and community ties, there is a crisis of intimacy within the black community today. The Hopsons provide the tools, direction, and support needed by couples in troubled relationships as well as single people looking for a suitable partner.

Beyond The Hashtag - Jenjii F Hysten 2020-11-15

Auntie, why don't people love our black men? A 15 year-old heartbroken teenager asks her aunt. A simple

but poignant question births Beyond The Hashtag into the heart of Jenjii Faith. Beyond The Hashtag breathes life into the complex relationships between a Black woman and the Black men who have loved her and the Black men she has loved. This book is about love above all other things. Beyond The Hashtag: The Spirit, Heart and Love of Black Men includes 13 love letters to Black men who mean so much to Jenjii Faith including her father, sons, brothers, husband, Prince and others. Through poetry, images, and narrative, she explores the essence of her relationship to Black men which is sometimes loving, sometimes complicated, and always committed. This timely and relevant collection gives a first person peek into the heart of a woman who wants her own sons to be seen as whole and worthy, not feared. Jenjii Faith provides an authentic picture of Black men and women by sharing rare, candid and deeply personal insights from her life experiences. She gives us a sober reality check and balances it with stories of joy and redemption. Beyond The Hashtag is an honest and hopeful read for men and women of all backgrounds and perspectives who love Black men or want to gain a deeper understanding of the Black experience.

Why Black Men Love White Women - Rajen Persaud 2009-03-03

A provocative, candid study of the romantic relationships between white women and black men offers a psychological explanation for the phenomenon, as well as analyzing the influence of the entertainment industry, exposing stereotypes, and assessing the global implications of black and white relationships.

How to Love a Black Man - Dr. Ronn Elmore 2001-02-01

As he sheds light on the hidden emotional psychological recesses of the black man's inner world, Dr. Elmore provides down-to-earth advice and real-life anecdotes drawn from his seminars and radio call-in shows to show women how to create the fulfilling relationship each partner wants and deserves.

Black Men and Divorce - Erma Jean Lawson 1999-03-24

This book draws on in-depth interviews with 50 working and middle-class Black men to chronicle and analyze their passage from courtship and marriage to divorce, and ultimately to the establishment of a new life.

Black Men: How They Date, Love, and Marry - Or Not! - Chris Nazareth 2011-05-01

""Black Men" is a must-read for all women who desire an intimate, progressive, and promising relationship with a Black man. It is also an eye-opener to black men who may not understand their sometimes unproductive and negative behaviors in relationships. The author has brilliantly exposed areas never before

explored. "Black Men" is the last book you'll ever need to buy about understanding black relationships - period.

Strategies for Resolving Conflict in Black Male and Female Relationships - La Frances Rodgers-Rose 1985

Why Do Black Men Hurt Their Women? - Raymond Sturgis 2019-05-24

"Black men must understand that hurting their women, they are hurting the only ally that stands with them in their darkest times." "Why Do Black Men Hurt Their Women?" explores real relationships and marriage between black men and their women that once was filled with bliss, but ended due to complications that were too painful to overcome. Many men feel that the sole reason their relationships or marriages end is because of disrespect and cheating. Black men hurt their women for numerous reasons, and this book reflects the consciousness of men that are sorrowful and wish circumstances were different so the outcome of their relationships would not have ended. This book has been revised with new chapters for more listening pleasure!

Blackmen Say Goodbye to Misery, Say Hello to Love - Yoshua Barak 1992

#blacklove - Tapo Chimbanga 2019

#blacklove explores the intricate and intimate relationship dynamic, arising out of a violent and challenging past, between the Black woman and Black man. The contributors in this volume resist the idea of black love in reference to whiteness by exposing the hidden toxicities that come with a focus on whiteness.

Black and Single - Larry E. Davis 2009-03-01

Tired of having your search for a romantic partner complicated by the battle of the sexes? Let Dr. Larry E. Davis—a psychologist, social worker, and voice of reason—show you a better way. Now in its revised and updated third edition, Black and Single has been the premier relationship guide for African-Americans for ten years. Filled with entertaining and thought-provoking examples from the real world of dating, it's a practical, one-of-a-kind tool to help you find the partner you've been seeking.

How to Love a Black Woman - Ronn Elmore 1998

From the author of "How to Love a Black Man" comes a book aimed at helping men understand and love the black women in their lives.
