Sex Guide Mastery - Cherry Wilson 2021-04-29

It's human nature to be curious about sex, and the curiosity doesn't stop even if you're having it multiple times a day, seven days a week, etc.

Like all things, no one wants to get into a rut, and incorporating new techniques and tricks is part of what keeps sex so refreshing and

intimate. Sure, sex has been around forever, and the never-ending curiosity gap around it is part of what makes it such a dynamic part of our lives. It's also only logical that we humans would be constantly thinking and wondering about it. Are we all doing it? If so, how often? Are we doing it correctly? What else is there to try? Is everyone having one kind of sex that I'm not? The good news is, as long as it's consensual, safe, and healthy, you're good. Part of the beauty of sex is that it's so subjective. Just because one person loves BDSM-style sex, doesn't mean other people can't enjoy vanilla sex. You can always evolve your sexual tastes and proclivities, and that's kinda what makes it great.

Experimentation is part of being a sexual being. To help you make sure your bedroom action is as pleasurable as possible. here is a complete sex guide book for you to get started

work will satisfy your partner, I promise you. Your partner thinks sex with you is BORING... You might as well stop and read a book during intercourse with how passionless your sex currently is. Ask yourself ...Would it really make a difference? Hearing nothing but the bed squeak and meaningless moans for 10 minutes. This starts to take away what you once felt for your partner. The fire, the passion, the excitement and mind-blowing orgasms you're missing out on. You're even starting to lose the yearning of wanting sex. WHY? ...Because with the sex you're having, there is nothing to look forward to. The longer we are in a relationship a pattern is created, especially around our sex life. You find yourself doing the same thing over and over again as if sex has become a chore. Think about it, you keep pulling out the same three moves! Who is that exciting for? DEFINITELY NOT YOU, or your partner! According to "The Washington Post", experts who study Americans' bedroom habits found that there are a number of

factors driving "The Great American Sex Drought." Changing it up and using NEW found researched sex techniques that focus primarily on couples simulation, will finally give you and your partner the sex you always yarned for, and stop any kind of sex drought. Imagine having sex that makes you feel like you're in the honeymoon stage all the time. Learning these techniques, you won't be able to keep your hands off each other. learn directly from a woman's perspective how to get her into bed. Sarah tells all the secrets of what women really want from a man in this book. Sarah teaches autistic men how to get with a woman and make her feel happy and safe. Many times men with autism come on too strong and are told they are too nice. Sarah explains why that is and teaches guys with autism how to be who they are without coming on too strong and scaring the woman away. Sarah provides great tips and discusses important topics that are often misunderstood by men. One of those topics is the friend zone. Sarah says that the friend zone does not exist and she explains that she would never date or sleep with anyone that she was not friends with first. Sarah gives away the secrets to sex with her and other women, She teaches autistic men that women like foreplay way better than they like intercourse. Sarah talks autistic men through the process of meeting a woman until getting her into the bedroom. She gives guys with autism step by

step tools and strategies to become friends with a woman and eventually get her into bed. This is a great tool for men that have had bad advice in the past and are seeking to hear the truth about how to get with a woman. Sarah wrote this book at her friend Sam's request. Sam has autism and has been friends with Sarah for two years. They just recently started sleeping together after nearly two years of friendship. Sarah tells all guys with autism that friendship first is the way to go. Being friends first creates for a better sex life in the friendship. Be sure to get your copy of this book today and start learning how to make friends with woman and eventually have sex with them. Here is an excerpt from the book. "That is why bringing a dozen roses on the first date is a bad idea. This is something I have worked on with my friend Sam who I wrote this book for. When you bring me a dozen roses on the first date that sets off alarms in my brain. They are telling me "What does he want from me for getting me these flowers?" We assume that you

have some kind of hidden agenda to get in our pants and that is the only reason you are giving us flowers. We base this opinion off of previous experiences with other men so if you are a true gentleman and do not expect anything in return for giving me a dozen roses on the first date then you are likely going to get rejected because of what other men have done to me in the past. If you really want to understand a woman then listen to what we say and repeat it back to us. If you can connect with us well as a friend then there is a better chance that we will end up giving you a chance to sleep with us. If you cannot listen to us and give us feedback on what we tell you then we know that there is no possible way that we could ever have a strong enough emotional connection to ever have sex with you."

Do you sometimes feel that your relationship and intimate relationship especially is declining over time? Have you ever thought about ways to improve your ability to attract your partner and how to learn something new? Would you like to feel excited once again about going to bed and having sex with your other half? If your answer is "Yes" to at least one of these questions, then keep reading... "How to Talk Dirty" - the name of my most recent book and one of the best ways to improve your sexual life. A complete guide for complete beginners and more experienced

people who are in a relationship and want to dramatically improve their sexual life while using words and learning new skills. Research shows that out of 100 people (age 25-40), 65 people are not happy about their sexual situation with her or his partner (100000 people were asked). And that is a very serious problem. When people were asked what they do to enhance their relationship, the usual answer was "nothing" or they blamed it on their partner. My mission while creating this book was to show and explain people what works and what doesn't, take as much necessary research as possible, along with practical information which is proven to work on people. The main focus of this book is the language that has to be used to attract your partner, what are the most important techniques according to situation and individual. Now let's take a look at only a few things you will get out of this book: How to have great and passionate sex for life How to know if your partner had an orgasm Keys to sizzling sex What is the best way
