The Odd Women - George Gissing 2019-06-19

The Odd Women is a Victorian novel which deals with themes such as the role of women in society, marriage, morals and the early feminist movement.

There was the notion in Victorian England that there was an excess of one million women over men. This meant there were "odd" women left over at the end of the equation when the other men and women had paired off in marriage. A cross-section of women dealing with this problem are described in "The Odd Women" and it can be inferred that their lifestyles also set them apart as odd in the sense of strange.

Flattering Pickup Lines* And Much, Much More...WARNING: ADULT MATERIAL Dating advice for men who want to know EXACTLY how to attract women and how to get a girlfriend who makes heads turn...Do you want to walk into any bar or club and know exactly what to say to walk out with a beautiful woman on your arm? Would you like to know exactly how to get a girlfriend who is amazing and beautiful without resorting to cheesy pickup lines? Then this book is for you. Written by international men's coach Jake D. Ryan *Dating Advice for Men: Unlike PUA books, Charm her Pants Off*, line isn't about tricks, lies, or manipulation. Whether you want to get your ex back, attract women to date regularly, or learn exactly how to get a girlfriend who makes heads turn, the lessons in this book can help you stand out in any room. You'll never have to hesitate or feel like you've run out of things to say. You'll bleed confidence in any social situation, captivate the room, and know how to attract

women that you most desire. Whether you want to know how to get a girlfriend or just date around, *The Charm her Pants off* has the answers that have worked for tons of men. The girl of your dreams is out there...will you get her? *Charm her Pants Off* is the ultimate and only guide to getting girls and to understand women once and for all. This is why guys that read it don't read or recommend anything else. Because the few men who "get it" spend the rest of their lives enjoying sexy girls in abundance - and so can you. You can learn to get ANY girl you want, the same way that all men who are naturally good with women have. The only difference is that you may learn it much FASTER, instead of wasting tons of time and money on fruitless dates or a new car/haircut/shirt that you BELIEVE will make you more attractive - but really doesn't. You see; men LACK success with women because they either don't understand what women are attracted to, or because they THINK that

they do know, but have the wrong ideas and hence waste a lot of time - sometimes their entire life - chasing things they don't need. You know you have to get this book if you believe women want men with money, cars, or anything else that is manmade, because that doesn't make any sense. If women really were attracted to something unnatural, how did men meet women before any of those things were invented? The approach you'll learn in The Manual is very different from conventional dating and the advice you find in the mainstream media because it focuses on natural attraction - on what women REALLY want - not what they CLAIM they want or what males in general BELIEVE women want. It incorporates men's and women's socialization and explains phenomena's such as why men think women are attracted to things such as money (yet money is a man-made invention that has not even EXISTED very long) and why women "play hard to get" (a well-

known phrase which amusingly reveals that women ARE easy but only pretend not to be). This is why the beginning of the book addresses your basic beliefs and mindset, because if you learn to THINK correctly, you will automatically behave correctly around women. Even if they are so stunning they normally take your breath away, your mind goes blank, and you run out of words. You already have what it takes to seduce women. Like, if you never run out of words around your close friends or family, you should be able to talk to a hot girl without making a fool out of yourself. You are the Man!!!

The Whispers of the Streets - J. Earl Loving 2003

But we loved that old ROOSEVELT & when he signed that Order 8802 a whole bunch of us got in the service. But you see I didn't trust them too much, & there was a lot of money to be made with all the work that the war caused. I just met this old girl that came

up here from New Orleans, because, well, I thought that she was dirt poor & came up to make some money & find a husband. She was the prettiest thing that we ever seen around here, & we started courting almost as soon as she got off the bus (he chuckled to himself). "Her name was Antoinette. She had the softest light real near white skin that I had ever seen even on white folks, long Black shining hair, and a very pretty smile, you see. She loved to laugh, a&nd I did as much as I could to make her laugh. If she wanted a clown, I sure damned was going to be one. She always spoke in a near whisper in that half French way that they speak down there in the French Quarter down there, & sometimes we didn't know what the hell she was talking about. But she was so damned pretty that I really didn't care since she was my girl. Hell, after a couple of weeks of being together, she started talking that talk to me & whatever she was saying sounded so good to me that I

was agreeing all over myself! "She got so excited that we didn't go to see the show like we was suppose to & spent the night together. We made good music that night, if you know what I mean? That was the summer of forty-three, and I was so happy that I didn't know what to do with myself. The next morning she told me that she had to send her Mama a telegram to let her know that we was coming down so she could meet me & show me off to her family. "That's when I realized that the woman was talking about marriage! Well, I tell you that I was scared to death, because I never thought about marrying her or anybody else at the time, you see! But she was such a pretty thing that I said to myself "BOY, AS UGLY AS YOU ARE, YOU AIN'T GOING TO DO MUCH BETTER."

You Should Smile More - Dawn Hudson 2022-09-06

The Band of Sisters, a collective of women who know firsthand how hard it is to navigate gendered workplace situations in the moment, share their experience and offer realistic strategies every witness can use to confront gender bias and productively address it at work. Each chapter also has tips to help if it's about you, if you're the

boss, and if you're the witness. *Stop Telling Women to Smile* - Tatyana Fazlalizadeh 2020-02-04

The debut book from a celebrated artist on the urgent topic of street harassment. Every day, all over the world, women are catcalled and denigrated simply for walking down the street. Boys will be boys, women have been told for generations, ignore it, shrug it off, take it as a compliment. But the harassment has real consequences for women: in the fear it instills and the shame they are made to feel. In *Stop Telling Women to Smile*, Tatyana Fazlalizadeh uses her arresting street art portraits to explore how women experience hostility in communities that are supposed to be homes. She addresses the pervasiveness of street harassment, its effects, and the kinds of activism that can serve to counter it. The result is a cathartic reckoning with the aggression women endure, and an examination of what equality truly entails.

Just To Make You Smile - Sarah Caldwell 2015-04-27

“My dad was going to die. My sweet, loving, caring, and wonderful-in-every-way dad was going to leave me before he could watch my sister and me grow up.” At the tender age of fifteen, Sarah Caldwell learned that her father had been diagnosed with ALS (amyotrophic lateral sclerosis) and had only a short time left to live. In moments her life went from texting friends, going to gymnastics practice and family vacations by the sea to watching her father’s rapid, irreversible deterioration, a process that plunged her into deep depression. But Jim Caldwell was a man whose indomitable spirit in the face of his suffering provided the ultimate inspiration for Sarah to transform her depression into a journey of healing and love. She learned to accept her and her father’s fate and became determined not to waste a moment of the time she had left with him. When her father passed away, leaving Sarah to face life without her beloved dad, she was determined again to continue

on the path of hope and strength, making sense of her loss and honoring his life by helping raise awareness of ALS and money for desperately-needed research for a cure. With a special foreword by former pro-football player Steve Gleason, *Just To Make You Smile* is the rare, honest, compassionate and bold account of a young adult’s process of watching a parent get ill and die, and the inspiration she hopes to impart by sharing her grieving process, deep inner growth and healing. By telling her story in its entirety, from the lowest depths of grief and depression to the heights of finding her inner strength, making a difference and carrying on her father’s fighting spirit, she hopes to touch the lives of others, especially kids with a sick parent, letting them know they are never alone on this difficult journey.

How To Attract Women With Humor - Leonard Bustos

2013-09-16

I'm going to show you how fun and exciting it is to approach practically any woman, practically anywhere, and have an immediate humorous connection with her. Women are actively looking for those men who have the ability to unlock the code to their natural instinctive desires, and your going to learn how to develop those "Attractor Factors" that tap into a woman's primal needs and desires. I'm going to let you in on a little secret. Real men want to have sex with as many beautiful women as they possibly can. I know you're probably shocked at this astonishing revelation, but

don't be alarmed. It's not your fault, and it's nothing to hide or be ashamed of. In fact, if your ancestors didn't feel the same way, you wouldn't be here. It's important to add that most honorable men in a relationship generally restrain themselves from acting on this primal desire mostly because of love and respect and to avoid hurting their partners.

However, that doesn't mean this powerful urge still doesn't exist. To this day learning to control this instinctive impulse tends to be the ultimate male dilemma. Guess what? Women desire and crave sex too. The problem is, too many guys are either too passive and conceal their sexual interest in women, or they act like aggressive idiots and drive them away.

There is a very cool and natural way to approach and attract women so they become interested in you first, and I'm going to show you how to do it. There's no doubt that women want to be sexually attractive and wanted by men. They are actively looking for those men who have the ability to unlock

the code to their natural instinctive desires. This book is going to teach you how to develop those traits and skills that tap into a woman's primal needs and desires. You will become in so many words - simply irresistible. Attraction is not a choice. These are natural biological reactions embedded in our DNA developed over tens of thousands of years. Just as men have these responses to attractive women, so do women have similar reactions when they observe men with certain masculine traits. We often think of the male as competing with other males for the prize of mating with the female, but women, of course, also compete for the opportunity to mate with the male who has the most desirable traits. I'm going to teach you what those masculine traits are and how you can develop and use them so that you become more attractive and irresistible to women. I'm happy to report that some of you guys will be very relieved to know that looks aren't at the top of the list of attraction for women.

I'm just saying..... If you want to experience life's ultimate pleasure of falling in love and being in love - with all of the benefits that come with it - like incredible sex, great companionship, having someone to laugh with, someone to be there for you through good times and bad - and just having a partner to share and experience life with; then I promise to show you how to connect with her if you are willing to take the necessary steps I'm about to share. I can't think of a more important decision in life that you will ever make regarding your happiness than with whom you choose to share your life. Finding a quality woman all begins with meeting her, and in order to meet her, you'll need to know how to approach and cause her to be attracted and interested in you.
