Gifted by her Uncle Nicholas with a diary one Christmas, Catherine begins to record in it the events and circumstances involving the lives of her family and friends. Unknowingly, she records the events of the Hidden, children of noble birth who are hidden in common households until they are of an age to inherit their nobility. lake. I know at once it's my mother and Auntie Barbara, I've always known it somehow. But I also know that the camera doesn't tell the whole story. It can't. London, 1943. German bombs rain down on London, but Elaine Parker knows her job transcribing letters from far-away prisoners of war is more important than her own safety. But at home, Elaine's life isn't so simple - as the main breadwinner for her struggling family, she doesn't have much time to consider her own future hopes and dreams. And then Elaine meets dark-haired and passionate Bobby - a wartime photographer on the dangerous front line - and her world shifts. Will Elaine be forced to choose between her family and her growing passion for Bobby? And how do you let yourself love someone with your whole heart when each moment could be their last? Present day. Even the kiss of warm sunshine and the musical call of birds at her family's countryside villa can't make Jen forget the heartbreak she's left behind. That is, until she begins to investigate the origins of a tattered family photograph: two sweet little girls gazing out across a sparkling bay, their eyes clear and hopeful - looking for all the world as if England hadn't just suffered the most terrible war imaginable. What is the story behind the picture, and could it finally be the key to mending the cracks in Jen's own past? A heartbreaking World War Two novel - emotional and unforgettable. She was an indomitable, wise-cracking prodigy who not only helped create Hollywood, but managed to survive it."—John Sayles "If we can't have the wonderful Anita Loos-smart, witty, literate and fun- writing today's Hollywood movies, at least we can get reacquainted with her and her work through this delightful book. Filled with previously unpublished material, it shows that while gentlemen may have preferred blondes, everyone else in town wisely preferred the irresistible Ms. Loos."—Kenneth Turan, film critic for the Los Angeles Times "This is a wonderful book about a talented, fascinating, and groundbreaking woman. Her life epitomizes a certain era in show business and describes a Hollywood in which few women were allowed to rise to the top. Anita Loos did and we were all the beneficiaries. In a Village Far from Home Catherine Palmer Finerty 2000 What
do most career women do after a successful run on Madison
Avenue? Catherine Finerty watched her friends settle into the
country-club life. She opted instead for Mexico. When the 60-
year-old widow loaded up her car and headed south, what she
found at the end of the road was far from what she expected.
Finerty settled into a comfortable house just outside of
Guadalajara and, although not a Catholic, she soon immersed
herself in Franciscan volunteer work. It wasn't long before she
found herself visiting small settlements hidden in the tropical
mountains of western Mexico, and it was in Jes es Mar'a so
isolated that one could only get there by mule or small plane that
she found her new calling: the village nurse. With its bugs and
heat, no phones or running water, the tiny town was hardly a
place to enjoy one's retirement years, but Finerty was quickly
charmed by the community of Cora Indians and mestizos. Armed
with modest supplies, a couple of textbooks, and common sense,
she found herself delivering first aid, advising on public health,
and administering injections. And in a place where people still
believed in the power of shamans, providing health care

sometimes required giving in to the magical belief that a hypodermic needle could cure anything. Finerty's account of her eight years in Jesœs Mar'a is both a compelling story of nursing under adverse conditions and a loving portrait of a people and their ways. She shares the joys and sorrows of this isolated world: religious festivals and rites of passage; the tragedy of illness and death in a place where people still rely on one another as much as medicine; a flash flood that causes such havoc that even less-than-pious village men attend Mass daily. And she introduces a cast of characters not unlike those in a novel: Padre Domingo and his airborne medical practice; the local bishop, who frowns on Finerty's slacks; Chela, a mestiza from whom she rents her modest two-room house (complete with scorpions); and the young Cora Indian woman Chuy, from whom she gains insight into her new neighbors. Blending memoir and travel writing, *In a Village Far from Home* takes readers deep into the Sierra Madre to reveal its true treasure: the soul of a people.

Golden Days for Boys and Girls 1893

The Betrothed Alessandro Manzoni 1773-1828 Set in Lombardy in the years 1628-30, *The Betrothed* tells the dramatic tale of two young lovers in a time of war, famine, and plague. Following them through exile and suffering, it displays great richness of characterization and a profound insight into the workings of history and the politics of the time. First published in 1827 as *I promessi sposi*, *The Betrothed* is the first modern Italian novel. Alessandro Manzoni was born in Milan to a noble family in 1773; although he was also a poet, he remains best known for *The Betrothed*. He died in 1828. David Forgacs is a Lecturer in Italian at Cambridge University; he is the author of *Rethinking Italian Fascism* and *A Gramsci Reader*. Matthew Reynolds is a Research Fellow at Trinity College, Cambridge.

of their adventures from 1909 through World War I on a South Dakota homestead. The young college couple invested in homesteads for money to get married and send George to medical college. They would live on their claims for fourteen months and make improvements. After proving up, they would sell for a profit. Two years of drought changed their plans and their lives. There was no market for their land. George had to learn to farm to make a living. A neighbor with agricultural college training and immigrant neighbors helped them cope. After ten difficult years and a delayed marriage, the Youngs sold out, realizing a substantial wartime profit on their investment. They moved, with their two children, to an 800-acre farm in a warmer climate, near a thriving town in Kansas. George was a successful farmer and cattle rancher. Marie brought music and delicious bread to their neighborhood gatherings. Like many early settlers, the Youngs chose to raise their family in a rural community and looked forward to new adventures on the land.
