**61 Ways to Attract Women According to 61 Experts** - Joshua Strachan

Want to become irresistible to women, a center of attention, and an object of desire? The ultimate goal for every man is to attract the woman he needs and the woman he wants. The extent of a man's happiness depends solely on the kind of women he can attract daily. A woman is the only reason a man can change for good, take responsibilities, and be pushed to achieve things bigger than his own imagination. Women do not just add meaning to life; they create life, the life we all dream of. A man can never dream of a fabulous life in his future without including a woman or something that relates to women's existence. The men that choose to ignore this fact about the importance of women tend to become miserable in the end. Women are to be loved and cherished; this love becomes a strong emotion that keeps us on the definite radar. For the love of women, we become fools for love but always make the right decisions because, in the end, love is the only thing that matters. Success, riches, and wealth are the definitions of success that are often contemplated when it comes to attracting women. Success defines you as a man; it makes you charming and powerful. Women love men with power, success, phenomenal demeanor, and care. How to keep the seduced? The charm to attract and keep women resides in the possession of few men. These men may not be physically attractive, but they possess a personality that makes every woman fall. They can attract your girlfriend and they know what they are doing. They know the right button to push to get any woman to bed. They take charge and know the right words to say and at the right moment to keep women coming back. These "supermen" are not familiar with the three magic words. They make women tell them, but they don't say it. They confuse women everywhere they go, although they keep one that takes care of them, these ones they love dearly. These men have not studied the laws of attraction; they've just discovered the ways to effectively keep women excited, to be suspicious and curious about their exceptional personalities. These men have found the essence of life because with these skills they also get the best jobs, influence the right people and accumulate more than enough money to keep them alive, comfortable, increasing their chances of getting the most beautiful women. Some of them have capitalized on these skills so well, they are now the

wealthiest, and they control a lot of things that concern society. There is a power accumulated within themselves that makes them extremely influential without trying too hard to be. They seem light-hearted and easy-going, but in the end, accomplish the most complex goal. This book will be about everything you ever wanted, this attractive gem. Some of the ideas from these experts might seem extreme and controversial but they are practical; people like you have used them in simple ways and have achieved the life they want, attracting the women they want anywhere. To make women fight to have you, take advantage of this book and join the real alpha male train.
