[Queen of Prison Ministry](#) - Michael Glenn Maness 2008-06

This WW II novel revolves around the experience of a callow youth destined to join the Fourth Infantry Division in Hürtgen Forest. The narrative traces the bonded ties of six comrades in arms, three of whom are killed and three wounded. Vividly detailed, the stressful existence of Combat Infantrymen causes some men to break. What helps those who see it through is their loyalty to one another, called a "culture of caring" by their Chaplain. In Part I our innocent recruits are sobered by incidental casualties on the way up, which initiate them into the inconsequence of death. Part II takes

them into Hürtgen, a battle fought under continuous icy rain in steep-hilled terrain favoring the well entrenched Germans. Casualties often run over 100% of a Company's authorized strength. Attacks are met by unrelenting artillery and mortar fire machine guns at close range. In a typical situation, our narrator covers a Sergeant, who, after taking out a machine gun pinning the Company down, is himself killed by a sniper. A hard-headed West Pointer insists on night action, impossible in the Forest, and, after stepping on a mine that takes his legs off, he rolls on another that hits those nearby. General Patton called Hürtgen "an epic of stark infantry combat." Part III deals with how, badly depleted in numbers and morale, the men successfully withstand the Breakthrough, thereby saving Luxembourg, a defense for which Patton gave the Fourth a Unit Citation. In the concluding Part, the narrator is wounded and put on limited assignment. He dislikes the rear echelon life-style, guys being obsessed with

whores, drinking, stealing, and feasting, but he holds his peace and decides he'll return to the world where reality matters.

**Women of Courage** - Katherine Martin  
2010-10-06

The 41 ordinary and well-known women honored in this first book in New World Library's "People Who Dare" series have shown forms of bravery that, according to editor Martin, go largely unrecognized — such as persevering in adverse circumstances, challenging tradition, showing vulnerability, fostering healing, and listening to one's heart. Concern about her children's education impelled Patty Murray (currently U.S. Senator from Washington) to run against an incumbent and win a seat in her state senate. Acting out of a deeply felt commitment to the poor, Dr. Janelle Goetcheus, along with other physicians she recruited, founded Christ House, a renovated apartment building where seriously ill homeless patients stay and receive care. After she was diagnosed with breast cancer, Laura

Evans celebrated her survival by founding Expedition Inspiration, an organization that takes breast cancer survivors on mountain climbs. Cora Lee Johnson's longtime dream of starting a community sewing center became a reality when she was 62 because, although poor and uneducated, she persevered by talking about the center to anyone who would listen. Men and women both will find inspiration for their own lives in these captivating stories.

[The Distance Cure](#) - Hannah Zeavin 2021-08-17  
Psychotherapy across distance and time, from Freud's treatments by mail to crisis hotlines, radio call-ins, chatbots, and Zoom sessions. Therapy has long understood itself as taking place in a room, with two (or more) people engaged in person-to-person conversation. And yet, starting with Freud's treatments by mail, psychotherapy has operated through multiple communication technologies and media. These have included advice columns, radio broadcasts, crisis hotlines, video, personal computers, and

mobile phones; the therapists (broadly defined) can be professional or untrained, strangers or chatbots. In [The Distance Cure](#), Hannah Zeavin proposes a reconfiguration of the traditional therapeutic dyad of therapist and patient as a triad: therapist, patient, and communication technology. Zeavin tracks the history of teletherapy (understood as a therapeutic interaction over distance) and its metamorphosis from a model of cure to one of contingent help. She describes its initial use in ongoing care, its role in crisis intervention and symptom management, and our pandemic-mandated reliance on regular Zoom sessions. Her account of the "distanced intimacy" of the therapeutic relationship offers a powerful rejoinder to the notion that contact across distance (or screens) is always less useful, or useless, to the person seeking therapeutic treatment or connection. At the same time, these modes of care can quickly become a backdoor for surveillance and disrupt ethical standards important to the therapeutic

relationship. The history of the conventional therapeutic scenario cannot be told in isolation from its shadow form, teletherapy. Therapy, Zeavin tells us, was never just a “talking cure”; it has always been a communication cure.

an emotion, a behavior, or even the bond you feel with another person—it's a supercharged, light-drenched, limitless vibrational field of infinite divine energy that is our essential nature. The true search for love, then, must inevitably direct us within, where we discover that the love we've been seeking in countless ways has been inside of us all along. The Choice for Love is the inspiring and revelatory new book from New York Times best-selling author and renowned transformational teacher Barbara De Angelis, Ph.D. Known for helping millions of people make profound shifts in their relationship with themselves, others, and spirit, Dr. De Angelis has written an eloquent, illuminating, and deeply compassionate guide for transforming your relationship to love and bringing more of it into all aspects of your life. She offers you invaluable wisdom and practical tools for healing, opening, and expanding your emotional and spiritual heart, and teaches you how to use love as the highest spiritual practice.

What is the choice for love? It is a revolutionary shift in your relationship with the energy of love itself. It invites you into a new, enlightened experience of love as a vibrational state of being. It isn't the choice for new thoughts about love, new attitudes about love, or a new philosophy about love. It's the choice to enter into the experience of your own unlimited love, and open to the unfathomable treasures that your heart holds. When we think that love originates from the outside, we mistakenly believe that we need to wait until something happens to give us an experience of love. Dr. De Angelis explains that love isn't something we can actually "get" from anyone else. No one can give you any love you don't already have.? Love comes from the inside out. Now more than ever, in these unsettling times on our planet, we're each called to become a living remedy, to not fall in love, but to rise in love. The Choice for Love is a masterful and sacred pilgrimage of words whose enlivened wisdom will move you, awaken you, and liberate

**A Return to Modesty** - Wendy Shalit

2014-05-20

Updated with a new introduction, this fifteenth anniversary edition of *A Return to Modesty* reignites Wendy Shalit's controversial claim that we have lost our respect for an essential virtue: modesty. When *A Return to Modesty* was first published in 1999, its argument launched a worldwide discussion about the possibility of innocence and romantic idealism. Wendy Shalit was the first to systematically critique the "hook-up" scene and outline the harms of making

sexuality so public. Today, with social media increasingly blurring the line between public and private life, and with child exploitation on the rise, the concept of modesty is more relevant than ever. Updated with a new preface that addresses the unique problems facing society now, *A Return to Modesty* shows why "the lost virtue" of modesty is not a hang-up that we should set out to cure, but rather a wonderful instinct to be celebrated. *A Return to Modesty* is a deeply personal account as well as a fascinating intellectual exploration into everything from seventeenth-century manners to the 1948 tune "Baby, It's Cold Outside."

Beholden neither to social conservatives nor to feminists, Shalit reminds us that modesty is not prudery, but a natural instinct—and one that may be able to save us from ourselves.

**How Sex Got Screwed Up: The Ghosts that Haunt Our Sexual Pleasure - Book Two** - Jon Knowles 2019-06-28

The ghosts that haunt our sexual pleasure were

## **Ask Barbara The 100 Most Asked Questions Love Sex And Relationships**

born in the Stone Age. Sex and gender taboos were used by tribes to differentiate themselves from one another. These taboos filtered into the lives of Bronze and Iron Age men and women who lived in city-states and empires. For the early Christians, all sex play was turned into sin, instilled with guilt, and punished severely. With the invention of sin came the construction of women as subordinate beings to men. Despite the birth of romance in the late middle ages, Renaissance churches held inquisitions to seek out and destroy sex sinners, all of whom it saw as heretics. The Age of Reason saw the demise of these inquisitions. But, it was doctors who would take over the roles of priests and ministers as sex became defined by discourses of crime, degeneracy, and sickness. The middle of the 20th century saw these medical and religious teachings challenged for the first time as activists, such as Alfred Kinsey and Margaret Sanger, sought to carve out a place for sexual freedom in society. However, strong opposition

to their beliefs and the growing exploitation of sex by the media at the close of the century would ultimately shape 21st century sexual ambivalence. Book Two of this two-part publication traces the history of sex from the Victorian Era to present day. Interspersed with 'personal hauntings' from his own life and the lives of friends and relatives, Knowles reveals how historical discourses of sex continue to haunt us today. This book is a page-turner in simple and plain language about 'how sex got screwed up' for millennia. For Knowles, if we know the history of sex, we can get over it.
