Abrazando El Espíritu Ana Elizabeth Rosas 2014-09-27

"Structured to meet employers' needs for low-wage farm workers, the well-known Bracero Program recruited thousands of Mexicans to perform physical labor in the United States between 1942 and 1964 in exchange for remittances sent back to Mexico. Drawing on an extraordinary range of sources, Ana Elizabeth Rosas uncovers a previously hidden history of transnational family life. Intimate and personal experiences are revealed to show how Mexican immigrants and their families were not passive victims but instead found ways to embrace the spirit (*abrazando el espíritu*) of making and implementing difficult decisions concerning their family situations--creating new forms of affection, gender roles, and economic survival strategies with long-term consequences."--Back cover.

Song King Levi S. Gibbs 2018-05-31 When itinerant singers from

China's countryside become iconic artists, worlds collide. The lives and performances of these representative singers become sites for conversations between the rural and urban, local and national, folk and elite, and traditional and modern. In *Song King: Connecting People, Places, and Past in Contemporary China*, Levi S. Gibbs examines the life and performances of "Folksong King of Western China" Wang Xiangrong (b. 1952) and explores how itinerant performers come to serve as representative symbols straddling different groups, connecting diverse audiences, and shifting between amorphous, place-based local, regional, and national identities. Moving from place to place, these border walkers embody connections between a range of localities, presenting audiences with traditional, modern, rural, and urban identities among which to continually reposition themselves in an evolving world. Born in a small mountain village near the intersection of the Great Wall and the Yellow River in a border region with a rich history of migration, Wang Xiangrong was exposed to a wide range of songs as a child. The songs of Wang's youth prepared him to create a repertoire of region-representing pieces and mediate between regions, nations, and multinational corporations in national and international performances. During the course of a career that included meeting Deng Xiaoping in 1980 and running with the Olympic torch in 2008, Wang's life, songs, and performances have come to highlight various facets of social identity in contemporary China. Drawing on extensive fieldwork with Wang and other professional folksingers from northern Shaanxi province at weddings, Chinese New Year galas, business openings, and Christmas concerts, Song King argues that songs act as public conversations people can join in on. As song kings and queens fuse personal and collective narratives in performances of iconic songs, they provide audiences with compelling models for socializing personal experience, negotiating a sense of self and group in an ever-changing world.

Blondie Top Five was originally a flop for a West Coast power pop band? Who wrote Alice Cooper's 1973 hit 'Hello Hurray', and which folk singer first recorded it? Who launched their career with a tear and a cover of a little known Prince song? Where was Joe Cocker sitting when he came up with the idea of covering 'With a Little Help from my Friends?'. Everybody likes a good song and a good story. The 100 Greatest Cover Versions traces the histories of some of the great songs you may know only as second-hand recordings and explores some unusual and creative takes on a few of pop's well-known tracks. Based on the Independent's popular long-running Story of the Song column, this collection features previously unpublished pieces alongside fully expanded, updated stories. Robert Webb details the background to each song how it was written, who first recorded it and how it came to be covered and explains how, in some cases, the cover version has become more popular than the original. Artists range from Patti Smith to the Happy Mondays, David Bowie to Florence + the Machine, and Stevie Wonder to Robert Wyatt. The book also includes additional further listening suggestions and a bonus track. Whether you download, rip from CD or stream your music, the Ultimate Playlist series provides the perfect accompaniment to your personal compilation. The series aims to guide listeners through large and often bewildering back catalogues of the major artists as well as key genres and styles in popular music. If you love music and you enjoy knowing more about the history behind some of pop's greatest songs, then you will love this book.

Migration and Vodou Karen E. Richman 2018-10-02 This book and accompanying compact disc provide a rare excursion in the innovative ways a community of Haitian migrants to South Florida has maintained religious traditions and familial connections. It demonstrates how religion, ritual, and aesthetic practices affect lives on both sides of the Caribbean, and it debunks myths of exotic and primitive vodou (often spelled "voodoo"), which have long been used against Haitians. As Karen Richman shows, Haitians at home and in migrant settlements make ingenious use of audio and video tapes to extend the boundaries of their ritual spaces and to reinforce their moral and spiritual anchors to one another. The book and CD were produced in collaboration to give the reader intimate access to this new expressive media. Sacred songs are recorded on tapes and circulated among the communities. Migrants are able to hear not only the performance sounds--drumming, singing, and chatter--but also a description, as narrators tell of offerings, sacrifices, prayers, and the exchange of possessions. Spirits who inhabit the bodies of ritual actors are aware of the recording devices and personally address the absent migrants, sometimes warning them of their financial obligations to family members in Haiti. The migrants' dependence on their home village is dramatically reinforced while their economic independence is restricted. Using standard ethnographic

methods, Richman's work illuminates the connections among social organization, power, production, ritual, and aesthetics. With its transnational perspective, it shows how labor migration has become one of Haiti's chief economic exports. A volume in the series *New World Diasporas*, edited by Kevin A. Yelvington

Why Are We Attracted to Sad Music? Sandra Garrido 2016-12-05 In this book, perspectives in psychology, aesthetics, history and philosophy are drawn upon to survey the value given to sad music by human societies throughout history and today. Why do we love listening to music that makes us cry? This mystery has puzzled philosophers for centuries and tends to defy traditional models of emotions. Sandra Garrido presents empirical research that illuminates the psychological and contextual variables that influence our experience of sad music, its impact on our mood and mental health, and its usefulness in coping with heartbreak and grief. By means of real-life examples, this book uses applied music psychology to demonstrate the implications of recent research for the use of music in health-care and for wellbeing in everyday life.

Television Variety Shows David M. Inman 2014-12-03 For the few hundred television viewers in 1946, a special treat on the broadcast schedule was the variety show called Hour Glass. It was the first TV program to go beyond talking heads, cooking demonstrations, and sporting events, featuring instead dancers, comics, singers, and long commercials for its sponsor, Chase and Sanborn coffee. Within two years, another variety show, Texaco Star Theatre, became the first true television hit and would be credited with the sales of thousands of television sets. The variety show formula was a staple of television in its first 30 years, in part because it lent itself to a medium where everything had to be

live and preferably inside a studio. Most of the early television stars—including Jackie Gleason, Milton Berle, Sid Caesar, Ed Sullivan, Red Skelton, Dinah Shore, and Arthur Godfrey—rose to prominence through weekly variety shows. In the 1960s, major stars such as Jerry Lewis, Dean Martin, Judy Garland and Danny Kaye were hosting variety shows. By the 1970s, the format was giving way to sitcoms and dramas, but pop music stars Sonny and Cher, Tony Orlando and Dawn, and Donny and Marie Osmond hosted some of the last of the species. This book details 57 variety shows from the 1940s through the 1990s. A history of each show is first provided, followed by a brief look at each episode. Air date, guest stars, sketches performed, and a listing of songs featured are included.

literary critics explore diverse topics of shared concern such as literary theory as a model for musical criticism, genre theories in literature and music, the criticism and analysis of texted music, and the role of aesthetic, historical, and cultural understanding in concepts of text--music convergence. This book of fourteen original essays--united here not by a common ideology but by common subject matter--demonstrates how musical and literary scholarship can combine forces effectively on the common ground of contemporary critical theory and interpretive practice. The concluding essay by interdisciplinary historian Hayden White offers a magisterial, non-biased assessment of the individual contributions. By generalizing the critical issues raised, White locates this ambitious enterprise of contemplating "music and text" in the larger context of intellectual history.

The Paradox of Suicide and Creativity M. F. Alvarez

2020-11-12 If creativity is the highest expression of the life impulse, why do creative individuals who have made lasting contributions to the arts and sciences so often end their lives?

M.F. Alvarez addresses this central paradox by exploring the inner lives and works of eleven creative visionaries who succumbed to suicide. Through a series of case studies, Alvarez shows that creativity and suicide are both attempts to authenticate and resolve personal catastrophes that have called into question the most basic conditions of human existence.

Soundscapes from the Americas Donna A. Buchanan 2016-04-01

Dedicated to the late Gerard Béhague (1937-2005), whose pioneering work in Latin American music, popular culture, and performance studies contributed extensively to ethnomusicological discourse in the 1970s-1990s, this anthology offers comparative perspectives on the evolving legacy of performance ethnography in socio-musical analysis. President of the Society for Ethnomusicology from 1979-81, editor of its journal, *Ethnomusicology*, from 1974-78, and founder and editor of the trilingual *Latin American Music Review* from 1980 until his death, Béhague also established the ethnomusicology graduate program at the University of Texas at Austin in 1974, thereby influencing the training and thinking of dozens of the field's practitioners. Among these are the volume's eight authors, whose contributions reflect the heritage but also contemporary trajectories of Béhague's scholarly concerns. Prefaced by an essay outlining key developments in the ethnography of performance paradigm, the volume's seven case studies portray snapshots of musical life in representative communities of the

Americas, including the southwestern and Pacific United States, Puerto Rico, Bolivia, Chile, Cuba, and Ecuador. Situated in milieus ranging from the indigenous festivals of the Andean highlands, to the competitive public gatherings of poet-singers in post-Pinochet Chile, to the Puerto Rican dance halls of the Hawaiian islands, these studies pose anthropological inquiries into the ontology of performance practice, the social power of poetic performativity, and the experience and embodiment of sound in place.

Travels in a Gay Nation Philip Gambone 2010-06-30 For two years, Philip Gambone traveled the length and breadth of the United States, talking candidly with LGBTQ people about their lives. In addition to interviews from David Sedaris, George Takei, Barney Frank, and Tammy Baldwin, *Travels in a Gay Nation* brings us lesser-known voices—a retired Naval officer, a transgender scholar and “drag king,” a Princeton philosopher, two opera sopranos who happen to be lovers, an indie rock musician, the founder of a gay frat house, and a pair of Vermont garden designers. In this age when contemporary gay America is still coming under attack, Gambone captures the humanity of each individual. For some, their identity as a sexual minority is crucial to their life’s work; for others, it has been less so, perhaps even irrelevant. But, whether splashy or quiet, center-stage or behind the scenes, Gambone’s subjects have managed—despite facing ignorance, fear, hatred, intolerance, injustice, violence, ridicule, or just plain indifference—to construct passionate, inspiring lives. of such ecstatic beginnings. Aaron Ben-Ze'ev takes these experiences seriously, but he's also here to remind us of the benefits of profound love—an emotion that can only develop with time. In *The Arc of Love*, he provides an in-depth, philosophical account of the experiences that arise in early, intense love—sexual passion, novelty, change—as well as the benefits of cultivating long-term, profound love—stability, development, calmness. Ben-Ze'ev analyzes the core of emotions many experience in early love and the challenges they encounter, and he offers pointers for weathering these challenges. Deploying the rigorous analysis of a philosopher, but writing clearly and in an often humorous style with an eye to lived experience, he takes on topics like compromise, commitment, polyamory, choosing a partner, online dating, and when to say “I love you.” Ultimately, Ben-Ze'ev assures us, while love is indeed best when fresh, if we tend to it carefully, it can become more delicious and nourishing even as time marches on.

Songs about Love and Loss

Gini Scott 2020-05-21

Songs about Love and Loss shows the power of love and then the heartache that occurs when the relationship ends and sometimes leads to deadly results. It features a series of newly updated songs originally written in 1994 and 1995 that have been updated to reflect new technologies, like the Internet, that have led to a growing long-distance love. The songs begin in a spirit of joy and celebration when everything goes well. But then that emotional high ends when times change and a loved one goes away. That can even happen when a long-distance love ends. And sometimes jealousy can not only break up a relationship but lead to murder and a long jail sentence. The songs that tell this story are: "It's the Fourth of July Throughout the Year" "Whirlwind in My Heart" "Cyberqueen" "Guilty of Loving You" The photos in this book are the same ones that are in a music video of each song. GINI GRAHAM SCOTT, PhD is a writer, publisher, and film producer, who has published over 200 books, 50 for traditional publishers and 150 for her own company Changemakers Publishing, specializing in books on self-help, popular business, and social issues. She also writes, reviews, and ghostwrites books and scripts for clients. She has written and executive produced 10 feature films, documentaries, and TV series.

Telling Stories, Writing Songs

Kathleen Hudson 2010-07-05

Willie Nelson, Joe Ely, Marcia Ball, Tish Hinojosa, Stevie Ray Vaughan, Lyle Lovett...the list of popular songwriters from Texas just goes on and on. In this collection of thirty-four interviews with these and other songwriters, Kathleen Hudson pursues the stories behind the songs, letting the singers' own words describe where their songs come from and how the diverse, eclectic cultures, landscapes, and musical traditions of Texas inspire the creative process. Conducted in dance halls, dressing rooms, parking lots, clubs-wherever the musicians could take time to tell their stories-the interviews are refreshingly spontaneous and vivid. Hudson draws out the songwriters on such topics as the

sources of their songs, the influence of other musicians on their work, the progress of their careers, and the nature of Texas music. Many common threads emerge from these stories, while the uniqueness of each songwriter becomes equally apparent. To round out the collection, Hudson interviews Larry McMurtry and Darrell Royal for their perspectives as longtime friends and fans of Texas musicians. She also includes a brief biography and discography of each songwriter.
