

History Of Bisexuality

Global Encyclopedia of Lesbian, Gay, Bisexual, Transgender, and Queer (LGBTQ) History Howard Chiang 2019 This encyclopedia covers LGBTQ topics in Africa, Asia, Europe, Latin America and the Caribbean, and the Middle East, as well as North America, and takes an interdisciplinary approach to the subject, using film, literature, human rights, politics, landmark legislation, activism, the arts, language, sports, and historical events as points of entry into the content.

A History of Bisexuality Steven Angelides 2001-09-15 Angelides explores the evolution of sexuology, revisiting modern epistemological categories of sexuality in psychoanalysis, gay liberation, social constructionism, queer theory, biology, and human genetics. He argues that bisexuality has functioned historically as the structural other to sexual identity itself, undermining assumptions about heterosexuality and homosexuality.

Bisexual and Pansexual Identities Nikki Hayfield 2020-05-12 This book explores the invisibility and invalidation of bisexuality from the past to the present and is unique in extending the discussion to focus on contemporary and emerging identities. Nikki Hayfield draws on research from psychology and the social sciences to offer a detailed and in-depth exploration of the invisibility and invalidation of bisexuality, pansexuality, and asexuality. The book discusses how early sexologists' understood gender and sexuality within a binary model and how this provided the underpinnings of bisexual invisibility. The existing research on biphobia and bisexual marginalisation is synthesised to explore how bisexuality has often been invisible or invalidated. Hayfield then evidences clear examples of the invisibility and invalidation of bisexuality, pansexuality, and asexuality within education, employment, mainstream mass media, and the wider culture. Throughout the book there is consideration of the impact that this invisibility and invalidation has on people's sense of identity and on their health and wellbeing. It concludes with a discussion of how bisexuality, pansexuality, and asexuality have become somewhat more visible than in the past and the potential that visibility holds for recognition and representation. This is fascinating reading for students and academics interested in in bisexuality, pansexuality, and asexual spectrum identities and for those who have a personal interest in bisexuality, pansexuality, and asexuality.

Lgbt, Encyclopedia of Lesbian, Gay, Bisexual, and Transgender History in America: Race to Zulma, appendix, index Marc Stein 2004 Online version of the 3-vol. work published by Gale providing a comprehensive survey of lesbian and gay history and culture in the United States.

Bisexual Lives 1988 "Bisexuals are people who experience a desire for emotional, sensual or sexual relationships with people of both sexes. There are an enormous number of them in the world. This book contains a collection of short pieces written by bisexual women and men about their experiences of what it is like to be bisexual." -- from back cover.

Bi the Way Lois Shearing 2021-06-21 Whether you are openly bisexual, still figuring things out or just interested in learning more about bisexuality, Bi the Way is your essential guide to understanding and embracing bisexuality. With first-hand accounts from bi advocates, it includes practical tips and guidance on topics including dating, sex, biphobia, bi-erasure, coming out, activism and gender identity, demystifying a community that is often erased or overlooked. Rallying, honest and powerfully written, this must-read book is a manifesto for bisexual people everywhere and will empower you to live your most authentic bisexual life.

Bisexuality D. Joye Swan 2018-03-07 This pathbreaking volume brings together a diverse body of sexual, behavioral, and social science research on bisexuality. Arguing for a clear, evidence-based definition of bisexuality and standardized measures for assessing sexual orientation, it spotlights challenges that need to be addressed toward attaining these goals. The book's deep trove of findings illuminates the experiences of bisexual men and women in key aspects of life, as well as common mental health issues in the face of stigma, prejudice, and outright denial from the heterosexual and homosexual communities. Throughout, contributors examine the paradoxical invisibility of bisexuality even as society and science have become more inclusive of lesbians and gay men, and

emphasize the critical role of thoughtful, respectful support across societal and mental health domains. Among the topics covered: Defining bisexuality: challenges and importance of and toward a unifying definition. Plurisexual identity labels and the marking of bisexual desire. Binegativity: attitudes toward and stereotypes about bisexuals. Female bisexuality: identity, fluidity, and cultural expectations. Romantic and sexual relationship experiences among bisexual individuals. Bisexuality is a substantial reference for psychologists, scholars and graduate students in LGBTQIA+ studies, and clinicians seeking both theoretical and applied perspectives on the research into bisexuality. It also offers instructors a supplemental research-based textbook option for teaching courses related to sexuality and bisexuality.

Bi Julia Shaw 2022-06-02

Bi Shiri Eisner 2013-07-02 Depicted as duplicitous, traitorous, and promiscuous, bisexuality has long been suspected, marginalized, and rejected by both straight and gay communities alike. Bi takes a long overdue, comprehensive look at bisexual politics--from the issues surrounding biphobia/monosexism, feminism, and transgenderism to the practice of labeling those who identify as bi as either "too bisexual" (promiscuous and incapable of fidelity) or "not bisexual enough" (not actively engaging romantically or sexually with people of at least two different genders). In this forward-thinking and eye-opening book, feminist bisexual and genderqueer activist Shiri Eisner takes readers on a journey through the many aspects of the meanings and politics of bisexuality, specifically highlighting how bisexuality can open up new and exciting ways of challenging social convention. Informed by feminist, transgender, and queer theory, as well as politics and activism, Bi is a radical manifesto for a group that has been too frequently silenced, erased, and denied--and a starting point from which to launch a bisexual revolution.

Bisexuality: A Critical Reader Merl Storr 2013-04-03 *Bisexuality: A Critical Reader* presents the essential primary texts on bisexuality from the last 100 years in an easy-to-read format. Exploring this often controversial concept from a range of perspectives, this book places bisexuality in its historical and cultural context and explores its many meanings and uses. Merl Storr's introductions give a straightforward overview of the texts included and sets them clearly in the context of debates on bisexuality. This collection includes pieces by: * Henry Havelock Ellis * Sigmund Freud * Alfred C. Kinsey, Wardell B. Pomeroy and Clyde E. Martin * and Hélèn Cixous.

Representing Bisexualities Donald E. Hall 1996-07 Is bisexuality coming out in America? Bisexual characters are surfacing on popular television shows and in film. Newsweek proclaims that a new sexual identity is emerging. But amidst this burgeoning acknowledgment of bisexuality, is there an understanding of what it means to be bisexual in a monosexual culture? RePresenting Bisexualities seeks to answer these questions, integrating a recognition of bisexual desire with new theories of gender and sexuality. Despite the breakthroughs in gender studies and queer studies of recent years, bisexuality has remained largely unexamined. Problematic sexual images are usually attributed either to homosexual or heterosexual desire while bisexual readings remain unexplored. The essays found in RePresenting Bisexualities discuss fluid sexualities through a variety of readings from the fence, covering texts from Emily Dickinson to Nine Inch Nails. Each author contributes to the collection a unique view of sexual fluidity and transgressive desire. Taken together, these essays provide the most comprehensive bisexual theory reader to date.

Global Encyclopedia of Lesbian, Gay, Bisexual, Transgender, and Queer (LGBTQ) History Howard Chiang 2019 "Takes an interdisciplinary approach to the subject, using film, literature, human rights, politics, landmark legislation, activism, the arts, language, sports, and historical events as points of entry into the content"--

Benstock, Carroll Smith-Rosenberg, Jeffrey Weeks and John D’Emilio illuminate gay and lesbian life as it evolved in places as diverse as the Athens of Plato, Renaissance Italy, Victorian London, jazz Age Harlem, Revolutionary Russia, Nazi Germany, Castro’s Cuba, post-World War II San Francisco—and peoples as varied as South African black miners, American Indians, Chinese courtiers, Japanese samurai, English schoolboys and girls, and urban working women. Gender and sexuality, repression and resistance, deviance and acceptance, identity and community—all are given a context in this fascinating work. "A landmark of a book and a landmark of ideas that will shatter ignorance and delusion."—Catharine Stimpson, University Professor and Dean Emerita of the Graduate School of Arts and Science at New York University "Ground-breaking."—Publishers Weekly "The juxtaposition of diverse perspectives and research crossing boundaries of race, gender, culture, and time encourages a lively dialogue. Highly recommended for history collections, and especially gay studies."—Library Journal

Queer, There, and Everywhere Sarah Prager 2017-05-23 A New York Public Library Best Book of 2017 * A Chicago Public Library Best of the Best Book for Teens 2017 This first-ever LGBTQ history book of its kind for young adults will appeal to fans of fun, empowering pop-culture books like *Rad American Women A-Z* and *Notorious RBG*. Three starred reviews! World history has been made by countless lesbian, gay, bisexual, transgender, and queer individuals—and you’ve never heard of many of them. Queer author and activist Sarah Prager delves deep into the lives of 23 people who fought, created, and loved on their own terms. From high-profile figures like Abraham Lincoln and Eleanor Roosevelt to the trailblazing gender-ambiguous Queen of Sweden and a bisexual blues singer who didn’t make it into your history books, these astonishing true stories uncover a rich queer heritage that encompasses every culture, in every era. By turns hilarious and inspiring, the beautifully illustrated *Queer, There, and Everywhere* is for anyone who wants the real story of the queer rights movement. A Junior Library Guild Selection

Understanding and Teaching U.S. Lesbian, Gay, Bisexual, and Transgender History Leila J. Rupp 2014-12-17 *Understanding and Teaching U.S. Lesbian, Gay, Bisexual and Transgender History* is the first book designed for teachers of U.S. history at all levels who want to integrate queer history into the standard curriculum. Bringing together inspiring narratives from teachers in high schools and universities, informative topical chapters about significant historical moments and themes, and innovative essays about sources and interpretive strategies well-suited to the history classroom, this volume is a valuable resource for anyone who thinks history should be an inclusive story.

Interpreting LGBT History at Museums and Historic Sites Susan Ferentinos 2014-12-16 LGBT individuals and families are increasingly visible in popular culture and local communities; their struggles for equality appear regularly in news media. *Interpreting LGBT History at Museums and Historic Sites* provides a straightforward, accessible guidebook for museum and history professionals as they embark on such worthy efforts.

A Little Gay History of Wales Daryl Leeworthy 2019-09-15 *A Little Gay History of Wales* tells the compelling story of Welsh LGBT life from the Middle Ages to the present day. Drawing on a rich array of archival sources from across Britain, together with oral testimony and material culture, this pioneering study is the first to examine the experiences of ordinary LGBT men and women, and how they embarked on coming out, coming together and changing the world. This is the story of poets who wrote about same-sex love and translators who worked to create a language to describe it; activists who campaigned for equality and politicians who created the legislation providing it; teenagers ringing advice lines for guidance on coming out, and revellers in the pioneering bars and clubs on a Friday and Saturday night. It is also a study of prejudice and of intolerance, of emigration and isolation, of HIV/AIDS and Section 28 – all features of the complex historical reality of LGBT life and same-sex desire. Engaging and accessible, absorbing and perceptive, this book is an important advance in our understanding of Welsh history.

Before the Parade Rebecca Rose 2019 *Before the Parade* traces the beginnings of Halifax's gay, lesbian, and bisexual community. Journalist and activist Rebecca Rose melds insights and

Downloaded from

perspectives from the people at the forefront with a thoroughly researched, narrative history. Rose brings her queer femme, feminist perspective to this compelling--and never before told--history of Halifax's early LGB community.

Bisexuality and the Eroticism of Everyday Life Marjorie Garber 2013-05-13 "Bisexuality is about three centuries overdue . . . nevertheless, here it is: a learned, witty study of how our curious culture has managed to get everything wrong about sex." -Gore Vidal

The B Word Maria San Filippo 2013-04-12 Often disguised in public discourse by terms like "gay," "homoerotic," "homosocial," or "queer," bisexuality is strangely absent from queer studies and virtually untreated in film and media criticism. Maria San Filippo aims to explore the central role bisexuality plays in contemporary screen culture, establishing its importance in representation, marketing, and spectatorship. By examining a variety of media genres including art cinema, sexploitation cinema and vampire films, "bromances," and series television, San Filippo discovers "missed moments" where bisexual readings of these texts reveal a more malleable notion of subjectivity and eroticism. San Filippo's work moves beyond the subject of heteronormativity and responds to "compulsory monosexuality," where it's not necessarily a couple's gender that is at issue, but rather that an individual chooses one or the other. The B Word transcends dominant relational formation (gay, straight, or otherwise) and brings a discursive voice to the field of queer and film studies.

Great Events from History Lillian Faderman 2007 Chronicles important historical events from around the world that have identified, defined, and legally established the rights of gays, lesbians, bisexuals, and transgender individuals.

Queers in History Ian McKellen 2019-09-12 Everybody loves secrets. We're all fascinated by celebrities, the rich, the powerful, and the famous. When scandals break out we want to read all about it. And the surest way to get anyone's attention is to start talking about sex. Now there's a book that has all this and much more, with over 900 amazing stories about prominent people from ancient Egypt to today who, in their personal lives, all had one thing in common. They were all gay, lesbian, or bisexual. Movie stars, musicians, kings, queens, soldiers, athletes, scientists, and even religious leaders from all over the world. The book is called *Queers in History*. It's a funny title and definitely a fun read. But there's also tons of serious useful information revealing a secret side of these famous personalities. *Queers in History* reveals the compelling stories about some of your favorite folks that are usually left out of their official biographies. Did you know that, for instance: * Joan Crawford and Marilyn Monroe had a one-night-stand? * Leonardo da Vinci was imprisoned twice for same-sex affairs? * Leonard Bernstein had an affair with an Israeli soldier? * The lesbian wife of a gay actor accused Howard Hughes of having an affair with her husband shortly before his mysterious murder? * The founder of Shinto Buddhism also founded a tradition of male-male love in Japan? * Angelina Jolie wanted to marry her "Firefox" co-star Jenny Shimizu? * The wife of one US president moved her girlfriend into the White House, and another US President shared his White House bed with the male chief of his security detail? * An heroic soldier in the US Revolution was actually a woman in disguise, who "married" another woman after her service in the Continental Army? * And in 1886, when US officials asked an Indian tribe to send "their best woman" to visit Washington, DC, the tribe chose instead to send a man in a dress? These are just a few of the historical facts you'll learn from *Queers in History*. It took 17 years to gather the information that fills over 500 pages in this trade paperback. One of the most amazing facts is that *Queers in History* is only \$13.67 if you pre-order on Amazon.com . That's a lot less than a penny per fact, all from reliable sources. But *Queers in History* is much more than a collection of facts. Each person's life is presented as an entertaining short story, showing how their sexuality affected their lives and their work. And though it's about gay people, it's something everybody will be interested in, especially straight people who may not know as much as they think they do about some of their favorite celebrities. The previous edition got rave reviews in USA Today, Wired magazine, The Village Voice, and many others. Put this book on your coffee table before your next party and a few minutes later it will be the main topic of conversation. Just don't put it in the bathroom because the first person in

there may lock the door and not come out until they've finished reading it. My name's Keith Stern, I wrote *Queers in History*, and I've produced some of the most popular biographical websites on the Internet. Sir Ian McKellen, better known as Gandalf and Magneto in the movies, has contributed an inspirational foreword to the book. Visit www.queersinhistory.com for more information.

Sex, the World History John R. Gregg 2019-07-26 *Sex, the World History: Through Time, Religion, and Culture* has three sections. Section I of the book is titled *The Ancient World: Early Europe to the Renaissance and Islam*. It is a daring exploration of human sexuality from the ancient to the modern world. Revealed are sexual practices and beliefs previously omitted or obscured from all historical telling. In a scathing condemnation of religion and its control of sex, the book explores complex relationships between spirituality and sexuality. The relatively recent fall of the mother goddess and her supremacy throughout most of human existence are detailed in both word and image. These pages share erotic artworks and explicit literary excerpts from throughout the world, painstakingly culled from the hidden treasure trove of cultures throughout history. *Sex, the Illustrated History* traces sexual attitudes from the transcendent to the bizarre throughout the world's cultures.

Revealed for the first time is the bisexuality of the majority of human cultures. Before Christianity, Asia, the Pacific, Africa, the Americas, Europe, and most human cultures practiced male/male love along with male/female love. Lesbianism is also treated in depth. It offers, in very readable form, an encyclopedic tour of the sexuality of humankind. Section II entitled *Sex, the Illustrated History* begins a bold probe of human sexuality from Asia, Australia, Melanesia, Micronesia, Polynesia, ancient North and South America, and Africa, and it moves into the modern world. The analysis of gender truths and religion and its control of sex continues as the book pursues intricate relationships between spirituality and sexuality. The book is leagues beyond the classic *History of Sexuality* by Michael Foucault, which was written in the 1950s. Section III entitled *Sex, the Illustrated History* begins a courageous exploration of human sexuality from the Enlightenment to the current modern world. It also talks about Europe from the seventeenth century to the modern world, Victorian licentiousness, colonial North and South America to the current day Americas, world wars and sex slavery, Roman Catholic molestations, counterculture love, child brides and forced marriages, and slavery and homosexuality through time. The book explores complicated relationships between modern spirituality and sexuality.

Lesbian, Gay, Bisexual, and Transgender History Michael Bronski 2020 *Lesbian Gay, Bisexual, and Transgender History: Critical Readings* is an authoritative four-volume survey of the seminal essays on the subject from the last half century. It traces both the intellectual arc and larger theoretical implications of the field, including Queer Theory, which emerged from this scholarship in the early 1990s. Edited by Michael Bronski, a world-renowned, leading scholar in the field, the four volumes cover theory, the pre-modern period, the modern era and contemporary times. As well as substantial contextualizing editor introductions for each book, there are 64 individual essays included across the set, with relationships, identity, community, politics and LGBT around the world all key topics at the heart of this vital collection. This is an essential resource for all scholars interested in lesbian, gay, bisexual and transgender history and LGBT studies more generally

Greedy: Notes from a Bisexual Who Wants Too Much Jen Winston 2021-10-05 A hilarious and whip-smart collection of essays, offering an intimate look at bisexuality, gender, and, of course, sex. Perfect for fans of Lindy West, Samantha Irby, and Rebecca Solnit—and anyone who wants, and deserves, to be seen. If Jen Winston knows one thing for sure, it's that she's bisexual. Or wait—maybe she isn't? Actually, she definitely is. Unless...she's not? Jen's provocative, laugh-out-loud debut takes us inside her journey of self-discovery, leading us through stories of a childhood "girl crush," an onerous quest to have a threesome, and an enduring fear of being bad at sex. Greedy follows Jen's attempts to make sense of herself as she explores the role of the male gaze, what it means to be "queer enough," and how to overcome bi stereotypes when you're the posterchild for all of them: greedy, slutty, and constantly confused. With her clever voice and clear-eyed insight, Jen draws on personal experiences with sexism and biphobia to understand how we all can and must do better. She sheds light on the reasons women, queer people, and other marginalized groups tend to

make ourselves smaller, provoking the question: What would happen if we suddenly stopped? Greedy shows us that being bisexual is about so much more than who you're sleeping with—it's about finding stability in a state of flux and defining yourself on your own terms. This book inspires us to rethink the world as we know it, reminding us that Greedy was a superpower all along.

A Queer History of the United States Michael Bronski 2012-05-15 Winner of a 2012 Stonewall Book Award in nonfiction The first book to cover the entirety of lesbian, gay, bisexual, and transgender history, from pre-1492 to the present. In the 1620s, Thomas Morton broke from Plymouth Colony and founded Merrymount, which celebrated same-sex desire, atheism, and interracial marriage. Transgender evangelist Jemima Wilkinson, in the early 1800s, changed her name to "Publick Universal Friend," refused to use pronouns, fought for gender equality, and led her own congregation in upstate New York. In the mid-nineteenth century, internationally famous Shakespearean actor Charlotte Cushman led an openly lesbian life, including a well-publicized "female marriage." And in the late 1920s, Augustus Granville Dill was fired by W. E. B. Du Bois from the NAACP's magazine the Crisis after being arrested for a homosexual encounter. These are just a few moments of queer history that Michael Bronski highlights in this groundbreaking book. Intellectually dynamic and endlessly provocative, *A Queer History of the United States* is more than a "who's who" of queer history: it is a book that radically challenges how we understand American history. Drawing upon primary documents, literature, and cultural histories, noted scholar and activist Michael Bronski charts the breadth of lesbian, gay, bisexual, and transgender history, from 1492 to the 1990s, and has written a testament to how the LGBT experience has profoundly shaped our country, culture, and history. *A Queer History of the United States* abounds with startling examples of unknown or often ignored aspects of American history—the ineffectiveness of sodomy laws in the colonies, the prevalence of cross-dressing women soldiers in the Civil War, the impact of new technologies on LGBT life in the nineteenth century, and how rock music and popular culture were, in large part, responsible for the devastating backlash against gay rights in the late 1970s. Most striking, Bronski documents how, over centuries, various incarnations of social purity movements have consistently attempted to regulate all sexuality, including fantasies, masturbation, and queer sex. Resisting these efforts, same-sex desire flourished and helped make America what it is today. At heart, *A Queer History of the United States* is simply about American history. It is a book that will matter both to LGBT people and heterosexuals. This engrossing and revelatory history will make readers appreciate just how queer America really is.

Bi Any Other Name Lani Ka'ahumanu 2015-09-23 "I am part of the generation that came of age when *Bi Any Other Name* was already in print. This groundbreaking anthology gave me the language, courage and sense of community I needed as a young queer woman." —Daisy Hernández, *A Cup of Water Under My Bed* The 25th Anniversary Edition *Bi Any Other Name: Bisexual People Speak Out* first debuted in 1991. This groundbreaking book helped catalyze a national movement for bisexual identity, justice and equality. Often dubbed "the bisexual bible," *Bi Any Other Name* was on Lambda Book Review's Top 100 GLBT Books of the 20th century and became a beloved reference text in many classrooms, doctors' offices, libraries, and pulpits. A 2007 Mandarin translation was published in Taiwan. The new 2015 introduction of this book updates readers to the enormous changes the past quarter century has brought - for bi people, the larger society and the sexual rights and liberation movement of which we are a part. When did you know? How did you come out? What was your experience? The coming out stories in this book speak to the many ways bisexuals embrace realities outside rigid either/or categories throughout the passage of our lives. Everyday stories of women, men, transgender bisexuals, teenagers to octogenarians, from many different cultures and family arrangements. The fierce truth of these lives made visible puts a check on bisexual erasure, exposing the binary constructions of gay/straight and male/female as oversimplifications that reduce spectrums to mere opposites. Caught between the mainstream culture's persistent discounting of bisexuality, the sensationalizing characterizations presented in media, and the sexual liberation movement's continual disregard of bisexuality as a serious identity, bisexual people are often not seen or heard when they speak out. There is a vital need for these earnest voices to be heard in the

new century. Enormous cultural changes have occurred in the past 25 years, yes, but understanding bisexualities has just begun.

Encyclopedia of Lesbian, Gay, Bisexual and Transgendered History in America Marc Stein 2003-12-01 "Authored by community-based researchers and academics, the articles in this set treat various aspects of LGBT history, culture, politics, and society in America. Some 550 entries cover workplace movements, Queer Nation, fashion and clothing, coming out and outing, family issues, health care and clinics, and federal law and policy. Also included are more than 200 biographies, 230 photographs, a 400-year chronology of LGBT history, and an appendix of repositories in the United States and Canada."--"Reference that rocks," *American Libraries*, May 2005.

The Bisexual Option Fred Klein 1978

Women and Bisexuality Serena Anderlini-D'Onofrio 2013-09-13 Get a global perspective on bisexuality from a women's viewpoint! *Women and Bisexuality: A Global Perspective* reflects the growing contribution bisexuals, and especially bisexual women, make to queer culture on an international level. This unique book presents a collection of thoughtful essays, studies, and reviews that combine to help develop a language that reflects the reality of bisexuality from a feminine/feminist viewpoint. Authors map the inroads made by bisexual studies into conventional disciplines, including anthropology, sociology, health, literature, film, history, and biography, and analyze the situations of bisexual women in areas as diverse as France, North America, Germany, Australia, and Africa. The rich and varied contributions to *Women and Bisexuality: A Global Perspective* track the spread of bisexuality from the urban and metropolitan centers of gay culture to more peripheral areas as the movement becomes more and more hospitable to transnational and transcultural people. The book's main themes—bisexuality's ability to disrupt categories and the resulting feeling of alienation many bisexuals experience—are manifested in approaches that include critical theory, deconstruction, textual analysis, cognitive psychology, personal essay, review essay, reportage, and qualitative study. Topics addressed include: the impact of feminism and women's communities on the appearance of bisexual women multi-sexual relationships as border existence in Australia a South African perspective on bisexuality understanding bisexuality's invisibility Lillian Hellmann's bisexual fantasies and much more! *Women and Bisexuality: A Global Perspective* follows bisexuality to the crossroads of academics and activism, presenting a wide scope of refreshing and insightful thought that reflects more than an identity or practice. The diverse mix of ideas is an essential read for anyone interested in literature on sexuality.

The Routledge History of Queer America Don Romesburg 2018-03-22 *The Routledge History of Queer America* presents the first comprehensive synthesis of the rapidly developing field of lesbian, gay, bisexual, transgender and queer US history. Featuring nearly thirty chapters on essential subjects and themes from colonial times through the present, this collection covers topics including: Rural vs. urban queer histories Gender and sexual diversity in early American history Intersectionality, exploring queerness in association with issues of race and class Queerness and American capitalism The rise of queer histories, archives, and collective memory Transnationalism and queer history Gathering authorities in the field to define the ways in which sexual and gender diversity have contributed to the dynamics of American society, culture and nation, *The Routledge History of Queer America* is the finest available overview of the rich history of queer experience in US history.

The Health of Lesbian, Gay, Bisexual, and Transgender People Institute of Medicine 2011-06-24 At a time when lesbian, gay, bisexual, and transgender individuals--often referred to under the umbrella acronym LGBT--are becoming more visible in society and more socially acknowledged, clinicians and researchers are faced with incomplete information about their health status. While LGBT populations often are combined as a single entity for research and advocacy purposes, each is a distinct population group with its own specific health needs. Furthermore, the experiences of LGBT individuals are not uniform and are shaped by factors of race, ethnicity, socioeconomic status, geographical location, and age, any of which can have an effect on health-related concerns and needs. *The Health of Lesbian, Gay, Bisexual, and Transgender People* assesses

Downloaded from
legacy.opendemocracy.net on 2020-01-04
by guest

the state of science on the health status of LGBT populations, identifies research gaps and opportunities, and outlines a research agenda for the National Institute of Health. The report examines the health status of these populations in three life stages: childhood and adolescence, early/middle adulthood, and later adulthood. At each life stage, the committee studied mental health, physical health, risks and protective factors, health services, and contextual influences. To advance understanding of the health needs of all LGBT individuals, the report finds that researchers need more data about the demographics of these populations, improved methods for collecting and analyzing data, and an increased participation of sexual and gender minorities in research. The Health of Lesbian, Gay, Bisexual, and Transgender People is a valuable resource for policymakers, federal agencies including the National Institute of Health (NIH), LGBT advocacy groups, clinicians, and service providers.

The The Bi-ble 2017

Bi America William Burleson 2014-04-04 Gain an in-depth understanding of the unique struggles of the bisexual community! "To me the gay and straight worlds are exactly the same; equally limited, judgmental, and bourgeois . . . just mirror images of each other. I truly like and overlap with some of the gay world, but my roots refuse to take hold there and grow. Unfortunately, my well-established roots in the straight world are simultaneously shriveling and dying too, leaving me feeling extremely unstable." —"Cool," a bisexual woman involved in a support group There are at least five million bisexual people in America, generally invisible to straight society, the gay community, and even to each other. While the vast majority of these five million live within the straight or gay world, there are a few who have formed a community of their own. *Bi America: Myths, Truths, and Struggles of an Invisible Community* offers an inside look at the American bisexual community and gives an understanding of the special circumstances unique to being bisexual. The book takes the reader to bi community events from picnics, to conferences, to support groups, to performances in order to expose the everyday trials of the bisexual community. *Bi America* includes very personal stories that let the voice of everyday bisexuals be heard through interviews, the "Bisexual History Project," in which ten bisexual people tell their life stories, and the "Online Support Group," a group of about 75 people who meet in cyberspace to talk about their lives and challenges. The book also includes the findings of a 2002 survey of about 300 bisexual people conducted via the Internet, an appendix that offers a concise list of resources for further study and personal enrichment, and an unabridged transcript of the "Bisexual History Project." Get the answers to these questions in *Bi America*: What is bisexuality? Is there a bisexual community? What is the culture of the bisexual community? What are commonalities and differences between the experiences of bi men and bi women? What is the special relationship between the bisexual and the transgender community? How have bisexuals and the bi community been affected by HIV/AIDS? What is the future of bisexual activism, if any? and many more! *Bi America* is a fascinating resource that exposes the challenges, struggles, and triumphs of bisexuals in America. Bisexuals, especially those newly coming out, can use this book to help understand their identity, and family members and friends seeking some insight into the unique circumstances faced by their loved ones will also find it helpful. This book will interest those concerned with the sociology of deviance or with subcultures in general. It is also appropriate for undergraduate sociology and cultural anthropology, as well as feminist studies and LGBT studies classes. This book offers one of the few accessible, nonacademic looks at this unique and interesting community. Visit the book's Web site at <http://www.bi101.org>

Encyclopedia of Lesbian, Gay, Bisexual, and Transgender History in America Marc Stein 2004

Sapphistries Leila J. Rupp 2011-01-28 A lyrical and meticulously researched mapping of the ways in which diverse societies have shaped female same-sex sexuality across time and geograhly From the ancient poet Sappho to tombois in contemporary Indonesia, women throughout history and around the globe have desired, loved, and had sex with other women. In beautiful prose, *Sapphistries* tells their stories, capturing the multitude of ways that diverse societies have shaped female same-sex sexuality across time and place. Leila J. Rupp reveals how, from the time of the very earliest

societies, the possibility of love between women has been known, even when it is feared, ignored, or denied. We hear women in the sex-segregated spaces of convents and harems whispering words of love. We see women beginning to find each other on the streets of London and Amsterdam, in the aristocratic circles of Paris, in the factories of Shanghai. We find women's desire and love for women meeting the light of day as Japanese schoolgirls fall in love, and lesbian bars and clubs spread from 1920s Berlin to 1950s Buffalo. And we encounter a world of difference in the twenty-first century, as transnational concepts and lesbian identities meet local understandings of how two women might love each other. Giving voice to words from the mouths and pens of women, and from men's prohibitions, reports, literature, art, imaginings, pornography, and court cases, Rupp also creatively employs fiction to imagine possibilities when there is no historical evidence. *Sapphistries* combines lyrical narrative with meticulous historical research, providing an eminently readable and uniquely sweeping story of desire, love, and sex between women around the globe from the beginning of time to the present.

Bisexuality in the Ancient World Eva Cantarella 2002-01-01 In this readable and thought-provoking history of bisexuality in the classical age, Eva Cantarella draws on the full range of sources--from legal texts, inscriptions, and medical documents to poetry and philosophical literature--to reconstruct and compare the bisexual cultures of Athens and Rome. Reviews of the earlier edition: "Cantarella presents the ancient evidence in a straightforward fashion, draws insightful comparisons between heterosexuality and homosexuality, and elucidates the larger cultural context of erotic experience. With its wide scope the book speaks to the classicist, the layman with an interest in antiquity, the student of sexuality, and even to the unabashed seeker of piquant anecdotes." --John F. Makowski, *Classical Journal* "An important study that is destined to take its place next to the classic works of Foucault and Pomeroy." --Alan Mendelson, *History: Reviews of New Books* "Offers a valuable, close-in reassessment of intricate evidence, freshly researched, readable, and open-minded." --Alan Sinfield, *Gay Times* "This is a book I recommend for all students of sexology." --Milton Diamond, *Journal of Psychology & Human Sexuality* "Easily the best book on the topic." --John Buckler, *Historian*

History of Bisexuality Violet Carson 2014-07-31 *History of Bisexuality* is a history of bisexuality throughout the world since ancient times.

Bisexual Politics Naomi S Tucker 2014-06-11 This anthology presents a vivid collection of essays that explore the history, strategies, philosophy, and diversity of bisexual politics and theory in the United States. The 33 contributors develop a multifaceted approach to defining bisexual politics. Through these voices, the book seeks to understand the contexts in which the bisexual movement has evolved. The authors analyze different organizing strategies, formulate new bisexual political theory, provide a vision of future directions for redefining sexuality and gender, and educate activists and allies about current issues pertinent to the bisexual community. This book is the first of its kind. To date, it is the only book that documents and analyzes bisexual politics and theory. While existing literature on bisexuality has focused on identity, coming out, and forming communities, *Bisexual Politics* takes the vital next step into bisexual political theory and activism. The many subjects and subthemes addressed in *Bisexual Politics* appeal to a multitude of readers from activists to academics, from friends and family of bisexuals, to those who have struggled with bisexuality. It is a sourcebook for those seeking to locate bisexuality in the schema of other social justice movements. It is a tool to build alliances with other progressive groups, and build coalitions with both lesbian/gay and heterosexual communities. It is a primer for anyone interested in bisexual activism and theory.

Whether you're new to eBooks or a seasoned digital reader, this History Of Bisexuality eBook has something for everyone. So, let's dive into the exciting world of eBooks and discover how to access a world of literary wonders with ease and convenience.

Understanding History Of Bisexuality

Before you embark on your journey to find History Of Bisexuality online, it's essential to grasp the concept of History Of Bisexuality eBook formats. History Of Bisexuality come in various formats, each with its own unique features and compatibility. Understanding these formats will help you choose the right one for your device and preferences.

Different History Of Bisexuality eBook Formats Explained

1. EPUB (Electronic Publication):

EPUB is one of the most common eBook formats, known for its versatility and compatibility across a wide range of eReaders and devices.

Features include reflowable text, adjustable font sizes, and support for images and multimedia.

EPUB3, an updated version, offers enhanced interactivity and multimedia support.

2. MOBI (Mobipocket):

MOBI was originally developed for Mobipocket Reader but is also supported by Amazon Kindle devices.

It features a proprietary format and may have limitations compared to EPUB, such as fewer font options.

3. PDF (Portable Document Format):

PDFs are a popular format for eBooks, known for their fixed layout, preserving the book's original design and formatting.

While great for textbooks and graphic-heavy books, PDFs may not be as adaptable to various screen sizes.

4. AZW/AZW3 (Amazon Kindle):

These formats are exclusive to Amazon Kindle devices and apps.

AZW3, also known as KF8, is an enhanced version that supports advanced formatting and

features.

5. HTML (Hypertext Markup Language):

HTML eBooks are essentially web pages formatted for reading.

They offer interactivity, multimedia support, and the ability to access online content, making them suitable for textbooks and reference materials.

6. TXT (Plain Text):

Plain text eBooks are the simplest format, containing only unformatted text.

They are highly compatible but lack advanced formatting features.

Choosing the right History Of Bisexuality eBook format is crucial for a seamless reading experience on your device. Here's a quick guide to format compatibility with popular eReaders:

EPUB: Compatible with most eReaders, except for some Amazon Kindle devices. Also suitable for reading on smartphones and tablets using dedicated apps.

MOBI: Primarily compatible with Amazon Kindle devices and apps.

PDF: Readable on almost all devices, but may require zooming and scrolling on smaller screens.

AZW/AZW3: Exclusive to Amazon Kindle devices and apps.

HTML: Requires a web browser or specialized eBook reader with HTML support.

TXT: Universally compatible with nearly all eReaders and devices.

Understanding History Of Bisexuality eBook formats and their compatibility will help you make informed decisions when choosing where and how to access your favorite eBooks. In the next chapters, we'll explore the various sources where you can find History Of Bisexuality eBooks in these formats.

History Of Bisexuality eBook Websites and Repositories

One of the primary ways to find History Of Bisexuality eBooks online is through dedicated eBook websites and repositories. These platforms offer an extensive collection of eBooks spanning various genres, making it easy for readers to discover new titles or access classic literature. In this chapter, we'll explore History Of Bisexuality eBook and discuss important considerations of History Of Bisexuality.

Popular eBook Websites

1. Project Gutenberg:

Project Gutenberg is a treasure trove of over 60,000 free eBooks, primarily consisting of classic literature.

It offers eBooks in multiple formats, including EPUB, MOBI, and PDF.

All eBooks on Project Gutenberg are in the public domain, making them free to download and read.

2. Open Library:

Open Library provides access to millions of eBooks, both contemporary and classic titles.

Users can borrow eBooks for a limited period, similar to borrowing from a physical library.

It offers a wide range of formats, including EPUB and PDF.

3. Internet Archive:

The Internet Archive hosts a massive digital library, including eBooks, audio recordings, and more.

It offers an "Open Library" feature with borrowing options for eBooks.

The collection spans various genres and includes historical texts.

4. BookBoon:

BookBoon focuses on educational eBooks, providing free textbooks and learning materials.

It's an excellent resource for students and professionals seeking specialized content.

eBooks are available in PDF format.

5. *ManyBooks*:

ManyBooks offers a diverse collection of eBooks, including fiction, non-fiction, and self-help titles.

Users can choose from various formats, making it compatible with different eReaders.

The website also features user-generated reviews and ratings.

6. *Smashwords*:

Smashwords is a platform for independent authors and publishers to distribute their eBooks.

It offers a wide selection of genres and supports multiple eBook formats.

Some eBooks are available for free, while others are for purchase.

History Of Bisexuality Legal Considerations

While these History Of Bisexuality eBook websites provide valuable resources for readers, it's essential to be aware of legal considerations:

Copyright: Ensure that you respect copyright laws when downloading and sharing History Of Bisexuality eBooks. Public domain History Of Bisexuality eBooks are generally safe to download and share, but always check the copyright status.

Terms of Use: Familiarize yourself with the terms of use and licensing agreements on these websites. History Of Bisexuality eBooks may have specific usage restrictions.

Support Authors: Whenever possible, consider purchasing History Of Bisexuality eBooks to support authors and publishers. This helps sustain a vibrant literary ecosystem.

Public Domain eBooks

Public domain History Of Bisexuality eBooks are those whose copyright has expired, making them freely accessible to the public. Websites like Project Gutenberg specialize in offering public domain History Of Bisexuality eBooks, which can include timeless classics, historical texts, and cultural treasures.

As you explore History Of Bisexuality eBook websites and repositories, you'll encounter a vast array of reading options. In the next chapter, we'll delve into the world of eBook search engines, providing even more ways to discover History Of Bisexuality eBooks online.

History Of Bisexuality eBook Search

eBook search engines are invaluable tools for avid readers seeking specific titles, genres, or authors. These search engines crawl the web to help you discover History Of Bisexuality across a wide range of platforms. In this chapter, we'll explore how to effectively use eBook search engines and uncover eBooks tailored to your preferences.

Effective Search History Of Bisexuality

To make the most of eBook search engines, it's essential to use effective search techniques. Here are some tips:

1. Use Precise Keywords:

Be specific with your search terms. Include the book title History Of Bisexuality, author's name, or specific genre for targeted results.

2. Utilize Quotation Marks:

To search History Of Bisexuality for an exact phrase or book title, enclose it in quotation marks. For example, "History Of Bisexuality."

3. History Of Bisexuality Add "eBook" or "PDF":

Enhance your search by including "eBook" or "PDF" along with your keywords. For example, "History Of Bisexuality eBook."

4. Filter by Format:

Downloaded from
legacy.opendemocracy.net on 2020-01-04
by guest

Many eBook search engines allow you to filter results by format (e.g., EPUB, PDF). Use this feature to find History Of Bisexuality in your preferred format.

5. Explore Advanced Search Options:

Take advantage of advanced search options offered by search engines. These can help narrow down your results by publication date, language, or file type.

Google Books and Beyond

Google Books:

Google Books is a widely used eBook search engine that provides access to millions of eBooks.

You can preview, purchase, or find links to free History Of Bisexuality available elsewhere.

It's an excellent resource for discovering new titles and accessing book previews.

Project Gutenberg Search:

Project Gutenberg offers its search engine, allowing you to explore its extensive collection of free History Of Bisexuality.

You can search by title History Of Bisexuality, author, language, and more.

Internet Archive's eBook Search:

The Internet Archive's eBook search provides access to a vast digital library.

You can search for History Of Bisexuality and borrow them for a specified period.

Library Genesis (LibGen):

Library Genesis is known for hosting an extensive collection of History Of Bisexuality, including academic and scientific texts.

It's a valuable resource for researchers and students.

eBook Search Engines vs. eBook Websites

It's essential to distinguish between eBook search engines and eBook websites:

Search Engines: These tools help you discover eBooks across various platforms and websites. They provide links to where you can access the eBooks but may not host the content themselves.

Websites: eBook websites host eBooks directly, offering downloadable links. Some websites specialize in specific genres or types of eBooks.

Using eBook search engines allows you to cast a wider net when searching for specific titles History Of Bisexuality or genres. They serve as powerful tools in your quest for the perfect eBook.

History Of Bisexuality eBook Torrenting and Sharing Sites

History Of Bisexuality eBook torrenting and sharing sites have gained popularity for offering a vast selection of eBooks. While these platforms provide access to a wealth of reading material, it's essential to navigate them responsibly and be aware of the potential legal implications. In this chapter, we'll explore History Of Bisexuality eBook torrenting and sharing sites, how they work, and how to use them safely.

Find History Of Bisexuality Torrenting vs. Legal Alternatives

History Of Bisexuality Torrenting Sites:

History Of Bisexuality eBook torrenting sites operate on a peer-to-peer (P2P) file-sharing system, where users upload and download History Of Bisexuality eBooks directly from one another.

While these sites offer History Of Bisexuality eBooks, the legality of downloading copyrighted material from them can be questionable in many regions.

History Of Bisexuality Legal Alternatives:

Some torrenting sites host public domain History Of Bisexuality eBooks or works with open licenses that allow for sharing.

Always prioritize legal alternatives, such as Project Gutenberg, Internet Archive, or Open Library, to ensure you're downloading History Of Bisexuality eBooks legally.

Staying Safe Online to download History Of Bisexuality

When exploring History Of Bisexuality eBook torrenting and sharing sites, it's crucial to prioritize your safety and follow best practices:

1. Use a VPN:

To protect your identity and online activities, consider using a Virtual Private Network (VPN). This helps anonymize your online presence.

2. Verify History Of Bisexuality eBook Sources:

Be cautious when downloading History Of Bisexuality from torrent sites. Verify the source and comments to ensure you're downloading a safe and legitimate eBook.

3. Update Your Antivirus Software:

Ensure your antivirus software is up-to-date to protect your device from potential threats.

4. Prioritize Legal Downloads:

Whenever possible, opt for legal alternatives or public domain eBooks to avoid legal complications.

5. Respect Copyright Laws:

Be aware of copyright laws in your region and only download History Of Bisexuality eBooks

that you have the right to access.

History Of Bisexuality eBook Torrenting and Sharing Sites

Here are some popular History Of Bisexuality eBook torrenting and sharing sites:

1. The Pirate Bay:

The Pirate Bay is one of the most well-known torrent sites, hosting a vast collection of History Of Bisexuality eBooks, including fiction, non-fiction, and more.

2. 1337x:

1337x is a torrent site that provides a variety of eBooks in different genres.

3. Zooqle:

Zooqle offers a wide range of eBooks and is known for its user-friendly interface.

4. LimeTorrents:

LimeTorrents features a section dedicated to eBooks, making it easy to find and download your desired reading material.

A Note of Caution

While History Of Bisexuality eBook torrenting and sharing sites offer access to a vast library of reading material, it's important to be cautious and use them responsibly. Prioritize legal downloads and protect your online safety. In the next chapter, we'll explore eBook subscription services, which offer legitimate access to History Of Bisexuality eBooks.
