Mr President's Wild Obsession - Lucia Love

This is book 1 of Mr President's Wild Obsession. He accused her of seduction and was mean towards her after a one-night stand. In retaliation, Mercedes threw a \$1 note at him as payment for his service and a measure of his performance, which she graded to be below average. Meanwhile, her body ached terribly and her walls felt sore. Two days later, she walked to her new office and was sent to the board room to begin her job as a personal assistant to the President. Her heart stopped when she realized that the man she ridiculed was Nathan Legend. The multi-billionaire devil everyone whispered about. Graciously, he pretended to not know her to her great relief. Yet, when she entered his office, he locked the door. His face carried no emotions, his eyes piercing, his voice chilled like ice. "You shall spend the rest of your life, paying for the insult you threw in my face, till I tear that \$1 note off the wall." She shivered at his word and as if to read her mind, he seethed, "don't even think about resigning because, I would make sure, that no company employs you and if you run, I will find you."

As You Like it - William Shakespeare 1810

The Guyde - Howie Reith 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps

necessary for the specific changes you want to manifest in your life. *The Guyde* is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of *The Guyde* deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. *The Guyde* is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

into chaos. As a third-year Ph.D. candidate, Olive Smith doesn't believe in lasting romantic relationships--but her best friend does, and that's what got her into this situation.

Convincing Anh that Olive is dating and well on her way to a happily ever after was always going to take more than hand-wavy Jedi mind tricks: Scientists require proof. So, like any self-respecting biologist, Olive panics and kisses the first man she sees. That man is none other than Adam Carlsen, a young hotshot professor--and well-known ass. Which is why Olive is positively floored when Stanford's reigning lab tyrant agrees to keep her charade a secret and be her fake boyfriend. But when a big science conference goes haywire, putting Olive's career on the Bunsen burner, Adam surprises her again with his unyielding support and even more unyielding...six-pack abs. Suddenly their little experiment feels dangerously close to combustion. And Olive discovers that the only thing more complicated than a hypothesis on love is putting her own heart under the microscope.

Find Out Anything From Anyone, Anytime - James O. Pyle 2014-01-20

"A new book by an army intelligence interrogator could help you get the answers to your most pressing questions." —Time The secret to finding out anything you want to know is amazingly simple: Ask good questions. Most people trip through life asking bad questions—of teachers, friends, coworkers, clients, prospects, experts, and suspects. People in any profession will immediately benefit by developing the skill and art of good questioning. Find Out Anything From Anyone, Anytime will give you the power to: Identify and practice good questioning techniques Recognize types of questions to avoid Know the questions required when hearing unconfirmed reports or gossip Practice good listening techniques and exploit all leads Determine when and how to control the conversation Gain real expertise fast Within professional interrogation circles, author James Pyle is known as a strategic debriefer—meaning there is no one around him more skilled at asking questions and getting answers. He has

been training other interrogators in questioning techniques since 1989. "With his style of questioning alone, Jim Pyle can get more information than most other interrogators using multiple techniques." —Gregory Hartley, co-author of *How to Spot a Liar*

The 48 Laws of Power - Robert Greene 2000-09-01

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control - from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed "beguiling" and "fascinating," Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence ("Law 1: Never Outshine the Master"), others teach the value of confidence ("Law 28: Enter Action with Boldness"), and many recommend absolute self-preservation ("Law 15: Crush Your Enemy Totally"). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.
