## The Man's Guide to Women - John Gottman 2016-02-02

A great "philosopher" once said, "Trying to understand women is like trying to smell the

color 9." But the fact is, men can understand women to their great benefit. All they need is the right teacher. And arguably there is no better teacher than John Gottman, PhD, a world-renowned relationships researcher and author of the bestselling 7 principles of Making Marriage Work. His new book, written with wife Julie Gottman, a clinical psychologist, and Doug Abrams and Rachel Carlton Abrams, MD, is based on 40 years of scientific study, much of it gleaned from the Gottman's popular couple's workshops and the "love lab" at the University of Washington. It's written primarily for men because new research suggests that it is the man in a relationship who wields the most influence to make it great or screw it up beyond repair. The Man's Guide to Women offers the science-based answers to the question: What do women really want in a man? The book explains the hallmarks of manhood that most women find attractive, and helps men hone those skills to be the man she desires.

*The Machiavellian's Guide to Flirting* - Nick  
Casanova 2008-11-18

The key to being successful at love is to be  
playful: playfully suggestive, playfully romantic,  
and playfully bantering. Flirting is how you send  
the message that you're interested without  
saying so directly. If you do it well, you can keep  
your prospect amused, giddy, titillated, flattered,  
and insulted all at the same time. Flirting is also  
how you establish that you have a sense of  
humor, that you're smart, and that you're sane.  
And it's how you tell whether your prospect has  
those same qualities. If both of you are in the  
right mood, these routines can be great fun. The  
book is divided into two sections, one for women

and the other for men. Since it is usually the  
man who does the chasing and the woman who  
does the choosing; these different roles lend  
themselves to different styles of flirting. Despite  
gender differences, however, most (but not all)  
of the chapters can be adapted for use by the  
opposite sex.

Unprotected - Miriam Grossman 2007-08-28  
Our campuses are steeped in political correctness—that's hardly news to anyone. But no one realizes that radical social agendas have also taken over campus health and counseling centers, with dire consequences. Psychiatrist Miriam Grossman knows this better than anyone. She has treated more than 2,000

students at one of America's most prestigious universities, and she's seen how the anything-goes, women-are-just-like-men, "safer-sex" agenda is actually making our sons and daughters sick. Dr. Grossman takes issue with the experts who suggest that students problems can be solved with free condoms and Zoloft. What campus counselors and health providers must do, she argues, is tell uncomfortable, politically incorrect truths, especially to young patients in their most vulnerable and confused moments. Instead of platitudes and misinformation, it's time to offer them real protection.
