Worthless 2021 New Cover JONAXX 2021-06-01 Maria Georgianne Marfori has loved Noah Elizalde more than anyone in this world. At ganoon din ang halos lahat ng mga babaeng kakilala niya—he's that hot and gorgeous. Kaya naman ay maaga niyang natutunang magmahal nang walang takot at pag-aalinlangan. Ngunit kailanman ay hindi niya naisip na darating ang araw na mapapagod at susuko siya. Never. She will end up with Noah no matter what happens. But is it really right to love him that much at such a young age? Binigyan tayo ng Panginoon ng puso at utak: puso para maramdaman ang sentimiento, at utak para mapag-isipan kung dapat bang tanggapin ang sentimiento. We have to decide which one to use. But do we always have the chance to choose? Paano kung ipaglaban mo man ang nararamdaman ng iyong puso pero wala ka pa rin namang halaga sa taong mahal mo? How will you fight for your heart when you know from the start that you will lose? That you are worthless? Why do we want this: to love someone who does not love us? To leave those who want to stay? To push away those who want to stay close? To treasure what is worthless?

My Heart Gently Weeps Vencitys 2021-08-26 Madali lang pumili, lalo na kung gamay mo lahat. Lalo na kung kilala mo ang sarili mo. Pipiliin mo ang old songs kaysa sa mga sikat na kanta dahil iyon ang gusto mo. 'Yong tipong kalalatag palang, nakapili ka na. Pero paano kung ang inilatag sa harap mo ay ang mga bagay na ni minsan, hindi mo nakita. Ni minsan, hindi mo sinubukang pamilyan. Paano kung kailangan mong pumili, at magdesisyon, pero hindi mo alam ang gagawin dahil hindi mo naman gamay ang mga pagpipilian na 'yon? I'd choose the things I chose the day before. I'm not going to choose the things I don't like. But what if I was given two options that I had never heard of

before? What will I do? Paano kung... ayaw kong pumili at ayaw kong magdesisyon? Would a life be lost as a result?

Screenscapes of e-Religiosity in India Shekh Moinuddin 2023-04-01 This book deals with three different subjects: geography, social media and religion equally to discuss e-religiosity in terms of screenscapes that shaped digital socialization processes wherein the role of digital devices in general and smartphones in particular are considered crucial and critical. The spatial dimension is the primary foundation of the book wherein both space and place are discussed in digital manifestations in spatial sense. Religiosity is discussed variably in a sense of spirituality, social theories, religions and images. The book uses some illustrations to understand image politics. Image politics is quintessential in the age of digital technologies when production and reproduction of images are not restricted to business only; rather it attracts politics too and politicians often use the same to make political scores against opponents. The book covers contemporary digital discourses of e-religiosity in a sense of screenscapes that often found pivot in daily discussions across social media platforms. Screenscapes are considered as mediated technologies when contents can be accessed from different social media apps to construct or deconstruct their views, narratives, discourses, ideas, emotions, and perceptions around religious images in day-to-day activities, practices, rituals, customs, traditions, faiths and beliefs. The used illustrations exclusively map Indian religious gestures, identities, values, and rituals in digital-spatial contexts. The book discusses seven major questions and argues the same across the chapters in varied representations and interpretations: How and to what extent has the meaning of religiosity changed in the digital age? What are the dimensions of e-religiosity in India? How are digital devices (re)shaping religiosity in terms of e-religiosity? How and to what extent digital devices are negotiating with social and cultural lives? What is digital spatiality? How and to what extent does social media influence religiosity?

Its approach is not only multidisciplinary, but also interdisciplinary in its close examination of how music and other cinematic devices interact in the creation of comedy. The volume addresses gender representation, national identities, stylistic strategies, and employs inputs from cultural studies, musicology, music theory, psychology, cognitivism, semiotics, formal and stylistic film analysis, and psychoanalysis. It is organised in four sections: general introductions, theoretical investigations, music and comedy within national cinemas, and exemplary case studies of films or authors.

'Bad' Women of Bombay Films Saswati Sengupta 2019-12-06 This book presents a feminist mapping of the articulation and suppression of female desire in Hindi films, which comprise one of modern India's most popular cultural narratives. It explores the lineament of evil and the corresponding closure of chastisement or domesticity that appear as necessary conditions for the representation of subversive female desire. The term 'bad' is used heuristically, and not as a moral or essential category, to examine some of the iconic disruptive women of Hindi cinema and to uncover the nexus between patriarchy and other hierarchies, such as class, caste and religion in these representations. The twenty-one essays examine the politics of female desire/s from the 1930s to the present day - both through in-depth analyses of single films and by tracing the typologies in multiple films. The essays are divided into five sections indicating the various gendered desires and rebellions that patriarchal society seeks to police, silence and domesticate.

The Billionaire's Contract Authorniey 2023-04-11 "What should i do?" "Marry me" *** Donovan Perseus Walton doesn't care about anyone. The only thing that he cares about is Walton Enterprises; his Father's company. Life is already hard enough for Donovan as the Ceo's son, but without a doubt, the ultimatum that his Father enforces on him only makes life harder: Either gets married and Donovan's Father will give up his spot as Ceo to Donovan or stay single and never work in Walton Enterprises again.

Ubiquitous Musics Marta García Quiñones 2016-02-17 Ubiquitous Musics offers a multidisciplinary approach to the pervasive presence of music in everyday life. The essays address a variety of situations in which music is present alongside other activities and does not demand focused attention from (sometimes involuntary) listeners. The contributors present different theoretical perspectives on the increasing ubiquity of music and its implications for the experience of listening. The collection consists of nine essays divided into three sections: Histories, Technologies, and Spaces. The first section addresses the historical origins of functional music and the debates on how reproduced music, including a wide range of styles and genres, spread so quickly across so many environments. The second section focuses on more contemporary sound technologies, including mobile phones in India, the role of visible playback technology in film, and listening to portable digital players. The final section reflects on settings such as malls, stores, gyms, offices and cars in which ubiquitous musics are often present, but rarely thought about. This last section - and ultimately the whole collection - seeks to foster a wider understanding of listening practices by lending a fresh, critical ear.

The groundbreaking collection illuminates the contexts and contours of this contemporary figure that has been identified in sociological and historical discourses as the "New Woman." On the one hand, this figure is a variant of the fin de siècle phenomenon of the "New Woman" in the United Kingdom and the United States. Anand Bakshi : Yeh Sham Mastani Prashant Sawant 2023-06-03 Anand Bakshi has imparted lots of valuable insights through his 6000 plus songs for Hindi films. The learnings which we generally get from religious texts like Bhagwat Geeta, are explained by Anand in his songs, in a very poetic & entertaining manner. When we see a garland & marvel at its beauty, we tend to ignore the thread which holds the garland together. Similarly, we love so many songs & humm them frequently without really understanding the meanings in the words. This book tries to tell music lovers all over the world that your love for music will be incomplete, without you understanding the depth in the words, in the beautiful tune. Kaifi Azmi once said that the tune of the song gets composed first & then the phonetically meaningful words are inserted later, by the song writer. It's like the Kabr (where the body of a dead man is buried) is made ready by the music director & now they are searching for the body (lyrics). An Artist of the caliber of Anand Bakshi takes birth once in centuries and we should give them that well deserved love & respect. This book is my humble contribution to Anand Bakshi's legacy & my attempt to generate audience's interest in the wordings of the songs by the master, Anand Bakshi.

Children of Immigration Carola Suárez-Orozco 2009-06-30 Now in the midst of the largest wave of immigration in history, America, mythical land of immigrants, is once again contemplating a future in which new arrivals will play a crucial role in reworking the fabric of the nation. At the center of this prospect are the children of immigrants, who make up one fifth of America's youth. This book, written by the codirectors of the largest ongoing longitudinal study of immigrant children and their families, offers a clear, broad, interdisciplinary view of who these children are and what their future might hold. For immigrant children, the authors write, it is the best of times and the worst. These children are more likely than any previous generation of immigrants to end up in Ivy League universities--or unschooled, on parole, or in prison. Most arrive as motivated students, respectful of authority and quick to learn English. Yet, at the same time, many face huge obstacles to success, such as poverty, prejudice, the trauma of immigration itself, and exposure to the materialistic, hedonistic world of their native-born peers. The authors vividly describe how forces within and outside the family shape these children's developing sense of identity and their ambivalent relationship with their adopted country. Their book demonstrates how "Americanization," long an immigrant ideal, has, in a nation so diverse and full of contradictions, become ever harder to define, let alone achieve.
